I. GENERAL LEGISLATION

1. Administration of National Park System

An Act to amend the Act approved August 18, 1970, providing for improvement in the administration of the National Park System by the Secretary of the Interior and clarifying authorities applicable to the National Park System, and for other purposes. (90 Stat. 1939) (P.L. 94-458)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 3 of the Act approved August 18, 1970 (84 Stat. 825; 16 U.S.C. 1a-1 et seq.), is amended as follows:

(1) In subsection (e), after "within an area of the national park system," insert ", as long as such activity does not jeopardize or unduly interfere with the primary natural or historic resource of the area involved,".

(2) At the end of subsection (g), change the period to a semicolon and add the following new subsections:

"(h) promulgate and enforce regulations concerning boating and other activities on or relating to waters located within areas of the National Park System, including waters subject to the jurisdiction of the United States: *Provided*, That any regulations adopted pursuant to this subsection shall be complementary to, and not in derogation of, the authority of the United States Coast Guard to regulate the use of waters subject to the jurisdiction of the United States;

"(i) provide meals and lodging, as the Secretary deems appropriate, for members of the United States Park Police and other employees of the National Park Service, as he may designate, serving temporarily on extended special duty in areas of the National Park System, and for this purpose he is authorized to use funds appropriated for the expenses of the Department of the Interior."

SEC. 2. Such Act of August 18, 1970, is further amended by adding the following new sections:

"SEC. 5. Section 11 of the Act of May 26, 1930 (46 Stat. 383; 16 U.S.C. 17j), is amended to read as follows:

"SEC. 11. In the administration of the National Park System, the Secretary of the Interior is authorized, under regulations prescribed by him, to pay (a) the traveling expenses of employees, including the costs of packing, crating, and transporting (including draying) their personal property, upon permanent change of station of such employees and (b) the traveling expenses as aforesaid

of dependents of deceased employees (i) to the nearest housing reasonably available and of a standard not less than that which is vacated, and to include compensation for not to exceed sixty days rental cost thereof, in the case of an employee who occupied Government housing and the death of such employee requires that housing to be promptly vacated, and (ii) to the nearest port of entry in the conterminous forty-eight States in the case of an employee whose last permanent station was outside the conterminous forty-eight States.

"SEC. 6. Notwithstanding any other provision of law, the Secretary of the Interior may relinquish to a State, or to a Commonwealth, territory, or possession of the United States, part of the legislative jurisdiction of the United States over National Park System lands or interests therein in that State, Commonwealth, territory, or possession: *Provided*, That prior to consummating any such relinquishment, the Secretary shall submit the proposed agreement to the Committees on Interior and Insular Affairs of the United States Congress, and shall not finalize such agreement until sixty calendar days after such submission shall have elapsed. Relinquishment of legislative jurisdiction under this section may be accomplished (1) by filing with the Governor (or, if none exists, with the chief executive officer) of the State, Commonwealth, territory, or possession concerned a notice of relinquishment to take effect upon acceptance thereof, or (2) as the laws of the State, Commonwealth, territory, or possession may otherwise provide. The Secretary shall diligently pursue the consummation of arrangements with each State, Commonwealth, territory, or possession within which a unit of the National Park System is located to the end that insofar as practicable the United States shall exercise concurrent legislative jurisdiction within units of the National Park System.

"SEC. 7. Notwithstanding subsection 5901(a) of title 5, United States Code (80 Stat. 508), as amended, the uniform allowance for uniformed employees of the National Park Service may be up to \$400 annually.

"SEC. 8. The Secretary of the Interior is directed to investigate, study, and continually monitor the welfare of areas whose resources exhibit qualities of national significance and which may have potential for inclusion in the National Park System. At the beginning of each fiscal year, the Secretary shall transmit to the Speaker of the House of Representatives and to the President of the Senate, comprehensive reports on each of those areas upon which studies have been completed. On this same date, and accompanying such reports, the Secretary shall transmit a listing, in generally descending order of importance or merit, of not less than twelve such areas which appear to be of national significance and which may have potential for inclusion in the National Park System. Threats to resource values, and cost escalation factors shall be considered in listing the order of impor-

tance or merit. Such listing may be comprised of any areas heretofore submitted under terms of this section, and which at the time of listing are not included in the National Park System. The Secretary is also directed to transmit annually to the Speaker of the House of Representatives and to the President of the Senate, at the beginning of each fiscal year, a complete and current list of all areas included on the Registry of Natural Landmarks and those areas of national significance listed on the National Register of Historic places which areas exhibit known or anticipated damage or threats to the integrity of their resources, along with notations as to the nature and severity of such damage or threats. Each report and annual listing shall be printed as a House document.

"SEC. 9. Section 3 of the Act of August 21, 1935 (49 Stat. 666, 667; 16 U.S.C. 461, 463), is amended to read as follows:

"SEC. 3. (a) A general advisory board to be known as the National Park System Advisory Board is hereby established, to be composed of not to exceed eleven persons, citizens of the United States, to include but not be limited to representatives competent in the fields of history, archaeology, architecture, and natural science, who shall be appointed by the Secretary for a term not to exceed four years. The Secretary shall take into consideration nominations for appointees from public and private, professional, civic, and educational societies, associations, and institutions. The members of such board shall receive no salary but may be paid expenses incidental to travel when engaged in discharging their duties as members. It shall be the duty of such board to advise the Secretary on matters relating to the National Park System, to other related areas, and to the administration of this Act, including but not limited to matters submitted to it for consideration by the Secretary, but it shall not be required to recommend as to the suitability or desirability of surplus real and related personal property for use as an historic monument.

"(b) The National Park System Advisory Board shall continue to exist until January 1, 1990. In all other respects, it shall be subject to the provisions of the Federal Advisory Committee Act."

"SEC. 10. (a) The arrest authority relating to the National Park Service is hereby amended in the following respects:

"(1) Section 3 of the Act of March 3, 1897 (29 Stat. 621; 16 U.S.C. 415), as supplemented; relating to certain arrest authority relative to national military parks, is hereby repealed;

"(b) In addition to any other authority conferred by law, the Secretary of the Interior is authorized to designate, pursuant to standards prescribed in regulations by the Secretary, certain officers or employees of the Department of the Interior who shall maintain law and order and protect persons and property within areas of the National Park System. In the performance of such duties, the officers or employees, so designated, may—

"(1) carry firearms and make arrests without warrant for any offense against the United States committed in his presence, or for any felony cognizable under the laws of the United States if he has reasonable grounds to believe that the person to be arrested has committed or is committing such felony, provided such arrests occur within that system or the person to be arrested is fleeing therefrom to avoid arrest;

"(2) execute any warrant or other process issued by a court or officer of competent jurisdiction for the enforcement of the provisions of any Federal law or regulation issued pursuant to law arising out of an offense committed in that system or, where the person subject to the warrant or process is in that system, in connection with any Federal offense; and

"(3) conduct investigations of offenses against the United States committed in that system in the absence of investigation thereof by any other Federal law enforcement agency having investigative jurisdiction over the offense committed or with the concurrence of such other agency.

"(c) The Secretary of the Interior is hereby authorized to—

"(1) designate officers and employees of any other Federal agency or law enforcement personnel of any State or political subdivision thereof, when deemed economical and in the public interest and with the concurrence of that agency or that State or subdivision, to act as special policemen in areas of the National Park System when supplemental law enforcement personnel may be needed, and to exercise the powers and authority provided by paragraphs (1), (2), and (3) of subsection (b) of this section;

"(4) the authorities provided by this subsection shall supplement the law enforcement responsibilities of the National Park Service, and shall not authorize the delegation of law enforcement responsibilities of the agency to State and local governments.

"(d) (1) Except as otherwise provided in this subsection, a law enforcement officer of any State or political subdivision thereof designated to act as a special policeman under subsection (c) of this section shall not be deemed a Federal employee and shall not be subject to the provisions of law relating to Federal employment, including, but not limited to, those relating to hours of work, rates of compensation, leave, unemployment compensation, and Federal benefits.

"(2) For purposes of the tort claim provisions of title 28, United States Code, a law enforcement officer of any State or political subdivision thereof shall, when acting as a special policeman under subsection (c) of this section, be considered a Federal employee.

"(3) For purposes of subchapter I of chapter 81 of title 5, United States Code, relating to compensation to Federal employees for work injuries, a law enforcement officer of any State or political subdivision thereof shall, when acting as a special policeman under subsection (c) of this section be deemed a civil service employee of the United States within the meaning of the term 'employee' as defined in section 8101 of title 5, and the provisions of that subchapter shall apply.

"(e) Nothing contained in this Act shall be construed or applied to limit or restrict the investigative jurisdiction of any Federal law enforcement agency other than the National Park Service, and nothing shall be construed or applied to affect any right of a State or a political subdivision thereof to exercise civil and criminal jurisdiction within the National Park System.

"Sec. 11. Section 101(a) of title I of Public Law 89-655 (80 Stat. 915; 16 U.S.C. 470a), is amended by adding thereto a new paragraph to read as follows:

“(b) All areas in such State identified pursuant to section 107(d) (1) (D) or (E) which are not established as class I under subsection (a) shall be class II areas unless redesignated under section 164.

SEC. 163. (a) In the case of sulfur oxide and particulate matter, each applicable implementation plan shall contain measures assuring that maximum allowable increases over baseline concentrations of, and maximum allowable concentrations of, such pollutant shall not be exceeded. In the case of any maximum allowable increase (except an allowable increase specified under 165 (d) (2) (C) (iv) for a pollutant based on concentrations permitted under national ambient air quality standards for any period other than an annual period, such regulations shall permit such maximum allowable increase to be exceeded during one such period per year.

“(b) (1) For any class I area, the maximum allowable increase in concentrations of sulfur dioxide and particulate matter over the baseline concentration of such pollutants shall not exceed the following amounts:

"Pollutant	Maximum allowable increase (in micrograms per cubic meter)
Particulate matter:	
Annual geometric mean -----	5
Twenty-four-hour maximum -----	10
Sulfur dioxide:	
Annual arithmetic mean -----	2
Twenty-four-hour maximum -----	5

"(4) The maximum allowable concentration of any air pollutant in any area to which this part applies shall not exceed a concentration for such pollutant for each period of exposure equal to—

"(A) the concentration permitted under the national secondary ambient air quality standard, or

"(B) the concentration permitted under the national primary ambient air quality standard,

whichever concentration is lowest for such pollutant for such period of exposure.

"(c) (1) In the case of any State which has a plan approved by the Administrator for purposes of carrying out this part, the Governor of such State may, after notice and opportunity for public hearing, issue orders or promulgate rules providing that for purposes of determining compliance with the maximum allowable increases in ambient concentrations of an air pollutant, the following concentrations of such pollutant shall not be taken into account:

"(A) concentrations of such pollutant attributable to the increase in emissions from stationary sources which have converted from the use of petroleum products, or natural gas, or both, by reason of an order which is in effect under the provisions of sections 2 (a) and (b) of the Energy Supply and Environmental Coordination Act of 1974 (or any subsequent legislation which supersedes such provisions) over the emissions from such sources before the effective date of such order.

"(B) the concentrations of such pollutant attributable to the increase in emissions from stationary sources which have converted from using natural gas by reason of a natural gas curtailment pursuant to a natural gas curtailment plan in effect pursuant to the Federal Power Act over the emissions from such sources before the effective date of such plan,

"(C) concentrations of particulate matter attributable to the increase in emissions from construction or other temporary emission-related activities, and

"(D) the increase in concentrations attributable to new sources outside the United States over the concentrations attributable to existing sources which are included in the baseline concentration determined in accordance with section 169(4).

"(2) No action taken with respect to a source under paragraph (1) (A) or (1) (B) shall apply more than five years after the effective date of the order referred to in paragraph (1) (A) or the plan referred to in paragraph (1) (B), whichever is applicable. If both such order and plan are applicable, no such action shall apply more than five years after the later of such effective dates.

"(3) No action under this subsection shall take effect unless the Governor submits the order or rule providing for such exclusion to the Administrator and the Admin-

istrator determines that such order or rule is in compliance with the provisions of this subsection.

SEC. 164. (a) Except as otherwise provided under subsection (c), a State may redesignate such areas as it deems appropriate as class I areas. The following areas may be redesignated only as class I or II:

"(1) an area which exceeds ten thousand acres in size and is a national monument, a national primitive area, a national preserve, a national recreation area, a national wild and scenic river, a national wildlife refuge, a national lakeshore or seashore, and

"(2) a national park or national wilderness area established after the date of enactment of this Act which exceeds ten thousand acres in size.

Any area (other than an area referred to in paragraph (1) or (2) or an area established as class I under the first sentence of section 162(a)) may be redesignated by the State as class III if—

"(A) such redesignation has been specifically approved by the Governor of the State, after consultation with the appropriate Committees of the legislature if it is in session or with the leadership of the legislature if it is not in session (unless State law provides that such redesignation must be specifically approved by State legislation) and if general purpose units of local government representing a majority of the residents of the area so redesignated enact legislation (including for such units of local government resolutions where appropriate) concurring in the State's redesignation;

"(B) such redesignation will not cause, or contribute to, concentrations of any air pollutant which exceed any maximum allowable increase or maximum allowable concentration permitted under the classification of any other area; and

"(C) such redesignation otherwise meets the requirements of this part.

Subparagraph (A) of this paragraph shall not apply to area redesignations by Indian tribes.

"(b) (1) (A) Prior to redesignation of any area under this part, notice shall be afforded and public hearings shall be conducted in areas proposed to be redesignated and in areas which may be affected by the proposed redesignation. Prior to any such public hearing a satisfactory description and analysis of the health, environmental, economic, social, and energy effects of the proposed redesignation shall be prepared and made available for public inspection and prior to any such redesignation, the description and analysis of such effects shall be reviewed and examined by the redesignating authorities.

"(B) Prior to the issuance of notice under subparagraph (A) respecting the redesignation of any area under

this subsection, if such area includes any Federal lands, the State shall provide written notice to the appropriate Federal land manager and afford adequate opportunity (but not in excess of 60 days) to confer with the State respecting the intended notice of redesignation and to submit written comments and recommendations with respect to such intended notice of redesignation. In redesignating any area under this section with respect to which any Federal land manager has submitted written comments and recommendations, the State shall publish a list of any inconsistency between such redesignation and such recommendations and an explanation of such inconsistency (together with the reasons for making such redesignation against the recommendation of the Federal land manager).

“(C) The Administrator shall promulgate regulations not later than six months after date of enactment of this part, to assure, insofar as practicable, that prior to any public hearing on redesignation of any area, there shall be available for public inspection any specific plans for any new or modified major emitting facility which may be permitted to be constructed and operated only if the area in question is designated or redesignated as class III.

“(2) The Administrator may disapprove the redesignation of any area only if he finds, after notice and opportunity for public hearing, that such redesignation does not meet the procedural requirements of this section. If any such disapproval occurs, the classification of the area shall be that which was in effect prior to the redesignation which was disapproved.

“(c) Lands within the exterior boundaries of reservations of federally recognized Indian tribes may be redesignated only by the appropriate Indian governing body. Such Indian governing body shall be subject in all respect to the provisions of subsection (e).

“(d) The Federal Land Manager shall review all national monuments, primitive areas, and national preserves, and shall recommend any appropriate areas for redesignation as class I where air quality related values are important attributes of the area. The Federal Land Manager shall report such recommendations, within supporting analysis, to the Congress and the affected States within one year after enactment of this section. The Federal Land Manager shall consult with the appropriate States before making such recommendations.

“(e) If any State affected by the redesignation of area by an Indian tribe or any Indian tribe affected by the redesignation of an area by a State disagrees with such redesignation of any area, or if a permit is proposed to be issued for any new major emitting facility proposed for construction in any State which the Governor of an affected State or governing body of an affected Indian tribe determines will cause or contribute to a cumulative change in air quality in excess of that allowed in this

part within the affected State or tribal reservation, the Governor or Indian ruling body may request the Administrator to enter into negotiations with the parties involved to resolve such dispute. If requested by any State or Indian tribe involved, the Administrator shall make a recommendation to resolve the dispute and protect the air quality related values of the lands involved. If the parties involved do not reach agreement, the Administrator shall resolve the dispute and his determination, or the results of agreements reached through other means, shall become part of the applicable plan and shall be enforceable as part of such plan. In resolving such disputes relating to area redesignation, the Administrator shall consider the extent to which the lands involved are of sufficient size to allow effective air quality management or have air quality related values of such an area.

SEC. 165. (a) No major emitting facility on which construction is commenced after the date of the enactment of this part, may be constructed in any area to which this part applies unless—

"(1) a permit has been issued for such proposed facility in accordance with this part setting forth emission limitations for such facility which conform to the requirements of this part:

"(2) the proposed permit has been subject to a review in accordance with this section, the required analysis has been conducted in accordance with regulations promulgated by the Administrator, and a public hearing has been held with opportunity for interested persons including representatives of the Administrator to appear and submit written or oral presentations on the air quality impact of such source, alternatives thereto, control technology requirements, and other appropriate considerations;

"(3) the owner or operator of such facility demonstrates that emissions from construction or operation of such facility will not cause, or contribute to, air pollution in excess of any (A) maximum allowable increase or maximum allowable concentration for any pollutant in any area to which this part applies more than one time per year, (B) national ambient air quality standard in any air quality control region, or (C) any other applicable emission standard or standard of performance under this Act;

"(4) the proposed facility is subject to the best available control technology for each pollutant subject to regulation under this Act emitted from, or which results from, such facility;

"(5) the provisions of subsection (d) with respect to protection of class I areas have been complied with for such facility;

"(6) there has been an analysis of any air quality impacts projected for the area as a result of growth associated with such facility;

"(7) the person who owns or operates, or proposes to own or operate, a major emitting facility for which a permit is required under this part agrees to conduct such monitoring as may be necessary to determine the effect which emissions from any such facility may have, or is having, on air quality in any area which may be affected by emissions from such source; and

"(8) in the case of a source which proposes to construct in a class III area, emissions from which would cause or contribute to exceeding the maximum allowable increments applicable in a class II area and where no standard under section 111 of this Act has been promulgated subsequent to enactment of the Clean Air Act Amendments of 1977, for such source category, the Administrator has approved the determination of best available technology as set forth in the permit.

"(b) The demonstration pertaining to maximum allowable increases required under subsection (a) (3) shall not apply to maximum allowable increases for class II areas in the case of an expansion or modification of a major emitting facility which is in existence on the date of enactment of the Clean Air Act Amendments of 1977, whose actual allowable emissions of air pollutants, after compliance with subsection (a) (4), will be less than fifty tons per year and for which the owner or operator of such facility demonstrates that emissions of particulate matter and sulfur oxides will not contribute to ambient air quality levels in excess of the national secondary ambient air quality standard for either of such pollutants.

"(c) Any completed permit application under section 110 for a major emitting facility in any area to which this part applies shall be granted or denied not later than one year after the date of filing of such completed application.

"(d) (1) Each State shall transmit to the Administrator a copy of each permit application relating to a major emitting facility received by such State and provide notice to the Administrator of every action related to the consideration of such permit.

"(2) (A) The Administrator shall provide notice of the permit application to the Federal Land Manager and the Federal official charged with direct responsibility for management of any lands within a class I area which may be affected by emissions from the proposed facility.

"(B) The Federal Land Manager and the Federal official charged with direct responsibility for management of such lands shall have an affirmative responsibility to protect the air quality related values (including visibility) of any such lands within a class I area and to consider, in consultation with the Administrator, whether a proposed major emitting facility will have an adverse impact on such values.

“(C) (i) In any case where the Federal official charged with direct responsibility for management of any lands within a class I area or the Federal Land Manager of such lands, or the Administrator, or the Governor of an adjacent State containing such a class I area files a notice alleging that emissions from a proposed major emitting facility may cause or contribute to a change in the air quality in such area and identifying the potential adverse impact of such change, a permit shall not be issued unless the owner or operator of such facility demonstrates that emissions of particulate matter and sulfur dioxide will not cause or contribute to concentrations which exceed the maximum allowable increases for a class I area.

“(ii) In any case where the Federal Land Manager demonstrates to the satisfaction of the State that the emissions from such facility will have an adverse impact on the air quality-related values (including visibility) of such lands, notwithstanding the fact that the change in air quality resulting from emissions from such facility will not cause or contribute to concentrations which exceed the maximum allowable increases for a class I area, a permit shall not be issued.

“(iii) In any case where the owner or operator of such facility demonstrates to the satisfaction of the Federal Land Manager, and the Federal Land Manager so certifies, that the emissions from such facility will have no adverse impact on the air quality related values of such lands (including visibility), notwithstanding the fact that the change in air quality resulting from emissions from such facility will cause or contribute to concentrations, which exceed the maximum allowable increases for class I areas, the State may issue a permit.

“(iv) In the case of a permit issued pursuant to clause (iii), such facility shall comply with such emission limitations under such permit as may be necessary to assure that emissions of sulfur oxides and particulates from such sources together with all other sources, will not exceed the following maximum allowable increases over the baseline concentration for such pollutants:

"Pollutant	Maximum allowable increase (in micrograms per cubic meter)
Particulate matter:	
Annual geometric mean -----	19
Twenty-four-hour maximum -----	37
Sulfur dioxide:	
Annual arithmetic mean -----	20
Twenty-four-hour maximum -----	91
Three-hour maximum -----	325

“(D) (i) In any case where the owner or operator of a proposed major emitting facility who has been denied a certification under subparagraph (C) (iii) demonstrates to the satisfaction of the Governor, after notice and public hearing, and the Governor finds, that the facility cannot be constructed by reason of any maximum allowable in-

crease for sulfur dioxide for periods of twenty-four hours or less applicable to any class I area and, in the case of Federal mandatory class I areas, that a variance under this clause will not adversely affect the air quality related values of the area (including visibility), the Governor, after consideration of the Federal Land Manager's recommendation (if any) and subject to his concurrence, may grant a variance from such maximum allowable increase. If such variance is granted, a permit may be issued to such source pursuant to the requirements of this subparagraph.

"(ii) In any case in which the Governor recommends a variance under this subparagraph in which the Federal Land Manager does not concur, the recommendations of the Governor and the Federal Land Manager shall be transmitted to the President. The President may approve the Governor's recommendation if he finds that such variance is in the national interest. No Presidential finding shall be reviewable in any court. The variance shall take effect if the President approves the Governor's recommendations. The President shall approve or disapprove such recommendation within ninety days after his receipt of the recommendations of the Governor and the Federal Land Manager.

"(iii) In the case of a permit issued pursuant to this subparagraph, such facility shall comply with such emission limitations under such permit as may be necessary to assure that emissions of sulfur oxides from such source, together with all other sources, will exceed the otherwise applicable maximum allowable increases for a period of exposure of twenty-four hours or less on not more than eighteen days during any annual period and that during such day such emissions will not exceed the following maximum allowable increases over the baseline concentration for such pollutant:

MAXIMUM ALLOWABLE INCREASE
(in micrograms per cubic meter)

Period of exposure	Low terrain areas	High terrain areas
24-hr maximum	36	62
3-hr maximum	130	221

"(e) (1) The review provided for in subsection (a) shall be preceded by an analysis in accordance with regulations of the Administrator, promulgated under this subsection, which may be conducted by the State (or any general purpose unit of local government) or by the major emitting facility applying for such permit, of the ambient air quality at the proposed site and in areas which may be affected by emissions from such facility for each pollutant subject to regulation under this Act which will be emitted from such facility.

"(2) Effective one year after date of enactment of this part, the analysis required by this subsection shall include continuous air quality monitoring data gathered for purposes of determining whether emissions from such facility will exceed the maximum allowable increases or the maximum allowable concentration permitted under this part. Such data shall be gathered over a period of one calendar year preceding the date of application for a permit under this part unless the State, in accordance with regulations promulgated by the Administrator, determines that a complete and adequate analysis for such purposes may be accomplished in a shorter period. The results of such analysis shall be available at the time of the public hearing on the application for such permit.

"(3) The Administrator shall within six months after the date of enactment of this part promulgate regulations respecting the analysis required under this subsection which regulations—

"(A) shall not require the use of any automatic or uniform buffer zone or zones,

"(B) shall require an analysis of the ambient air quality, climate and meteorology, terrain, soils and vegetation, and visibility at the site of the proposed major emitting facility and in the area potentially affected by the emissions from such facility for each pollutant regulated under this Act which will be emitted from, or which results from the construction or operation of, such facility, the size and nature of the proposed facility, the degree of continuous emission reduction which could be achieved by such facility, and such other factors as may be relevant in determining the effect of emissions from a proposed facility on any air quality control region,

"(C) shall require the results of such analysis shall be available at the time of the public hearing on the application for such permit, and

"(D) shall specify with reasonable particularity each air quality model or models to be used under specified sets of conditions for purposes of this part.

Any model or models designated under such regulations may be adjusted upon a determination, after notice and opportunity for public hearing, by the Administrator that such adjustment is necessary to take into account unique terrain or meteorological characteristics of an area potentially affected by emissions from a source applying for a permit required under this part.

SEC. 166. (a) In the case of the pollutants hydrocarbons, carbon monoxide, photochemical oxidants, and nitrogen oxides, the Administrator shall conduct a study and not later than two years after the date of enactment of this part, promulgate regulations to prevent the significant deterioration of air quality which would result from the emissions of such pollutants. In the case of pollutants for which national ambient air quality stand-

ards are promulgated after the date of the enactment of this part, he shall promulgate such regulations not more than 2 years after the date of promulgation of such standards.

"(b) Regulations referred to in subsection (a) shall become effective one year after the date of promulgation. Within 21 months after such date of promulgation such plan revision shall be submitted to the Administrator who shall approve or disapprove the plan within 25 months after such date of promulgation in the same manner as required under section 110.

"(c) Such regulations shall provide specific numerical measures against which permit applications may be evaluated, a framework for stimulating improved control technology, protection of air quality values, and fulfill the goals and purposes set forth in section 101 and section 160.

"(d) The regulations of the Administrator under subsection (a) shall provide specific measures at least as effective as the increments established in section 163 to fulfill such goals and purposes, and may contain air quality increments, emission density requirements, or other measures.

"(e) With respect to any air pollutant for which a national ambient air quality standard is established other than sulfur oxides or particulate matter, an area classification plan shall not be required under this section if the implementation plan adopted by the State and submitted for the Administrator's approval or promulgated by the Administrator under section 110(c) contains other provisions which when considered as a whole, the Administrator finds will carry out the purposes in section 160 at least as effectively as an area classification plan for such pollutant. Such other provisions referred to in the preceding sentence need not require the establishment of maximum allowable increases with respect to such pollutant for any area to which this section applies.

SEC. 167. The Administrator shall, and a State may, take such measures, including issuance of an order, or seeking injunctive relief, as necessary to prevent the construction of a major emitting facility which does not conform to the requirements of this part, or which is proposed to be constructed in any area included in the list promulgated pursuant to paragraph (1) (D) or (E) of subsection (d) of section 107 of this Act and which is not subject to an implementation plan which meets the requirements of this part.

SEC. 168. (a) Until such time as an applicable implementation plan is in effect for any area, which plan meets the requirements of this part to prevent significant deterioration of air quality with respect to any air pollutant, applicable regulations under this Act prior to enactment of this part shall remain in effect to prevent significant deterioration of air quality in any such area

for any such pollutant except as otherwise provided in subsection (b).

"(b) If any regulation in effect prior to enactment of this part to prevent significant deterioration of air quality would be inconsistent with the requirements of section 162(a), section 163(b) or section 164(a), then such regulations shall be deemed amended so as to conform with such requirements. In the case of a facility on which construction was commenced in accordance with this definition after June 1, 1975, and prior to the enactment of the Clean Air Act Amendments of 1977, the review and permitting of such facility shall be in accordance with the regulations for the prevention of significant deterioration in effect prior to the enactment of the Clean Air Act Amendments of 1977.

Sec. 169. For purposes of this part—

"(1) The term 'major emitting facility' means any of the following stationary sources of air pollutants which emit, or have the potential to emit, one hundred tons per year or more of any air pollutant from the following types of stationary sources: fossil-fuel fired steam electric plants of more than two hundred and fifty million British thermal units per hour heat input, coal cleaning plants (thermal dryers), kraft pulp mills, Portland Cement plants, primary zinc smelters, iron and steel mill plants, primary aluminum ore reduction plants, primary copper smelters, municipal incinerators capable of charging more than two hundred and fifty tons of refuse per day, hydrofluoric, sulfuric, and nitric acid plants, petroleum refineries, lime plants, phosphate rock processing plants, coke oven batteries, sulfur recovery plants, carbon black plants (furnace process), primary lead smelters, fuel conversion plants, sintering plants, secondary metal production facilities, chemical process plants, fossil-fuel boilers of more than two hundred and fifty million British thermal units per hour heat input, petroleum storage and transfer facilities with a capacity exceeding three hundred thousand barrels, taconite ore processing facilities, glass fiber processing plants, charcoal production facilities. Such term also includes any other source with the potential to emit two hundred and fifty tons per year or more of any air pollutant. This term shall not include new or modified facilities which are nonprofit health or education institutions which have been exempted by the State.

"(2) (A) The term 'commenced' as applied to construction of a major emitting facility means that the owner or operator has obtained all necessary pre-construction approvals or permits required by Federal, State, or local air pollution emissions and air quality laws or regulations and either has (i) begun,

or caused to begin, a continuous program of physical on-site construction of the facility or (ii) entered into binding agreements or contractual obligations, which cannot be canceled or modified without substantial loss to the owner or operator, to undertake a program of construction of the facility to be completed within a reasonable time.

"(B) The term 'necessary preconstruction approvals or permits' means those permits or approvals, required by the permitting authority as a precondition to undertaking any activity under clauses (i) or (ii) of subparagraph (A) of this paragraph.

"(3) The term 'best available control technology' means an emission limitation based on the maximum degree of reduction of each pollutant subject to regulation under this Act emitted from or which results from any major emitting facility, which the permitting authority, on a case-by-case basis, taking into account energy, environmental, and economic impacts and other costs, determines is achievable for such facility through application of production processes and available methods, systems, and techniques, including fuel cleaning or treatment or innovative fuel combustion techniques for control of each such pollutant. In no event shall application of 'best available control technology' result in emissions of any pollutants which will exceed the emissions allowed by any applicable standard established pursuant to section 111 or 112 of this Act.

"(4) The term 'baseline concentration' means, with respect to a pollutant, the ambient concentration levels which exist at the time of the first application for a permit in an area subject to this part, based on air quality data available in the Environmental Protection Agency or a State air pollution control agency and on such monitoring data as the permit applicant is required to submit. Such ambient concentration levels shall take into account all projected emissions in, or which may affect, such area from any major emitting facility on which construction commenced prior to January 6, 1975, but which has not begun operation by the date of the baseline air quality concentration determination. Emissions of sulfur oxides and particulate matter from any major emitting facility on which construction commenced after January 6, 1975, shall not be included in the baseline and shall be counted against the maximum allowable increases in pollutant concentrations established under this part."

(b) Within one year from the date of enactment of this Act the Administrator shall report to the Congress on the consequences of that portion of the definition of "major emitting facility" under the amendment made by subsection (a) which applies to facilities with the poten-

tial to emit two hundred and fifty tons per year or more. Such study shall examine the type of facilities covered, the air quality benefits of including such facilities, and the administrative aspect of regulating such facilities.

(c) Not later than one year after the date of enactment of this Act, the Administrator shall publish a guidance document to assist the States in carrying out their functions under part C of title I of the Clean Air Act (relating to prevention of significant deterioration of air quality) with respect to pollutants, other than sulfur oxides and particulates, for which national ambient air quality standards are promulgated. Such guidance document shall include recommended strategies for controlling photochemical oxidants on a regional or multistate basis for the purpose of implementing part C and section 110 of such Act.

(d) Not later than two years after the date of enactment of this Act, the Administrator shall complete a study and report to the Congress on the progress made in carrying out part C of title I of the Clean Air Act (relating to significant deterioration of air quality) and the problems associated with carrying out such section, including recommendations for legislative changes necessary to implement strategies for controlling photochemical oxidants on a regional or multistate basis.

SEC. 128. (a) Part C of title I of the Clean Air Act, is amended by adding the following new section after section 168:

SEC. 169A. (a) (1) Congress hereby declares as a national goal the prevention of any future, and the remedying of any existing, impairment of visibility in mandatory class I Federal areas which impairment results from manmade air pollution.

"(2) Not later than six months after the date of the enactment of this section, the Secretary of the Interior in consultation with other Federal land managers shall review all mandatory class I Federal areas and identify those where visibility is an important value of the area. From time to time the Secretary of the Interior may revise such identifications. Not later than one year after such date of enactment, the Administrator shall, after consultation with the Secretary of the Interior, promulgate a list of mandatory class I Federal areas in which he determines visibility is an important value.

"(3) Not later than eighteen months after the date of enactment of this section, the Administrator shall complete a study and report to Congress on available methods for implementing the national goal set forth in paragraph (1). Such report shall include recommendations for—

"(A) methods for identifying, characterizing, determining, quantifying, and measuring visibility impairment in Federal areas referred to in paragraph (1), and

"(B) modeling techniques (or other methods) for determining the extent to which manmade air pollution may reasonably be anticipated to cause or contribute to such impairment, and

"(C) methods for preventing and remedying such manmade air pollution and resulting visibility impairment.

Such report shall also identify the classes or categories of sources and the types of air pollutants which, alone or in conjunction with other sources or pollutants, may reasonably be anticipated to cause or contribute significantly to impairment of visibility.

"(4) Not later than twenty-four months after the date of enactment of this section, and after notice and public hearing, the Administrator shall promulgate regulations to assure (A) reasonable progress toward meeting the national goal specified in paragraph (1), and (B) compliance with the requirements of this section.

"(b) Regulations under subsection (a) (4) shall—

"(1) provide guidelines to the States, taking into account the recommendations under subsection (a) (3) on appropriate techniques and methods for implementing this section (as provided in subparagraphs (A) through (C) of such subsection (a) (3)), and

"(2) require each applicable implementation plan for a State in which any area listed by the Administrator under subsection (a) (2) is located (or for a State the emissions from which may reasonably be anticipated to cause or contribute to any impairment of visibility in any such area) to contain such emission limits, schedules of compliance and other measures as may be necessary to make reasonable progress toward meeting the national goal specified in subsection (a), including—

"(A) except as otherwise provided pursuant to subsection (c), a requirement that each major stationary source which is in existence on the date of enactment of this section, but which has not been in operation for more than fifteen years as of such date, and which, as determined by the State (or the Administrator in the case of a plan promulgated under section 110(c)) emits any air pollutant which may reasonably be anticipated to cause or contribute to any impairment of visibility in any such area, shall procure, install, and operate, as expeditiously as practicable (and maintain thereafter) the best available retrofit technology, as determined by the State (or the Administrator in the case of a plan promulgated under section 110(c)) for controlling emissions from such source for the purpose of eliminating or reducing any such impairment, and

"(B) a long-term (ten to fifteen years) strategy for making reasonable progress toward meeting the national goal specified in subsection (a).

In the case of a fossil-fuel fired generating powerplant

having a total generating capacity in excess of 750 megawatts, the emission limitations required under this paragraph shall be determined pursuant to guidelines, promulgated by the Administrator under paragraph (1).

"(c) (1) The Administrator may, by rule, after notice and opportunity for public hearing, exempt any major stationary source from the requirement of subsection (b) (2) (A), upon his determination that such source does not or will not, by itself or in combination with other sources, emit any air pollutant which may reasonably be anticipated to cause or contribute to a significant impairment of visibility in any mandatory class I Federal area.

"(2) Paragraph (1) of this subsection shall not be applicable to any fossil-fuel fired powerplant with total design capacity of 750 megawatts or more, unless the owner or operator of any such plant demonstrates to the satisfaction of the Administrator that such powerplant is located at such distance from all areas listed by the Administrator under subsection (a) (2) that such powerplant does not or will not, by itself or in combination with other sources, emit any air pollutant which may reasonably be anticipated to cause or contribute to significant impairment of visibility in any such area.

"(3) An exemption under this subsection shall be effective only upon concurrence by the appropriate Federal land manager or managers with the Administrator's determination under this subsection.

"(d) Before holding the public hearing on the proposed revision of an applicable implementation plan to meet the requirements of this section, the State (or the Administrator, in the case of a plan promulgated under section 110(c)) shall consult in person with the appropriate Federal land manager or managers and shall include a summary of the conclusions and recommendations of the Federal land managers in the notice to the public.

"(e) In promulgating regulations under this section, the Administrator shall not require the use of any automatic or uniform buffer zone or zones.

"(f) For purposes of section 304(a) (2), the meeting of the national goal specified in subsection (a) (1) by any specific date or dates shall not be considered a 'nondiscretionary duty' of the Administrator.

"(g) For the purpose of this section—

"(1) in determining reasonable progress there shall be taken into consideration the costs of compliance, the time necessary for compliance, and the energy and nonair quality environmental impacts of compliance, and the remaining useful life of any existing source subject to such requirements;

"(2) in determining best available retrofit technology the State (or the Administrator in determining emission limitations which reflect such technology) shall take into consideration the costs of compliance, the energy and nonair quality envi-

(b) Section 2 of such Act is amended by—

(1) inserting "(a)" after "SEC. 2.";

(2) adding at the end of the first sentence the following: "In acquiring such lands, up to 6.6 acres, the Secretary may, when agreed upon by the landowner involved, defer payment or schedule payments over a period of ten years and pay interest on the unpaid balance at a rate not exceeding the current prevailing commercial rate.", and

(6) Section 2(c) of the Act entitled "An Act to authorize the establishment of the Virgin Islands National Park, and for other purposes" (70 Stat. 940; 16 U.S.C. 398) is amended by adding the following sentence at the end thereof: "Notwithstanding the acreage limitations and boundary designations contained in this section, the Secretary is authorized to accept through donation, or purchase from a willing seller, the real and personal property located on Lots 251-252 Estate Contant Enighed, Parcels 86B and 86AA Cruz Bay Quarter."

(1) Amend section 2 to read as follows:

"SEC. "2. SEPARATE FUND.—During the period ending September 30, 1989, there shall be covered into the land and water conservation fund in the Treasury of the United States, which fund is hereby established and is hereinafter referred to as the 'fund', the following revenues and collections:

"(a) SURPLUS PROPERTY SALES.—All proceeds (except so much thereof as may be otherwise obligated, credited, or paid under authority of those provisions of law set forth in section 485(b) (e), title 40, United States Code, or the Independent Offices Appropriation Act, 1963 (76 Stat. 725) or in any later appropriation Act) hereafter received from any disposal of surplus real property and related personal property under the Federal Property and Administrative Services Act of 1949, as amended, notwithstanding any provision of law that such proceeds shall be credited to miscellaneous receipts of the Treasury. Nothing in this Act shall affect existing laws or regulations concerning disposal of real or personal surplus property to schools, hospitals, and States and their political subdivisions.

"(b) MOTORBOAT FUELS TAX.—The amounts provided for in section 201 of this Act.

"(c) (1) OTHER REVENUES.—In addition to the sum of the revenues and collections estimated by the Secretary of the Interior to be covered into the fund pursuant to this section, as amended, there are authorized to be appropriated annually to the fund out of any money in the Treasury not otherwise appropriated such amounts as are necessary to make the income of the fund not less than \$300,000,000 for fiscal year 1977, \$600,000,000 for fiscal year 1978, \$750,000,000 for fiscal year 1979, and \$900,000,000 for fiscal year 1980 and for each fiscal year thereafter through September 30, 1989.

"(2) To the extent that any such sums so appropriated are not sufficient to make the total annual income of the fund equivalent to the amounts provided in clause (1), an amount sufficient to cover the remainder thereof shall be credited to the fund from revenues due and payable to the United States for deposit in the Treasury as miscellaneous receipts under the Outer Continental Shelf Lands Act, as amended (43 U.S.C. 1331 et seq.): *Provided*, That notwithstanding the provisions of section 3 of this Act, moneys covered into the fund under this paragraph shall remain in the fund until appropriated by the Congress to carry out the purpose of this Act."

(2) Amend section 5 to read as follows:

"ALLOCATION OF LAND AND WATER CONSERVATION FUND FOR
STATE AND FEDERAL PURPOSES

"SEC. 5. ALLOCATION.—There shall be submitted with the annual budget of the United States a comprehensive statement of estimated requirements during the ensuing fiscal year for appropriations from the fund. Not less than 40 per centum of such appropriations shall be available for Federal purposes."

(3) Amend section 6 to read as follows:

"FINANCIAL ASSISTANCE TO STATES

"SEC. 6. GENERAL AUTHORITY; PURPOSES.—(a) The Secretary of the Interior (hereinafter referred to as the 'Secretary') is authorized to provide financial assistance to the States from moneys available for State purposes. Payments may be made to the States by the Secretary as hereafter provided, subject to such terms and conditions as he considers appropriate and in the public interest to carry out the purposes of this Act, for outdoor recreation: (1) planning, (2) acquisition of land, waters, or interests in land or waters, or (3) development.

"(b) APPORTIONMENT AMONG STATES; NOTIFICATION.—Sums appropriated and available for State purposes for each fiscal year shall be apportioned among the several States by the Secretary, whose determination shall be final, in accordance with the following formula:

"(1) Forty per centum of the first \$225,000,000; thirty per centum of the next \$275,000,000; and twenty per centum of all additional appropriations shall be apportioned equally among the several States; and

"(2) At any time, the remaining appropriation shall be apportioned on the basis of need to individual States by the Secretary in such amounts as in his judgment will best accomplish the purposes of this Act. The determination of need shall include among other things a consideration of the proportion which the population of each State bears to the total population of the United States and of the use of outdoor recreation resources of individual States by persons from outside the State as well as a consideration of the Federal resources and programs in the particular States.

"(3) The total allocation to an individual State under paragraphs (1) and (2) of this subsection shall not exceed 10 per centum of the total amount allocated to the several States in any one year.

"(4) The Secretary shall notify each State of its apportionments; and the amounts thereof shall be available thereafter for payment to such State for planning, acquisition, or development projects as

hereafter prescribed. Any amount of any apportionment that has not been paid or obligated by the Secretary during the fiscal year in which such notification is given and for two fiscal years thereafter shall be reapportioned by the Secretary in accordance with paragraph (2) of this subsection, without regard to the 10 per centum limitation to an individual State specified in this subsection.

"(5) For the purposes of paragraph (1) of this subsection, the District of Columbia, Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands (when such islands achieve Commonwealth status) shall be treated collectively as one State, and shall receive shares of such apportionment in proportion to their populations. The above listed areas shall be treated as States for all other purposes of this title.

"(c) MATCHING REQUIREMENTS.—Payments to any State shall cover not more than 50 per centum of the cost of planning, acquisition, or development projects that are undertaken by the State. The remaining share of the cost shall be borne by the State in a manner and with such funds or services as shall be satisfactory to the Secretary. No payment may be made to any State for or on account of any cost or obligation incurred or any service rendered prior to the date of approval of this Act.

"(d) COMPREHENSIVE STATE PLAN REQUIRED; PLANNING PROJECTS.—A comprehensive statewide outdoor recreation plan shall be required prior to the consideration by the Secretary of financial assistance for acquisition or development projects. The plan shall be adequate if, in the judgment of the Secretary, it encompasses and will promote the purposes of this Act: *Provided*, That no plan shall be approved unless the Governor of the respective State certifies that ample opportunity for public participation in plan development and revision has been accorded. The Secretary shall develop, in consultation with others, criteria for public participation, which criteria shall constitute the basis for the certification by the Governor. The plan shall contain—

"(1) the name of the State agency that will have authority to represent and act for the State in dealing with the Secretary for purposes of this Act;

"(2) an evaluation of the demand for and supply of outdoor recreation resources and facilities in the State;

"(3) a program for the implementation of the plan; and

"(4) other necessary information, as may be determined by the Secretary.

The plan shall take into account relevant Federal resources and programs and shall be correlated so far as practicable with other State, regional, and local plans. Where there exists or is in preparation for any particular

State a comprehensive plan financed in part with funds supplied by the Housing and Home Finance Agency, any statewide outdoor recreation plan prepared for purposes of this Act shall be based upon the same population, growth, and other pertinent factors as are used in formulating the Housing and Home Finance Agency financed plans.

"The Secretary may provide financial assistance to any State for projects for the preparation of a comprehensive statewide outdoor recreation plan when such plan is not otherwise available or for the maintenance of such plan.

"(e) PROJECTS FOR LAND AND WATER ACQUISITION; DEVELOPMENT.—In addition to assistance for planning projects, the Secretary may provide financial assistance to any State for the following types of projects or combinations thereof if they are in accordance with the State comprehensive plan:

"(1) ACQUISITION OF LAND AND WATERS.—For the acquisition of land, waters, or interests in land or waters (other than land, waters, or interests in land or waters acquired from the United States for less than fair market value), but not including incidental costs relating to acquisition.

"Whenever a State provides that the owner of a single-family residence may, at his option, elect to retain a right of use and occupancy for not less than six months from the date of acquisition of such residence and such owner elects to retain such a right, such owner shall be deemed to have waived any benefits under sections 203, 204, 205, and 206 of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (84 Stat. 1894) and for the purposes of those sections such owner shall not be considered a displaced person as defined in section 101(6) of that Act.

"(2) DEVELOPMENT.—For development of basic outdoor recreation facilities to serve the general public, including the development of Federal lands under lease to States for terms of twenty-five years or more: *Provided*, That no assistance shall be available under this Act to enclose or shelter facilities normally used for outdoor recreation activities, but the Secretary may permit local funding, and after the date of enactment of this proviso not to exceed 10 per centum of the total amount allocated to a State in any one year to be used for sheltered facilities for swimming pools and ice skating rinks in areas where the Secretary determines that the severity of climatic conditions and the increased public use thereby made possible justifies the construction of such facilities.

"(f) REQUIREMENTS FOR PROJECT APPROVAL; CONDITION.—

(1) Payments may be made to States by the Secretary

only for those planning, acquisition, or development projects that are approved by him. No payment may be made by the Secretary for or on account of any project with respect to which financial assistance has been given or promised under any other Federal program or activity, and no financial assistance may be given under any other Federal program or activity for or on account of any project with respect to which such assistance has been given or promised under this Act. The Secretary may make payments from time to time in keeping with the rate of progress toward the satisfactory completion of individual projects: *Provided*, That the approval of all projects and all payments, or any commitments relating thereto, shall be withheld until the Secretary receives appropriate written assurance from the State that the State has the ability and intention to finance its share of the cost of the particular project, and to operate and maintain by acceptable standards, at State expense, the particular properties or facilities acquired or developed for public outdoor recreation use.

"(2) Payments for all projects shall be made by the Secretary to the Governor of the State or to a State official or agency designated by the Governor or by State law having authority and responsibility to accept and to administer funds paid hereunder for approved projects. If consistent with an approved project, funds may be transferred by the State to a political subdivision or other appropriate public agency.

"(3) No property acquired or developed with assistance under this section shall, without the approval of the Secretary, be converted to other than public outdoor recreation uses. The Secretary shall approve such conversion only if he finds it to be in accord with the then existing comprehensive statewide outdoor recreation plan and only upon such conditions as he deems necessary to assure the substitution of other recreation properties of at least equal fair market value and of reasonably equivalent usefulness and location.

"(4) No payment shall be made to any State until the State has agreed to (1) provide such reports to the Secretary, in such form and containing such information, as may be reasonably necessary to enable the Secretary to perform his duties under this Act, and (2) provide such fiscal control and fund accounting procedures as may be necessary to assure proper disbursement and accounting for Federal funds paid to the State under this Act.

"(5) Each recipient of assistance under this Act shall keep such records as the Secretary shall prescribe, including records which fully disclose the amount and the disposition by such recipient of the proceeds of such assistance, the total cost of the project or undertaking in connection with which such assistance is given or used, and the amount and nature of that portion of the cost of the project or undertaking supplied by other sources,

and such other records as will facilitate an effective audit.

"(6) The Secretary, and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access for the purpose of audit and examination to any books, documents, papers, and records of the recipient that are pertinent to assistance received under this Act.

"(7) Each State shall evaluate its grant programs annually under guidelines set forth by the Secretary and shall transmit such evaluation to the Secretary, together with a list of all projects funded during that fiscal year, including, but not limited to, a description of each project, the amount of Federal funds employed in such project, the source of other funds, and the estimated cost of completion of the project. Such evaluation and the publication of same shall be eligible for funding on a 50-50 matching basis. The results of the evaluation shall be annually reported on a fiscal year basis to the Bureau of Outdoor Recreation, which agency shall forward a summary of such reports to the Committees on Interior and Insular Affairs of the United States Congress. Such report to the committees shall also include an analysis of the accomplishments of the fund for the period reported, and may also include recommendations as to future improvements for the operation of the Land and Water Conservation Fund program.

"(8) With respect to property acquired or developed with assistance from the fund, discrimination on the basis of residence, including preferential reservation or membership systems, is prohibited except to the extent that reasonable differences in admission and other fees may be maintained on the basis of residence.

"(g) COORDINATION WITH FEDERAL AGENCIES.—In order to assure consistency in policies and actions under this Act, with other related Federal programs and activities (including those conducted pursuant to title VII of the Housing Act of 1961 and section 701 of the Housing Act of 1954) and to assure coordination of the planning, acquisition, and development assistance to States under this section with other related Federal programs and activities, the President may issue such regulations with respect thereto as he deems desirable and such assistance may be provided only in accordance with such regulations."

(4) Amend section 7 to read as follows:

"SEC. 7. (a) Moneys appropriated from the fund for Federal purposes shall, unless otherwise allotted in the appropriation Act making them available, be allotted by the President to the following purposes and subpurposes:

"(1) For the acquisition of land, waters, or interests in land or waters as follows:

"NATIONAL PARK SYSTEM; RECREATION AREAS.—Within the exterior boundaries of areas of the National Park

System now or hereafter authorized or established and of areas now or hereafter authorized to be administered by the Secretary of the Interior for outdoor recreation purposes.

There shall be credited to a special account within the fund \$300,000,000 in fiscal year 1978 and \$150,000,000 in fiscal year 1979 from the amounts authorized by section 2 of this Act. Amounts credited to this account shall remain in the account until appropriated. Appropriations from the special account shall be available only with respect to areas existing and authorizations enacted prior to the convening of the Ninety-fifth Congress, for acquisition of lands, waters, or interests in lands or waters within the exterior boundaries, as aforesaid, of—

The Secretary of the Interior shall, prior to the expenditure of funds which would cause a statutory ceiling to be exceeded by \$1,000,000 or more, and with respect to each expenditure of \$1,000,000 or more in excess of such a ceiling, provide written notice of such proposed expenditure not less than thirty calendar days in advance to the Committee on Interior and Insular Affairs of the House of Representatives and the Committee on Energy and Natural Resources of the Senate."

7. Mining within the National Park System

An Act to provide for the regulation of mining activity within, and to repeal the application of mining laws to, areas of the National Park System, and for other purposes. (90 Stat. 1342) (P.L. 94-429)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Congress finds and declares that—

(a) the level of technology of mineral exploration and development has changed radically in recent years and continued application of the mining laws of the United States to those areas of the National Park System to which it applies, conflicts with the purposes for which they were established; and

(b) all mining operations in areas of the National Park System should be conducted so as to prevent or minimize damage to the environment and other resource values, and, in certain areas of the National Park System, surface disturbance from mineral development should be temporarily halted while Congress determines whether or not to acquire any valid mineral rights which may exist in such areas.

