PART I.--GENERAL QUESTIONS

The questions in this questionnaire have been reviewed with market participants to ensure that issues of concern are adequately addressed and that data requests are sufficient, meaningful, and as limited as possible. Public reporting burden for this questionnaire is estimated to average 20 hours per response, including the time for reviewing instructions, searching existing data sources, gathering the data needed, and completing and reviewing the questionnaire. Send comments regarding the accuracy of this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to the Office of Investigations, U.S. International Trade Commission, 500 E Street, SW, Washington, DC 20436.

I-1. Please report below the actual number of hours required and the cost to your firm of preparing the reply to this questionnaire and completing the form.

_____ hours _____ dollars

I-2. Provide the name and address of establishment(s) covered by this questionnaire (see pages 3-4 of the instruction booklet for reporting guidelines). If your firm is publicly traded, please specify the stock exchange and trading symbol.

I-3. Is your firm owned, in whole or in part, by any other firm?

No Yes--List the following information.

<u>Firm name</u>	<u>Address</u>	<u>Extent of ownership</u>
_____	_____	_____
_____	_____	_____

I-4. Does your firm have any related firms, either domestic or foreign, which are engaged in importing CTL carbon steel plate from China, Russia, South Africa, and/or Ukraine into the United States or which are engaged in exporting CTL carbon steel plate from China, Russia, South Africa, and/or Ukraine to the United States?

No Yes--List the following information.

<u>Firm name</u>	<u>Address</u>	<u>Affiliation</u>
_____	_____	_____
_____	_____	_____

PART I.--GENERAL QUESTIONS--Continued

I-5. Does your firm have any related firms, either domestic or foreign, which are engaged in the production of CTL carbon steel plate?

No Yes--List the following information.

<u>Firm name</u>	<u>Address</u>	<u>Affiliation</u>
_____	_____	_____
_____	_____	_____

I-6. In Part III of this questionnaire we request copies of your company's business plan. Does your company have a business plan?

Yes No

If yes, did you provide the requested copies?

Yes No--Please explain why not.

I-7. Please indicate the source of CTL carbon steel plate that your firm purchased during January 1997-March 2003 (check all that apply):

- United States
- China
- Russia
- South Africa
- Ukraine
- All other countries

Note: When discussing CTL carbon steel plate in this questionnaire, please distinguish (as appropriate) between mill-produced CTL plate, and CTL carbon steel plate cut from coiled plate by a processor.

PART II.--PURCHASES

II-1. Report, as indicated below, your firm's purchases (either directly or through a sales agent or broker) of CTL carbon steel plate.

PART II.--PURCHASES--Continued

II-2. If the relative levels of your firm's purchases of CTL carbon steel plate from different country sources (both domestic and foreign) have changed since 1997 (the year the suspension agreements under review became effective), please explain the reason(s), noting the China, Russia, South Africa, and/or Ukraine of origin of the CTL carbon steel plate in your response.

II-3. (a) Did your firm purchase CTL carbon steel plate from China, Russia, South Africa, and/or Ukraine before 1997?

No--Skip to (c) Yes

(b) If yes, has your pattern of purchasing CTL carbon steel plate from China, Russia, South Africa, and/or Ukraine changed since 1997?

No, our pattern of purchasing is essentially unchanged.

Yes, we discontinued purchases from China, Russia, South Africa, and/or Ukraine because of the suspension agreements.

Yes, we reduced purchases from China, Russia, South Africa, and/or Ukraine because of the suspension agreements.

Yes, but we changed the pattern of purchases from China, Russia, South Africa, and/or Ukraine for reasons other than the suspension agreements (please explain below).

(c) Has your pattern of purchasing CTL carbon steel plate from nonsubject foreign sources changed since 1997 (please check all that apply).

We did not purchase from nonsubject foreign sources before or after the order.

No, our pattern of purchasing is essentially unchanged.

Yes, we increased purchases from nonsubject countries because of the order.

Yes, but we changed our pattern of purchases from nonsubject countries for reasons other than the suspension agreements (please explain below).

