

Appendix F: Freight Policy Framework Workshop Templates

STRATEGY TEMPLATE

Name: <i>The name of the Strategy (i.e.: Maintain and preserve existing infrastructure)</i>
Lead: <i>Who is proposing this strategy and will take the Lead? (state, FHWA, MPO etc.)</i>
Primary Objective (identify Number): <i>What is the number of the Objective that this Strategy falls under (i.e.: Improve the Operations of the Existing Freight Transportation System)</i>
Description: <i>Describe the Strategy in more detail including but not limited to what resources may be needed</i>
Additional Comments:

TACTIC TEMPLATE

Name: *The name of the Tactic (i.e., Target resources to existing intermodal connectors)*

Lead/Proposer: *Who is proposing this Tactic and will take the lead (i.e., State DOT name, MPO, region, etc.)*

Primary Strategy (identify number): *What is the number of the Strategy that this Tactic falls under (i.e., 1.2 Maintain and preserve existing infrastructure)*

Mode (truck, rail, water, pipeline, air, none): *What mode(s) does this Tactic apply to?*

Description: *Describe this Tactic in more detail*

Additional Comments:

ACTIVITY TEMPLATE

Name: The Name of the Activity (<i>ie: Establish a methodology for determining the condition of Intermodal connectors</i>)	
Lead: <i>who is proposing this activity and will take the lead (i.e.: State, FHWA, MPO, etc.)</i>	
Primary Tactic (identify number): <i>what is the number of the Tactic that this activity falls under (ie: 1.2.1 Target Resources to existing intermodal connectors)</i>	
Description: <i>Describe this activity in more detail</i>	
Sector: (public/private/joint): <i>What sector does this activity apply to?</i>	Mode (truck, rail, highway, water, air, pipeline, none): <i>What mode does this activity apply to?</i>
Milestones: <i>What steps are involved with implementing this activity (tie the steps to specific time frames.)?</i>	
Obstacles: <i>what obstacles are there to implementing this activity?</i>	Measures to Overcome Obstacles: <i>What actions need to be taken to overcome obstacles?</i>
Additional US DOT Actions required: <i>How can the US DOT help implement this Activity?</i>	Resources Needed: <i>What resources are needed to carry out this activity?</i>
Additional Comments:
