

2012 Inaugural National Conference

Innovating Diversity and Inclusion: Confronting Challenges and Breaking New Ground

THE PREMIER THOUGHT-LEADERSHIP CONFERENCE FOR DIVERSITY, INCLUSION AND INNOVATION IN GOVERNMENT

Diversity, Inclusion and Innovation in Government (DI²G) primary tracks:

- Diversity** - This track focuses on how to manage a diverse workforce in a manner that focuses employees on contributing all of their talents, skills and abilities toward achieving the mission of the agency;
- Inclusion** - This track explores successful public-private partnerships that can serve as models to building collaborative relationships which serve the public need in the most effective and efficient means. It also explores and discusses critical diversity and inclusion issues impacting the ability of federal agencies to build strong, cohesive workforces and to create long-lasting solutions; and
- Innovation** - With this track agencies have the opportunity to engage in dialogue and discussion about innovative techniques, tools and methodologies for enhancing their D&I initiatives which can then be customized to their specific environment in terms of cost, resources, and organizational feasibility.

Diversity
