

Recipient: National Conference of State Legislatures

Value: \$102,295.00

CFDA # 66.609

Competition: This award was not awarded competitively– NCSL is exempt from competition because it represents the interests of co-regulators or co-implementers.

Description: Through this assistance agreement, NCSL will collect policy information relevant to children’s environmental health and of use to all states and the federal government. The project will provide information, analysis, and insight into state and federal children’s environmental health programs, policies, and laws for state policy makers, EPA, and the public. Activities include:

- Legislative bill tracking, covering children’s environmental health topics,
- Technical assistance to state legislatures through testimony or other assistance, utilizing NCSL’s Children’s Environmental Health Policy Guide,
- General information dissemination on Children’s Environmental Health.
