

NIC Survey of State Corrections Departments, Funding for Prison Beds .

Total responding agencies: 50 of 51

Survey conducted by the NIC information Center
Longmont, Colorado
(800) 877-1461

This material updates similar information reported in January 1992 following a survey of the state corrections departments (DOCs).

	No. of Prison Beds Currently Planned but Not Funded	No. of Beds Constructed but Not Yet Open Due to Lack of Funds	Comments
Alabama	3,492 ¹	0	¹ This figure includes beds planned from 1993 through 1997. Through 1998, the DOC plans 4,239 beds; through 1999, 4,997 beds are planned.
Alaska	64	59	No plans to add privately operated prison beds.
Arizona	5,730 ¹	400 ²	¹ 1,800 of these beds will be privately operated. The total figure (5,730) is from a five-year capital request, but funding is appropriated only on a yearly basis. ² These beds will be ready for occupancy in May 1994 but will not be opened until August 1994.
Arkansas	0	0	No plans to add privately operated prison beds.
California	13,000 ¹	0	¹ Proposed 1994 five-year construction program.
Colorado	0	0	The DOC projects a 2,400-bed shortfall by 1998 and is at present developing response plans.
Connecticut	194 ¹	1,744 ²	¹ Women's beds only. ² These beds are under construction. No plans to add privately operated prison beds.
Delaware	0	0	
Dist. of Columbia	(No response)		
Florida	26,699 ¹	0	¹ Beds anticipated under current four-year plan. No plans to add privately operated prison beds.
Georgia	3,656 (FY 1995)	3,251	No plans to add privately operated prison beds.
Hawaii	288	0	No plans to add privately operated prison beds.
Idaho	0	0	
Illinois	0	0	
Indiana	0	192	No plans to add privately operated prison beds.
