MEMORANDUM FOR LAWRENCE M. SPARKS
CLASSIFICATION OFFICER
OAK RIDGE OFFICE

FROM:

ANDREW P. WESTON-DAWKES
DIRECTOR
OFFICE OF CLASSIFICATION
OFFICE OF HEALTH, SAFETY AND SECURITY

SUBJECT: Appointment as Office of Science Program Classification Officer for Oak Ridge Facilities and Realignment of Oak Ridge Office Classification Officer's Responsibilities

You are hereby appointed as the Office of Science (SC) Program Classification Officer for SC activities at Oak Ridge, Tennessee, effective immediately at the following facilities:

Oak Ridge Office
Oak Ridge Institute for Science and Education
Oak Ridge National Laboratory Site Office
Oak Ridge National Laboratory
Office of Scientific and Technical Information

You have been the Classification Officer (CO) of the Oak Ridge Office since March 31, 2009. This encompassed not only the SC activities, but also activities of the Offices of Environmental Management (EM) and Nuclear Energy (NE). With the August 15, 2011, reorganization of the Oak Ridge Office and the creation of three site offices, your CO appointment and classification/declassification authorities need to be realigned to reflect the new organization. Effective immediately, you will be the Federal CO for the following facilities:

Oak Ridge Office (SC)
Oak Ridge National Laboratory Site Office (SC)
EM Oak Ridge Site Office
Portsmouth/Paducah Project Office (EM--under a support agreement)
Nuclear Fuel Supply Oak Ridge Site Office (NE)

In addition, you will be the Federal CO responsible for oversight of the following contractor facilities:

Oak Ridge Institute for Science and Education (SC)
Oak Ridge National Laboratory (SC)
East Tennessee Technology Park (EM)
Isotek Systems, LLC (EM)
Paducah Gaseous Diffusion Plant (EM)
Portsmouth Gaseous Diffusion Plant (EM)
United States Enrichment Corporation American Centrifuge Program (NE)

The following SC facilities do not currently deal with classified information. However, you will be the point of contact if they have any questions about classification or controlled unclassified information:

Berkeley Site Office
Berkeley Laboratory
SLAC National Accelerator Laboratory Site Office
SLAC National Accelerator Laboratory
Thomas Jefferson National Accelerator Facility Site Office
Thomas Jefferson National Accelerator Facility

Your current classification/declassification authorities are written broad enough to cover these facilities.
