

RESCINDED

OCC 2003-31

Subject: Community Reinvestment Act
Date: July 2, 2003

**To: Chief Executive Officers and Compliance
Officers of All National Banks, Department and
Division Heads, and All Examining Personnel**

Description: Income Level, Median Family Income

This rescission does not change the status of the transmitted document. To determine the current status of the transmitted document, refer to the Code of Federal Regulations, www.occ.gov, or the original issuer of the document.

The regulation implementing the CRA, 12 CFR 25, classifies the income level of an individual or geographic area as low-, moderate-, middle-, or upper-income, based on the area median income. Area median income is defined as "the median family income for the MSA, if a person or geography is located in an MSA" or "the statewide nonmetropolitan median family income, if a person or geography is located outside an MSA." Low-income means an individual income that is less than 50 percent of the area median income, or a median family income that is less than 50 percent, in the case of a geography. Similarly, moderate-income means an individual income that is at least 50 percent and less than 80 percent of the area median income, or a median family income that is at least 50 percent and less than 80 percent, in the case of a geography. Middle-income means an individual income that is at least 80 percent and less than 120 percent of the area median income or a median family income that is at least 80 percent and less than 120 percent, in the case of a geography. Upper-income means an individual income that is 120 percent or more of the area median income, or a median family income that is 120 percent or more, in the case of a geography.

Please direct questions regarding this bulletin to your supervisory office or to the Compliance Division in Washington, D.C. at (202) 874-4428.

David G. Hammaker
Deputy Comptroller for Compliance
