Child, Youth and School Services (CYS Services) programs participate in the Child and Adult Care Food Program (CACFP) and must serve meals/snacks meeting the CACFP requirements. Food substitutions may be made only when supported by a medical physician/health care professional. The medical physician must specify, in writing, the food to be omitted from the participant's diet and the food or choice of foods that may be substituted to meet your child's nutritional requirements. Please ask a medical physician/health care provider to complete and sign this form. Return the completed form to your CYS Services program or Central Enrollment and Registration (CER) as applicable.

CACFP DOES NOT REQUIRE participating programs to provide food substitutions for children based on religious preferences but does allow such variation as long as appropriate substitutions are made. Army policy allows programs to provide special diet requirements for religious reasons. In order for Army CYS Services programs to honor parents' special requests, patrons who request food substitutions for religious reasons are required to have a statement from a representative of their religious institution on file.

**Please check one:**

<input type="checkbox"/>	Participant has a disability or a medical condition and requires a special meal or accommodation (for example: (e.g. juvenile diabetes, allergy to peanuts, anaphylaxis, etc.). CYS Services programs participating in federal nutrition programs must comply with requests for special meals and any adaptive equipment. A licensed physician (MD) or (DO) must sign this form.
<input type="checkbox"/>	Participant does not have a disability, but is requesting a special meal or accommodation due to food intolerance(s) or other medical reasons. Food preferences are not an appropriate use of this form and cannot be accommodated in CYS Services programs. CYS Services programs participating in federal nutrition programs are encouraged to accommodate reasonable requests. A licensed health care provider must sign this form. Health care providers include a doctor of medicine (MD), osteopathic physician (DO), certified registered nurse practitioner (NP), or certified physician's assistant (PA).
<input type="checkbox"/>	Participant is requesting a special diet due to the Family's religious beliefs.