PART II.--PURCHASES--Continued

II-4. Since January 1, 1997, did your firm purchase **CTL MICRO-ALLOY steel plate**?

- No Yes--Please report your firm's purchases of U.S. and imported CTL micro-alloy steel plate from all sources combined for 1997-2002.

<i>(Quantity in short tons, value in 1,000 U.S. dollars)</i>

II-5. **COMPARABILITY OF CTL CARBON AND MICRO-ALLOY STEEL**--Please describe the differences and similarities in CTL carbon and micro-alloy steel plate for the following factors: (a) **characteristics and uses**--describe the differences and similarities in the physical/metallurgical characteristics and end uses; (b) **interchangeability**--discuss the interchangeability in end use of the two products; (c) **customer and producer perceptions**--describe any perceived differences in the two products (e.g., sales/marketing practices); and (d) **price**--provide a discussion and specific examples of prices for the two CTL products. Use additional pages as necessary.

(a) Characteristics and uses:

(b) Interchangeability:

(c) Customer and producer perceptions:

(d) Price:

PART III.--MARKET CHARACTERISTICS AND PURCHASING PRACTICES

III-1. Which of the following best describes your firm as a purchaser of CTL carbon steel plate (check all that apply, noting the specific end uses if known)?

END USER (_____)

PROCESSOR/SERVICE CENTER (_____)

DISTRIBUTOR (_____)

Other (_____)

III-2. If your firm is a distributor or reseller of CTL carbon steel plate, what are the major types of consumers to which you sell CTL carbon steel plate?

III-3. List, in order of quantity of CTL carbon steel plate consumed, the top 3 end-use products for which your firm purchases CTL carbon steel plate as a component part or material input. Please indicate what percentage of the total cost is accounted for by CTL carbon steel plate.

<u>End-use product</u>	<u>Percent of total purchases</u>	<u>Percent of cost accounted for by CTL carbon steel plate</u>
1. _____	1. _____	1. ____
2. _____	2. _____	2. ____
3. _____	3. _____	3. ____

III-4. Have there been any changes in the end uses of CTL carbon steel plate since 1997?

No Yes--Discuss the changes, noting the time period in which they occurred.

PART III.--MARKET CHARACTERISTICS AND PURCHASING PRACTICES--Continued

III-5. If your firm is an end user of CTL carbon steel plate, has the demand for your firm's final products incorporating CTL carbon steel plate changed since 1997 for CTL carbon steel plate from China, Russia, South Africa, and/or Ukraine?

- No Yes--Please indicate the direction of change and identify the major factors that have contributed to this change and describe the ways in which any changes in demand for your firm's final products have affected your firm's purchases.

III-6. Do substitutes exist for the end-use products listed previously?

- No Yes--Please identify any such substitutes and explain the effect of any such substitutes on your sales of the listed end-use products and on your purchases of CTL carbon steel plate.

III-7. How has demand within the United States (and outside the United States, if known) for CTL carbon steel plate changed since 1997?

- Unchanged Increased Decreased
 Other (describe) _____

What were the principal factors affecting changes in demand?

III-8. Do you anticipate any future changes in CTL carbon steel plate demand in the United States and, if known, the rest of the world?

- No Yes--Please describe and identify the time period. Provide any underlying assumptions, along with relevant portions of business plans or other supporting documentation, that address this issue.

PART III.--MARKET CHARACTERISTICS AND PURCHASING PRACTICES--Continued

III-9. Please identify any supply factor(s) (e.g., changes in availability or prices of raw materials, energy, or labor; transportation conditions; changes in domestic industry; production capacity and/or methods of production; technology; export markets; alternative production opportunities; or Section 201 remedies) that affected the availability of U.S.-produced CTL carbon steel plate in the U.S. market since 1997. Please note the time period(s) of any such changes, the factor(s) involved, and the impact such changes had on your shipment volumes and prices.

