

**Proposed Final Audit Report on
 Biden for President, Inc.**

December 15, 2006 – April 30, 2008

**Why the Audit
 Was Done**

Federal law requires the Commission to audit every political committee established by a candidate who receives public funds for the primary campaign.¹ The audit determines whether the candidate was entitled to all of the matching funds received, whether the campaign used the matching funds in accordance with the law, whether the candidate is entitled to additional matching funds, and whether the campaign otherwise complied with the limitations, prohibitions, and disclosure requirements of the election law.

Future Action

The Commission may initiate an enforcement action, at a later time, with respect to any of the matters discussed in this report.

About the Committee (p. 2)

Biden for President, Inc. is the principal campaign committee of Joseph R. Biden, Jr., a candidate for the Democratic Party's nomination for the office of President of the United States. The Committee is headquartered in Wilmington, DE. For more information, see chart on the Campaign Organization, p. 2.

Background

Authority for Audit

This report is based on an audit of Biden for President, Inc. (BFP), undertaken by the Audit Division of the Federal Election Commission (the Commission) as mandated by Section 9038(a) of Title 26 of the United States Code. That section states, “After each matching payment period, the Commission shall conduct a thorough examination and audit of the qualified campaign expenses of every candidate and his authorized committees who received payments under section 9037.” Also, Section 9039(b) of the United States Code and Section 9038.1(a)(2) of the Commission’s Regulations state that the Commission may conduct other examinations and audits from time to time as it deems necessary.

Scope of Audit

This audit examined:

1. The receipt of excessive contributions and loans.
2. The receipt of contributions from prohibited sources.
3. The receipt of transfers from other authorized committees.
4. The disclosure of contributions and transfers received.
5. The disclosure of disbursements, debts and obligations.
6. The recordkeeping process and completeness of records.
7. The consistency between reported figures and bank records.
8. The accuracy of the Statement of Net Outstanding Campaign Obligations.
9. The campaign’s compliance with spending limitations.
10. Other campaign operations necessary to the review.

Inventory of Campaign Records

The Audit staff routinely conducts an inventory of campaign records before it begins the audit fieldwork. BFP records were materially complete and the fieldwork began immediately.

Changes to the Law

On September 14, 2007, the President signed into law the Honest Leadership and Open Government Act of 2007 (HLOGA), which included many revisions to the ethics rules that govern the conduct of U.S. Senators and members of the House of Representatives. One of the effects of HLOGA was to establish new rules governing presidential non-commercial travel after September 14, 2007. Section 439(a)(c) of Title 2 of the United States Code was amended to prohibit Senate and Presidential candidates, and their authorized committees, from spending campaign funds for travel on non-commercial aircraft, unless they pay their pro-rata share of the charter rate. However, in a press release dated September 24, 2007, the Commission Chairman indicated that “until regulations are issued, the Commission would not pursue a political committee if it operates under a reasonable interpretation of the statute, even if our subsequent regulations reach a different interpretation.” Since the travel noted in Finding 3, Prohibited In-Kind Contribution, occurred before September 14, 2007, the new travel rules were not applicable.

Part III

Summaries

Commission Findings

Finding 1. Net Outstanding Campaign Obligations

The Audit staff's review of BFP's financial activity through September 30, 2009, and estimated winding down costs indicated that the candidate did not receive matching fund payments in excess of his entitlement. The Commission approved this finding. (For more detail, see p. 6)

Finding 2. Receipt of Contributions that Exceed Limits and Related Recordkeeping Requirements

Unresolved Excessive Contributions

The Audit staff's review of contributions from individuals suggested that BFP failed to resolve a material number of excessive contributions. Based on a sample of contributions, the projected dollar value of the unresolved excessive contributions is \$106,216. In its response to the preliminary audit report, BFP stated it would make a payment of \$106,216 to the U.S. Treasury after service of the final audit report. The Commission approved this finding.

Records Supporting the Resolution of Excessive Contributions

In addition, the Audit staff identified a separate category of excessive contributions that apparently were not resolved in a timely manner, projected to total \$1,092,899. These contributions were presumptively redesignated to the general election; however, BFP did not provide copies of letters sent to contributors as notification of the election designation. Subsequently, BFP obtained signed redesignations to the Citizens for Biden, the Candidate's senatorial campaign. The staff member who was responsible for maintaining the necessary records is now deceased. Given the Committee's unique circumstances in this matter; the circumstantial evidence presented by BFP, including a declaration from a BFP staffer who attested to sending redesignation notices within 60 days of receipt of an excessive contribution; declarations from contributors who recall receiving redesignation letters; and sample letters from BFP's forms library, the Commission concluded there was information to support BFP's assertions that it sent presumptive redesignation letters for these contributions. BFP has not, however, satisfied the recordkeeping requirements of 11 CFR §110.1(l)(4)(ii) and (5). Nevertheless, because BFP was able to demonstrate that it obtained signed redesignations of the contributions to the senatorial campaign, Citizens for Biden, the Commission agreed that no payment to the U.S. Treasury for such redesignated contributions is required. The Commission approved this finding. (For more detail, see p. 8)

