PRODUCERS' QUESTIONNAIRE

CERTAIN SEAMLESS CARBON AND ALLOY STEEL STANDARD, LINE, AND PRESSURE PIPE FROM ARGENTINA, BRAZIL, AND GERMANY

Return completed questionnaire to:

UNITED STATES INTERNATIONAL TRADE COMMISSION

Office of Investigations, Room 615 500 E Street, SW, Washington, DC 20436

So as to be received by the Commission by no later than November 17, 2006

The information called for in this questionnaire is for use by the United States International Trade Commission in connection with its reviews concerning certain seamless carbon and alloy steel standard, line, and pressure pipe from Argentina, Brazil, and Germany (Inv. Nos. 731-TA-707-709 (Second Review)). The information requested in the questionnaire is requested under the authority of the Tariff Act of 1930, title VII. This report is mandatory and failure to reply as directed can result in a subpoena or other order to compel the submission of records or information in your possession (19 U.S.C. § 1333(a)).

PART I.--GENERAL QUESTIONS

The questions in this questionnaire have been reviewed with market participants to ensure that issues of concern are adequately addressed and that data requests are sufficient, meaningful, and as limited as possible. Public reporting burden for this questionnaire is estimated to average 40 hours per response, including the time for reviewing instructions, searching existing data sources, gathering the data needed, and completing and reviewing the questionnaire. Send comments regarding the accuracy of this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to the Office of Investigations, U.S. International Trade Commission, 500 E Street, SW, Washington, DC 20436.

		Phone No.	E-mail address		

Section IV-A.--PRICE DATA

This section requests quarterly quantity and value data on your firm's U.S. shipments of the following products during January 2001-September 2006. Values should be for arms-length sales to unrelated U.S. customers, f.o.b. U.S. point of shipment, net of returns, refunds, discounts, and credits.

<u>Product 1:</u> Seamless pipe triple stenciled (or more) to meet ASTM A-106 grade B, ASTM A-53 grade B, and API 5L grade B specifications; 1 inch nominal size (1.315 inch OD x 0.179 inch wall thickness); plain ends; schedule 80.

<u>Product 2:</u> Seamless pipe triple-stenciled (or more) to meet ASTM A-106 grade B, ASTM A-53 grade B, and API 5L grade B specifications; 2-1/2 inch nominal size (2.875 inch OD x 0.276 inch wall thickness); plain ends; schedule 80.

<u>Product 3:</u> Seamless pipe triple stenciled (or more) to meet ASTM A-106 grade B, ASTM A-53 grade B, and API 5L grade B specifications; 3 inch nominal size (3.5 inch OD x 0.3 inch wall thickness); plain ends; schedule 80.

<u>Product 4:</u> Seamless pipe triple-stenciled (or more) to meet ASTM A-106 grade B, ASTM A-53 grade B, and API 5L grade B specifications; 4 inch nominal size (4.5 inch OD x 0.337 inch wall thickness); plain ends; schedule 80.

<u>Product 5:</u> Seamless pipe stenciled to meet ASTM A-335 grade P22; 2 inch nominal size (2.375 inch OD x 0.218 inch wall thickness); plain ends; schedule 80.

Please note that total dollar values should be f.o.b., U.S. point of shipment and should not include U.S.-inland transportation costs. Total dollar values should reflect the <u>FINAL NET</u> amount paid to you (i.e., should be net of all deductions for discounts or rebates). See instruction booklet.

COPY THE FOLLOWING PAGE AS NECESSARY. Complete a separate page for each of the specified products produced and sold by your firm. Indicate in the space provided at the top of the page the product for which pricing is reported.

Section IV-B.--PRICE-RELATED QUESTIONS--Continued

IV-B-16.	To what extent have changes in the prices of raw materials affected your firm's selling prices for seamless carbon and alloy steel SLP pipe since 2001? Also discuss any anticipated changes in your raw material costs in the future, identifying the time period(s) involved and the factor(s) that you believe would be responsible for such changes. Provide any underlying assumptions, along with relevant portions of business plans or other supporting documentation, that address this issue.
IV-B-17.	Have any changes occurred in any other factors affecting supply (e.g., changes in availability or prices of energy or labor; transportation conditions; production capacity and/or methods of production; technology; export markets; or alternative production opportunities) that affected the availability of U.Sproduced seamless carbon and alloy steel SLP pipe in the U.S. market since 2001?
	No YesPlease note the time period(s) of any such changes, the factors(s) involved, and the impact such changes had on your shipment volumes and prices.
IV-B-18.	(a) Do you anticipate any changes in terms of the availability of U.Sproduced seamless carbon and alloy steel SLP pipe in the U.S. market in the future?
	☐ Increase ☐ No Change ☐ Decrease
	(b) If you anticipate changes in supply, please identify the changes including the time period and the impact of such changes on shipment volumes and prices. Provide any underlying assumptions, along with relevant portions of business plans or other supporting documentation, that address this issue.
