Re: Oklahoma American Recovery and Reinvestment Act ODOT Projects

Dear Secretary LaHood:

Pursuant to Section 1511 Transparency and Oversight Certification for recovery projects as required by the American Recovery and Reinvestment Act of 2009 (ARRA), enclosed is the State of Oklahoma's certification that the Oklahoma Department of Transportation Recovery Projects and the investments represented have received the full review and vetting required by law and are an appropriate use of taxpayer dollars. This certification is provided for the attached list of Recovery Projects only and is representative of the seventh phase of ODOT projects.

These projects will be administered by the Oklahoma Department of Transportation. The final financing and ARRA participation levels will be determined to the extent possible at the time of the authorization request. If determined necessary, the State will be submitting additional certifications on behalf of the Oklahoma Department of Transportation as necessary to address any remaining ARRA project phases.

Thank you for your guidance and cooperation. Please do not hesitate to contact me should you have questions, comments, or require additional information.

Sincerely,