III-10. What do you think will be the likely effects of any revocation of the suspension agreements for imports of CTL carbon steel plate from China, Russia, South Africa, and/or Ukraine? As appropriate, please discuss any potential effects of revocation of the suspension agreements on (1) the future activities of your firm and (2) the U.S. market as a whole. Please note the future time period to which you are referring. Attach additional pages if necessary.

(1) Activities of your firm: _____

(2) Entire U.S. market: _____

III-11. Please provide as separate attachments to this request any studies, surveys, etc., that you are aware of that quantify and/or otherwise discuss CTL carbon steel plate demand and/or factors affecting CTL carbon steel plate demand in the (1) United States, (2) each of the major producing/consuming countries, including those subject to this review, and (3) the world as a whole. Of particular interest is such data on an annual basis from 1997 to the present and forecasts of these demand data.

III-12. (a) Are there other products that could be substituted for CTL carbon steel plate in its end uses?

No Yes--Please identify such substitutes. If multiple end uses exist for CTL carbon steel plate, please discuss potential substitutes for each.

(b) Have there been any changes in the number or type of products that can be substituted for CTL carbon steel plate since 1997 concerning imports from China, Russia, South Africa, and/or Ukraine?

No Yes--Please explain.

PART III.--MARKET CHARACTERISTICS AND PURCHASING PRACTICES--Continued

III-12. (c) Since 1997, have prices for these substitute products increased, decreased, or remained the same relative to those for CTL carbon steel plate? Have changes in these relative prices caused your firm to shift purchases from CTL carbon steel plate to the substitute products or vice versa?

III-13. Is buying a product that is produced in the United States an important factor in your firm's purchases of CTL carbon steel plate (please check ALL that apply)?

No

Yes--Purchases of domestic CTL carbon steel plate are required by law or regulation (for example, government purchases under "Buy American" provisions). This involves ____ percent of all purchases of CTL carbon steel plate.

Yes--Purchases of domestic CTL carbon steel plate are not required by law or regulation, but are by your customers. This involves ____ percent of all purchases of CTL carbon steel plate.

Yes--Purchases of domestic CTL carbon steel plate are required for other reasons (please specify these reasons below). This involves ____ percent of all purchases of CTL carbon steel plate.

III-14. (a) Is the CTL carbon steel plate market subject to business cycles or conditions of competition distinctive to CTL carbon steel plate?

No Yes--Please explain and provide estimates of the duration of any such cycle.

(b) Has the emergence of new markets for CTL carbon steel plate since 1997 affected the business cycles or conditions of competition distinctive to CTL carbon steel plate?

No Yes--Please explain any such changes.

PART III.--MARKET CHARACTERISTICS AND PURCHASING PRACTICES--Continued

III-15. Who are your major competitors?

III-16. Does your firm, and to the extent that you know, do your customers make purchasing decisions involving CTL carbon steel plate based on the producer of the CTL carbon steel plate you purchase?

Your firm: Always Usually Sometimes Never

Your customers: Always Usually Sometimes Never

If at least sometimes, please discuss how your firm or your customers determine the producer and why this information is important.

Your firm: _____

Your customers: _____

III-17. Does your firm, and to the extent that you know, do your customers make purchasing decisions involving CTL carbon steel plate based on the country of origin of the CTL carbon steel plate you purchase?

Your firm: Always Usually Sometimes Never

Your customers: Always Usually Sometimes Never

If at least sometimes, please discuss how your firm or your customers determine the source and why this information is important.

Your firm: _____

Your customers: _____

III-18. (a) How frequently do you make purchases?

Daily Weekly Monthly Quarterly Annually

Other (specify) _____)

PART III.--MARKET CHARACTERISTICS AND PURCHASING PRACTICES--Continued

III-18. (b) Do you expect this purchasing pattern to change in the next two years?

No Yes--How and why do you expect these changes to occur?

III-19. How many suppliers do you generally contact before making a purchase?

III-20. (a) Do purchases of CTL carbon steel plate usually involve negotiations between supplier and purchaser?

No Yes--Please describe these negotiations. In your response, please comment on whether purchasers generally quote competing prices as part of the negotiation process.