Finding 3. Prohibited In-Kind Contribution

The review of campaign travel suggested that one flight by BFP on a private aircraft that was reimbursed improperly using the lowest unrestricted and non-discounted first-class

commercial airfare . Because the plane utilized was certified by the Federal Aviation Administration and operated in a manner that required its use be paid at a charter rate, the difference between what BFP paid and the charter rate resulted in the receipt of an in-kind contribution of \$26,889 from a corporation. In response to the preliminary audit report recommendation, BFP indicated that it would make a payment to the U.S. Treasury after service of the final audit report. The Commission approved this finding. (For more detail, see p. 15)

Finding 4. Stale-Dated Checks

The Audit staff identified stale-dated checks totaling \$137,757 issued by BFP. Subsequent to the exit conference, BFP made a payment to the U.S. Treasury for stale-dated checks in the amount of \$8,457, resulting in an unresolved balance of \$129,300. In response to the preliminary audit report recommendation, BFP provided documentation which resolved \$43,400 in stale-dated checks, leaving \$85,900 unresolved. BFP indicated that it would make a payment to the U.S. Treasury after service of the final audit report. The Commission approved this finding. (For more detail, see p. 17)

Finding 5. Disclosure of Disbursements

The Audit staff's review of disbursements suggested that 49 disbursements, totaling \$3,779,976, were not adequately disclosed. Problems noted include incorrect or inadequate purpose as well as incorrect address. Subsequent to the exit conference, BFP filed amended reports that materially corrected the disclosure of these disbursements. BFP's response to the preliminary audit report provided no additional comments relevant to this matter. The Commission approved this finding. (For more detail, see p. 19)

Finding 6. Reporting of Debts and Obligations

The Audit staff's review of BFP's debts suggested that debt totaling \$870,296 was not disclosed on Schedules D (Debts and Obligations) as required. Subsequent to the exit conference, BFP filed amended reports that materially corrected the disclosure of these debts. BFP's response to the preliminary audit report provided no additional comments relevant to this matter. The Commission approved this finding. (For more detail, see p. 20)

Part IV

Commission Findings

Finding 1. Net Outstanding Campaign Obligations

Summary

The Audit staff's review of BFP's financial activity through September 30, 2009, and estimated winding down costs indicated that the candidate did not receive matching fund payments in excess of his entitlement. The Commission approved this finding.

Legal Standard

A. Net Outstanding Campaign Obligations (NOCO). Within 15 days after the candidate's date of ineligibility (see definition below), the candidate must submit a statement of "net outstanding campaign obligations." This statement must contain, among other things:

- The total of all committee assets including cash on hand, amounts owed to the committee and capital assets listed at their fair market value;
- The total of all outstanding obligations for qualified campaign expenses; and
- An estimate of necessary winding-down costs. 11 CFR §9034.5(a).

B. Date of Ineligibility. The date of ineligibility is whichever of the following dates occurs first:

- The day on which the candidate ceases to be active in more than one state;
- The 30th day following the second consecutive primary in which the candidate receives less than 10 percent of the popular vote;
- The end of the matching payment period, which is generally the day when the party nominates its candidate for the general election; or
- In the case of a candidate whose party does not make its selection at a national convention, the last day of the last national convention held by a major party in the calendar year. 11 CFR §§9032.6 and 9033.5.

C. Entitlement to Matching Payments after Date of Ineligibility. If, on the date of ineligibility (see above), a candidate has net outstanding campaign obligations as defined under 11 CFR §9034.5, that candidate may continue to receive matching payments provided that he or she still has net outstanding campaign debts on the day when the matching payments are made. 11 CFR §9034.1(b).

Facts and Analysis

The Candidate's date of ineligibility (DOI) was January 3, 2008. The Audit staff reviewed BFP's financial activity through September 30, 2009, analyzed estimated winding down costs and prepared the Statement of Net Outstanding Campaign Obligations that appears on the next page:

[b] General election contributions received do not affect the NOCO or matching fund entitlement. This asset is offset by equal amounts in the liability section, General Election Accounts Payable \$1,130,333 plus \$83,600 of the amount listed as payable to the U.S. Treasury for Stale-Dated Checks.

[c] The Audit staff will review BFP's disclosure reports to compare actual figures with the estimates and prepare adjustments accordingly.

Shown below are adjustments for funds received January 4, 2008, through September 30, 2009:

Net Outstanding Campaign Obligations (Deficit) as of 1/3/08	(\$2,486,855)
Private Contributions and Other Receipts Received 1/4/08 through 9/30/09	358,966
Matching Funds Received 1/4/08 through 9/30/09	2,033,472
Remaining Net Outstanding Campaign Obligations (Deficit)	(\$94,417) ⁸

As presented above, BFP has not received matching fund payments in excess of its entitlement.

Preliminary Audit Report Recommendation and Committee Response

The Audit staff recommended that BFP document any adjustments it believed were required to any component of the NOCO statement or provide any other comments it desired. In response to the preliminary audit report recommendation, BFP provided no adjustments or comments on the NOCO statement or the Audit staff conclusion.

Commission Conclusion

The Commission approved this finding.

Finding 2. Receipt of Contributions that Exceed Limits and Related Recordkeeping Requirements

Summary

Unresolved Excessive Contributions

The Audit staff's review of contributions from individuals suggested that BFP failed to resolve a material number of excessive contributions. In its response to the preliminary audit report, BFP stated it would make a payment of \$106,216 to the U.S. Treasury after service of the final audit report. The Commission approved this finding.

Records Supporting the Resolution of Excessive Contributions

In addition, the Audit staff identified a separate category of excessive contributions that apparently were not resolved in a timely manner, projected to total \$1,092,899. These excessive contributions were presumptively redesignated to the general election; however, BFP did not provide copies of letters sent to contributors as notification for the election designation. Subsequently, BFP obtained signed redesignations to the Citizens for Biden, the Candidate's senatorial campaign. The staff member who was responsible

for maintaining the necessary records is now deceased. Given the Committee's unique circumstances in this matter; the circumstantial evidence presented by BFP, including a declaration from a BFP staffer who attested to sending redesignation notices within 60 days of receipt of an excessive contribution; declarations from contributors who recall receiving redesignation letters; and sample letters from BFP's forms library, the Commission concluded there was information to support BFP's assertions that it had sent presumptive redesignation letters for these contributions. BFP has not, however, satisfied the recordkeeping requirements of 11 CFR §110.1(1)(4)(ii) and (5). Nevertheless, because BFP was able to demonstrate that it obtained signed redesignations of the contributions to the senatorial campaign, Citizens for Biden, the Commission agreed that no payment to the U.S. Treasury for such redesignated contributions is required. The Commission approved this finding.

Legal Standard

A. Authorized Committee Limits. An authorized committee may not receive more than a total of \$2,300 per election from any one person. 2 U.S.C. §441a(a)(1)(A), (c), and (f); 11 CFR §§110.1(a) and (b) and 110.9.

B. Handling Contributions That Appear Excessive. If a committee receives a contribution that appears to be excessive, the committee must either:

- Return the questionable contribution to the donor; or
- Deposit the contribution into its federal account and keep enough money on account to cover all potential refunds until the legality of the contribution is established. 11 CFR §103.3(b)(3) and (4).

The excessive portion may also be redesignated to another election or reattributed to another contributor as explained below.

C. Redesignation of Excessive Contributions. The committee may ask the contributor to redesignate the excess portion of the contribution for use in another election.

- The committee must, within 60 days of receipt of the contribution, obtain and retain a signed redesignation letter which informs the contributor that a refund of the excessive portion may be requested; or
- Refund the excessive amount. 11 CFR §§110.1(b)(5), 110.1(l)(2) and 103.3(b)(3).

Notwithstanding the above, when an authorized political committee receives an excessive contribution from an individual or a non-multi-candidate committee, the committee may presumptively redesignate the excessive portion to the general election if the contribution:

- Is made before that candidate's primary election;
- Is not designated in writing for a particular election;
- Would be excessive if treated as a primary election contribution; and
- As redesignated, does not cause the contributor to exceed any other contribution limit.

Also, the committee may presumptively redesignate the excessive portion of a general election contribution back to the primary election if the amount redesignated does not exceed the committee's primary net debt.

The committee is required to notify the contributor in writing of the redesignation within 60 days of the treasurer's receipt of the contribution and must offer the contributor the option to receive a refund instead. For this action to be valid, the committee must retain copies of the notices sent. Presumptive redesignations apply only within the same election cycle between the committee's primary and general elections. 11 CFR §110.1(b)(5)(ii)(B) & (C) and (l)(4)(ii).

D. Reattribution of Excessive Contributions. When an authorized committee receives an excessive contribution, the committee may ask the contributor if the contribution was intended to be a joint contribution from more than one person.

- The committee must, within 60 days of receipt of the contribution, obtain and retain a reattribution letter signed by all contributors; or
- refund the excessive contribution. 11 CFR §§110.1(k)(3), 110.1(l)(3) and 103.3(b)(3).