SEC. 2. In order to preserve for the benefit of present and future generations the pristine beauty of areas of the National Park System, and to further the purposes of the Act of August 25, 1916, as amended (16 U.S.C. 1) and the individual organic Acts for the various areas of the National Park System, all activities resulting from the exercise of valid existing mineral rights on patented or unpatented mining claims within any area of the National Park System shall be subject to such regulations prescribed by the Secretary of the Interior as he deems necessary or desirable for the preservation and management of those areas.

SEC. 3. Subject to valid existing rights, the following Acts are amended or repealed as indicated in order to close these areas to entry and location under the Mining Law of 1872:

(a) the first proviso of section 3 of the Act of May 22, 1902 (32 Stat. 203; 16 U.S.C. 123), relating to Crater Lake National Park, is amended by deleting the words "and to the location of mining claims and the working of same";

(b) section 4 of the Act of February 26, 1917 (39 Stat. 938; 16 U.S.C. 350), relating to Mount McKinley National Park, is hereby repealed;

(c) section 2 of the Act of January 26, 1931 (46 Stat. 1043; 16 U.S.C. 350a), relating to Mount McKinley National Park, is hereby repealed;

(d) the Act of June 13, 1933 (48 Stat. 139; 16 U.S.C. 447), relating to Death Valley National Monument, is hereby repealed;

(e) the Act of June 22, 1936 (49 Stat. 1817), relating to Glacier Bay National Monument, is hereby repealed;

(f) section 3 of the Act of August 18, 1941 (55 Stat. 631; 16 U.S.C. 450y-2), relating to Coronado National Memorial is amended by replacing the semicolon in subsection (a) with a period and deleting the prefix "(a)", the word "and" immediately preceding subsection (b), and by repealing subsection (b); and (g) The Act of October 27, 1941 (55 Stat. 745; 16 U.S.C. 450z), relating to Organ Pipe Cactus National Monument, is hereby repealed.

SEC. 4. For a period of four years after the date of enactment of this Act, holders of valid mineral rights located within the boundaries of Death Valley National Monument, Mount McKinley National Park, and Organ Pipe Cactus National Monument shall not disturb for purposes of mineral exploration or development the surface of any lands which had not been significantly disturbed for purposes of mineral extraction prior to February 29, 1976: *Provided*, That if the Secretary finds that enlargement of the existing excavation of an individual mining operation is necessary in order to make feasible continued production therefrom at an annual rate not to exceed the average annual production level of said operation for the three calendar years 1973, 1974, and 1975, the surface of lands contiguous to the existing excavation may be disturbed to the minimum extent necessary to effect such enlargement, subject to such regulations as may be issued by the Secretary under section 2 of this Act. For purposes of this section, each separate mining excavation shall be treated as an individual mining operation.

SEC. 5. The requirements for annual expenditures on mining claims imposed by Revised Statute 2324 (30 U.S.C. 28) shall not apply to any claim subject to section 4 of this Act during the time such claim is subject to such section.

SEC. 6. Within two years after the date of enactment of this Act, the Secretary of the Interior shall determine the validity of any unpatented mining claims within Glacier Bay National Monument, Death Valley and Organ Pipe Cactus National Monuments and Mount McKinley National Park and submit to the Congress recommendations as to whether any valid or patented claims should be acquired by the United States, including the estimated acquisition costs of such claims, and a discussion of the environmental consequences of the extraction of minerals from these lands. The Secretary shall also study and within two years submit to Congress his recommendations for modifications or adjustments to the existing boundaries of the Death Valley National Monument and the Glacier Bay National Monument to exclude significant mineral deposits and to decrease possible acquisition costs.

SEC. 7. Within four years after the date of enactment of this Act, the Secretary of the Interior shall determine the validity of any unpatented mining claims within Crater Lake National Park, Coronado National Memorial, and Glacier Bay National Monument, and submit to the Congress recommendations as to whether any valid or patented claims should be acquired by the United States.

SEC. 8. All mining claims under the Mining Law of 1872, as amended and supplemented (30 U.S.C. chapters 2, 12A, and 16 and sections 161 and 162) which lie within the boundaries of units of the National Park System shall be recorded with the Secretary of the Interior within one year after the effective date of this Act. Any mining claim not so recorded shall be conclusively presumed to be abandoned and shall be void. Such recordation will not render valid any claim which was not valid on the effective date of this Act, or which becomes invalid thereafter. Within thirty days following the date of enactment of this Act, the Secretary shall publish notice of the requirement for such recordation in the Federal Register. He shall also publish similar notices in newspapers of general circulation in the areas adjacent to those units of the National Park System listed in section 3 of this Act.

SEC. 9. (a) Whenever the Secretary of the Interior finds on his own motion or upon being notified in writing by an appropriate scientific, historical, or archeological authority, that a district, site, building, structure, or object which has been found to be nationally significant in illustrating natural history or the history of the United States and which has been designated as a natural or historical landmark may be irreparably lost or destroyed in whole or in part by any surface mining activity, including exploration for or removal or production of minerals or materials, he shall notify the person conducting such activity and submit a report thereon, including the basis for his finding that such activity may cause irreparable loss or destruction of a national landmark, to the Advisory Council on Historic Preservation, with a request for advice of the Council as to alternative measures that may be taken by the United States to mitigate or abate such activity.

(b) The Council shall within two years from the effective date of this section submit to the Congress a report on the actual or potential effects of surface mining activities on natural and historical landmarks and shall include with its report its recommendations for such legislation as may be necessary and appropriate to protect natural and historical landmarks from activities, including surface mining activities, which may have an adverse impact on such landmarks.

SEC. 10. If any provision of this Act is declared to be invalid, such declaration shall not affect the validity of any other provision hereof.

SEC. 11. The holder of any patented or unpatented mining claim subject to this Act who believes he has suffered a loss by operation of this Act, or by orders or regulations issued pursuant thereto, may bring an action in a United States district court to recover just compensation, which shall be awarded if the court finds that such loss constitutes a taking of property compensable under the Constitution. The court shall expedite its consideration of any claim brought pursuant to this section.

SEC. 12. Nothing in this Act shall be construed to limit the authority of the Secretary to acquire lands and interests in lands within the boundaries of any unit of the National Park System. The Secretary is to give prompt and careful consideration to any offer made by the owner of any valid right or other property within the areas named in section 6 of this Act to sell such right or other property, if such owner notifies the Secretary that the continued ownership of such right or property is causing, or would result in, undue hardship.

8. National Park System Transportation

An Act to authorize the establishment of the Chattahoochee River National Recreation Area in the State of Georgia, and for other purposes. (92 Stat. 474) (P.L. 95-344)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

TITLE III

SEC. 301. (a) The Congress hereby finds that—

(1) the purpose of the National Park System is to preserve outstanding natural, scenic, historic, and recreation areas for the enjoyment, education, inspiration, and use of all people;

(2) units of the National Park System have recently been established near major metropolitan areas in order to preserve remaining open space and to provide recreational opportunities for urban residents (many of whom do not have access to personal motor vehicles); and

(3) circumstances which necessarily require people desiring to visit units of the National Park System to rely on personal motor vehicles may diminish the natural and recreational value of such units by causing traffic congestion and environmental damage, and by requiring the provision of roads, parking, and other facilities in ever-increasing numbers and density.

(b) The purpose of this title is to make the National Park System more accessible in a manner consistent with the preservation of parks and the conservation of energy by encouraging the use of transportation modes other than personal motor vehicles for access to and within units of the National Park System with minimum disruption to nearby communities through authorization of a pilot transportation program.

SEC. 302. (a) The Secretary of the Interior (hereinafter referred to as "Secretary") is authorized to formulate transportation plans and implement transportation projects where feasible pursuant to those plans for units of the national park system.

(b) To carry out the purposes of subsection (a) of this section, the Secretary is authorized to—

(1) contract with public or private agencies or carriers to provide transportation services, capital equipment, or facilities to improve access to units of the national park system;

(2) operate such services directly in the absence of suitable and adequate agencies or carriers;

(3) acquire by purchase, lease, or agreement, capital equipment for such services; and

(4) where necessary to carry out the purposes of this title, acquire by lease, purchase, donation, exchange, or transfer, lands, waters, and interests therein which are situated outside the boundary of a unit of the national park system, which property shall be administered as part of the unit: *Provided*, That any land or interests in land owned by a State or any of its political subdivisions may be acquired only by donation: *Provided further*, That any land acquisition shall be subject to such statutory limitations, if any, on methods of acquisition and appropriations thereof as may be specifically applicable to such area.

(c) Acquisitions pursuant to subsection (b) (3) and (4) of this section shall not commence prior to sixty days (not counting days on which the Senate or the House of Representatives has adjourned for more than three consecutive days) from the time the Secretary has submitted a detailed proposal for such acquisitions to the Committee on Energy and Natural Resources of the Senate and the Committee on Interior and Insular Affairs of the House of Representatives.

(d) All fees directly collected by the National Park Service in the operation of the facilities and services authorized by this title shall be covered into the Planning, Development, and Operation of Recreation Facilities appropriation account to be subject to appropriation.

(e) The Secretary shall establish information programs to inform the public of available park access opportunities and to promote the use of transportation modes other than personal motor vehicles for access to and travel within the units of the national park system.

(f) Transportation facilities and services provided pursuant to this title shall not be considered as concession facilities or services within the meaning of the Act of October 9, 1965 (79 Stat. 969) and may be undertaken by the Secretary directly or by contract without regard to any requirement of local, State, or Federal law respecting determinations of public convenience and necessity or other similar matters: *Provided*, That the Secretary or his contractor shall consult with the appropriate State or local public service commission or other such body having authority to issue certificates of convenience and necessity, and any such contractor shall be subject to applicable requirements of such body unless the Secretary determines that such requirements would not be consistent with the purposes and provisions of this title.

(g) No grant of authority in this title shall be deemed to expand the exemption of section 203 (b) (4) of the Interstate Commerce Act (49 U.S.C. 303 (b) (4)).

SEC. 303. (a) To carry out the purposes of this title, the Secretary of Transportation, the Secretary of Hous-

ing and Urban Development, the Secretary of Health, Education, and Welfare, and the Secretary of Commerce, and the heads of such other Federal departments or agencies as the Secretary deems necessary are directed to assist the Secretary in the formulation and implementation of transportation projects.

(b) Within one hundred and eighty days from the enactment of this Act, the Secretary shall prepare and submit to the Committee on Energy and Natural Resources of the Senate and the Committee on Interior and Insular Affairs of the House of Representatives, a compilation of Federal statutes and programs providing authority for the planning, funding, or operation of transportation projects which might be utilized by the Secretary to carry out the purpose of this title. The Secretary shall revise the compilation thereafter as he deems necessary.

SEC. 304. (a) The Secretary shall, during the formulation of any transportation plan authorized pursuant to section 302 of this title—

(1) give public notice of intention to formulate such a plan by publication in the Federal Register and in a newspaper or periodical having general circulation in the vicinity of the affected unit of the national park system;

(2) following such notice hold a public meeting at a location or locations convenient to the affected unit of the National Park System.

(b) Prior to the implementation of any project developed pursuant to the transportation plan formulated pursuant to subsection (a) of this section, the Secretary shall—

(1) establish procedures, including but not limited to public meetings, to give State and local governments and the public adequate notice and an opportunity to comment on the proposed transportation project; and

(2) submit, when the proposed project would involve an expenditure in excess of \$100,000 in any fiscal year, a detailed report to the Committee on Energy and Natural Resources of the United States Senate and the Committee on Interior and Insular Affairs of the United States House of Representatives. The Secretary may proceed with the implementation of such plan only after sixty days (not counting days on which the Senate or House of Representatives has adjourned for more than three consecutive days) have elapsed following submission of the plan.

SEC. 305. The Secretary shall submit a report to the Congress within three years of the effective date of this Act. The report shall include, but not be limited to, his findings and recommendations regarding—

(a) preservation of natural resource values within units of the National Park System through access alternatives;

(b) effects of transportation projects on communities in close proximity to the units of the National Park System; and

(c) future transportation projects formulated pursuant to this title.

SEC. 306. In carrying out the purposes of this title, there is hereby authorized to be appropriated \$1,000,000 for fiscal year 1979; \$2,000,000 for fiscal year 1980; and \$3,000,000 for fiscal year 1981, which shall remain available until expended. In a fiscal year when the amounts actually appropriated are less than the amounts listed above, the authorized but unappropriated amount shall continue to be available for appropriation in succeeding fiscal years.

"(A) It must be a trail or route established by historic use and must be historically significant as a result of that use. The route need not currently exist as a discernible trail to qualify, but its lo-

cation must be sufficiently known to permit evaluation of public recreation and historical interest potential. A designated trail should generally accurately follow the historic route, but may deviate somewhat on occasion of necessity to avoid difficult routing through subsequent development, or to provide some route variation offering a more pleasurable recreational experience. Such deviations shall be so noted on site. Trail segments no longer possible to travel by trail due to subsequent development as motorized transportation routes may be designated and marked onsite as segments which link to the historic trail.

"(B) It must be of national significance with respect to any of several broad facets of American history, such as trade and commerce, migration and settlement, or military campaigns. To qualify as nationally significant, historic use of the trail must have had a far-reaching effect on broad patterns of American culture. Trails significant in the history of native Americans may be included.

"(C) It must have significant potential for public recreational use or historical interest based on historic interpretation and appreciation. The potential for such use is generally greater along roadless segments developed as historic trails, and at historic sites associated with the trail. The presence of recreation potential not related to historic appreciation is not sufficient justification for designation under this category."

(13) In section 5(c), add the following at the end thereof:

"(20) Overmountain Victory Trail, extending from the vicinity of Elizabethton, Tennessee, to Kings Mountain National Military Park, South Carolina."

(14) In section 5 delete subsection (d), and insert a new section 5(d) to read as follows:

"(d) The Secretary charged with the administration of each respective trail shall, within one year of the date of the addition of any national scenic or national historic trail to the System, and within sixty days of the enactment of this sentence for the Appalachian and Pacific Crest National Scenic Trails, establish an advisory council for each such trail, each of which councils shall expire ten years from the date of its establishment. The appropriate Secretary shall consult with such council from time to time with respect to matters relating to the trail, including the selection of rights-of-way, standards for the erection and maintenance of markers along the trail, and the administration of the trail. The members of each advisory council, which shall not exceed thirty-five in number, shall serve for a term of two years and without compensation as such, but the Secretary may pay, upon

vouchers signed by the chairman of the council, the expenses reasonably incurred by the council and its members in carrying out their responsibilities under this section. Members of each council shall be appointed by the appropriate Secretary as follows:

"(i) a member appointed to represent each Federal department or independent agency administering lands through which the trail route passes, and each appointee shall be the person designated by the head of such department or agency;

"(iii) one or more members appointed to represent private organizations, including corporate and individual landowners and land users, which in the opinion of the Secretary, have an established and recognized interest in the trail, and such appointments shall be made from recommendations of the heads of such organizations: *Provided*, That the Appalachian Trail Conference shall be represented by a sufficient number of persons to represent the various sections of the country through which the Appalachian Trail passes; and

"(iv) the Secretary shall designate one member to be chairman and shall fill vacancies in the same manner as the original appointment."

(15) In section 5 add two new subsections (e) and (f) as follows:

14. Surface Mining Control and Reclamation Act of 1977

An Act to provide for the cooperation between the Secretary of the Interior and the States with respect to the regulation of surface coal mining operations, and the acquisition and reclamation of abandoned mines, and for other purposes. (91 Stat. 445) (P.L. 95-87)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Surface Mining Control and Reclamation Act of 1977".

TITLE V—CONTROL OF THE ENVIRONMENTAL IMPACTS OF SURFACE COAL MINING

* * * * *

DESIGNATING AREAS UNSUITABLE FOR SURFACE COAL MINING

SEC. 522. (a)(1) To be eligible to assume primary regulatory authority pursuant to section 503, each State shall establish a planning process enabling objective decisions based upon competent and scientifically sound data and information as to which, if any, land areas of a State are unsuitable for all or certain types of surface coal mining operations pursuant to the standards set forth in paragraphs (2) and (3) of this subsection but such designation shall not prevent the mineral exploration pursuant to the Act of any area so designated.

(2) Upon petition pursuant to subsection (c) of this section, the State regulatory authority shall designate an area as unsuitable for all or certain types of surface coal mining operations if the State regulatory authority determines that reclamation pursuant to the requirements of this Act is not technologically and economically feasible.

(3) Upon petition pursuant to subsection (c) of this section, a surface area may be designated unsuitable for certain types of surface coal mining operations if such operations will—

(A) be incompatible with existing State or local land use plans or programs; or

(B) affect fragile or historic lands in which such operations could result in significant damage to important historic, cultural, scientific, and esthetic values and natural systems; or

(C) affect renewable resource lands in which such operations could result in a substantial loss or reduction of long-range productivity of water supply or of food or fiber products, and such lands to include aquifers and aquifer recharge areas; or

(D) affect natural hazard lands in which such operations could substantially endanger life and property, such lands to include areas subject to frequent flooding and areas of unstable geology.

(4) To comply with this section, a State must demonstrate it has developed or is developing a process which includes—

(A) a State agency responsible for surface coal mining lands review;

(B) a data base and an inventory system which will permit proper evaluation of the capacity of different land areas of the State to support and permit reclamation of surface coal mining operations;

(C) a method or methods for implementing land use planning decisions concerning surface coal mining operations; and

(D) proper notice, opportunities for public participation, including a public hearing prior to making any designation or redesignation, pursuant to this section.

