Dear Hillary:

I am writing to you on behalf of the COLORADO FORUM, an organization of chief executive officers from the State of Colorado who come together on a monthly basis to focus on public policy issues. We are a bipartisan group that operates by consensus; the members of our organization play a personal and active role in a limited number of issues that we identify for action. For the past several years we have been actively involved in early childhood and K-12 education, among other issues.

Each year, all of the members of the COLORADO FORUM take a trip to Washington, D.C. to talk with government officials about areas of specific concern. We will be in Washington as a group on April 29th, and would very much appreciate the opportunity to meet with you to discuss issues relating to education and the health of our children.

I think you will find the members of this organization very committed and well-informed. I have enclosed a brochure so you can see who will be in attendance. I will call your office in the next week to see whether we can work out a time that is convenient for you to meet with the FORUM. We would be honored to have an opportunity to talk with you.

Thank you in advance for your consideration.

Sincerely,

Gail H. Klapper