Notwithstanding the above, any excessive contribution that was made on a written instrument that is imprinted with the names of more than one individual may be attributed among the individuals listed unless instructed otherwise by the contributor(s). The committee must inform each contributor:

- how the contribution was attributed; and
- the contributor may instead request a refund of the excessive amount. 11 CFR §110.1(k)(3)(ii)(B).

For this action to be valid, the committee must retain copies of the notices sent. 11 CFR §110.1(l)(4)(ii) and (5).

E. General Election Contributions. If a candidate is not a candidate in the general election, any contributions made for the general election shall be refunded to the contributors, redesignated in accordance with 11 CFR §§110.1(b)(5) or 110.2(b)(5), or reattributed in accordance with 11 CFR §110.1(k)(3), as appropriate. 11 CFR §102.9(e)(3).

F. Sampling. In conducting an audit of contributions, the Commission uses generally accepted statistical sampling techniques to quantify the dollar value of related audit findings. Apparent violations (sample errors) identified in a sample are used to project the total amount of violations. If a committee demonstrates that any apparent sample errors are not errors, the Commission will make a new projection based on the reduced number of errors in the sample. Within 30 days of service of the final audit report, the committee must submit a check to the United States Treasury for the total amount of any excessive contributions not refunded, reattributed, or redesignated in a timely manner; or take any action required by the Commission with respect to sample-based findings. 11 CFR §9038.1(f).

Facts and Analysis

The Audit staff's sample review of contributions from individuals indicated that BFP apparently received a significant number of excessive contributions that either were unresolved or were resolved but not in a timely manner. Each matter is addressed separately below.

A. Unresolved Excessive Contributions

The projected dollar value of the unresolved excessive contributions was \$106,016⁹. An additional error of \$200 was identified as the result of a separate review of contributions not included as part of the sample population. Sample errors included:

- Check – Attribution Issue – The errors were contributions drawn on single account holder checks and attributed to more than one individual without the necessary documentation. Such contributions cannot be presumptively reattributed to another individual.
- Credit Card – Attribution Issue - The documentation provided in support of these contributions included credit card authorizations and, if available, solicitation response devices. The excessive portion of the contribution was reattributed to another individual without obtaining the signature of the second individual acknowledging both the contribution and joint liability for the credit card used to make the contribution.
- Credit Card – Designation Issue - The documentation provided in support of this contribution included a credit card authorization and a solicitation response device. The response device was not adequate to constitute a designation of the contribution to the general election and the excessive contribution was not refunded.
- Online Credit Card – Designation Issue - Contributions were received through BFP's internet website. The website did not provide sufficient notice to the contributor to constitute an attribution of a portion of the contribution to another person or to designate a portion of the contribution to the general election. BFP's online contribution screen stated it could "accept contributions from an individual totaling up to \$2,300 per election." It did not state that an individual could contribute \$2,300 to the primary election and \$2,300 to the general election or a total of \$4,600 to both elections; and, it failed to provide an opportunity for the contributor to designate a contribution for each election. In addition, the online contribution screen did not provide an opportunity for the contributor to attribute a contribution to another individual. Accordingly, it was not discernable whether a contributor intended to contribute part of his or her contribution to the general election or attribute that contribution to another individual.

At the exit conference, the Audit staff provided BFP representatives with a schedule of unresolved excessive contribution errors.

⁹ A Monetary Unit Sample was used with a 95% confidence level. The estimate is subject to a sampling error of \$91,693 for unresolved excessive contributions.

Preliminary Audit Report Recommendation and Committee Response

The Audit staff recommended BFP provide documentation demonstrating that the contributions discussed above (\$106,216) were not excessive. Such documentation could include copies of timely negotiated refund checks or timely signed and dated reattribution/redesignation letters. Absent such documentation, the Audit staff recommended that BFP make appropriate refunds to contributors or make a payment of \$106,216 to the U.S. Treasury and provide evidence of such action (copies of the front and back of negotiated refund checks). Should documentation be presented that demonstrated any sample exceptions were not excessive contributions, it was noted that the Audit staff would calculate a revised amount payable to the U.S. Treasury. This revised amount or the unrefunded portion thereof, would be payable within 30 calendar days of service of the final audit report.

In its response to the preliminary audit report, BFP provided no additional documentation demonstrating that the identified contributions (\$106,216) were not excessive. Rather, BFP indicated that it would make all payments to the U.S. Treasury after service of the final audit report.

Commission Conclusion

The Commission approved this finding.

