1. REISSUANCE AND PURPOSE

This Regulation reissues reference (a) to update policy and responsibilities regarding the admission of space-available minor dependents in Department of Defense Dependents Schools (DoDDS) under references (b), (c), and (d).

2. APPLICABILITY

This Regulation applies to the Office of the Director, Department of Defense Education Activity (DoDEA); the Director, Domestic Dependent Elementary and Secondary Schools, and Department of Defense Dependents Schools, Cuba (DDESS/DoDDS-Cuba); the Director, Department of Defense Dependents Schools, Europe (DoDDS-E); the Director, Department of Defense Dependents Schools, Pacific, and Domestic Dependent Elementary and Secondary Schools, Guam (DoDDS-P/DDESS-Guam); and all DoDDS District Superintendents, School Principals, Teachers, and Support Staff.

3. DEFINITIONS

The terms used in this Regulation are defined in enclosure 1.

4. POLICY

It is DoDEA policy that:

4.1. Enrollment of space-available minor dependents in DoDDS will be consistent with the enrollment priorities described in references (b) and (c).

4.2. To ensure that space is available as defined in this Regulation, a sponsor seeking to enroll a dependent on a space-available basis in DoDDS will provide the school principal with the following records prior to approval for enrollment: (1) educational records, (2) assessment records, (3) disciplinary records, (4) records concerning special needs of the child (e.g. reading, special education, English as a Second Language, compensatory education, gifted), and (4) any additional records specified by the school principal. If a sponsor fails to provide all relevant information in an accurate, complete and timely manner, the dependent may be denied admission to, or disenrollment from a DoDDS school.

4.3. Minor dependents may be enrolled on a space-available basis in a DoDDS school when it is determined the school and/or district has space that exceeds the space required by the school and/or district to meet the educational needs of space-required dependents. The criteria for determining if a school and/or district have space availability will include the following:

4.3.1. Physical Space

4.3.1.1. A school shall not construct physical space solely to accommodate the enrollment of a space-available minor dependent.

4.3.1.2. A school shall not lease additional space solely to accommodate the enrollment of a space-available minor dependent.

4.3.2. Manpower

4.3.2.1. Manpower allocated to a school to meet its student-teacher staffing ratios and to support its instructional programs will be used to determine enrollment eligibility for space-available students.

4.3.2.2. The district may reallocate manpower to accommodate the enrollment of space-available students if the reallocation does not jeopardize any space-required students.

4.3.2.3. A school and/or district are not authorized to expend funds to relocate personnel for the sole purpose of accommodating the enrollment of a space-available student.

4.3.2.4. A district may reallocate or share manpower within the district to accommodate space-available minor dependents when the reallocation or sharing does not exceed the manpower allocation of the district.

4.3.2.5. A school may not circumvent manpower limitations by the use of contractor services.

4.3.3. Related Services

4.3.3.1. If a school is informed by the servicing military medical facility that provides some of the essential, related services to the school, that the medical facility is unable or unwilling to provide such services on behalf of a space-available minor dependent; space is not available at the school (reference (d)).

4.3.3.2. A school may, but is not required to, enter into agreements with host nation, related service providers when services are not available free of charge from the local military community. In that case, the host nation related service provider will deliver evaluative and other related services as necessary to meet the identification, evaluation, and service requirements set forth in reference (d) when:

4.3.3.2.1. The costs of acquiring additional services are reimbursed under the provisions of the Economy Act reference (e).

4.3.3.2.2. The sponsor of the space-available dependent is employed by a non-DoD Federal Government agency in the overseas area.

4.3.3.2.3. The school is satisfied that the contracted related service provider can provide adequate services to the school consistent with reference (d).

4.3.3.3. A school may not create space by funding a contract with a non-DoD sponsor to provide services to his or her space-available minor dependent.

4.3.4. Supplies, Materials, and Equipment

4.3.4.1. A school may not expend any additional resources to acquire supplies and materials to accommodate the educational program of a space-available student.

4.3.4.2. A school may not expend any additional resources to acquire specialized equipment to accommodate the educational program of a space-available student.

4.3.5. Transportation

4.3.5.1. The lack of available transportation may not be used as the sole criterion for denial of enrollment if a sponsor agrees to transport his or her space-available minor dependent(s) to and from the school, to and from field trips or extra-curricular activities, or provide special education transportation as needed.

4.3.5.2. A school may not add transportation services solely to accommodate space-available minor dependents for daily commuting, field trips, extra-curricular activities, or special education transportation.

4.4. Admission may be denied or enrollment discontinued whenever it is determined that sufficient physical space, manpower, related services, supplies, materials, equipment, and transportation are not available to serve, or to continue to serve, a space-available minor dependent.

4.4.1. The needs of space-available minor dependents will be documented based upon a review of the minor dependent's educational records, assessment records, disciplinary records, and records concerning special needs of the child (e.g., reading, special education, English as a Second Language, compensatory education, gifted education), and any educational records specified by the school principal.

4.4.2. The sponsor of a space-available minor dependent will be notified in writing of the denial of admission or disenrollment of the dependent by the district superintendent.

4.5. Subject to the limitation in subparagraph 4.6., a school may, but is not required to, create space to enroll a space-available minor dependent when the sponsor's organization offers to fund the additional costs of that enrollment.

4.6. Unless otherwise specified in this Regulation, the school may not accept an offer to fund the additional costs of the enrollment where that enrollment would require the school to construct additional space or exceed its manpower authorization.

4.7. When determining eligibility for space-available enrollment, no portion of an educational program may be waived in order to enroll a minor dependent on a space-available basis if the program is required by:

4.7.1. DoD or DoDEA regulations or policies.

4.7.2. An Individualized Education Program (IEP) under reference (d).

4.7.3. Any other plan that requires special services.

4.8. The continued enrollment of a space-available minor dependent is not guaranteed from school year to school year; whether in the next grade level at the current school, or in the next school as defined by the applicable district feeder plan.

4.9. The educational program of each space-available minor dependent will be reviewed prior to the end of each school year to determine his/her needs and the capability of the school to provide for those needs for the following school year.

4.10. Any decisions regarding the capability of a school to provide for the needs of the

student in the following school year are tentative, and serve only to establish the priority (date of application), within the category for which the space-available minor dependent qualifies under reference (c).

4.11. A space-available minor dependent who enrolls in the same school that he/she attended in the previous school year, or who enrolls in a school in the same district shall be given priority of enrollment within his/her enrollment eligibility category under reference (c).

4.12. Each space-available minor dependent within a particular enrollment eligibility category will be considered for enrollment based upon the date on which the sponsor was assigned/hired in the current overseas location.

5. RESPONSIBILITIES

5.1. The Director, Department of Defense Education Activity, shall establish tuition rates, tuition payment policies, and debt collection procedures.

5.2. The Director, Domestic Dependent Elementary and Secondary Schools and Department of Defense Dependents Schools, Cuba; the Director, Department of Defense Dependents Schools, Europe; the Director, Department of Defense Dependents Schools, Pacific and Domestic Dependent Elementary and Secondary Schools, Guam; under the authority, direction, and control of the Director, Department of Defense Education Activity, shall:

5.2.1. Comply with the provisions under references (b), (c), (d), (e), and (f).

5.2.2. Authorize, as appropriate, district superintendents to manage enrollment of minor DoD dependents on a space-available basis in their cognizant districts.

5.2.3. Authorize, as appropriate, district superintendents to manage enrollment of other non-DoD minor dependents on a space-available basis in their cognizant districts.

5.2.4. Assign responsibilities for the administration of eligibility requirements in the Area.

5.3. The DoDDS District Superintendents under the authority, direction, and control of the cognizant Area Director shall:

5.3.1. Comply with all provisions under references (b), (c), (d), (e), and (f).

5.3.2. Approve enrollment of each minor DoD dependent on a space-available basis in their district schools.

5.3.3. Approve enrollment of each minor non-DoD dependent in their district schools on a space-available basis.

5.3.4. Approve all disenrollments of space-available minor dependents in district schools based on the availability of resources for space-required dependents or space-available dependents that are eligible in a higher enrollment category.

5.3.5. Assign responsibilities for the administration of eligibility requirements in the district.

5.3.6. Provide guidance to principals for reporting assessments of availability of space in schools.

5.3.7. Provide, in a timely manner, written notice to the sponsor of a space-available minor dependent that space is not available . (See enclosure 5)

5.3.8. Provide written notice to the sponsor of a space-available minor dependent who will be disenrolled because of the nonavailability of space no less than four weeks prior to the date of disenrollment. (See enclosure 6)

5.4. The DoDDS Principals shall:

5.4.1. Assess the availability of space that exists in their school for the enrollment of students on a space-available basis and report the results of their assessment to the cognizant district superintendent in accordance with guidance provided by that superintendent.

5.4.2. Inform the sponsors of space-available minor dependents that enrollment is not guaranteed when the dependent is registered.

5.4.3. Inform sponsors that they must be prepared to make alternative arrangements for the education of their space-available minor dependent(s) if their minor dependent(s) is denied enrollment to, or disenrolled from, a DoDDS school.

5.4.4. Obtain a signed applicable “Notice to Sponsors and Consent to Terms” agreement from every sponsor of a space-available minor dependent as a condition of enrollment in DoDDS. (See enclosures 2 and 4)

5.4.5. Document the needs of each minor dependent prior to enrollment.

5.4.6. Recommend to the district superintendent the disenrollment of space-available minor dependents for whom excess physical space, manpower, related services, supplies, materials, equipment, and transportation are not available.

5.4.7. Document the rationale for disenrolling a space-available minor dependent.

5.4.8. Notify the district superintendent whenever the school determines that funding will be available under the provisions of reference (e) for tuition-paying, space-available minor dependents.

5.4.9. Report manpower used in support of space-available minor dependents to the district superintendent at the end of each school year.

5.4.10. Obtain approval from the district superintendent for educational or related services to serve space-available minor dependents (reference (e)) before submitting for procurement.

5.4.11. Inform the district superintendent when military providers of related services are unable or unwilling to provide related services to minor dependents with special education needs who are enrolled on a space-available basis.

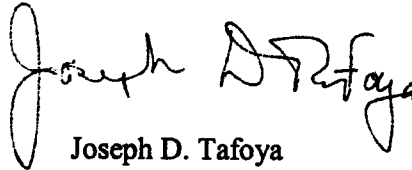

5.4.12. Obtain from sponsors of space-available minor dependents prior to enrollment:

5.4.12.1. All (1) educational records, (2) assessment records, (3) disciplinary records, (4) health records, (5) records concerning special needs of the child (e.g., reading, special education, English as a Second Language, compensatory education, gifted), and (6) any additional records specified by the principal.

5.4.12.2. All required tuition (reference (f)).