(5) Determinations of the unsuitability of land for surface coal mining, as provided for in this section, shall be integrated as closely as possible with present and future land use planning and regulation processes at the Federal, State, and local levels.

(6) The requirements of this section shall not apply to lands on which surface coal mining operations are being conducted on the date of enactment of this Act or under a permit issued pursuant to this Act, or where substantial legal and financial commitments in such operation were in existence prior to January 4, 1977.

(b) The Secretary shall conduct a review of the Federal lands to determine, pursuant to the standards set forth in paragraphs (2) and (3) of subsection (a) of this section, whether there are areas on Federal lands which are unsuitable for all or certain types of surface coal mining operations: *Provided, however,* That the Secretary may permit surface coal mining on Federal lands prior to the completion of this review. When the Secretary determines an area on Federal lands to be unsuitable for all or certain types of surface coal mining operations, he shall withdraw such area or condition any mineral leasing or mineral entries in a manner so as to limit surface coal mining operations on such area. Where a Federal program has been implemented in a State pursuant to section 504, the Secretary shall implement a process for designation of areas unsuitable for surface coal mining for non-Federal lands within such State and such process shall incorporate the standards and procedures of this section. Prior to designating Federal lands unsuitable for such mining, the Secretary shall consult with the appropriate State and local agencies.

(c) Any person having an interest which is or may be adversely affected shall have the right to petition the regulatory authority to have an area designated as unsuitable for surface coal mining operations, or to have such a designation terminated. Such a petition shall contain allegations of facts with supporting evidence which

would tend to establish the allegations. Within ten months after receipt of the petition the regulatory authority shall hold a public hearing in the locality of the affected area, after appropriate notice and publication of the date, time, and location of such hearing. After a person having an interest which is or may be adversely affected has filed a petition and before the hearing, as required by this subsection, any person may intervene by filing allegations of facts with supporting evidence which would tend to establish the allegations. Within sixty days after such hearing, the regulatory authority shall issue and furnish to the petitioner and any other party to the hearing, a written decision regarding the petition, and the reasons therefore. In the event that all the petitioners stipulate agreement prior to the requested hearing, and withdraw their request, such hearing need not be held.

(d) Prior to designating any land areas as unsuitable for surface coal mining operations, the regulatory authority shall prepare a detailed statement on (i) the potential coal resources of the area, (ii) the demand for coal resources, and (iii) the impact of such designation on the environment, the economy, and the supply of coal.

(e) After the enactment of this Act and subject to valid existing rights no surface coal mining operations except those which exist on the date of enactment of this Act shall be permitted—

(1) on any lands within the boundaries of units of the National Park System, the National Wildlife Refuge Systems, the National System of Trails, the National Wilderness Preservation System, the Wild and Scenic Rivers System, including study rivers designated under section 5(a) of the Wild and Scenic Rivers Act and National Recreation Areas designated by Act of Congress;

(2) on any Federal lands within the boundaries of any national forest: *Provided, however,* That surface coal mining operations may be permitted on such lands if the Secretary finds that there are no significant recreational, timber, economic, or other values which may be incompatible with such surface mining operations and—

(A) surface operations and impacts are incident to an underground coal mine; or

(B) where the Secretary of Agriculture determines, with respect to lands which do not have significant forest cover within those national forests west of the 100th meridian, that surface mining is in compliance with the Multiple-Use Sustained-Yield Act of 1960, the Federal Coal Leasing Amendments Act of 1975, the National Forest Management Act of 1976, and the provisions of this Act: *And provided further,* That no surface coal mining operations may be permitted

within the boundaries of the Custer National Forest;

(3) which will adversely affect any publicly owned park or places included in the National Register of Historic Sites unless approved jointly by the regulatory authority and the Federal, State, or local agency with jurisdiction over the park or the historic site;

(4) within one hundred feet of the outside right-of-way line of any public road, except where mine access roads or haulage roads join such right-of-way line and except that the regulatory authority may permit such roads to be relocated or the area affected to lie within one hundred feet of such road, if after public notice and opportunity for public hearing in the locality a written finding is made that the interests of the public and the landowners affected thereby will be protected; or

(5) within three hundred feet from any occupied dwelling, unless waived by the owner thereof, nor within three hundred feet of any public building, school, church, community, or institutional building, public park, or within one hundred feet of a cemetery.

written order of the acquiring agency to vacate other real property, on which such person conducts a business or farm operation, for such program or project.

(7) The term "business" means any lawful activity, excepting a farm operation, conducted primarily—

(A) for the purchase, sale, lease and rental of personal and real property, and for the manufacture, processing, or marketing of products, commodities, or any other personal property;

(B) for the sale of services to the public;

(C) by a nonprofit organization; or

(b) Nothing in this Act shall be construed as creating in any condemnation proceedings brought under the power of eminent domain, any element of value or of damage not in existence immediately prior to the date of enactment of this Act.

TITLE II—UNIFORM RELOCATION ASSISTANCE

DECLARATION OF POLICY

SEC. 201. The purpose of this title is to establish a uniform policy for the fair and equitable treatment of persons displaced as a result of Federal and federally assisted programs in order that such persons shall not suffer disproportionate injuries as a result of programs designed for the benefit of the public as a whole.

MOVING AND RELATED EXPENSES

SEC. 202. (a) Whenever the acquisition of real property for a program or project undertaken by a Federal agency in any State will result in the displacement of any person on or after the effective date of this Act, the head of such agency shall make a payment to any displaced person, upon proper application as approved by such agency head, for—

(1) actual reasonable expenses in moving himself, his family, business, farm operation, or other personal property;

(2) actual direct losses of tangible personal property as a result of moving or discontinuing a business or farm operation, but not to exceed an amount equal to the reasonable expenses that would have been required to relocate such property, as determined by the head of the agency; and

(3) actual reasonable expenses in searching for a replacement business or farm.

(b) Any displaced person eligible for payments under subsection (a) of this section who is displaced from a dwelling and who elects to accept the payments authorized by this subsection in lieu of the payments authorized by subsection (a) of this section may receive a moving expense allowance, determined according to a schedule established by the head of the Federal agency, not to exceed \$300; and a dislocation allowance of \$200.

(c) Any displaced person eligible for payments under subsection (a) of this section who is displaced from his place of business or from his farm operation and who elects to accept the payment authorized by this subsection in lieu of the payment authorized by subsection (a) of this section, may receive a fixed payment in an amount equal to the average annual net earnings of the business or farm operation, except that such payment shall be not less than \$2,500 nor more than \$10,000. In the case of a business no payment shall be made under this subsection unless the head of the Federal agency is satisfied that the business (1) cannot be relocated without a substantial loss of its existing patronage, and (2) is not a part of a commercial enterprise having at least one other establishment not being acquired by the United States, which is engaged in the same or similar business. For purposes of this subsection, the term "average annual net earnings" means one-half of any net earnings of the business or farm operation, before Federal, State, and local income taxes, during the two taxable years immediately preceding the taxable year in which such business or farm operation moves from the real property acquired for such project, or during such other period as the head of such agency determines to be more equitable for establishing such earnings, and includes any com-

pensation paid by the business or farm operation to the owner, his spouse, or his dependents during such period.

REPLACEMENT HOUSING FOR HOMEOWNER

SEC. 203. (a) (1) In addition to payments otherwise authorized by this title, the head of the Federal agency shall make an additional payment not in excess of \$15,000 to any displaced person who is displaced from a dwelling actually owned and occupied by such displaced person for not less than one hundred and eighty days prior to the initiation of negotiations for the acquisition of the property. Such additional payment shall include the following elements:

(A) The amount, if any, which when added to the acquisition cost of the dwelling acquired by the Federal agency, equals the reasonable cost of a comparable replacement dwelling which is a decent, safe, and sanitary dwelling adequate to accommodate such displaced person, reasonably accessible to public services and places of employment and available on the private market. All determinations required to carry out this subparagraph shall be made in accordance with standards established by the head of the Federal agency making the additional payment.

(B) The amount, if any, which will compensate such displaced person for any increased interest costs which such person is required to pay for financing the acquisition of any comparable replacement dwelling. Such amount shall be paid only if the dwelling acquired by the Federal agency was encumbered by a bona fide mortgage which was a valid lien on such dwelling for not less than one hundred and eighty days prior to the initiation of negotiations for the acquisition of such dwelling. Such amount shall be equal to the excess in the aggregate interest and other debt service costs of that amount of the principal of the mortgage on the replacement dwelling which is equal to the unpaid balance of the mortgage on the acquired dwelling, over the remainder term of the mortgage on the acquired dwelling, reduced to discounted present value. The discount rate shall be the prevailing interest rate paid on savings deposits by commercial banks in the general area in which the replacement dwelling is located.

(C) Reasonable expenses incurred by such displaced person for evidence of title, recording fees, and other closing costs incident to the purchase of the replacement dwelling, but not including prepaid expenses.

(2) The additional payment authorized by this subsection shall be made only to such a displaced person who purchases and occupies a replacement dwelling which is decent, safe, and sanitary not later than the end of the one year period beginning on the date on which

he receives from the Federal agency final payment of all costs of the acquired dwelling, or on the date on which he moves from the acquired dwelling, whichever is the later date.

(b) The head of any Federal agency may, upon application by a mortgagee, insure any mortgage (including advances during construction) on a comparable replacement dwelling executed by a displaced person assisted under this section, which mortgage is eligible for insurance under any Federal law administered by such agency notwithstanding any requirements under such law relating to age, physical condition, or other personal characteristics of eligible mortgagors, and may make commitments for the insurance of such mortgage prior to the date of execution of the mortgage.

REPLACEMENT HOUSING FOR TENANTS AND CERTAIN OTHERS

SEC. 204. In addition to amounts otherwise authorized by this title, the head of the Federal agency shall make a payment to or for any displaced person displaced from any dwelling not eligible to receive a payment under section 203 which dwelling was actually and lawfully occupied by such displaced person for not less than ninety days prior to the initiation of negotiations for acquisition of such dwelling. Such payment shall be either—

(1) the amount necessary to enable such displaced person to lease or rent for a period not to exceed four years, a decent, safe, and sanitary dwelling of standards adequate to accommodate such person in areas not generally less desirable in regard to public utilities and public and commercial facilities, and reasonably accessible to his place of employment, but not to exceed \$4,000, or

(2) the amount necessary to enable such person to make a downpayment (including incidental expenses described in section 203(a) (1) (C)) on the purchase of a decent, safe, and sanitary dwelling of standards adequate to accommodate such person in areas not generally less desirable in regard to public utilities and public and commercial facilities, but not to exceed \$4,000, except that if such amount exceeds \$2,000, such person must equally match any such amount in excess of \$2,000, in making the downpayment.

RELOCATION ASSISTANCE ADVISORY SERVICES

SEC. 205. (a) Whenever the acquisition of real property for a program or project undertaken by a Federal agency in any State will result in the displacement of any person on or after the effective date of this section, the head of such agency shall provide a relocation as-

sistance advisory program for displaced persons which shall offer the services described in subsection (c) of this section. If such agency head determines that any person occupying property immediately adjacent to the real property acquired is caused substantial economic injury because of the acquisition, he may offer such person relocation advisory services under such program.

(b) Federal agencies administering programs which may be of assistance to displaced persons covered by this Act shall cooperate to the maximum extent feasible with the Federal or State agency causing the displacement to assure that such displaced persons receive the maximum assistance available to them.

(c) Each relocation assistance advisory program required by subsection (a) of this section shall include such measures, facilities, or services as may be necessary or appropriate in order to—

(1) determine the need, if any, of displaced persons, for relocation assistance;

(2) provide current and continuing information on the availability, prices, and rentals, of comparable decent, safe, and sanitary sales and rental housing, and of comparable commercial properties and locations for displaced businesses;

(3) assure that, within a reasonable period of time, prior to displacement there will be available in areas not generally less desirable in regard to public utilities and public and commercial facilities and at rents or prices within the financial means of the families and individuals displaced, decent, safe, and sanitary dwellings, as defined by such Federal agency head, equal in number to the number of and available to such displaced persons who require such dwellings and reasonably accessible to their places of employment, except that the head of that Federal agency may prescribe by regulation situations when such assurances may be waived;

(4) assist a displaced person displaced from his business or farm operation in obtaining and becoming established in a suitable replacement location;

(5) supply information concerning Federal and State housing programs, disaster loan programs, and other Federal or State programs offering assistance to displaced persons; and

(6) provide other advisory services to displaced persons in order to minimize hardships to such persons in adjusting to relocation.

(d) The heads of Federal agencies shall coordinate relocation activities with project work, and other planned or proposed governmental actions in the community or nearby areas which may affect the carrying out of relocation assistance programs.

HOUSING REPLACEMENT BY FEDERAL AGENCY AS LAST RESORT

SEC. 206. (a) If a Federal project cannot proceed to actual construction because comparable replacement sale or rental housing is not available, and the head of the Federal agency determines that such housing cannot otherwise be made available he may take such action as is necessary or appropriate to provide such housing by use of funds authorized for such project.

(b) No person shall be required to move from his dwelling on or after the effective date of this title, on account of any Federal project, unless the Federal agency head is satisfied that replacement housing, in accordance with section 205(c) (3), is available to such person.

STATE REQUIRED TO FURNISH REAL PROPERTY INCIDENT TO
FEDERAL ASSISTANCE (LOCAL COOPERATION)

SEC. 207. Whenever real property is acquired by a State agency and furnished as a required contribution incident to a Federal program or project, the Federal agency having authority over the program or project may not accept such property unless such State agency has made all payments and provided all assistance and assurances, as are required of a State agency by sections 210 and 305 of this Act. Such State agency shall pay the cost of such requirements in the same manner and to the same extent as the real property acquired for such project, except that in the case of any real property acquisition or displacement occurring prior to July 1, 1972, such Federal agency shall pay 100 per centum of the first \$25,000 of the cost of providing such payments and assistance.

STATE ACTING AS AGENT FOR FEDERAL PROGRAM

SEC. 208. Whenever real property is acquired by a State agency at the request of a Federal agency for a Federal program or project, such acquisition shall, for the purposes of this Act, be deemed an acquisition by the Federal agency having authority over such program or project.

PUBLIC WORKS PROGRAMS AND PROJECTS OF THE GOVERNMENT
OF THE DISTRICT OF COLUMBIA AND OF THE WASHINGTON
METROPOLITAN AREA TRANSIT AUTHORITY

SEC. 209. Whenever real property is acquired by the government of the District of Columbia or the Washington Metropolitan Area Transit Authority for a program or project which is not subject to sections 210 and 211 of this title, and such acquisition will result in the displacement of any person on or after the effective date of this Act, the Commissioner of the District of Columbia or the Washington Metropolitan Area Transit Authority, as the case may be, shall make all relocation payments

and provide all assistance required of a Federal agency by this Act. Whenever real property is acquired for such a program or project on or after such effective date, such Commissioner or Authority, as the case may be, shall make all payments and meet all requirements prescribed for a Federal agency by title III of this Act.

REQUIREMENTS FOR RELOCATION PAYMENTS AND ASSISTANCE OF
FEDERALLY ASSISTED PROGRAM; ASSURANCES OF AVAILABILITY
OF HOUSING

SEC. 210. Notwithstanding any other law, the head of a Federal agency shall not approve any grant to, or contract or agreement with, a State agency, under which Federal financial assistance will be available to pay all or part of the cost of any program or project which will result in the displacement of any person on or after the effective date of this title, unless he receives satisfactory assurances from such State agency that—

(1) fair and reasonable relocation payments and assistance shall be provided to or for displaced persons, as are required to be provided by a Federal agency under sections 202, 203, and 204 of this title;

(2) relocation assistance programs offering the services described in section 205 shall be provided to such displaced persons;

(3) within a reasonable period of time prior to displacement, decent, safe, and sanitary replacement dwellings will be available to displaced persons in accordance with section 205(c) (3).

FEDERAL SHARE OF COSTS

SEC. 211. (a) The cost to a State agency of providing payments and assistance pursuant to sections 206, 210, 215, and 305, shall be included as part of the cost of a program or project for which Federal financial assistance is available to such State agency, and such State agency shall be eligible for Federal financial assistance with respect to such payments and assistance in the same manner and to the same extent as other program or project costs, except that, notwithstanding any other law in the case where the Federal financial assistance is by grant or contribution the Federal agency shall pay the full amount of the first \$25,000 of the cost to a State agency of providing payments and assistance for a displaced person under sections 206, 210, 215, and 305, on account of any acquisition or displacement occurring prior to July 1, 1972, and in any case where such Federal financial assistance is by loan, the Federal agency shall loan such State agency the full amount of the first \$25,000 of such cost.

(b) No payment or assistance under section 210 or 305 shall be required or included as a program or project cost under this section, if the displaced person receives a pay-

ment required by the State law of eminent domain which is determined by such Federal agency head to have substantially the same purpose and effect as such payment under this section, and to be part of the cost of the program or project for which Federal financial assistance is available.

(c) Any grant to, or contract or agreement with, a State agency executed before the effective date of this title, under which Federal financial assistance is available to pay all or part of the cost of any program or project which will result in the displacement of any person on or after the effective date of this Act, shall be amended to include the cost of providing payments and services under sections 210 and 305. If the head of a Federal agency determines that it is necessary for the expeditious completion of a program or project he may advance to the State agency the Federal share of the cost of any payments or assistance by such State agency pursuant to sections 206, 210, 215, and 305.

