

**Bonneville Power Administration  
Regional Dialogue Technical Group  
Summary of September 30, 2005 Meeting**

The Technical Group continued to ask clarifying questions on the issues addressed in the Regional Dialogue Concept Paper. It was agreed that additional clarification would be needed, but take place on an issue specific basis according to the schedule agreed to for the technical meetings.

The Technical Group agreed to minor changes in the meeting schedule. The changes in meeting dates/times are as follows:

- The Technical Group will tentatively plan to meet on October 11 from 9:00-4:00 (not 9:00-12:00 as shown on the previous schedule), but a final decision will be made at the October 4 meeting.
- The Technical Team will meet on November 3 from 1:00-4:00 (not 9:00-4:00 as shown in the previous schedule.)

The Technical Group reviewed the Draft Meeting Norms. A revision of the Meeting Norms will be posted on the Regional Dialogue Web site.

Public Power representatives presented a proposed Issue Sequence of public power issues to be discussed at the next three Technical Group meetings. The Technical Group adopted the list as presented.
