Errata Sheet for Advisory Circular 150/5300-18B, General Guidance and Specifications for Submission of Aeronautical Surveys to NGS: Field Data Collection and Geographic Information System (GIS) Standards

Last Update: 4/23/2012

This errata sheet logs content and/or coding errors identified after the AC was signed on 5/21/2009. These errors have been corrected in the PDF version of the AC available on the FAA website.

#	Description of Correction	Location in Document	Rationale	Date Error Corrected
1.	Added a footnote to the DME CodeNavaidEquipmentType value. The footnote directs readers to more information about collocating VOR/DME.	Page 404, Table 5.15.30	We inadvertently omitted the VOR/DME enumeration value from the database. We modified the database, and in the AC we added a footnote to direct readers to related information.	4/23/2012
2.	Added the VOR/DME CodeNavaidEquipmentType value and a footnote. The footnote directs readers to more information about collocating VOR/DME.	Page 405, Table 5.15.30	We inadvertently omitted the VOR/DME enumeration value from the database and from the CodeNavaidEquipmentType table. We modified the database, and in the AC we added the value and description to the table and added a footnote to direct readers to related information.	4/23/2012

3.	Added a footnote to the VOR CodeNavaidEquipmentType value. The footnote directs readers to more information about collocating VOR/DME.