ADMINISTRATION—RELOCATION ASSISTANCE IN PROGRAMS
RECEIVING FEDERAL FINANCIAL ASSISTANCE

SEC. 212. In order to prevent unnecessary expenses and duplications of functions, and to promote uniform and effective administration of relocation assistance programs for displaced persons under sections 206, 210, and 215 of this title, a State agency may enter into contracts with any individual, firm, association, or corporation for services in connection with such programs, or may carry out its functions under this title through any Federal or State governmental agency or instrumentality having an established organization for conducting relocation assistance programs. Such State agency shall, in carrying out the relocation assistance activities described in section 206, whenever practicable, utilize the services of State or local housing agencies, or other agencies having experience in the administration or conduct of similar housing assistance activities.

REGULATIONS AND PROCEDURES

SEC. 213. (a) In order to promote uniform and effective administration of relocation assistance and land acquisition of State or local housing agencies, or other agencies having programs or projects by Federal agencies or programs or projects by State agencies receiving Federal financial assistance, the heads of Federal agencies shall consult together on the establishment of regulations and procedures for the implementation of such programs.

(b) The head of each Federal agency is authorized to establish such regulations and procedures as he may determine to be necessary to assure—

(1) that the payments and assistance authorized by this Act shall be administered in a manner which is fair and reasonable, and as uniform as practicable;

(2) that a displaced person who makes proper application for a payment authorized for such person by this title shall be paid promptly after a move or, in hardship cases, be paid in advance; and

(3) that any person aggrieved by a determination as to eligibility for a payment authorized by this Act, or the amount of a payment, may have his application reviewed by the head of the Federal agency having authority over the applicable program or project, or in the case of a program or project receiving Federal financial assistance, by the head of the State agency.

(c) The head of each Federal agency may prescribe such other regulations and procedures, consistent with the provisions of this Act, as he deems necessary or appropriate to carry out this Act.

ANNUAL REPORT

SEC. 214. The head of each Federal agency shall prepare and submit an annual report to the President on the activities of such agency with respect to the programs and policies established or authorized by this Act, and the President shall submit such reports to the Congress not later than January 15 of each year, beginning January 15, 1972, and ending January 15, 1975, together with his comments or recommendations. Such reports shall give special attention to: (1) the effectiveness of the provisions of this Act assuring the availability of comparable replacement housing, which is decent, safe, and sanitary, for displaced homeowners and tenants; (2) actions taken by the agency to achieve the objectives of the policies of Congress, declared in this Act, to provide uniform and equal treatment, to the greatest extent practicable, for all persons displaced by, or having real property taken for, Federal or federally assisted programs; (3) the views of the Federal agency head on the progress made to achieve such objectives in the various programs conducted or administered by such agency, and among the Federal agencies; (4) any indicated effects of such programs and policies on the public; and (5) any recommendations he may have for further improvements in relocation assistance and land acquisition programs, policies, and implementing laws and regulations.

PLANNING AND OTHER PRELIMINARY EXPENSES FOR ADDITIONAL HOUSING

SEC. 215. In order to encourage and facilitate the construction or rehabilitation of housing to meet the needs of displaced persons who are displaced from dwellings

because of any Federal or Federal financially assisted project, the head of the Federal agency administering such project is authorized to make loans as a part of the cost of any such project, or to approve loans as a part of the cost of any such project receiving Federal financial assistance, to nonprofit, limited dividend, or cooperative organizations or to public bodies, for necessary and reasonable expenses, prior to construction, for planning and obtaining federally insured mortgage financing for the rehabilitation or construction of housing for such displaced persons. Notwithstanding the preceding sentence, or any other law, such loans shall be available for not to exceed 80 per centum of the reasonable costs expected to be incurred in planning, and in obtaining financing for, such housing, prior to the availability of such financing, including, but not limited to, preliminary surveys and analyses of market needs, preliminary site engineering, preliminary architectural fees, site acquisition, application and mortgage commitment fees, and construction loan fees and discounts. Loans to an organization established for profit shall bear interest at a market rate established by the head of such Federal agency. All other loans shall be without interest. Such Federal agency head shall require repayment of loans made under this section, under such terms and conditions as he may require, upon completion of the project or sooner, and except in the case of a loan to an organization established for profit, may cancel any part or all of a loan if he determines that a permanent loan to finance the rehabilitation or the construction of such housing cannot be obtained in an amount adequate for repayment of such loan. Upon repayment of such loan, the Federal share of the sum repaid shall be credited to the account from which such loan was made, unless the Secretary of the Treasury determines that such account is no longer in existence, in which case such sum shall be returned to the Treasury and credited to miscellaneous receipts.

PAYMENTS NOT TO BE CONSIDERED AS INCOME

SEC. 216. No payment received under this title shall be considered as income for the purposes of the Internal Revenue Code of 1954; or for the purposes of determining the eligibility or the extent of eligibility of any person for assistance under the Social Security Act or any other Federal law.

DISPLACEMENT BY CODE ENFORCEMENT, REHABILITATION, AND DEMOLITION PROGRAMS RECEIVING FEDERAL ASSISTANCE

SEC. 217. A person who moves or discontinues his business, or moves other personal property, or moves from his dwelling on or after the effective date of this Act, as a direct result of any project or program which

receives Federal financial assistance under title I of the Housing Act of 1949, as amended, or as a result of carrying out a comprehensive city demonstration program under title of the Demonstration Cities and Metropolitan Development Act of 1966 shall, for the purposes of this title, be deemed to have been displaced as the result of the acquisition of real property.

TRANSFERS OF SURPLUS PROPERTY

SEC. 218. The Administrator of General Services is authorized to transfer to a State agency for the purpose of providing replacement housing required by this title, any real property surplus to the needs of the United States within the meaning of the Federal Property and Administrative Services Act of 1949, as amended. Such transfer shall be subject to such terms and conditions as the Administrator determines necessary to protect the interests of the United States and may be made without monetary consideration, except that such State agency shall pay to the United States all amounts received by such agency from any sale, lease, or other disposition of such property for such housing.

SEC. 219. Notwithstanding any other provision of this title, a person—

(1) who moves or discontinues his business, moves other personal property, or moves from his dwelling on or after January 1, 1969, and before the 90th day after the date of enactment of this Act as the result of the contemplated demolition of structures or the construction of improvements on real property acquired, in whole or in part, by a Federal agency within the area in New York, New York, bounded by Lexington and Third Avenues and 31st and 32d Streets; and

(2) who has lived on, or conducted a business on, such real property for at least one year prior to the date of enactment of this Act;

may be considered a displaced person for purposes of sections 202 (a) and (b), 204, and 205 of this title, by the head of the agency acquiring the real property if—

(A) the head of the agency determines that such person has suffered undue hardship as the result of displacement from the real property; and

(B) the Federal Government acquired and held such property for at least five years prior to the date of enactment of this Act.

TITLE III—UNIFORM REAL PROPERTY ACQUISITION POLICY

UNIFORM POLICY ON REAL PROPERTY ACQUISITION PRACTICES

SEC. 301. In order to encourage and expedite the acquisition of real property by agreements with owners,

to avoid litigation and relieve congestion in the courts, to assure consistent treatment for owners in the many Federal programs, and to promote public confidence in Federal land acquisition practices, heads of Federal agencies shall, to the greatest extent practicable, be guided by the following policies:

(1) The head of a Federal agency shall make every reasonable effort to acquire expeditiously real property by negotiation.

(2) Real property shall be appraised before the initiation of negotiations, and the owner or his designated representative shall be given an opportunity to accompany the appraiser during his inspection of the property.

(3) Before the initiation of negotiations for real property, the head of the Federal agency concerned shall establish an amount which he believes to be just compensation therefor and shall make a prompt offer to acquire the property for the full amount so established. In no event shall such amount be less than the agency's approved appraisal of the fair market value of such property. Any decrease or increase in the fair market value of real property prior to the date of valuation caused by the public improvement for which such property is acquired, or by the likelihood that the property would be acquired for such improvement, other than that due to physical deterioration within the reasonable control of the owner, will be disregarded in determining the compensation for the property. The head of the Federal agency concerned shall provide the owner of real property to be acquired with a written statement of, and summary of the basis for, the amount he established as just compensation. Where appropriate the just compensation for the real property acquired and for damages to remaining real property shall be separately stated.

(4) No owner shall be required to surrender possession of real property before the head of the Federal agency concerned pays the agreed purchase price, or deposits with the court in accordance with section 1 of the Act of February 26, 1931 (46 Stat. 1421; 40 U.S.C. 258a), for the benefit of the owner, an amount not less than the agency's approved appraisal of the fair market value of such property, or the amount of the award of compensation in the condemnation proceeding for such property.

(5) The construction or development of a public improvement shall be so scheduled that, to the greatest extent practicable, no person lawfully occupying real property shall be required to move from a dwelling (assuming a replacement dwelling as required by title II will be available), or to move his business or farm operation, without at least ninety days' written notice from the head of the Federal agency concerned, of the date by which such move is required.

(6) If the head of a Federal agency permits an owner or tenant to occupy the real property acquired on a rental basis for a short term or for a period subject to termi-

nation by the Government on short notice, the amount of rent required shall not exceed the fair rental value of the property to a short-term occupier.

(7) In no event shall the head of a Federal agency either advance the time of condemnation, or defer negotiations or condemnation and the deposit of funds in court for the use of the owner, or take any other action coercive in nature, in order to compel an agreement on the price to be paid for the property.

(8) If any interest in real property is to be acquired by exercise of the power of eminent domain, the head of the Federal agency concerned shall institute formal condemnation proceedings. No Federal agency head shall intentionally make it necessary for an owner to institute legal proceedings to prove the fact of the taking of his real property.

(9) If the acquisition of only part of a property would leave its owner with an uneconomic remnant, the head of the Federal agency concerned shall offer to acquire the entire property.

BUILDINGS, STRUCTURES, AND IMPROVEMENTS

SEC. 302. (a) Notwithstanding any other provision of law, if the head of a Federal agency acquires any interest in real property in any State, he shall acquire at least an equal interest in all buildings, structures, or other improvements located upon the real property so acquired and which he requires to be removed from such real property or which he determines will be adversely affected by the use to which such real property will be put.

(b) (1) For the purpose of determining the just compensation to be paid for any building, structure, or other improvement required to be acquired by subsection (a) of this section, such building, structure, or other improvement shall be deemed to be a part of the real property to be acquired notwithstanding the right or obligation of a tenant, as against the owner of any other interest in the real property, to remove such building, structure, or improvement at the expiration of his term, and the fair market value which such building, structure, or improvement contributes to the fair market value of the real property to be acquired, or the fair market value of such building, structure, or improvement for removal from the real property, whichever is the greater, shall be paid to the tenant therefor.

(2) Payment under this subsection shall not result in duplication of any payments otherwise authorized by law. No such payment shall be made unless the owner of the land involved disclaims all interest in the improvements of the tenant. In consideration for any such payment, the tenant shall assign, transfer, and release to the United States all his right, title, and interest in and to such improvements. Nothing in this subsection

shall be construed to deprive the tenant of any rights to reject payment under this subsection and to obtain payment for such property interests in accordance with applicable law, other than this subsection.

EXPENSES INCIDENTAL TO TRANSFER OF TITLE TO UNITED STATES

SEC. 303. The head of a Federal agency, as soon as practicable after the date of payment of the purchase price or the date of deposit in court of funds to satisfy the award of compensation in a condemnation proceeding to acquire real property, whichever is the earlier, shall reimburse the owner, to the extent the head of such agency deems fair and reasonable, for expenses he necessarily incurred for—

(1) recording fees, transfer taxes, and similar expenses incidental to conveying such real property to the United States;

(2) penalty costs for prepayment of any preexisting recorded mortgage entered into in good faith encumbering such real property; and

(3) the pro rata portion of real property taxes paid which are allocable to a period subsequent to the date of vesting title in the United States, or the effective date of possession of such real property by the United States, whichever is the earlier.

LITIGATION EXPENSES

SEC. 304. (a) The Federal court having jurisdiction of a proceeding instituted by a Federal agency to acquire real property by condemnation shall award the owner of any right, or title to, or interest in, such real property such sum as will in the opinion of the court reimburse such owner for his reasonable costs, disbursements, and expenses, including reasonable attorney, appraisal, and engineering fees, actually incurred because of the condemnation proceedings, if—

(1) the final judgment is that the Federal agency cannot acquire the real property by condemnation; or

(2) the proceeding is abandoned by the United States.

(b) Any award made pursuant to subsection (a) of this section shall be paid by the head of the Federal agency for whose benefit the condemnation proceedings was instituted.

(c) The court rendering a judgment for the plaintiff in a proceeding brought under section 1346 (a) (2) or 1491 of title 28, United States Code, awarding compensation for the taking of property by a Federal agency, or the Attorney General effecting a settlement of any such proceeding, shall determine and award or allow to such plaintiff, as a part of such judgment or settlement, such sum as will in the opinion of the court or the At-

torney General reimburse such plaintiff for his reasonable costs, disbursements, and expenses, including reasonable attorney, appraisal, and engineering fees, actually incurred because of such proceeding.

REQUIREMENTS FOR UNIFORM LAND ACQUISITION POLICIES;
PAYMENTS OF EXPENSES INCIDENTAL TO TRANSFER OF REAL
PROPERTY TO STATE; PAYMENT OF LITIGATION EXPENSES IN
CERTAIN CASES

SEC. 305. Notwithstanding any other law, the head of a Federal agency shall not approve any program or project or any grant to, or contract or agreement with, a State agency under which Federal financial assistance will be available to pay all or part of the cost of any program or project which will result in the acquisition of real property on and after the effective date of this title, unless he receives satisfactory assurances from such State agency that—

(1) in acquiring real property it will be guided, to the greatest extent practicable under State law, by the land acquisition policies in section 301 and the provisions of section 302, and

(2) property owners will be paid or reimbursed for necessary expenses as specified in sections 303 and 304.

REPEALS

16. Urban Parks and Recreation Recovery Program

An Act to authorize additional appropriations for the acquisition of lands and interests in lands within the Sawtooth National Recreation Area in Idaho. (92 Stat. 3467) (P.L. 95 625)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

TITLE X—URBAN PARK AND RECREATION RECOVERY PROGRAM

* * * * *

SEC. 1001. This title may be cited as the "Urban Park and Recreation Recovery Act of 1978".

SEC. 1002. The Congress finds that—

(a) the quality of life in urban areas is closely related to the availability of fully functional park and recreation systems including land, facilities, and service programs;

(b) residents of cities need close-to-home recreational opportunities that are adequate to specialized urban demands, with parks and facilities properly located, developed, and well maintained;

(c) the greatest recreational deficiencies with respect to land, facilities, and programs are found in many large cities, especially at the neighborhood level;

(d) inadequate financing of urban recreation programs due to fiscal difficulties in many large cities has led to the deterioration of facilities, nonavailability of recreation services, and in inability to adapt recreational programs to changing circumstances; and

(e) there is no existing Federal assistance program which fully addresses the needs for physical rehabilitation and revitalization of these park and recreation systems.

SEC. 1003. The purpose of this title is to authorize the Secretary to establish an urban park and recreation recovery program which would provide Federal grants to economically hard-pressed communities specifically for the rehabilitation of critically needed recreation areas, facilities, and development of improved recreation programs for a period of five years. This short-term program is intended to complement existing Federal programs such as the Land and Water Conservation Fund and Community Development Grant Programs by encouraging and stimulating local governments to revitalize their park and recreation systems and to make long-term commitments to continuing maintenance of these systems. Such assistance shall be subject to such terms and

conditions as the Secretary considers appropriate and in the public interest to carry out the purposes of this title.

SEC. 1004. When used in this title the term—

(a) "recreational areas and facilities" means indoor or outdoor parks, buildings, sites, or other facilities which are dedicated to recreation purposes and administered by public or private nonprofit agencies to serve the recreation needs of community residents. Emphasis shall be on public facilities readily accessible to residential neighborhoods, including multiple-use community centers which have recreation as one of their primary purposes, but excluding major sports arenas, exhibition areas, and conference halls used primarily for commercial sports, spectator, or display activities;

(b) "rehabilitation grants" means matching capital grants to local governments for the purpose of rebuilding, remodeling, expanding, or developing existing outdoor or indoor recreation areas and facilities, including improvements in park landscapes, buildings, and support facilities, but excluding routine maintenance and upkeep activities;

(c) "innovation grants" means matching grants to local governments to cover costs of personnel, facilities, equipment, supplies, or services designed to demonstrate innovative and cost-effective ways to augment park and recreation opportunities at the neighborhood level and to address common problems related to facility operations and improved delivery of recreation service, and which shall exclude routine operation and maintenance activities;

(d) "recovery action program grants" means matching grants to local governments for development of local park and recreation recovery action programs to meet the requirements of this title. Such grants will be for resource and needs assessment, coordination, citizen involvement and planning, and program development activities to encourage public definition of goals, and develop priorities and strategies for overall recreation system recovery;

(e) "maintenance" means all commonly accepted practices necessary to keep recreation areas and facilities operating in a state of good repair and to protect them from deterioration resulting from normal wear and tear;

(f) "general purpose local government" means any city, county, town, township, parish, village, or other general purpose political subdivision of a State, including the District of Columbia, and insular areas;

(g) "special purpose local government" means any local or regional special district, public-purpose corporation or other limited political subdivision of a

State, including but not limited to park authorities; park, conservation, water or sanitary districts; and school districts;

(h) "private, nonprofit agency" means a community-based, nonprofit organization, corporation, or association organized for purposes of providing recreational, conservation, and educational services directly to urban residents on either a neighborhood or communitywide basis through voluntary donations, voluntary labor, or public or private grants;

(i) "State" means any State of the United States or any instrumentality of a State approved by the Governor; the Commonwealth of Puerto Rico, and insular areas; and

(j) "insular areas" means Guam, the Virgin Islands, American Samoa, and the Northern Mariana Islands.

