

## Newly Available NIPA Tables

This report continues the presentation of the 2011 annual revision of the national income and product accounts (NIPAs), which began in the August 2011 issue of the SURVEY OF CURRENT BUSINESS. The current issue presents NIPA tables 3.15.1–3.15.6, 3.16, 3.17, and 7.15.

The August 2011 SURVEY includes an article that summarizes the results of the annual revision followed by the presentation of most of the NIPA tables. It also includes historical estimates in “[GDP and Other Major NIPA Series, 1929–2011:II](#).”

Some tables from the annual revision will be published in future issues of the SURVEY. Tables 3.18B and 3.20–3.23 are scheduled for publication in the October 2011 issue, and tables 2.9 and 7.20 are scheduled for publication in the November 2011 issue. Table 3.19 will be published soon after the release of data by the Census Bureau.

The NIPA tables published in the August issue and those that appear in this issue are available as interactive tables on BEA’s Web site at [www.bea.gov](http://www.bea.gov) by clicking on “Interactive Data.”

1. Equals consumption expenditures, government social benefits, interest payments, subsidies, less "wage accruals less disbursements" for federal government, also includes grants-in-aid to state and local governments and other current transfer payments to the rest of the world (net). Government, federal government, and state and local government current expenditures are shown separately in tables 3.1, 3.2, and 3.3.

2. Federal grants-in-aid to state and local governments are included in federal current expenditures; because the grants are transactions between levels of government, they are eliminated in the consolidation of the

government sector.

3. For more information regarding capital transfers, please see NIPA table 5.10.

4. Federal investment grants to state and local governments are excluded in the consolidation of the federal and state and local sectors.

5. Includes federal investment grants to state and local governments.

6. Consists of disaster-related benefits payments by state-owned insurance entities.