B. Records Supporting the Resolution of Excessive Contributions

The Audit staff also identified excessive contributions that were resolved but apparently not in a timely manner, totaling \$1,092,899. The projected dollar value of the excessive contributions was \$1,055,399¹⁰. Additional errors totaling \$37,500 were identified as the result of a separate review of contributions not included in the sample population. All of these excessive contributions were presumptively designated to the general election; however, BFP did not provide copies of letters sent to contributors as notification for the election designation. BFP did provide the Audit staff with letters obtaining redesignations of these general-designated contributions to the Candidate's senatorial campaign, CFB. The letters were all signed by the contributors and mailed after the Candidate's date of ineligibility (1-3-08), well after the receipt of these contributions. Although these letters were not presumptive redesignations as specified in the Commission's regulations, the Audit staff considered these letters to be an adequate, though untimely, substitute to support the "general election" designation of the contributions.

This result is consistent with the notice provision of presumptive redesignations. A presumptive redesignation does not require a written authorization from the contributor. Rather, BFP may send a notice of the redesignation to the contributor and inform the contributor of his or her option to request that the contribution be refunded. The Audit staff determined that the signed forms authorizing the redesignation of Presidential

¹⁰ A Monetary Unit Sample was used with a 95% confidence level. For untimely resolved excessive contributions, the estimate is subject to a sampling error of \$348,491.

contributions to the Senate election(s) also served to put the contributor on notice that BFP had presumed that the portion of the otherwise excessive Presidential primary election contribution was redesignated to the Presidential general election. The contributions to the Presidential primary election, however, were excessive until the Presidential general election to Senate election redesignation forms were sent. Given that these redesignation forms were sent much later than 60 days after the receipt of the excessive Presidential primary contributions, the Audit Staff maintained they were untimely as to the redesignations from the Presidential primary to the Presidential general election.

At the exit conference, the Audit staff provided BFP representatives with a schedule of the errors for the untimely resolved excessive contributions. A discussion ensued regarding the adequacy of letters used to support redesignations of contributions to the general election.

On September 26, 2008, BFP submitted its response to the matters presented at the exit conference. The response acknowledged that the untimely redesignation issue arises from BFP's inability to provide presumptive redesignation letters. Although confident that such letters were timely sent, BFP staff were unable to locate the letters or evidence that they were sent and believe they were inadvertently lost when its location changed in the spring of 2008. BFP further explained the letter would have been prepared using a template on a BFP computer that was subsequently "wiped clean" and sold when its assets were liquidated following the Candidate's withdrawal from the presidential campaign.

BFP offered the following circumstantial evidence to support that the letters had, in fact, been sent:

- BFP submitted a complete library of "cure" letters, whether for excessive contributions or missing contributor information. In addition, its Contribution Review Procedures made reference to presumptive redesignation and/or reattribution letters and templates for obtaining redesignations and reattributions are provided. BFP files contained other compliance letters sent for problematic contributions and those requesting additional information. BFP noted that it is unlikely that it would send this array of compliance letters and omit presumptive redesignation and/or reattribution letters.
- The individual primarily responsible for sending the compliance letters, including letters to resolve excessive contributions, had specific recollection that presumptive redesignation and/or reattribution letters had been sent. However, this individual is now deceased; therefore, BFP is unable to obtain a signed affidavit. BFP staff confirmed her recollections, and that she was meticulous and conscientious in performing her duties.
- BFP has been contacting recipients of presumptive redesignation and/or reattribution letters and although some do recollect receiving such a letter, none have been able to furnish a copy. Should any be located, copies will be forwarded to the Audit staff. No copies have been provided.

- Finally, BFP concurred with the Audit staff's position that those letters sent to redesignate contributions to Citizens for Biden serve to demonstrate that BFP did not fail to resolve a material number of excessive contributions. According to BFP, these letters reflected an understanding by the contributor and BFP that the excessive portion had been properly resolved and expressed the donative intent of the contributor.

The Audit staff did not believe that BFP's response was sufficient to document that presumptive redesignation and/or reattribution letters had been sent.

Preliminary Audit Report Recommendation

The Audit staff recommended BFP provide documentation demonstrating that excessive contributions (\$1,092,899) were timely reattributed and/or redesignated. Such documentation was to include evidence that timely presumptive reattribution or redesignation letters were sent; copies of timely signed and dated reattribution/redesignation letters; or, any other documentation which indicated a timely reattribution and/or redesignation was obtained. BFP was invited to provide any other comments it felt were relevant to this issue.

Committee Response to Preliminary Audit Report

In its response to the preliminary audit report, BFP provided information reiterating its earlier response to this issue. Declarations were submitted from four contributors who recalled receiving a presumptive redesignation notice from BFP. The response noted that none of these individuals retained a copy of the notice, because, unlike other "cure" letters, no action was required by the contributor unless he or she objected to the redesignation. In addition, a declaration was submitted from a BFP staff member who worked directly for the now deceased individual responsible for managing BFP's sending and retention of cure letters. His declaration stated that at the direction of his now deceased supervisor, he regularly sent presumptive designation letters to contributors who made primary election contributions in excess of \$2,300. The response concluded by asking the Commission to accept its contention that presumptive designation letters had been sent.