SEC. 1005. (a) Eligibility of general purpose local governments for assistance under this title shall be based upon need as determined by the Secretary. Within one hundred and twenty days after the effective date of this title, the Secretary shall publish in the Federal Register, a list of the local governments eligible to participate in this program, to be accompanied by a discussion of criteria used in determining eligibility. "Such criteria shall be based upon factors which the Secretary determines are related to deteriorated recreational facilities or systems, and physical and economic distress."

(b) Notwithstanding the list of eligible local governments established in accordance with subsection (a), the Secretary is also authorized to establish eligibility, at his discretion and in accord with the findings and purpose of this title, to other general purpose local governments in standard metropolitan statistical areas as defined by the census: *Provided*, That grants to these discretionary applicants do not exceed in the aggregate 15 per centum of funds appropriated under this title for rehabilitation, innovation, and recovery action program grants.

(c) The Secretary shall also establish priority criteria for project selection and approval which consider such factors as—

- (1) population;
- (2) condition of existing recreation areas and facilities;
- (3) demonstrated deficiencies in access to neighborhood recreation opportunities, particularly for minority, and low- and moderate-income residents;
- (4) public participation in determining rehabilitation or development needs;
- (5) the extent to which a project supports or complements target activities undertaken as part of a local government's overall community development and urban revitalization program;

(6) the extent to which a proposed project would provide employment opportunities for minorities, youth, and low- and moderate-income residents in the project neighborhood and/or would provide for participation of neighborhood, nonprofit or tenant organizations in the proposed rehabilitation activity or in subsequent maintenance, staffing, or supervision of recreation areas and facilities; and

(7) the amount of State and private support for a project as evidenced by commitments of non-Federal resources to project construction or operation.

SEC. 1006. (a) The Secretary is authorized to provide 70 per centum matching rehabilitation and innovative grants directly to eligible general purpose local governments upon his approval of applications therefor by the chief executives of such governments.

(1) At the discretion of such applicants, and if consistent with an approved application, rehabilitation and innovation grants may be transferred in whole or in part to independent special purpose local governments, private nonprofit agencies or county or regional park authorities: *Provided*, That assisted recreation areas and facilities owned or managed by them offer recreation opportunities to the general population within the jurisdictional boundaries of an eligible applicant.

(2) Payments may be made only for those rehabilitation or innovative projects which have been approved by the Secretary. Such payments may be made from time to time in keeping with the rate of progress toward the satisfactory completion of a project, except that the Secretary may, when appropriate, make advance payments on approved rehabilitation and innovative projects in an amount not to exceed 20 per centum of the total project cost.

(3) The Secretary may authorize modification of an approved project only when a grantee has adequately demonstrated that such modification is necessary because of circumstances not foreseeable at the time a project was proposed.

(b) Innovation grants should be closely tied to goals, priorities, and implementation strategies expressed in local park and recreation recovery action programs, with particular regard to the special considerations listed in section 1007(b)(2).

SEC. 1007. (a) As a requirement for project approval, local governments applying for assistance under this title shall submit to the Secretary evidence of their commitments to ongoing planning, rehabilitation, service, operation, and maintenance programs for their park and recreation systems. These commitments will be expressed in local park and recreation recovery action programs which maximize coordination of all community resources, including other federally supported urban de-

velopment and recreation programs. During an initial interim period to be established by regulations under this title, this requirement may be satisfied by local government submissions of preliminary action programs which briefly define objectives, priorities, and implementation strategies for overall system recovery and maintenance and commit the applicant to a scheduled program development process. Following this interim period, all local applicants shall submit to the Secretary, as a condition of eligibility, a five-year action program for park and recreation recovery that satisfactorily demonstrate:

- (1) systematic identification of recovery objectives, priorities, and implementation strategies;

- (2) adequate planning for rehabilitation of specific recreation areas and facilities, including projections of the cost of proposed projects;

- (3) capacity and commitment to assure that facilities provided or improved under this title shall thereafter continue to be adequately maintained, protected, staffed, and supervised;

- (4) intention to maintain total local public outlays for park and recreation purposes at levels at least equal to those in the year preceding that in which grant assistance is sought beginning in fiscal year 1980 except in any case where a reduction in park and recreation outlays is proportionate to a reduction in overall spending by the applicant; and

- (5) the relationship of the park and recreation recovery program to overall community development and urban revitalization efforts.

Where appropriate, the Secretary may encourage local governments to meet action program requirements through a continuing planning process which includes periodic improvements and updates in action program submissions to eliminate identified gaps in program information and policy development.

(b) Action programs shall address, but are not limited to the following considerations:

- (1) Rehabilitation of existing recreational sites and facilities, including general systemwide renovation; special rehabilitation requirements for recreational sites and facilities in areas of high population concentration and economic distress; and restoration of outstanding or unique structures, landscaping, or similar features in parks of historical or architectural significance.

- (2) Local commitments to innovate and cost-effective programs and projects at the neighborhood level to augment recovery of park and recreation systems, including but not limited to recycling of abandoned schools and other public buildings for recreational purposes; multiple use of operating educational and other public buildings; purchase of

recreation services on a contractual basis; use of mobile facilities and recreational, cultural, and educational programs or other innovative approaches to improving access for neighborhood residents; integration of recovery program with federally assisted projects to maximize recreational opportunities through conversion of abandoned railroad and highway rights-of-way, waterfront, and other redevelopment efforts and such other federally assisted projects as may be appropriate; conversion of recreation use of street space, derelict land, and other public lands not now designated for neighborhood recreational use; and use of various forms of compensated and uncompensated land regulation, tax inducements, or other means to encourage the private sector to provide neighborhood park and recreation facilities and programs.

The Secretary shall establish and publish in the Federal Register requirements for preparation, submission, and updating of local park and recreation recovery action programs.

(c) RECOVERY ACTION PROGRAM GRANTS.—The Secretary is authorized to provide up to 50 per centum matching grants to eligible local applicants for program development and planning specifically to meet the objectives of this title.

SEC. 1008. The Secretary is authorized to increase Federal implementation grants authorized in section 1006 by providing an additional match equal to the total match provided by a State of up to 15 per centum of total project costs. In no event may the Federal matching amount exceed 85 per centum of total project cost. The Secretary shall further encourage the States to assist him in assuring that local recovery plans and programs are adequately implemented by cooperating with the Department of the Interior in monitoring local park and recreation recovery plans and programs and in assuring consistency of such plans and programs, where appropriate, with State recreation policies as set forth in statewide comprehensive outdoor recreation plans.

SEC. 1009. The non-Federal share of project costs assisted under this Title may be derived from general or special purpose State or local revenues. State categorical grants, special appropriations by State legislatures, donations of land, buildings, or building materials and/or in-kind construction, technical, and planning services. No moneys from the Land and Water Conservation Fund (77 Stat. 49), as amended, or from any other Federal grant program other than general revenue sharing and the community development block grant programs shall be used to match Federal grants under this program. Reasonable local costs of action program development to meet the requirements of section 1007(a) of this title may be used as part of the local match only when local

applicants have not received program development grants under the authority of section 1007(c) of this title. The Secretary shall encourage States and private interests to contribute, to the maximum extent possible, to the non-Federal share of project costs.

SEC. 1010. No property improved or developed with assistance under this title shall, without the approval of the Secretary, be converted to other than public recreation uses. The Secretary shall approve such conversion only if he finds it to be in accord with the current local park and recreation recovery action program and only upon such conditions as he deems necessary to assure the provision of adequate recreation properties and opportunities of reasonably equivalent location and usefulness.

SEC. 1011. The Secretary of Labor shall undertake to assure that an equitable proportion of candidates shall be referred from each State.

"(d) In referring candidates from each State in accordance with subsection (c), preference shall be given to youths residing in rural and urban areas within each such State having substantial unemployment, including areas of substantial unemployment determined by the Secretary of Labor under section 204 (c) of this Act to have rates of unemployment equal to or in excess of 6.5 per centum.

"(e)(1) No individual may be enrolled in the Corps for a total period of more than twelve months, with such maximum period consisting of either one continuous twelve-month period, or three or less periods which total twelve months, except that an individual who attains the maximum permissible enrollment age may continue in the Corps up to the twelve-month limit provided in this subsection only as long as the individual's enrollment is continuous after having attained the maximum age.

“SEC. 321. It is the purpose of this part to establish a variety of employment, training and demonstration programs to explore methods of dealing with the structural unemployment problems of the Nation's youth. The basic purpose of the demonstration programs shall be to test the relative efficacy of different ways of dealing with these problems in different local contexts, but this basic purpose shall not preclude the funding of programs dealing with the immediate difficulties faced by youths who are in need of, and unable to find, jobs. It is explicitly not the purpose of this part to provide make-work opportunities for unemployed youth; instead, it is the purpose to provide youth, and particularly economically disadvantaged youth, with opportunities to learn and earn that will lead to meaningful employment opportunities after they have completed the program.

"(3) take into consideration the extent to which new and different classifications, occupations, or restructured jobs are created for youth;

SEC. 1. This Act may be cited as the "Grand Canyon National Park Enlargement Act".

DECLARATION OF POLICY

SEC. 2. It is the object of this Act to provide for the recognition by Congress that the entire Grand Canyon, from the mouths of the Paria River to the Grand Wash Cliffs, including tributary side canyons and surrounding plateaus, is a natural feature of national and international significance. Congress therefore recognizes the need for, and in this Act provides for, the further protection and interpretation of the Grand Canyon in accordance with its true significance.

ENLARGEMENT OF GRAND CANYON NATIONAL PARK BOUNDARIES

SEC. 3. (a) In order to add to the Grand Canyon National Park certain prime portions of the canyon area possessing unique natural, scientific, and scenic values, the Grand Canyon National Park shall comprise, subject to any valid existing rights under the Navajo Boundary Act of 1934, all those lands, waters, and interests therein, constituting approximately one million two hundred thousand acres, located within the boundaries as depicted on the drawing entitled "Boundary Map, Grand Canyon National Park," numbered 113-20, 021 B and dated December 1974, a copy of which shall be on file and available for public inspection in the offices of the National Park Service, Department of the Interior.

(b) For purposes of this Act, the Grand Canyon National Monument and the Marble Canyon National Monument are abolished.

(c) The Secretary of the Interior shall study the lands within the former boundaries of the Grand Canyon National Monument commonly known as the Tuckup Point, Slide Mountain, and Jensen Tank areas to determine whether any portion of these lands might be unsuitable for park purposes and whether in his judgment the public interest might be better served if they were deleted from the Grand Canyon National Park. The Secretary shall report his findings and recommendations to the Congress no later than one year from the date of enactment of this Act.

ACQUISITION OF LANDS BY DONATION OR EXCHANGE

SEC. 4. (a) Within the boundaries of the Grand Canyon National Park, as enlarged by this Act, the Secretary of the Interior (hereinafter referred to as the "Secretary") may acquire land and interest in land by donation, purchase with donated or appropriated funds, or exchange.

(b) Federal lands within the boundaries of such park are hereby transferred to the jurisdiction of the Secretary for the purposes of the Act.

COOPERATIVE AGREEMENTS FOR UNIFIED INTERPRETATION OF GRAND CANYON

SEC. 6. In the administration of the Grand Canyon National Park, as enlarged by this Act, the Secretary is authorized and encouraged to enter into cooperative agreements with other Federal, State, and local public departments and agencies and with interested Indian tribes providing for the protection and interpretation of the Grand Canyon in its entirety. Such agreements shall include, but not be limited to, authority for the Secretary to develop and operate interpretative facilities and programs on lands and waters outside of the boundaries of such park, with the concurrence of the owner or administrator thereof, to the end that there will be a unified interpretation of the entire Grand Canyon.

PRESERVATION OF EXISTING GRAZING RIGHTS

SEC. 7. Where any Federal lands within the Grand Canyon National Park, as enlarged by this Act, are legally occupied or utilized on the effective date of this Act for grazing purposes, pursuant to a Federal lease, permit, or license, the Secretary shall permit the persons holding such grazing privileges to continue in the exercise thereof during the term of the lease, permit, or license, and periods of renewal thereafter: *Provided*, That no such renewals shall be extended beyond the period ending ten years from the date of enactment of this Act, except that any present lease, permit, or license within the boundaries of the Grand Canyon National Monument as abolished by subsection 3(b) of this Act may be renewed

during the life of the present holder which renews shall terminate upon the death of the present holder.

AIRCRAFT REGULATION

SEC. 8. Whenever the Secretary has reason to believe that any aircraft or helicopter activity or operation may be occurring or about to occur within the Grand Canyon National Park, as enlarged by this Act, including the airspace below the rims of the canyon, which is likely to cause an injury to the health, welfare, or safety of visitors to the park or to cause a significant adverse effect on the natural quiet and experience of the park, the Secretary shall submit to the Federal Aviation Agency, the Environmental Protection Agency pursuant to the Noise Control Act of 1972, or any other responsible agency or agencies such complaints, information, or recommendations for rules and regulations or other actions as he believes appropriate to protect the public health, welfare, and safety or the natural environment within the park. After reviewing the submission of the Secretary, the responsible agency shall consider the matter, and after consultation with the Secretary, shall take appropriate action to protect the park and visitors.

PRESERVATION OF EXISTING RECLAMATION PROVISIONS

SEC. 9. (a) Nothing in this Act shall be construed to alter, amend, repeal, modify, or be in conflict with the provisions of sections 601 to 606 of the Colorado River Basin Project Act, approved September 30, 1968 (82 Stat. 885, 901).

(b) Section 7 of the Act of February 26, 1919 (40 Stat. 1175, 1178), is amended to read as follows:

"Whenever consistent with the primary purposes of such park, the Secretary of the Interior is authorized to permit the utilization of those areas formerly within the Lake Mead National Recreation Area immediately prior to enactment of the Grand Canyon National Park Enlargement Act, and added to the park by such Act, which may be necessary for the development and maintenance of a Government reclamation project."

(5) no commercial timber production, no commercial mining or mineral production, and no commercial or industrial development shall be permitted on such lands: *Provided further*, That the Secretary may authorize the establishment of such tribal small business enterprises as he deems advisable to meet the needs of the tribe which are in accordance with the plan provided in paragraph (4) of this section;

(7) except for the uses permitted in paragraphs 1 through 6 of this section, the lands hereby transferred to the tribe shall remain forever wild and no uses shall be permitted under the plan which detract from the existing scenic and natural values of such lands.

(c) The Secretary shall be responsible for the establishment and maintenance of conservation measures for these lands, including, without limitation, protection from fire, disease, insects, or trespass and reasonable prevention or elimination of erosion, damaging land use, overgrazing, or pollution. The Secretary of the Interior is authorized to contract with the Secretary of Agriculture for any services or materials deemed necessary to institute or carry out any such measures. Any authorized Federal programs available to any other Indian tribes to enhance their social, cultural, and economic well-being shall be deemed available to the tribe on these lands so long as such programs or projects are consistent with the purposes of this Act. For these purposes, and for the purpose of managing and preserving the resources of the Grand Canyon National Park, the Secretary shall have the right of access to any lands hereby included in the Havasupai Reservation. Nothing in this Act shall be construed to prohibit access by any members of the tribe to any sacred or religious places or burial grounds, native foods, paints, materials, and medicines located on public lands not otherwise covered in this Act.

(d) The Secretary shall permit any person presently exercising grazing privileges pursuant to Federal permit or lease in that part of the Kaibab National Forest designated as the "Raintank Allotment", and which is included in the Havasupai Reservation by this section, to continue in the exercise thereof, but no permit or renewal shall be extended beyond the period ending ten years from the date of enactment of this Act, at which time all rights of use and occupancy of the lands will be transferred to the tribe subject to the same terms and conditions as the other lands included in the reservation in paragraph (b) of this section.

* * * * *

OLYMPIC NATIONAL PARK

SEC. 320. (a) The boundaries of Olympic National Park as established by the Act of June 29, 1938 (52 Stat. 1241), and as revised by proclamation pursuant to that Act and by or pursuant to the Act of December 22, 1942 (56 Stat. 1070), and the Act of June 11, 1958 (72 Stat. 185), are hereby revised to include the lands, privately owned aquatic lands, and interests therein within the boundaries depicted on the map entitled "Boundary Map, Olympic National Park, Washington," numbered 149-80-001-B, and dated January 1976, which shall be on file and available for public inspection in the office of the National Park Service, Department of the Interior.

