TREASURY OFFERS 2-YEAR NOTES AND 5-YEAR NOTES

The Treasury will auction \$22,000 million of 2-year notes and \$14,000 million of 5-year notes to refund \$22,522 million of publicly held securities maturing on July 31, 2006, and to raise approximately \$13,478 million of new cash.

The Federal Reserve System holds \$8,489 million of the Treasury notes maturing on July 31, 2006, in the System Open Market Account (SOMA). This amount may be refunded at the highest yield of accepted competitive tenders either in these auctions or the 19-year 6-month Treasury inflation-protected securities (TIPS) auction to be held July 25, 2006. The 19-year 6-month TIPS will be issued on July 31, 2006. Amounts awarded to SOMA will be in addition to the offering amount.

Up to \$1,000 million in noncompetitive bids from Foreign and International Monetary Authority (FIMA) accounts bidding through the Federal Reserve Bank of New York will be included within the offering amount of each auction. These noncompetitive bids will have a limit of \$100 million per account and will be accepted in the order of smallest to largest, up to the aggregate award limit of \$1,000 million.

Treasury Direct customers have scheduled purchases of approximately \$715 million into the 2-year note and \$100 million into the 5-year note.

The auctions being announced today will be conducted in the single-price auction format. All competitive and noncompetitive awards will be at the highest yield of accepted competitive tenders. The allocation percentage applied to bids awarded at the highest yield will be rounded up to the next hundredth of a whole percentage point, e.g., 17.13%.

The notes being offered today are eligible for the STRIPS program.

This offering of Treasury securities is governed by the terms and conditions set forth in the Uniform Offering Circular for the Sale and Issue of Marketable Book-Entry Treasury Bills, Notes, and Bonds (31 CFR Part 356, as amended).

Details about the notes are given in the attached offering highlights.

Submission of Bids:

Noncompetitive bids:

Accepted in full up to \$5 million at the highest accepted yield.

Foreign and International Monetary Authority (FIMA) bids:

- (2) Net long position (NLP) for each bidder must be reported when the sum of the total bid amount, at all yields, and the net long position equals or exceeds the NLP reporting threshold stated above.
- (3) Net long position must be determined as of one-half hour prior to the closing time for receipt of competitive tenders.
- (4) Competitive bids from Treasury Direct customers are not allowed.
