[Docket 37554]

### Notice of Order Adjusting the Standard Foreign Fare Level Index

Section 41509(e) of Title 49 of the United States Code requires that the Department, as successor to the Civil Aeronautics Board, establish a Standard Foreign Fare Level (SFFL) by adjusting the SFFL base periodically by percentage changes in actual operating costs per available seat-mile (ASM). Order 80-2-69 established the first interim SFFL, and Order 98-01-32 established the currently effective two-month SFFL applicable through March 31, 1998.

In establishing the SFFL for the two-month period beginning April 1, 1998, we have projected non-fuel costs based on the year ended December 31, 1997 data, and have determined fuel prices on the basis of the latest available experienced monthly fuel cost levels as reported to the Department.

By Order 98-4-5 fares may be increased by the following adjustment factors over the October 1979 level:  
Atlantic: 1.3794  
Latin America: 1.5089

Pacific: 1.5764

**Environmental Impact Statement:**  
**Dade, Broward, Palm Beach, Martin, Okeechobee, Saint Lucie, Indian River, Brevard, Ocala, Orange, Polk, and Hillsborough Counties in Florida**

**AGENCIES:** Federal Highway Administration (FHWA) and Federal Railroad Administration (FRA), DOT.

**ACTION:** Notice of intent.

**SUMMARY:** The FHWA and FRA are issuing this notice to advise the public that an environmental impact statement (EIS) will be prepared for a proposed Florida High Speed Rail project between Miami, Orlando, and Tampa, Florida.

**FOR FURTHER INFORMATION CONTACT:** George Hadley, Environmental Coordinator, Federal Highway Administration, 227 North Bronough Street, Tallahassee, Florida 32301, (850) 942-9594 and/or Mark Yachmetz, RDV-13, Chief of Passenger Programs, Federal Railroad Administration, 400 Seventh Street, S.W., MS-20, Washington D.C. 20590, (202) 632-3855.

**SUPPLEMENTARY INFORMATION:** The FHWA and FRA in cooperation with the Florida Department of Transportation, will prepare an EIS for a proposal to construct a high speed rail project between Miami, Orlando, and Tampa, Florida. The project would be approximately 320 miles long. The proposed project includes acquisition of right of way, construction of guide way structures and track, stations, park and ride lots, storage and maintenance facilities, and other ancillary facilities. The facilities would be built to allow trains to operate at speeds up to 200 miles per hour. The high speed rail would provide service to business and tourist travelers.

Alternatives under consideration include: (1) the "no build alternative; and, (2) build alternatives in a variety of corridors. The corridor alternatives traverse areas where various social, economical, and environmental resources and issues are believed to exist. The resources and issues include

but are not limited to: wetlands, cultural resources, water quality issues including sole source aquifers, safety, residential and business relocations, wildlife and habitat, farmland, and land use planning, parklands, economic, and floodplains.

Notices describing the proposed action and soliciting comments have been and will be sent to appropriate Federal, State and local agencies and to private organizations and citizens who have expressed an interest in this proposal. Interagency and public meetings and public hearings will be held in several locations in the project area. Information on the time and place of the public meetings and hearings will be provided in the appropriate local news media. There are tentative plans to hold a scoping meeting in or near Orlando, Florida on May 12, 1998.

Comments and suggestions are invited from all interested parties to insure the full range of issues related to the proposed action and alternatives are addressed and all significant issues are identified. Comments and questions concerning the proposed action should be directed to the address provided above.
