

Top 10 Federal Partners

The following is a list of the Top 10 Federal Partners in the Green Power Partnership. These Partners represent the largest completed annual green power purchases of all Federal government agencies in EPA's Green Power Partnership. These purchases help drive the development of new renewable energy sources nationwide. The combined green power purchases of these Federal agencies amount to more than 1.2 billion kilowatt-hours (kWh) annually, which is the equivalent electricity needed to power more than 100,000 average American homes each year.

This list was finalized as of January 8, 2007 and will be updated quarterly. The next update, scheduled for April 2007, will reflect purchase information received from Partners by April 9, 2007.

Green Power Usage (kWh)	% of Total Electricity	Resources	Provider
1. U.S. Air Force			
457,500,000	4%	Biomass, Geothermal, Solar, Wind	3 Phases Energy, American Electric Power, Basin Electric Power Cooperative, Bonneville Environmental Foundation, Calpine, CPS Energy, Rocky Mountain Generation Cooperative, Sterling Planet, TXU Energy, West Texas Utilities, Western Area Power Administration, WindCurrent
2. U.S. Environmental Protection Agency			
329,880,185	100%	Biogas, Biomass, Geothermal, Wind	Various
3. U.S. Department of Energy			
165,063,000	3%	Biomass, Geothermal, Wind	Calpine, Community Energy, ConEdison Solutions/Community Energy, Mainstay Energy, Pacificorp, Sterling Planet, Tennessee Valley Authority, Other, Waverly Light & Power
4. U.S. Department of Veterans Affairs			
90,000,000	3%	Biomass	Sterling Planet
5. U.S. General Services Administration / Region 2			
78,930,000	34%	Biogas, Wind	ConEdison Solutions/Community Energy, Constellation NewEnergy/ERT, Other, PEPCO Energy Services

6. U.S. Army / Fort Lewis			
41,891,000	18%	Wind	3 Phases Energy
7. U.S. Army / Fort Carson			
40,000,000	29%	Biomass, Wind	Sterling Planet
8. U.S. Mint / Philadelphia			
7,874,000	31%	Wind	PECO Energy
9. U.S. Internal Revenue Service			
7,000,000	3%	Biomass	3 Phases Energy
10. NASA / Johnson Space Center			
6,000,000	3%	Wind	Unknown

Top 10 Federal Partners - as of April 9, 2007

The next update, scheduled for July 2007, will reflect completed Partner purchase information received by July 9, 2007.

The following represents the Top 10 completed annual green power purchases of all Federal government agencies in EPA's Green Power Partnership. These purchases help drive the development of additional green power resources nationwide. The combined green power purchases of these Federal agencies amount to more than 1.2 billion kilowatt-hours (kWh) annually, which is the equivalent amount of electricity needed to power more than 99,000 average American homes each year.
