Note:

- Although Delaware's 9130 financial reports for State Adult, State Youth, State Dislocated Worker and State Rapid Response were not submitted at the time these financial data were collected and analyzed, Delaware appears to have pushed all WIA Adult, Youth, and Dislocated Worker ARRA funding to the local level, resulting in zero availability and expenditures at the state level.

- Although Delaware's 9130 financial reports for State Adult, State Youth, State Dislocated Worker and State Rapid Response were not submitted at the time these financial data were collected and analyzed, Delaware appears to have pushed all WIA Adult, Youth, and Dislocated Worker ARRA funding to the local level, resulting in zero availability and expenditures at the state level.

Notes:
- Although Delaware's 9130 financial reports for State Adult, State Youth, State Dislocated Worker and State Rapid Response were not submitted at the time these financial data were collected and analyzed, Delaware appears to have pushed all WIA Adult, Youth, and Dislocated Worker ARRA funding to the local level, resulting in zero availability and expenditures at the state level.
- Tennessee appears to have pushed all **WIA Youth** ARRA funding to the local level, resulting in zero availability and expenditures at the State level for Youth.

Notes:

- Although Delaware's 9130 financial reports for State Adult, State Youth, State Dislocated Worker and State Rapid Response were not submitted at the time these financial data were collected and analyzed, Delaware appears to have pushed all WIA Adult, Youth, and Dislocated Worker ARRA funding to the local level, resulting in zero availability and expenditures at the state level.

- Tennessee appears to have pushed all **WIA Youth** ARRA funding to the local level, resulting in zero availability and expenditures at the State level for Youth.