Committee Response to Draft Final Audit Report

In response to the draft final audit report, BFP submitted a revised attestation from the staff member discussed above. His declaration now states that he personally "prepared and sent 'presumptive designation' notices to contributors who had contributed in aggregate more than \$2,300" and that he would send those letters within 60 days of receipt of the contributions.

Audit Staff's Assessment of Committee Responses

The response to the preliminary audit report reiterated points made in BFP's response to the exit conference and included declarations containing information similar to that provided in response to the exit conference. In response to the draft final audit report, the declaration was revised to address the staff member's personal knowledge and the timeliness of the presumptive letters. Though no direct evidence supporting these

declarations or establishing that the actions were timely was included as part of these responses, BFP did produce letters of redesignation to CFB, which the Audit Division staff considered adequate but untimely, and therefore, the staff did not recommend a payment to the U.S. Treasury.

Commission Conclusion

Given the Committee's unique circumstances in this matter; the circumstantial evidence presented by BFP, including a declaration from a BFP staffer who attested to sending redesignation notices within 60 days of receipt of an excessive contribution; declarations from contributors who recall receiving redesignation letters; and sample letters from BFP's forms library, the Commission concluded there was information to support BFP's assertions that it had sent presumptive redesignation letters for these contributions. BFP has not, however, satisfied the recordkeeping requirements of 11 CFR §110.1(1)(4)(ii) and (5). Nevertheless, because BFP was able to demonstrate that it obtained signed redesignations of the contributions to the senatorial campaign, Citizens for Biden, the Commission concluded that no payment to the U.S. Treasury for such redesignated contributions is required. The Commission approved this finding.

Finding 3. Prohibited In-Kind Contribution

Summary

The review of campaign travel suggested that one flight by BFP on a private aircraft that was reimbursed improperly using the lowest unrestricted and non-discounted first-class commercial airfare. Because the plane utilized was certified by the Federal Aviation Administration and operated in a manner that required its use be paid at a charter rate, the difference between what BFP paid and the charter rate resulted in the receipt of an in-kind contribution of \$26,889 from a corporation. In response to the preliminary audit report recommendation, BFP indicated that it would make a payment to the U.S. Treasury after service of the final audit report. The Commission approved this finding.

Legal Standard

- A. Corporate Contributions Impermissible.** A corporation is prohibited from making any contribution in connection with a federal election. 2 U.S.C. §441b(a).
- B. Travel by airplane.** Campaign use of an airplane licensed to operate for hire by the Federal Aviation Administration (FAA) under 14 CFR part 121, 129, or 135 are governed by the definition of a contribution at 11 CFR §100.52(a) and (d). 11 CFR §100.93(a)(2).
- C. Contribution defined.** A gift, subscription, loan (except when made in accordance with 11 CFR §§100.72 and 100.73), advance, or deposit of money or anything of value made by any person for the purpose of influencing any election for Federal office is a contribution. The term anything of value includes all in-kind contributions.

The usual and normal charge for a service is the commercially reasonable rate that one would expect to pay at the time the services were rendered.

The provision of services at a charge less than the usual and normal charge results in an in-kind contribution. The value of such a contribution is the difference between the usual and normal charge for the services and the amount the political committee was billed and paid. 11 CFR §100.52(a) and (d).

D. Contributions by a Limited Liability Company (LLC). An LLC not electing treatment as corporation under federal tax law or not having publicly-traded shares may make contributions to influence federal elections. Such a contribution will be considered as having been made by a partnership and governed by the rules pertaining to partnerships. 11 CFR §110.1(b)(1) and (g)(2) and (4).

Facts and Analysis

BFP reimbursed GEH Air Transportation, LLC (GEH) \$7,911 for first-class airfare for three people who made a roundtrip flight between New Hampshire and Iowa in June 2007. This roundtrip flight was on a plane which was certified for commercial service by the FAA under 14 CFR part 135 and documentation provided by BFP indicated the flight took place under this part; thus, it was not eligible for reimbursement at the first class rate.

Payment for this flight should have been made at the charter rate which reflects the usual and normal charges for the services. Based on the charter rate and flight time noted on BFP's internal documentation for this trip, BFP should have paid \$34,800 (\$6,000 per hour charter rate x 5.8 hours). By failing to pay a charter rate, BFP received an in-kind contribution of \$26,889 (the \$34,800 owed less the \$7,911 paid) from GEH.

The entire amount represents a corporate contribution if GEH elected tax treatment as a corporation under Internal Revenue Service rules. However, if GEH elected to be treated for tax purposes as a partnership, or if GEH did not elect treatment as either a partnership or corporation, the contribution is considered to have been made by a partnership. The partnership would have made an excessive contribution in the amount of \$24,589 (\$26,889 - \$2,300).