(b) Does your firm tend to vary its purchases from a given supplier within a specified time period based on the price offered for that period?

No Yes--Specify the time period.

III-21. Have you changed suppliers in the last 5 years?

No Yes--Please list the supplier or suppliers and indicate whether the firm was added or dropped as a supplier. Also give the reasons for the change and how frequently you change suppliers.

III-22. (a) Are you aware of any new suppliers, either foreign or domestic, that have entered the market in the last 3 years?

No Yes--Please identify the firms and indicate how you become aware of them.

PART III.--MARKET CHARACTERISTICS AND PURCHASING PRACTICES--Continued

III-22. (b) Do you expect new CTL carbon steel plate suppliers to enter the market in the future?

- No Yes--Please provide details, noting the specific future time period in your response.

III-23. Please list, in order of their importance, the three major factors generally considered by your firm in deciding from whom to purchase CTL carbon steel plate for any one purchase order (examples include current availability, extension of credit, prearranged contracts, price, quality of product, range of supplier's product line, traditional supplier, etc.).

1. _____
2. _____
3. _____

III-24. What characteristics does your firm consider when determining the quality of CTL carbon steel plate?

III-25. How often does your firm purchase CTL carbon steel plate that is offered at the lowest price?

- Always Usually Sometimes Never

III-26. (a) Are U.S.-inland transportation costs a major factor in your firm's consideration of which suppliers to source its CTL carbon steel plate requirements?

- No Yes

(b) Of the total cost of the CTL carbon steel plate that your firm purchases, approximately what percent is accounted for by U.S. inland transportation costs (please answer separately for each of your sources)?

Source _____ percent

Source _____ percent

Source _____ percent

PART III.--MARKET CHARACTERISTICS AND PURCHASING PRACTICES--Continued

III-27. Have individual U.S. producers, importers, purchasers, or foreign producers/exporters of CTL carbon steel plate influenced the U.S. wholesale market price of CTL carbon steel plate since 1997?

- No Yes--Please identify any such firm(s) and note the time period when the firm influenced price, whether the effect was to increase or decrease the price, and why your firm believes that the actions of the firm(s) were responsible for the price change.

III-28. How frequently does the price of the CTL carbon steel plate you are purchasing change?

III-29. (a) Do you require your suppliers to become certified or pre-qualified with respect to the quality, chemistry, strength, or other performance characteristic of CTL carbon steel plate they sell to your firm?

- No Yes--Approximately ____ percent of your firm's total 2002 purchases of CTL carbon steel plate required some form of certification or pre-qualification.

(b) Explain why your firm requires supplier certification or pre-qualification.

(c) Briefly describe the factors that are considered when qualifying a new supplier (e.g., quality of product, reliability of supplier, etc.) and estimate the time it takes to qualify a new supplier.

(d) Since 1997, have any domestic or foreign producers ever failed in their attempts to qualify their CTL carbon steel plate with your firm or have any producers lost their approved status?

- No Yes--Please identify these firms, the countries where they are located, and the reasons why they failed the qualification process.

PART III.--MARKET CHARACTERISTICS AND PURCHASING PRACTICES--Continued

III-30. (a) As an attachment to this questionnaire, please identify and discuss any improvements/changes in the U.S. CTL carbon steel plate industry since 1997 and explain fully, to the extent possible, the factor(s), including the order(s) under review, that was/(were) responsible for each improvement/change.

(b) Please also discuss fully, to the extent possible, any improvements/changes that you anticipate in the future in the U.S. CTL carbon steel plate industry. Identify the specific future time period covered in your response, and discuss the factors that you believe would be responsible for each improvement/change.

III-31. Does your firm purchase CTL carbon steel plate over the internet?

No Yes--Please describe, noting the estimated percentage of your firm's total purchases of CTL carbon steel plate in 2002 accounted for by internet purchases.

III-32. **COMPARABILITY OF CTL CARBON AND MICROALLOY STEEL PLATE.**--Does your firm purchase CTL microalloy steel plate?

No Yes--Please describe the differences and similarities in CTL carbon and microalloy steel plate for the following factors: (a) **characteristics and uses**--describe the differences and similarities in the physical/metallurgical characteristics and uses; (b) **interchangeability**--discuss the interchangeability in end use of the two products; and (c) **price**--provide a discussion and specific examples of prices for the two CTL products. Use additional pages as necessary.

PART IV.--COMPARISONS BETWEEN IMPORTED AND U.S.-PRODUCED PRODUCT

IV-1. Please indicate the countries of origin for CTL carbon steel plate for which your firm has actual marketing/pricing knowledge.

United States China Russia South Africa Ukraine

Other countries (specify) _____)

IV-2. Do the specifications of CTL carbon steel plate vary depending on the end-use application?

No

Yes--Please list the specifications of the material for each end-use application. If the specifications vary based on the supplier, please list the CTL carbon steel plate specifications for each supplier, noting the country of origin in your response.

PART IV.--COMPARISONS BETWEEN IMPORTED AND U.S.-PRODUCED PRODUCT--Continued

IV-3. Is CTL carbon steel plate produced in the United States and in other countries used in the same applications?

Please indicate below, using "A" to indicate that the products from a specified country-pair are always used in the same applications, "F" to indicate that the products are frequently used in the same applications, "S" to indicate that the products are sometimes used in the same applications, "N" to indicate that the products are never used in the same applications, and "0" to indicate no familiarity with products from a specified country-pair. ¹

IV-4. Do you or your customers ever specifically order CTL carbon steel plate from one country in particular over other possible sources of supply?

- No Yes--Please identify all relevant countries (including the United States and both subject and nonsubject foreign countries) from which you or your customers prefer to order, and indicate why CTL carbon steel plate from these countries is preferred over CTL carbon steel plate from other countries (please note the specific CTL carbon steel plate in your response).

IV-5. Are certain grades/types/sizes of CTL carbon steel plate available from only a single source (domestic or foreign, including both subject and nonsubject countries)?

- No Yes--Please identify the source and the grade/type/size.

PART IV.--COMPARISONS BETWEEN IMPORTED AND U.S.-PRODUCED PRODUCT--Continued

IV-6. Please indicate whether prices of CTL carbon steel plate from different sources have generally been higher, lower, or about the same as those of CTL carbon steel plate from other sources. Please answer for all country combinations you are familiar with (as indicated in your response to the first question in Part IV), including the United States and both subject and nonsubject foreign countries.

IV-7. If you purchased U.S.-produced CTL carbon steel plate during 2002, would you have purchased imported CTL carbon steel plate instead, if it were available for a lower price?

No Yes--How much lower would the price for the imported CTL carbon steel plate have to have been (below the price you paid) before you would have purchased the imported CTL carbon steel plate?

China _____ percent lower

Russia _____ percent lower

South Africa _____ percent lower

Ukraine _____ percent lower

**PART IV.--COMPARISONS BETWEEN IMPORTED AND U.S.-PRODUCED
PRODUCT--Continued**

IV-8. (a) Since 1997, has there been a change in the price of CTL carbon steel plate? If so, has the price of U.S.-produced CTL carbon steel plate changed more or less than the price of imported CTL carbon steel plate from China, Russia, South Africa, and/or Ukraine?

No change in price

Prices have changed by the same amount

Price of U.S.-produced CTL carbon steel plate has changed relative to the price of CTL carbon steel plate from China, Russia, South Africa, and/or Ukraine.

(b) If the price of U.S.-produced CTL carbon steel plate has changed relative to the price of carbon steel plate from China, Russia, South Africa, and/or Ukraine, the price of U.S.-produced CTL carbon steel plate is now relatively

¹ A rating of "superior" means that the price is generally lower. For example, if you report United States compared to China, Russia, South Africa, and/or Ukraine and check "superior," this means that you rate the U.S. price as generally lower than the China, Russia, South Africa, and/or Ukraine price. Conversely, if you were to check "inferior" in this example, you would be rating the U.S. price as being generally higher than the China, Russia, South Africa, and/or Ukraine price.
