* Each individual question was assigned a score based on the overall weight given to each category (fiscal health and crime/community policing) based on a 100 point scale. Specifically, the questions pertaining to fiscal health were constructed to sum to equal 50 points, the crime/community policing indicators to sum to 50 points. Under the fiscal health section, the applicant was asked to provide data about its: jurisdiction and agency budget, locally generated revenues, and general fund balances for the last three fiscal years; unemployment, foreclosure, and poverty rates; the numbers of positions in the agency and jurisdiction that have been laid-off, furloughed, or have not been filled due to budget constraints; and other economic health indicators like bankruptcy and bond ratings.

** The law requires that half of all CHRP funds be awarded to jurisdictions that serve populations greater than 150,000 and half be awarded to jurisdictions that serve populations less than 150,000. The law also requires that 0.5% of all CHRP funds be awarded to jurisdictions from each of the states and territories.
