CERTIFICATION UNDER SECTION 1511 OF
THE AMERICAN RECOVERY AND REINVESTMENT ACT:

Pursuant to Title XV, Subtitle A, section 1511 of the American Recovery and Reinvestment Act (Pub. L. 111-5 (Feb. 17, 2009)) (ARRA), I Christine O. Gregoire, hereby certify that the attached infrastructure investment totaling \$193,095,371 funded with \$65,134,593 appropriated by ARRA under the heading "Highway Infrastructure Investment" to the Federal Highway Administration and under the heading "Transit Capital Assistance" to the Federal Transit Agency, has received the full review and vetting required by law and that I accept responsibility that such investment is an appropriate use of taxpayer dollars. I further certify that the specific information required by section 1511 concerning this investment (a description of the investment, the estimated total cost, and the amount of ARRA funds to be used) is provided in the Washington Statewide Transportation Improvement Program (STIP) and is available to the public at www.wsdot.wa.gov/funding/stimulus and linked to Recovery.gov.

I understand that my State or local agency may not receive ARRA infrastructure investment funding unless this certification is made and posted.

Signed this 14th day of September 2009.

Christine O. Gregoire
Governor

Kitsap Transit	Small Passenger-Only Vessels	This project will build a prototype vessel for 149 passengers with low wake characteristics from the study of Rich Passage and other hull & engine analysis. Test the wake characteristics of the new vessel and include the public on the outcome. Purchase or lease w/option to purchase 2 60-149 passenger vessels for Sinclair inlet service. Make engine & particulate trap improvements to exceed EPA standards. All local match will be funded w/toll credits. This project also includes the following earlier work which is done or nearing completion: Lease vessels that will hold 149 passengers for cross-sound transit service from Bremerton and test their low wake characteristics and shoreline impacts and complete the POF operating and finance plan for KT's service area. A SEPA process for the plan, with concerted public involvement of Rich Passage property owners. The plan includes extensive wake research to direct the hull & engine specification in the design and procurement of 149-passenger vessels that produce a low wake to an acceptable standard for Rich Passage navigatable waters and shorelines. Design a prototype vessel as a result of scientific wake research and stakeholder involvement. This project is receiving ARRA funds to be distributed in 2010 to procure a small POF vessel.