Although documentation indicated that the flight was flown under 14 CFR part 135, the Audit staff provided BFP with an opportunity to obtain additional documentation from GEH indicating that the flight was not flown under 14 CFR part 135 and, therefore, not subject to the charter rate. The required information had not been obtained at the time of the exit conference.

At the exit conference, the Audit staff provided information regarding this item to BFP representatives. The representatives were requested to provide documentation demonstrating that BFP did not receive a prohibited contribution or make a payment to the U.S. Treasury. The representatives agreed to review the matter and respond accordingly.

On September 26, 2008, BFP submitted its response. BFP representatives indicated that they agreed with the finding and would write a check for \$26,889 to the U.S. Treasury.

Preliminary Audit Report Recommendation and Committee Response

Although BFP's response to the exit conference indicated that it agreed with the Audit staff analysis, the Audit staff recommended that BFP provide documentation from GEH which showed how GEH elected to be treated under Internal Revenue Service rules. Also, if GEH was treated as a partnership for tax purposes, information should be provided showing how the contribution should have been attributed to the various partners and that only those partners' profits are decreased or losses are increased as a result of the contribution. BFP was also offered the opportunity to produce documentation which:

- Demonstrated a lower charter rate;
- Established a different minimum flight time requirement; and/or
- Proved that the plane was not certified for commercial service by the FAA at the time the flight occurred.

Absent such a demonstration, the Audit staff recommended that BFP make a payment of \$26,889 to the U.S. Treasury. In response to the preliminary audit report, BFP indicated that it would make a payment to the U.S. Treasury after service of the final audit report.

Commission Conclusion

The Commission approved this finding.

Finding 4. Stale-Dated Checks

Summary

The Audit staff identified stale-dated checks totaling \$137,757 issued by BFP. Subsequent to the exit conference, BFP made a payment to the U.S. Treasury for stale-dated checks in the amount of \$8,457 resulting in an unresolved balance of \$129,300. In response to the preliminary audit report recommendation, BFP provided documentation which resolved \$43,400 in stale-dated checks, leaving \$85,900 unresolved. BFP indicated that it would make a payment to the U.S. Treasury after service of the final audit report. The Commission approved this finding.

Legal Standard

Handling Stale-Dated (Uncashed) Checks. If a committee has issued checks that the payees (creditors or contributors) have not cashed, the committee must notify the Commission of its efforts to locate the payees and encourage them to cash the outstanding checks. The committee must also submit a check payable to the U. S. Treasury for the total amount of the outstanding checks. 11 CFR §9038.6.

Facts and Analysis

During our reconciliation of BFP's bank activity, the Audit staff identified 88 stale-dated checks totaling \$137,757 dated between January 1, 2007 and April 30, 2008.

The Audit staff provided a schedule of the stale-dated checks to BFP representatives at the exit conference. The representatives were requested to either provide evidence that the checks were not outstanding or make a payment to the U.S. Treasury for the amount of the stale-dated checks. They agreed to review the schedule and respond accordingly.

Subsequent to the exit conference, BFP submitted a check for \$8,457 to the U.S. Treasury for the stale-dated checks issued during 2007. The remaining stale-dated checks (\$129,300) were all refunds of contributions issued during 2008. BFP indicated that when it was able to determine the status of these refunds, a final payment would be made to the U.S. Treasury for the amount of those checks that had not cleared and for which an obligation still exists.

Preliminary Audit Report Recommendation and Committee Response

The Audit staff recommended that BFP provide evidence that:

- The checks or reissued checks were not outstanding. Such evidence was to include copies of the front and back of the negotiated checks along with bank statements; or
- The outstanding checks had been voided by providing copies of the voided check with evidence that no obligation existed.

Absent such evidence, the Audit staff recommended that BFP make a payment of \$129,300 to the U.S. Treasury.

In response to the preliminary audit report, BFP provided documentation supporting that stale-dated checks totaling \$48,400 had been resolved, either by issuance of a replacement check (which had been negotiated), or by the contributor's authorization to transfer the funds to Citizens for Biden and/or Unite Our States¹¹. BFP's response also indicated it would make an appropriate payment upon service of the final audit report.

Audit Staff's Assessment of Committee Response

The Audit staff verified that stale-dated checks totaling \$43,400 had been resolved as follows:

- \$20,700¹² was redesignated by contributors to Citizens for Biden;
- \$17,100 was redesignated by contributors to Unite Our States;
- \$5,600 was resolved through the issuance of a replacement check that was negotiated; and

¹¹ Citizens for Biden was the Candidate's senatorial campaign and Unite Our States was the Candidate's leadership PAC.

