DOL grant to Maine workers exceeds \$316,000 sylvas/media/pre press release workers exceeds \$316,000 sylvas/ers exc	DOL grants over \$3.4M to Minnesota laid off workers		press release	announces more than \$3.4 million to continue to assist Minnesota workers affected by manufacturing industry layoffs. The National Emergency Grant will help to continue to assist workers across the state of Minnesota affected by layoffs from five companies in the manufacturing and retail industries.	National Emergency Grant increment to continue to assist workers across the state of Minnesota affected by layoffs from five companies in the manufacturing and retail industries: Celestica, Hutchinson Technology Inc., International Business Machines (IBM), Seagate Technology Inc. and Target. "Minnesotans laid off from these companies need continued access to training and employment services in order to reenter the workforce in growing industries," said Secretary of Labor Hilda L. Solis. "This grant increment offers another important step toward the economic recovery of Minnesota and the nation." This second and final increment will be awarded to the Minnesota Department of Employment and Economic Development. Funds will be used to continue the delivery of re-employment assistance, including training, assessment, and career counseling to affected workers. On June 10, 2009, a National Emergency Grant with an initial release of \$1,322,649 was awarded to serve approximately	8/26/2009 12:30	•
	DOL grant to Maine workers exceeds \$316,000		press release	Labor today announced a \$316,458 grant to assist approximately 80 workers affected by layoffs at Formed Fiber Technologies Inc. located in Auburn, Maine. This grant will be operated by the Central/Western Maine Workforce Investment Board. The grant will provide affected workers with access to dislocated worker services. These services may include skills assessment, basic skills training, individual career counseling and	The U.S. Department of Labor today announced a \$316,458 grant to assist approximately 80 workers affected by layoffs at Formed Fiber Technologies Inc. located in Auburn, Maine. "These workers now will have access to employment-related services that will lead to new careers in promising regional industries," said Secretary of Labor Hilda L. Solis. "Auto workers have borne the brunt of the recent economic downturn and are deserving of our support as they seek reemployment." Awarded to the Maine Department of Labor, this grant will be operated by the Central/Western Maine Workforce Investment Board. The grant will provide affected workers with access to dislocated worker services. These services may include skills assessment, basic skills training, individual career counseling and occupational skills training. A Maine Department of Labor analysis indicates possible future job vacancies outside of the traditional manufacturing industry in more promising sectors. Layoffs at Formed Fiber Technologies Inc. occurred on Dec. 19, 2008, due to declines in the automotive, construction and		grant;Maine;workers;training;layoffs ;
