The Fundamentals of Exporting Webinar Series Continues

Created by the Foreign Trade Division of the U.S. Census Bureau, the *official* source of U.S. export and import statistics and the Foreign Trade Regulations (FTR), this **free** in-depth webinar series provides the tools necessary for a strong foundation in the fundamentals of exporting. Topics include trade data, export regulations, electronic export reporting and much more.

Filing Export Information Electronically – The ABCs of the AES

Wednesday, September 5, 1 p.m. (EDT)

The U.S. Census Bureau is the official source for U.S. export and import statistics and is responsible for issuing regulations governing the reporting of all export shipments from the United States. This fifth webinar of the eight-part series explores the do's and don'ts of transmitting exporting information through the Automated Export System (AES). If your company is exporting physical goods from the United States, it is important to become familiar with the AES. In this webinar, you will learn how to report your export shipments to the AES, how to avoid common problems and how to respond to error messages.
