GradeSpeed STUDENT Accounts

Students in grades 4 & 5 may now log into GradeSpeed to check their grades. Accounts have already been created by DDESS. Log-in information is below.

Website: https://dodusa.gradespeed.net/pc/studentlogin.aspx

(you have to scroll WAY down to find Bitz!)

Student User Name:
First initial of first name, First 3 letters of last name with the first letter capitalized, and last 4 numbers of their student ID
Example: John Smith 1234567890 is JSmi7890

Password:
Initial password is changeme (all lower case) which they will be prompted to change when logging in the first time

The students use the above user name for their TTL logins (Type To Learn) so they may be familiar with this info.

If assistance is needed, please email me, or students can see me at school for help.
Thanks so much.
Mary Hetter
Education Technologist, Bitz Intermediate School
