

MEMORANDUM

THE WHITE HOUSE

WASHINGTON

March 13, 1970

MEMORANDUM FOR: DR. MOYNIHAN

As we have discussed, the President was very pleased with the group discussion session on Negro problems which was held a couple of Saturdays ago. I am certain you have some thoughts on other such groups which the President might see on a confidential basis.

Would you let me know of any suggestions you might have for the President's consideration. The pattern might be the same as the meeting on Negro problems, or perhaps a format such as the Kristol dinner might be used.
