

Don't Destroy the Things You Love

Moving firewood can spread insects and diseases that **kill trees.**

Please ... Buy firewood where you camp!

100,000,000 elms killed by Dutch elm disease

30,000 hardwoods already destroyed to control the Asian longhorned beetle

20,000,000 ash killed by the emerald ash borer

Firewood carries insects and disease that kill trees.
