***Last Modified:***                      **December 6, 2011**

This list of significantly viewed stations is being posted on the Commission’s Internet website at <http://www.fcc.gov/mb/> in accordance with 47 U.S.C. § 340(c)(2). This list was adopted on November 2, 2005 as Appendix C to the Report and Order, FCC 05-187 (rel. Nov. 3, 2005). The Commission will update this list within 10 business days after taking an action to modify the list.

The stations listed below are “significantly viewed” in the relevant counties and/or communities as indicated. The stations are listed by state and subdivided by the county in which they are significantly viewed. Stations added on a community-by-community basis after 1972 are listed at the end of each state next to the community in which they obtained significantly viewed status. The station listing includes the current (and former) call signs, as well as the analog channel number and city of license. Stations with a plus sign (+) under individual counties are those stations added to the list after the publication of the Commission’s original 1972 list. *See Reconsideration of the Cable Television Report and Order*, 36 FCC 2d 326 (1972). Stations listed with a pound sign (#) have been the subject of application of the Commission’s exclusivity rules and are subject to programming deletions in the indicated communities.