¹² BFP submitted redesignation letters from contributors authorizing these transfers to CFB. However, based upon previous schedules provided by BFP, \$11,900 of this amount did not appear to have been included in the actual transfer of funds. Therefore, \$11,900 has been included on the Statement of Net Outstanding Campaign Obligations as a payable.

- \$5,000 was disputed by the Audit staff. These checks were not included among the stale-dated checks that make up the \$129,300.

As a result, there remain unresolved stale-dated checks of \$85,900 (\$129,300 less \$43,400).

Commission Conclusion

The Commission approved this finding.

Finding 5. Disclosure of Disbursements

Summary

The Audit staff's review of disbursements suggested that 49 disbursements, totaling \$3,779,976, were not adequately disclosed. Problems noted include incorrect or inadequate purpose as well as incorrect address. Subsequent to the exit conference, BFP filed amended reports that materially corrected the disclosure of these disbursements. BFP's response to the preliminary audit report provided no additional comments relevant to this matter. The Commission approved this finding.

Legal Standard

A. Reporting Operating Expenditures. When operating expenditures to the same person exceed \$200 in an election cycle, the committee must report the:

- Amount;
- Date when the expenditures were made;
- Name and address of the payee; and
- Purpose (a brief description of why the disbursement was made—see below). 2 U.S.C. §434(b)(5)(A) and 11 CFR §104.3(b)(4)(i).

B. Examples of Purpose.

- **Adequate Descriptions.** Examples of adequate descriptions of “purpose” include the following: dinner expenses, media, salary, polling, travel, party fees, phone banks, travel expenses, travel expense reimbursement, catering costs, loan repayment, or contribution refund. 11 CFR §104.3 (b)(4)(i)(A).
- **Inadequate Descriptions.** The following descriptions do not meet the requirement for reporting “purpose”: advance, election day expenses, other expenses, expense reimbursement, miscellaneous, outside services, get-out-the-vote, and voter registration. 11 CFR §104.3 (b)(4)(i)(A).

Facts and Analysis

The Audit staff's review of disbursements suggested that 49 disbursements, totaling \$3,779,976, were not adequately disclosed. Approximately half of these disbursements were to BFP's media vendor and the purpose was incorrect or inadequate. The remaining disbursements were to the credit card vendor and vendor's address was incorrect. When

questioned, BFP representatives responded that the person primarily responsible for data entry had been dismissed for poor data entry and reporting.

At the exit conference, BFP representatives were provided a schedule detailing these items. The representatives were requested to file amended Schedules B to correct the disclosure of these transactions. They agreed to comply with the recommendation.

Subsequent to the exit conference, BFP filed amended reports that materially corrected the disclosure of the disbursements noted above.

Preliminary Audit Report Recommendation and Committee Response

The Audit staff recommended that BFP provide any additional comments it felt were relevant to this matter. BFP provided no additional comments.

Commission Conclusion

The Commission approved this finding.

Finding 6. Reporting of Debts and Obligations

Summary

The Audit staff's review of BFP's debts suggested that debt totaling \$870,296 was not disclosed on Schedules D (Debts and Obligations) as required. Subsequent to the exit conference, BFP filed amended reports that materially corrected the disclosure of these debts. BFP's response to the preliminary audit report provided no additional comments relevant to this matter. The Commission approved this finding.

Legal Standard

A. Continuous Reporting Required. A political committee must disclose the amount and nature of outstanding debts and obligations until those debts are extinguished. 2 U.S.C. §434(b)(8) and 11 CFR §§104.3(d) and 104.11(a).

B. Separate Schedules. A political committee must file separate schedules for debts owed by the committee and debts owed to the committee, together with a statement explaining the circumstances and conditions under which each debt and obligation was incurred or extinguished. 11 CFR §104.11(a).

C. Itemizing Debts and Obligations.

- A debt of \$500 or less must be reported on the next regularly scheduled report once it has been outstanding 60 days from the date incurred.
- A debt exceeding \$500 must be disclosed in the report that covers the date on which the debt was incurred. 11 CFR §104.11(b).

Facts and Analysis

The Audit staff's review of BFP's debts suggested that debts totaling \$870,296 were not disclosed on Schedules D. These debts consisted of nine transactions to two vendors, all

of which were more than \$500. The debts were typically incurred during the middle of the month and paid in full the subsequent month. However, BFP did not disclose them as debts in the report covering the date on which the debt was incurred.

At the exit conference, BFP representatives were provided a schedule detailing these items. The representatives were requested to amend the reports to correct the disclosure of these transactions. They agreed to comply with the recommendation.

Subsequent to the exit conference, BFP filed amended reports that materially corrected the disclosure of the debts noted above.

Preliminary Audit Report Recommendation and Committee Response

The Audit staff recommended that BFP provide any additional comments it felt were relevant to this matter. BFP provided no additional comments.

Commission Conclusion

The Commission approved this finding.
