49 CFR Part 1

[Docket No. OST-2000-7581]

Organization and Delegation of Powers and Duties; Delegation to the Administrators of the National Highway Traffic Safety Administration and the Federal Motor Carrier Safety Administration

AGENCY: Office of the Secretary, DOT.

ACTION: Final rule.

SUMMARY: Section 101(f) of the Motor Carrier Safety Improvement Act of 1999 provides that the authority under title 49, United States Code, to promulgate safety standards for commercial motor vehicles and equipment subsequent to initial manufacture is vested in the Secretary and may be delegated. Accordingly, by this action, the

Secretary delegates to the Administrator of the National Highway Traffic Safety Administration the authority to promulgate safety standards for commercial motor vehicles and equipment subsequent to initial manufacture when the standards are based upon and similar to a Federal Motor Vehicle Safety Standard (FMVSS) promulgated under chapter 301 of title 49, U.S.C. The Administrator may promulgate a standard simultaneously with the FMVSS on which it is based. The authority to promulgate safety standards for commercial motor vehicles and equipment subsequent to initial manufacture is delegated to the Administrator of the Federal Motor Carrier Safety Administration when the standards are not based upon and similar to an FMVSS promulgated under chapter 301 of title 49, U.S.C.

EFFECTIVE DATE: July 3, 2000.

Background

Effective October 9, 1999, the Secretary of Transportation rescinded the authority of the Federal Highway Administrator to perform motor carrier safety functions and operations and re-delegated it to the Director of a newly established Office of Motor Carrier Safety in the Department of Transportation. (64 FR 56270, October 19, 1999; 64 FR 58356, October 29, 1999.) This action was consistent with section 338 of the Fiscal Year 2000 Department of Transportation and Related Agencies Appropriations Act (Pub. L. 106-69), as amended by Pub. L. 106-73, which prohibits the Federal Highway Administration from spending

funds made available or limited in that Act to carry out such functions. On December 9, 1999, the Motor Carrier Safety Improvement Act of 1999 (MCSI Act) (Public Law No. 106-159, 113 Stat. 1748) was enacted for the purpose of establishing the Federal Motor Carrier Safety Administration effective January 1, 2000. As we noted in a prior delegation to the FMCSA, 49 U.S.C. 113(f), as enacted by section 101(a) of the MCSI Act, states that the Federal Motor Carrier Safety Administrator shall carry out a number of duties and powers related to motor carrier and motor carrier safety and gives the Secretary discretion to delegate the authority to promulgate safety standards for commercial motor vehicles and equipment subsequent to initial manufacture. As a result, Part 1 of title 49, CFR, was amended to reflect this new provision by substituting the words "Administrator of the Federal Motor Carrier Safety Administration" for the words "Director of the Office of Motor Carrier Safety." (65 FR 220, January 4, 2000.) It was also amended to reflect the Federal Motor Carrier Safety Administration as an organization within the Department of Transportation and to describe its general responsibilities. *Id.* In addition, section 1.73 of this Part was amended in accordance with section 101(f) of the MCSI Act to reflect the Secretary's reservation to himself of the authority to promulgate safety standards for commercial motor vehicles and equipment subsequent to initial manufacture. *Id.* These amendments were effective January 1, 2000.

This rule amends 49 CFR Part 1 to reflect the Secretary's decision to now delegate to the National Highway Traffic Safety Administrator the authority to promulgate safety standards for commercial motor vehicles and equipment already in use when the standards are based upon and similar to an FMVSS promulgated under chapter 301 of title 49, U.S.C. In issuing standards under this delegation, the Administrator will coordinate with the Federal Motor Carrier Safety Administrator. This rule also amends Part 1 to delegate to the Federal Motor Carrier Safety Administrator the authority to promulgate safety standards for commercial motor vehicles and equipment already in use when the standards are not based upon and similar to an FMVSS promulgated under chapter 301 of title 49, U.S.C. Nothing in this rule changes the existing authority of the Federal Motor Carrier Safety Administration to promulgate standards relating to motor carrier

operations and maintenance of commercial motor vehicles, to inspect vehicles and equipment for compliance with applicable safety standards and maintenance requirements, and to take enforcement action as necessary.

The Administrators of the National Highway Traffic Safety Administration and the Federal Motor Carrier Safety Administration have the authority to redelegate the functions described in this document if not inconsistent with statute, departmental regulations, policies, and orders governing delegation of functions.

As the rule relates to Departmental organization, procedure, and practice, notice and comment on it are unnecessary under 5 U.S.C. 553(b). This action makes no substantive changes to the motor carrier safety regulations. Therefore, prior notice and opportunity to comment are unnecessary, and good cause exists under 5 U.S.C. 553(d)(3) to dispense with the 30-day delay in the effective date requirement so that the National Highway Traffic Safety Administration and the Federal Motor Carrier Safety Administration may immediately operate pursuant to the changes noted below.

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Coastal Migratory Pelagic Resources of the Gulf of Mexico and South Atlantic; Catch Specifications

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Final rule.

SUMMARY: In accordance with the framework procedure for adjusting management measures (framework procedure) of the Fishery Management Plan for the Coastal Migratory Pelagic Resources of the Gulf of Mexico and South Atlantic (FMP), NMFS issues this final rule to: Increase the annual total allowable catch (TAC) and increase the commercial trip limit off the southeast coast of Florida for Atlantic group king mackerel; and increase the TAC, modify the commercial trip limits applicable off Florida, and increase the recreational bag limit for Atlantic group Spanish mackerel. The intended effects of this rule are to maintain healthy stocks of

king and Spanish mackerel while still allowing catches by important commercial and recreational fisheries.

DATES: This final rule is effective August 2, 2000.

FOR FURTHER INFORMATION CONTACT: Dr. Steve Branstetter; telephone: 727-570-5305; fax: 727-570-5583; e-mail: Steve.Branstetter@noaa.gov.

SUPPLEMENTARY INFORMATION: The fisheries for coastal migratory pelagic resources are regulated under the FMP. The FMP was prepared jointly by the Gulf of Mexico and South Atlantic Fishery Management Councils and was approved and implemented by NMFS through regulations at 50 CFR part 622. In accordance with the framework procedure, the South Atlantic Fishery Management Council (Council) recommended, and NMFS published, a proposed rule (65 FR 31132, May 16, 2000) to: Increase the annual TAC and increase the commercial trip limit off the southeast coast of Florida for Atlantic group king mackerel; and increase the TAC, modify the commercial trip limits applicable off Florida, and increase the recreational bag limit for Atlantic group Spanish mackerel. The proposed rule described the need and rationale for these measures, which are not repeated here.

Comments and Responses

One public comment on the proposed rule was received from the Council.

Comment: The Council reiterated its support for a TAC of 7.04 million lb (3.19 million kg) for Atlantic group Spanish mackerel; noted that the regulations would relieve restrictions, consistent with conserving the resource, and would benefit fishers who had experienced necessary restrictions in the past; and urged timely implementation of the regulations.

Response: NMFS agrees that the Council's proposed actions are appropriate, has approved them, and is implementing them by this final rule.

Change from the Proposed Rule

The proposed rule inadvertently did not include the revision of the adjusted quota for Atlantic group Spanish mackerel that results automatically from the increase in TAC. This final rule incorporates the appropriate revision in § 622.44(b)(2).

Classification

This final rule has been determined to be not significant for purposes of E.O. 12866.
