MEMORANDUM FOR HOWARD G. FILLER

CLASSIFICATION OFFICER
CHICAGO OFFICE

FROM:

ANDREW P. WESTON-DAWKES
DIRECTOR
OFFICE OF CLASSIFICATION
OFFICE OF HEALTH, SAFETY AND SECURITY

SUBJECT:

Appointment as Office of Science Program Classification Officer
for SC Headquarters and Chicago Facilities and Other
Classification Officer Responsibilities

You are hereby appointed as the Office of Science (SC) Program Classification Officer for SC Headquarters and Chicago facilities, effective immediately. This appointment is in addition to your current responsibilities as Federal Classification Officer (CO) for the following facilities:

Chicago Office
Argonne Site Office
Brookhaven Site Office
Pacific Northwest Site Office

In addition, you will be the Federal CO responsible for classification oversight of the following contractor facilities:

Argonne National Laboratory
Brookhaven National Laboratory
Pacific Northwest National Laboratory

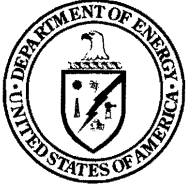

The following SC facilities do not currently deal with classified information. However, should the need arise for classification officer support, you will be responsible for responding to any questions about classification or controlled unclassified information at these facilities:

Ames Site Office
Ames Laboratory
Fermi Site Office
Fermi Laboratory
Princeton Site Office
Princeton Plasma Physics Laboratory

Your current classification/declassification authorities are written broad enough to cover all of the above facilities.
