SUBJ: Health Care Briefing

Charlotte Hayes -
(chic salad)

DATE: January 26, 1993

You are invited to join or to name a staff member to join the Health Care Reform Task Force working group as we undertake this large project to be completed in a very short period of time. To be sure the White House staff is completely "up to speed" on the health care reform work of the transition team we will have a sandwich lunch in my office from 12 noon to 2 p.m. tomorrow (Wednesday, January 27). This is just prior to the first working group meeting tomorrow at 2 p.m. in Room 213 of the Old Executive Office Building. Members of the transition team who now work at HHS will give the briefing led by Judy Feder. Persons attending the luncheon in addition to you/your reps will be those individuals listed in the "cc" line as well as the transition team members.

Please call Rosalyn Kelly in my office at 2216 to confirm the attendance of you or someone from your staff. Should you have questions prior to tomorrow, please do not hesitate to call me or have me beeped.

I appreciate your prompt attention to this matter of critical importance.

Thanks!

Alex

Transition:
