

## **David J. Dix, Ph.D.**

Dr. David J. Dix is Acting Director of the U.S. Environmental Protection Agency's National Center for Computational Toxicology (NCCT), at Research Triangle Park, NC, USA, where he is leading the development of high throughput decision support tools for screening and assessing chemical exposure, hazard and risk. Prior to Acting Director, Dr. Dix was the NCCT Deputy Director and a Research Biologist conducting research in reproductive, genomic and computational toxicology at EPA. Dr. Dix is an adjunct Associate Professor in the Department of Environmental Sciences and Engineering at the University of North Carolina at Chapel Hill. He earned his undergraduate degree in Biological Sciences from the University of Illinois at Chicago, a Ph.D. in Physiology from Rush University in Chicago, and completed postdoctoral training at the U.S. National Institute of Environmental Health Sciences. He has published over 100 articles, reviews, reports and book chapters, serves on several Editorial Boards, and has given numerous national and international presentations on EPA research.
