No additional procurement standards or requirements shall be imposed by the Federal awarding agencies upon recipients, unless specifically required by Federal statute or executive order or approved by OMB.</p> <p>§215.41 Recipient responsibilities.</p> <p>The standards contained in this section do not relieve the recipient of the contractual responsibilities arising under its contract(s). The recipient is the responsible authority, without recourse to the Federal awarding agency, regarding the settlement and satisfaction of all contractual and administrative issues arising out of procurements entered into in support of an award or other agreement. This includes disputes, claims, protests of award, source evaluation or other matters of a contractual nature. Matters concerning violation of statute are to be referred to such Federal, State or local authority as may have proper jurisdiction.</p> <p>§215.42 Codes of conduct.</p> <p>The recipient shall maintain written standards of conduct governing the performance of its employees engaged in the award and administration of contracts. No employee, officer, or agent shall participate in the selection, award, or administration of a contract supported by Federal funds if a real or apparent conflict of interest would be involved. Such a conflict would arise when the employee, officer, or</p> | <p>imposes no additional requirements for notices of record over and above any described in Articles 32 through 36 of these General Terms and Conditions and the associated agency-specific requirements.</p> <p>III.C. Procurement Standards</p> <p>40. Purpose of procurement standards.</p> <p>This Article implements 2 CFR 215.16 and 215.41 through 215.48 (previously section __.16 and sections __.41 through __.48 of OMB Circular A-110), which set forth standards for recipients’ procurement of supplies, equipment, real property and services with Federal funds. Paragraph (d) of this article implements 2 CFR 215.16. 2 CFR 215.41 through 215.48 are incorporated into these General Terms and Conditions with the clarifications provided in the other paragraphs of this article:</p> <p>(a) In 2 CFR 215.44(e)(2) through (5), 215.46, and 215.48(a) and (b), the term “small purchase threshold” is replaced by “simplified acquisition threshold,” the term that now is defined at 41 U.S.C. 403(11). The simplified acquisition threshold currently is \$100,000.</p> <p>(b) In 2 CFR 215.48(e), the words “all contracts, including small purchases” is replaced by the words “all contracts, including those for amounts less than the simplified acquisition threshold.”</p> <p>(c) The reference in 2 CFR 215.48(e) to “Appendix A to this part” is replaced by a reference to Appendix A of these general terms and conditions.</p> <p>(d) The recipient shall give preference in its procurements using Federal funds to the purchase of recycled products pursuant to the EPA guidelines in 40 CFR parts 247-254 if it is a State or local institution of higher education, hospital, or non-profit organization to which the Resource Conservation and Recovery Act (RCRA) applies, in accordance with 2 CFR 215.16.</p> |

The officers, employees, and agents of the recipient shall neither solicit nor accept gratuities, favors, or anything of monetary value from contractors, or parties to subagreements. However, recipients may set standards for situations in which the financial interest is not substantial or the gift is an unsolicited item of nominal value. The standards of conduct shall provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the recipient.</p> <p>§215.43 Competition.</p> <p>All procurement transactions shall be conducted in a manner to provide, to the maximum extent practical, open and free competition. The recipient shall be alert to organizational conflicts of interest as well as noncompetitive practices among contractors that may restrict or eliminate competition or otherwise restrain trade. In order to ensure objective contractor performance and eliminate unfair competitive advantage, contractors that develop or draft specifications, requirements, statements of work, invitations for bids and/or requests for proposals shall be excluded from competing for such procurements. Awards shall be made to the bidder or offeror whose bid or offer is responsive to the solicitation and is most advantageous to the recipient, price, quality and other factors considered. Solicitations shall clearly set forth all requirements that the bidder or offeror shall fulfill in order for the bid or offer to be evaluated by the recipient. Any and all bids or offers may be rejected when it is in the recipient's interest to do so.</p> <p>§215.44 Procurement procedures.</p> <p>(a) All recipients shall establish written procurement procedures. These procedures shall provide for, at a minimum, that paragraphs (a)(1), (2) and (3) of this section apply.</p> <p>(1) Recipients avoid purchasing unnecessary items.</p> <p>(2) Where appropriate, an analysis is made of lease and purchase alternatives to determine which would be the most economical and practical procurement for the Federal Government.</p> | <p>(e) The recipient's procurement system, in its essential elements, shall remain as approved by the Office of Naval Research (ONR) and the recipient shall notify ONR of any proposed major change(s) to the approved system, if the ONR has reviewed and approved the recipient's procurement system for any of the following reasons:</p> <p>(1) The ONR is the cognizant Federal agency for the recipient or has reviewed the recipient's procurement system at the request of another Federal awarding agency.</p> <p>(2) The recipient also receives Federal procurement contracts; the administrative contracting officer has determined that there is a need for a contractor's purchasing system review, in accordance with 48 CFR 44.302 in the Federal Acquisition Regulation; and the ONR is the office responsible for conducting the review.</p> |

In addition, such contracts shall describe conditions under which the contract may be terminated for default as well as conditions where the contract may be terminated because of circumstances beyond the control of the contractor.</p> <p>(c) Except as otherwise required by statute, an award that requires the contracting (or subcontracting) for construction or facility improvements shall provide for the recipient to follow its own requirements relating to bid guarantees, performance bonds, and payment bonds unless the construction contract or subcontract exceeds \$100,000. For those contracts or subcontracts exceeding \$100,000, the Federal awarding agency may accept the bonding policy and requirements of the recipient, provided the Federal awarding agency has made a determination that the Federal Government's interest is adequately protected. If such a determination has not been made, the minimum requirements shall be as follows.</p> <p>(1) A bid guarantee from each bidder equivalent to five percent of the bid price. The "bid guarantee" shall consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder shall, upon acceptance of his bid, execute such contractual documents as may be required within the time specified.</p> <p>(2) A performance bond on the part of the contractor for 100 percent of the contract price. Costs of a recipient resulting from obligations incurred by the recipient during a suspension or after termination of an award are not allowable unless the awarding agency expressly authorizes them in the notice of suspension or termination or subsequently. The enforcement remedies identified in this section, including suspension and termination, do not preclude a recipient from being subject to debarment and suspension under E.O.s 12549 and 12689 and the Federal awarding agency implementing regulations (see §215.13).</p> <p>Subpart D—After the Award Requirements</p> | <p>awarding agency related to any enforcement action.</p> <p>IV.
