Dear Mr. President

I hope you get a little rest -
We love the home and this place
and love had good weather.

I would love stayed to greet you
but I promised Johnny Carl that I
would be on his show this week so I am
off to Nashville.

Will be in Washington for the next
two weeks -- perhaps I'll get to see you
there -- though I don't want to intrude on
your time --

Regards to Pat,

With Warm Affection

Billy
