\* Where "Various" is listed beside a type of equipment for a specific manufacturer, there may be some of that type of equipment that does not have a Buy American Preference waiver. The manufacturer must provide confirmation whether the specific item being requested has a Nationwide Buy American Preference waiver.

The following components or subcomponents are steel or manufactured goods that have an FAA specification number and have been determined to be 1) 100% United States product and 2) produced in the United States

100% US and US Final Assembly	Integro	L-823 Plug and Receptable, Cable Connectors	6/10/2009
100% US and US Final Assembly	MCB Industries	EB-83 bolts	1/31/2011

Summary of Changes November 14, 2012

- 1) Added steel or manufactured goods that have an FAA specification that have been determined to be 100% US product and US final assembly
- 2) Corrected spelling of Olson Industries (previously misspelled Olsen)
- 3) Corrected Integro L-823 Connector Kits (previously listed as transformers and moved to 100% US product and US final assembly table)
- 4) Added asterisk and note for (Various) indicators
