# **Transportation Program**

### Raymond G. Boeman, Director

W. Keith Kahl, Deputy Director

Billie J. Russell, Communications and Outreach
Richard L. Smith, DOE/Industry Partnership & Crosscut Support
Lisa A. Starbuck, Administrative Professional
Kathi H. Vaughan, Business Analysis

### Advanced Combustion Engines

Ronald L. Graves ESTD

**Heavy-duty Engines** 

Ronald L. Graves ESTD

**Light-duty Engines** 

Johney B. Green, Jr. ESTD Brian H. West ESTD

### **Fuels Technologies**

Ronald L. Graves ESTD

#### **Vehicle Systems**

Johney B. Green, Jr. ESTD

Advanced Power Electronics and Electric Machinery

Mitchell Olszewski ESTD

# Technology and Policy Analysis

David L. Greene ESTD

#### **Energy Storage**

Raymond G. Boeman TPO

#### Automotive Lightweighting Materials

Philip S. Sklad MSTD

### Automotive Propulsion System Materials

David P. Stinton MSTD

# Heavy Vehicle Propulsion System Materials

**MSTD** 

D. Ray Johnson

Heavy Vehicle Multidisciplinary R&D

Ronald L. Graves ESTD

#### **National User Facilities**

Fuels, Engines, and Emissions Research Center

Ronald L. Graves ESTD

High Temperature Materials Laboratory

Edgar Lara-Curzio MSTD

National Transportation Research Center

Raymond G. Boeman TPO

Power Electronics and Electric Machinery Research Center

Donald J. Adams ESTD

## Light Vehicle Multidisciplinary R&D

Raymond G. Boeman TPO

ESTD Engineering Science & Technology Division

MSTD Materials Science & Technology Division

TPO Transportation Program Office
