

(A) The last date on which the utility's rates are determined under the rate order in effect on December 21, 2005; or

(B) December 21, 2007.

■ **Par. 3.** Section 1.168(i)-3 is added to read as follows:

§ 1.168(i)-3 Treatment of excess deferred income tax reserve upon disposition of deregulated public utility property.

(a) *Scope*—(1) *In general.* This section provides rules for the application of section 203(e) of the Tax Reform Act of 1986, Public Law 99-514 (100 Stat. 2146) to a taxpayer with respect to public utility property (within the meaning of section 168(i)(10)) that ceases, whether by disposition, deregulation, or otherwise, to be public utility property with respect to the taxpayer and that is not described in paragraph (a)(2) of this section (deregulated public utility property).

(2) *Exceptions.* This section does not apply to the following property:

(i) Property that ceases to be public utility property with respect to the taxpayer on account of an ordinary retirement within the meaning of § 1.167(a)-11(d)(3)(ii).

(ii) Property transferred by the taxpayer if after the transfer the property is public utility property of the transferee and the taxpayer's excess tax reserve with respect to the property (within the meaning of section 203(e) of the Tax Reform Act of 1986) is treated as an excess tax reserve of the transferee with respect to the property.

(b) *Amount of reduction.* If public utility property of a taxpayer becomes deregulated public utility property to which this section applies, the reduction in the taxpayer's excess tax reserve permitted under section 203(e) of the Tax Reform Act of 1986 is equal to the amount by which the reserve could be reduced under that provision if all such property had remained public utility property of the taxpayer and the taxpayer had continued use of its normalization method of accounting with respect to such property.

BILLING CODE 4830-01-P

DEPARTMENT OF THE TREASURY

Fiscal Service

31 CFR Part 356

[Docket No. BPD GSRS 08-01]

Sale and Issue of Marketable Book-Entry Treasury Bills, Notes, and Bonds—Minimum and Multiple Amounts Eligible for STRIPS, Legacy Treasury Direct, and Certification Requirements

AGENCY: Bureau of the Public Debt, Fiscal Service, Treasury.

ACTION: Final rule.

SUMMARY: The Department of the Treasury ("Treasury" or "We") is issuing in final form amendments to the Uniform Offering Circular for the Sale and Issue of Marketable Book-Entry Treasury Bills, Notes, and Bonds. The first change lowers the minimum and multiple par amounts of Treasury marketable notes, bonds, and Treasury inflation-protected securities (TIPS) that may be stripped from \$1,000 to \$100. The second change eliminates the provisions allowing depository institutions and dealers to submit customer bids in Treasury marketable securities auctions for securities that will be held in Legacy Treasury Direct. The third change eliminates the requirement that submitters that submit bids by computer provide a written

certification that they are in compliance with the auction rules. Finally, this final rule adds technical clarification to the calculation of accrued interest for Treasury bonds and notes.

DATES: *Effective Date:* This rule is effective on March 20, 2008.

Applicability Date: The changes to 31 CFR 356.31 apply to all Treasury marketable securities eligible for stripping (notes, bonds, plus TIPS issued after January 15, 1985) outstanding on and after April 7, 2008.

Applicability Date: The change to 31 CFR Part 356, Appendix B, Section I, Paragraph C applies to all Treasury notes, bonds, and TIPS issued on or after the date of the first Treasury marketable securities auction with a \$100 minimum purchase amount announced through an offering announcement.

Applicability Date: The changes to 31 CFR 356.2, 356.4, 356.16, 356.17 and 356.25 apply to all auctions of Treasury marketable securities beginning with the first Treasury marketable securities auction with a \$100 minimum purchase amount announced through an offering announcement.

SUPPLEMENTARY INFORMATION: The Uniform Offering Circular (UOC), in conjunction with the announcement for each auction, provides the terms and conditions for the sale and issuance to the public of marketable Treasury bills, notes, bonds and TIPS.¹

¹ The Uniform Offering Circular was first published as a final rule on January 5, 1993 (58 FR Continued

This final rule revises 31 CFR 356.31 of the UOC, which describes the terms and conditions for STRIPS (Separate Trading of Registered Interest and Principal of Securities). The STRIPS program allows holders of book-entry (electronic) Treasury notes, bonds, and TIPS to separate those securities into their separate principal and interest components. Holders then can hold or trade these components separately as zero-coupon securities. Currently, the minimum par amount of notes, bonds, and TIPS that may be stripped is \$1,000,² and any higher par amount to be stripped must be in a multiple of \$1,000.

On August 1, 2007, Treasury announced that it was considering lowering the minimum and multiple par amounts that bidders may bid for in Treasury marketable securities auctions from \$1,000 to \$100 to put Treasury securities within the reach of all individual investors.³ On October 31, 2007, Treasury announced that it will lower the minimum purchase amounts for Treasury auctions from \$1,000 to \$100 after the release of the new auction processing system.⁴ This will also allow holders to hold and transfer all outstanding Treasury bills, notes, bonds, and TIPS in minimum and multiple par amounts of \$100. The announced change does not require a change to the UOC because it will be incorporated in each auction announcement.⁵

This final rule makes the minimum and multiple par amounts of Treasury notes, bonds, and TIPS eligible to be stripped consistent with the lower minimum and multiple par amounts that bidders may bid for in marketable Treasury securities auctions. The change to the minimum and multiple par amounts eligible to be stripped (31 CFR 356.31) will apply on April 7, 2008, and thereafter to all outstanding Treasury marketable securities eligible

for stripping (notes, bonds, plus TIPS issued after January 15, 1985).

The final rule also eliminates the provisions allowing depository institutions and dealers to submit customer bids in Treasury marketable securities auctions for securities that will be held in Legacy Treasury Direct (31 CFR 356.2, 356.4, 356.17, and 356.25). This functionality is not available in the new Treasury Automated Auction Processing System (TAAPS). Our experience has been that the volume of such bids has been so low that it does not justify continuing to provide the service in the new TAAPS. Investors will still be able to submit their own bids directly to Legacy Treasury Direct.

This final rule also eliminates the requirement that submitters that submit bids by computer provide a written certification that they are in compliance with the auction rules, because it is unnecessary in view of other requirements. The current UOC states that, by submitting bids or other information in an auction, submitters are deemed to have certified that they are in compliance with the auction rules; that the information provided regarding any bids for their own account is accurate and complete; and that the information provided with regard to any bids for customers accurately and completely reflects information provided by those customers or their intermediaries (31 CFR 356.16(a)). The new TAAPS will also state on the login screen that, by bidding in an auction, bidders are certifying that they will comply with the auction rules.

In addition, this final rule adds language to Appendix B, Section I, Paragraph C of the UOC to specify how we calculate accrued interest for a par amount of securities less than \$1,000.

Procedural Requirements

This final rule is not a significant regulatory action for purposes of E.O. 12866. The notice and public procedures requirements of the Administrative Procedure Act do not apply, under 5 U.S.C. 553(a)(2).

Since a notice of proposed rulemaking is not required, the provisions of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) do not apply.

BILLING CODE 4810-39-P

NATIONAL SCIENCE FOUNDATION**45 CFR Part 670****RIN 3145-AA48****Conservation of Antarctic Animals and Plants****AGENCY:** National Science Foundation.**ACTION:** Final rule.

SUMMARY: Pursuant to the Antarctic Conservation Act of 1978, The National Science Foundation (NSF) is amending its regulations to designate additional Antarctic Specially Managed Areas (ASMA) and one new Historical Site or Monument (HSM). Further, NSF is amending its regulations to reflect that the Antarctic Treaty Consultative Parties (Consultative Parties), at the Antarctic Treaty Consultative Meeting XXIX (ATCM XXIX) in Edinburgh, Scotland adopted Measure 4 (2006) which removed all species of the genus *Arctocephalus*, Fur Seals, from the list of Specially Protected Species in Appendix A to Annex II to the Protocol on Environmental Protection to the Antarctic Treaty (The Protocol). These additions only reflect measures already adopted by the Consultative Parties at Antarctic Treaty Consultative Meetings.

DATES: *Effective Date:* March 20, 2008.**FOR FURTHER INFORMATION CONTACT:**

Bijan Gilanshah, Office of the General Counsel, at 703-292-8060, National Science Foundation, 4201 Wilson Boulevard, Room 1265, Arlington, Virginia 22230.

SUPPLEMENTARY INFORMATION: The Antarctic Conservation Act of 1978 (ACA), as amended, (16 U.S.C. 2401, *et seq.*) implements the Protocol on Environmental Protection to the Antarctic Treaty. Annex II of the Protocol contains provisions for conservation of native Antarctic plants and animals. Annex V contains provisions for the protection of specially designated areas. Section 2405 of title 16 of the ACA directs the Director of the National Science Foundation to issue such regulations as are necessary and appropriate to implement Annexes II and V to the Protocol.

The Antarctic Treaty Parties periodically adopt measures to establish additional specially protected areas, specially managed areas and historical sites or monuments in Antarctica. This rule is being revised to add two new Antarctic Specially Managed Areas and one new Historical Site and Monument. Finally, this revision reflects a decision by the Consultative Parties to de-list all species of the genus *Arctocephalus*, Fur Seals, from the list of Specially

Protected Species in Appendix A to Annex II to the Protocol. The Fur Seals will continue to receive comprehensive protection under the Environmental Protocol to the Antarctic Treaty.

No public comment is needed because the addition of these areas or sites and the delisting merely implements measures adopted by the Consultative Parties at ATCM XXIX.

Determinations

NSF has determined, under the criteria set forth in Executive Order 12866, that this rule is not a significant regulatory action requiring review by the Office of Management and Budget. This rule involves a foreign affairs function of the United States and is, therefore, exempt from the notice requirements of section 553 of the Administrative Procedures Act and from regulatory flexibility analysis requirements of the Regulatory Flexibility Act, 5 U.S.C. 601-612. Although this rule is exempt from the Regulatory Flexibility Act, it has nonetheless been determined that this rule will not have a significant impact on a substantial number of small businesses. For purposes of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), these amendments to the existing regulations do not change the collection of information requirements contained in NSF's existing regulations, which have already been approved by the Office of Management and Budget.
