GENERAL INFORMATION, INSTRUCTIONS, AND DEFINITIONS

GENERAL INFORMATION

Background.--On October 24, 1997, the Department of Commerce suspended investigations on imports of CTL carbon steel plate from China, Russia, South Africa, and Ukraine (62 F.R. 61751, 61766, 61773, and 61780). On September 3, 2002 the Commission instituted reviews pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. § 1675(c)) (the Act) to determine whether termination of the suspension agreements would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time (67 F.R. 56311). If the Commission makes affirmative determinations, the suspension agreements will remain in place. If the Commission makes negative determinations, the Department of Commerce will terminate the suspension agreements.
