

## Accessing solicitations on FedBizOpps.gov

1. Go to [www.fbo.gov](http://www.fbo.gov). In the “Keyword / Solicitation #” box near the middle of the screen, enter the solicitation number (for example, R09PS10013).

The screenshot shows the FedBizOpps.gov homepage. At the top, there is a navigation bar with links for Home, Getting Started, General Info, Opportunities, Agencies, and Privacy. Below this is a search area with the text "Search more than 34,700\* active federal opportunities." There are several dropdown menus for "Posted Date" (set to "Last 90 Days"), "Set-Aside Code" (set to "Any"), "Place of Performance" (set to "Any State or Territory"), and "Type" (set to "Any"). A text input field for "Keyword / Solicitation #" is highlighted with a red arrow pointing to it, with the text "Type the solicitation number here and then click the 'search' button." Below the input field is a "Search" button, also highlighted with a red arrow and the text "Search button". To the right of the search area is a "RECOVERY" section with buttons for "SEARCH RECOVERY OPPORTUNITIES" and "SEARCH RECOVERY AWARDS".

2. The search will display a page titled “Opportunities”. The title of the solicitation will be displayed as a link. Click that link to display all announcements related to that solicitation.

The screenshot shows the search results page for the solicitation R09PS10013. The page title is "Opportunities" and there is a "RETURN TO HOME" link. Below the title are tabs for "Opportunities List", "Advanced Search", and "Archives". A "Search Tip" is displayed. The search criteria are shown as "Keyword / Solicitation #: R09PS10013" with "Posted Date: Last 90 Days". There are "Search" and "Clear" buttons. Below the search criteria are two links: "Search by Agency, Set-aside, State, and Type" and "Search by Classification, NAICS code, Recovery actions, and more". The results are displayed in a table with columns for "Opportunity", "Agency/Office/Location", "Type / Set-aside", and "Posted On". The first result is for "Repair of G19 Generator Stator at the Third Powerplant, Grand Coulee Dam, Washington, Columbia Basin Project, Washington" with the solicitation number R09PS10013 and a description "J -- Maintenance, repair & rebuilding of equipment". The agency is listed as "BOR - All Offices". A red arrow points to the title of the solicitation in the table with the text "Click title of the solicitation." The page shows "1 - 1 of 1" results and "Showing 20 per page".