(b) The Secretary of the Interior (hereinafter referred to as the "Secretary") shall, beginning within thirty days after the date of enactment of this Act, consult with the Governor of the State of Washington, the Board of Commissioners of Clallam County, and the affected land-owners, and shall locate a boundary encompassing all of the shoreline of Lake Ozette, including privately owned aquatic lands not within the boundary of the park on the date of enactment of this Act: *Provided*, That such boundary shall be located not less than two hundred feet set back from the ordinary high-water mark of Lake Ozette: *Provided further*, That the privately owned lands encompassed within the park by such boundary shall not exceed one thousand five hundred acres. The Secretary shall, within one hundred and eighty days after the date of enactment of this Act, and following reasonable notice in writing to the Committees on Interior and Insular Affairs of the Senate and House of Representatives of his intention to do so, publish in the Federal Register a detailed description of the boundary located pursuant to this subsection. Upon such publication the Secretary is authorized to revise the map on file pursuant to subsection (a) of this section accordingly, and such revised map shall have the same force and effect as if included in this Act.

(c) Section 5 of the said Act of June 29, 1938, is amended by deleting the second sentence, and inserting

in lieu thereof: "The boundaries of Olympic National Park may be revised only by Act of Congress."

(d) Notwithstanding any other provision of law, within the boundaries of the park as revised by and pursuant to this Act, the Secretary is authorized to acquire lands, privately owned aquatic lands, and interests therein by donation, purchase with donated or appropriated funds, exchange, or transfer from any Federal agency. Property so acquired shall become part of Olympic National Park and shall be administered by the Secretary subject to the laws and regulations applicable to such park. The Secretary is authorized and directed to exclude from the boundaries of the park such private lands and publicly owned and maintained roads within Grays Harbor County which are near and adjacent to Lake Quinault, and which do not exceed two thousand, one hundred and sixty-eight acres in total. Prior to excluding such lands from the park, the Secretary shall study and investigate current and prospective uses of the private lands, as well as the implications of their exclusion both for the lands involved and for Olympic National Park. The results of such study shall be transmitted to the President and to the Congress within two years of the enactment of this Act, and shall take effect unless disapproved by simple majority vote of the House of Representatives or the Senate of the United States of America within ninety legislative days of their submission to the Congress. Property excluded from the boundaries of the park by this Act may be exchanged for non-Federal property within the boundaries; or it may be transferred to the jurisdiction of any Federal agency or to the State of Washington or a political subdivision thereof, without monetary consideration, as the Secretary may deem appropriate. Any such Federal property transferred to the jurisdiction of the Secretary of Agriculture for national forest purposes shall upon such transfer become part of the national forest and subject to the laws and regulations pertaining thereto. Any property excluded from the park by this Act which is within the boundaries of an Indian reservation may be transferred in trust to such Indian tribe, subject, however, to the express condition that any concessioner providing public services shall be permitted to continue to provide such services in such manner and for such period as set forth in his concession contract, that the Secretary of the Interior is authorized to pay all franchise fees collected from the concessioner under the contract to said Indian Tribe, and that in the event his contract is terminated, the United States shall purchase his possessory interest in accordance with the Act of October 9, 1965 (79 Stat. 969). The acquisition of lands by the United States in trust for an Indian tribe pursuant to this title shall not confer any hunting or fishing rights upon such tribe

which were not vested in such tribe prior to the acquisition of such lands.

(e)(1) Any owner or owners of improved property within the boundaries of the park, as revised by and pursuant to this Act may, on the date of its acquisition, retain for themselves and their successors or assigns a right of use and occupancy of the property for such non-commercial residential purposes as existed on or before January 1, 1976, for twenty-five years, or, in lieu thereof, for a term ending at the death of the owner or his spouse, whichever is later. The Secretary shall pay to the owner the fair market value of the property on the date of such acquisition, less the fair market value on such date of the right retained by the owner.

(2) As used in this title, the term "improved property" shall mean any single-family dwelling on which construction was begun before January 1, 1976, together with so much of the land on which the dwelling is situated (such land being in the same ownership as the dwelling) as shall be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, as the Secretary shall designate. The amount of the land so designated shall in every case be not more than three acres in area: *Provided*, That the Secretary may exclude from the land so designated any beach or water, together with so much of the land adjoining any such beach or water, as he may deem necessary for public access thereto.

(f) The Secretary is directed to acquire in fee all other privately owned lands added to the park by and pursuant to this Act, and to acquire within three years of adoption of this Act so much of such lands as can be acquired by donation, exchange, or purchase, to the extent of available funds, and to report to Congress on the third anniversary of adoption of this Act the estimated amount of appropriations which would be necessary to acquire the remainder, if any, of such lands by condemnation. The compensation for such lands shall be their fair market value on the date of their acquisition, taking into account applicable land use regulations in effect on January 1, 1976.

(g) Notwithstanding the provisions of the preceding subsection, any noncorporate owner or owners, as of January 1, 1976, of property adjacent to Lake Ozette may retain title to such property: *Provided*, That such owner or owners consent to acquisition by the Secretary or scenic easements or other interests that allow only those improvements that the Secretary finds to be reasonably necessary for continued use and occupancy. Any such owner or owners who elects to improve his property or a portion thereof shall submit to the Secretary a plan which shall set forth the manner in which the property is to be improved and the use to which it is proposed to

be put. If, upon review of such plan, the Secretary determines that it is compatible with the limitations of this subsection, he in his discretion may issue a permit to such owner and a certificate to that effect. Upon issuance of any such certificate and so long as such property is maintained and used in conformity therewith, the authority of the Secretary to acquire such property or interest therein without the consent of the owner shall be suspended.

(h) In order to minimize economic dislocation in acquiring property within the park, the Secretary may acquire with the consent of the owner, lands and interests in lands outside the boundaries of the park, but within the State of Washington, and with the concurrence of the Secretary of Agriculture, he may utilize lands and interests therein within a national forest in the State of Washington hereby authorized to be transferred to the Secretary, for the purpose of exchanging lands and interests so acquired or transferred for property within the park.

(i) Effective upon acceptance thereof by the State of Washington (1) the jurisdiction which the United States acquired over those lands excluded from the boundaries of Olympic National Park by subsection 1(a) of this Act is hereby retroceded to the State: *Provided*, That the lands restored to the Quileute Indian Reservation shall be subject to the same State and Tribal jurisdiction as all other trust lands within said Reservation; and (2) there is hereby retroceded to such State concurrent legislative jurisdiction, as the Governor of the State of Washington and the Secretary shall determine, over and within all territory within the boundaries of the park as revised by this Act.

(j) There is hereby authorized to be appropriated not to exceed \$13,000,000 for the acquisition of lands, privately owned aquatic lands, or interests therein in accordance with the provisions of this title. No funds authorized to be appropriated pursuant to this title shall be available prior to October 1, 1977.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

TITLE I

SEC. 101. (a) In order to protect existing irreplaceable Redwood National Park resources from damaging upslope and upstream land uses, to provide a land base sufficient to insure preservation of significant examples of the coastal redwood in accordance with the original intent of Congress, and to establish a more meaningful Redwood National Park for the use and enjoyment of visitors, the Act entitled "An Act to establish a Redwood National Park in the State of California, and for other purposes", approved October 2, 1968 (82 Stat. 931), is amended as follows:

(1) In subsection 2(a) after "September 1968," insert "and the area indicated as 'Proposed Additions' on the map entitled 'Additional Lands, Redwood National Park, California', numbered 167-80005-D and dated March 1978."

(2) In section 2, subsection (a), delete "fifty-eight thousand" and substitute "one hundred and six thousand" and delete the period at the end of the subsection and add "and publicly owned highways and roads." In section 2, subsection (b), delete "by donation only". At the end of section 2, insert the following new subsection "(c)":

"(c) Within the area outside the boundaries of Redwood National Park indicated as the 'Park Protection Zone' on the map entitled 'Proposed Additions, Redwood National Park, California', numbered 167-80005-D and dated March 1978, the Secretary is authorized to acquire lands and interests in land: *Provided*, That lands may be acquired from a willing seller or upon a finding by the Secretary that failure to acquire all or a portion of such lands could result in physical damage to park resources and following notice to the Committee on Energy and Natural Resources of the United States Senate and the Committee on Interior and Insular Affairs of the House of Representatives. Any lands so acquired shall be managed in a manner which will maximize the protection of the resources of Redwood National Park, and in accordance with the Act of October 21, 1976 (90 Stat. 2743). Acquisition of a parcel of land under the authority of this subsection shall not as a result of such acquisition diminish the right of owners of adjacent lands to the peaceful use and enjoyment of their land and shall not

confer authority upon the Secretary to acquire additional lands except as provided in this subsection.”.

(3) In subsection 3(a), delete the period at the end of the second sentence and add the following: “which donation of lands or interest in lands may be accepted in the discretion of the Secretary subject to such preexisting reverters and other conditions as may appear in the title to these lands held by the State of California, and such other reverters and conditions as may be consistent with the use and management of the donated lands as a portion of Redwood National Park. Notwithstanding any other provision of law, the Secretary may expend appropriated funds for the management of and for the construction, design, and maintenance of permanent improvements on such lands and interests in land as are donated by the State of California in a manner not inconsistent with such reverters and other conditions.”.

(4) In subsection 3(b)(1), after “NPS-RED-7114-B”, insert “and effective on the date of enactment of this phrase, there is hereby vested in the United States all right, title, and interest in, and the right to immediate possession of, all real property within the area indicated as ‘Proposed Additions’ on the map entitled ‘Additional Lands, Redwood National Park, California’, numbered 167-80005-D and dated March 1978, and all right, title, and interest in, and the right to immediate possession of the down tree personal property (trees severed from the ground by man) severed prior to January 1, 1975, or subsequent to January 31, 1978, within the area indicated as ‘Proposed Additions’ on the map entitled ‘Additional Lands, Redwood National Park, California’, numbered 167-80005-D and dated March 1978.”.

At the end of subsection 3(b)(1), insert the following new paragraphs: “Down tree personal property severed subsequent to December 31, 1974, and prior to February 1, 1978 may be removed in accordance with applicable State and Federal law, or other applicable licenses, permits, and existing agreements, unless the Secretary determines that the removal of such down timber would damage second growth resources or result in excessive sedimentation in Redwood Creek: *Provided, however,* That down timber lying in stream beds may not be removed without permission of the Secretary: *Provided,* That such removal shall also be subject to such reasonable conditions as may be required by the Secretary to insure the continued availability of raw materials to Redwoods United, Incorporated, a nonprofit corporation located in Manila, California.

“The Secretary shall permit, at existing levels and extent of access and use, continued access and use of each acquired segment of the B line, L line, M line, and K and K roads by each current affected woods employer or its successor in title and interest: *Provided,* That such use

is limited to forest and land management and protection purposes, including timber harvesting and road maintenance. The Secretary shall permit, at existing levels and extent of access and use, continued access and use of acquired portions of the Bald Hills road by each current affected woods employer or its successor in title and interest: *Provided further*, That nothing in this sentence shall diminish the authority of the Secretary to otherwise regulate the use of the Bald Hills road.”.

(5) In subsection 3(b)(2), delete the last sentence and add the following sentences at the end of the paragraph: “Any action against the United States with regard to the provisions of this Act and for the recovery of just compensation for the lands and interests therein taken by the United States, and for the down tree personal property taken, shall be brought in the United States district court for the district where the land is located without regard to the amount claimed. The United States may initiate proceedings at any time seeking a determination of just compensation in the district court in the manner provided by sections 1358 and 1403 of title 28, United States Code, and may deposit in the registry of the court the estimated just compensation, or a part thereof, in accordance with the procedure generally described by section 258a of title 40, United States Code. Interest shall not be allowed on such amounts as shall have been paid into the court. In the event that the Secretary determines that the fee simple title to any property (real or personal) taken under this section is not necessary for the purposes of this Act, he may, with particular attention to minimizing the payment of severance damages and to allow for the orderly removal of down timber, revest title to such property subject to such reservations, terms, and conditions, if any, as he deems appropriate to carry out the purposes of this Act, and may compensate the former owner for no more than the fair market value of the rights so reserved, except that the Secretary may not revest title to any property for which just compensation has been paid; or, the Secretary may sell at fair market value without regard to the requirements of the Federal Property and Administrative Services Act of 1949, as amended, such down timber as in his judgment may be removed without damage to the park, the proceeds from such sales being credited to the Treasury of the United States. If the State of California designates a right-of-way for a bypass highway around the eastern boundary of Prairie Creek Redwood State Park prior to October 1, 1984, the Secretary is authorized and directed to acquire such lands or interests in lands as may be necessary for such a highway and, subject to such conditions as the Secretary may determine are necessary to assure the adequate protection of Redwood National Park, shall thereupon donate the designated right-of-way to the State of California for a new bypass

highway from a point south of Prairie Creek Redwood State Park through the drainage of May Creek and Boyes Creek to extend along the eastern boundary of Prairie Creek Redwood State Park within Humboldt County. Such acreage as may be necessary in the judgment of the Secretary for this conveyance, and for a buffer thereof, shall be deemed to be a publicly owned highway for purposes of section 101(a)(2) of this amendment effective on the date of enactment of this section."

(6) In subsection 3(e), delete "sixty days" in the last sentence and add the following sentences at the end of the subsection: "Effective on the date of enactment of this sentence, there are made available from the amounts provided in section 10 herein or as may be hereafter provided such sums as may be necessary for the acquisition of interests in land. Effective on October 1, 1978, there are authorized to be appropriated such sums as may be necessary for the implementation of contracts and cooperative agreements pursuant to this subsection: *Provided*, That it is the express intent of Congress that the Secretary shall to the greatest degree possible insure that such contracts and cooperative agreements provide for the maximum retention of senior employees by such owners and for their utilization in rehabilitation and other efforts. The Secretary, in consultation with the Secretary of Agriculture, is further authorized, pursuant to contract or cooperative agreement with agencies of the Federal Executive, the State of California, any political or governmental subdivision thereof, any corporation, not-for-profit corporation, private entity or person, to initiate, provide funds, equipment, and personnel for the development and implementation of a program for the rehabilitation of areas within and upstream from the park contributing significant sedimentation because of past logging disturbances and road conditions, and, to the extent feasible, to reduce risk of damage to streamside areas adjacent to Redwood Creek and for other reasons: *Provided further*, That authority to make payments under this subsection shall be effective only to such extent or in such amounts as are provided in advance in appropriation Acts. Such contracts or cooperative agreements shall be subject to such other conditions as the Secretary may determine necessary to assure the adequate protection of Redwood National Park generally, and to provide employment opportunities to those individuals affected by this taking and to contribute to the economic revival of Del Norte and Humboldt Counties in northern California. The Secretary shall undertake and publish studies on erosion and sedimentation originating within the hydrographic basin of Redwood Creek with particular effort to identify sources and causes, including differentiation between natural and man-aggravated conditions, and shall adapt his general management plan to benefit from the results of such

studies. The Secretary, or the Secretary of Agriculture, where appropriate, shall also manage any additional Federal lands under his jurisdiction that are within the hydrographic basin of Redwood Creek in a manner which will minimize sedimentation which could affect the park, and in coordination with plans for sediment management within the basin. To effectuate the provisions of this subsection, and to further develop scientific and professional information and data concerning the Redwood Forest ecosystem, and the various factors that may affect it, the Secretary may authorize access to the area subject to this subsection by designated representatives of the United States.”.

(b) The first section of the Act of August 18, 1970 (84 Stat. 825), is amended by adding the following: “Congress further reaffirms, declares, and directs that the promotion and regulation of the various areas of the National Park System, as defined in section 2 of this Act, shall be consistent with and founded in the purpose established by the first section of the Act of August 25, 1916, to the common benefit of all the people of the United States. The authorization of activities shall be construed and the protection, management, and administration of these areas shall be conducted in light of the high public value and integrity of the National Park System and shall not be exercised in derogation of the values and purposes for which these various areas have been established, except as may have been or shall be directly and specifically provided by Congress.”.

(c) Notwithstanding any provision of the Act of October 2, 1968, *supra*, the vesting in the United States of all right, title, and interest in, and the right to immediate possession of, all real property and all down tree personal property within the area indicated as “Proposed Additions” on the map entitled “Additional Lands, Redwood National Park, California,” numbered 167-80005-D and dated March 1978, as established by subsection (a)(4) of the first section of this Act, shall be effective on the date of enactment of this section. The provisions of subsection 3(b)(3) of the Act of October 2, 1968, *supra*, shall also relate to the effective date of this section. From the appropriations authorized for fiscal year 1978 and succeeding fiscal years such sums as may be necessary may be expended for the acquisition of lands and interests in lands, and down tree personal property, authorized to be acquired, or acquired, pursuant to the provisions of this Act.

SEC. 102. (a) The Secretary, in consultation with the Secretaries of Agriculture, Commerce, and Labor, shall conduct an analysis of appropriate Federal actions that may be necessary or desirable to mitigate any adverse economic impacts to public and private segments of the local economy, other than the owners of properties taken by this Act, as a result of the addition of property to

Redwood National Park under the first section of this Act. The Secretaries shall also consider the benefits of making grants or entering into contracts or cooperative agreements with the State of California or Del Norte and Humboldt Counties as provided by subsection (b) for the purpose of development and implementation of a program of forest resource improvement and utilization, including, but not limited to, reforestation, erosion control, and other forest land conservation measures, fisheries and fish and wildlife habitat improvements, and wood energy facilities. Not later than January 1, 1979, the Secretary shall submit to the Speaker of the House of Representatives and the President of the Senate a report of his analysis, including his recommendations with respect to actions that should be taken to mitigate any significant short-term and long-term adverse effects on the local economy caused by such addition.

(b) The Secretary of Commerce and the Secretary of Labor, in consultation with the Secretary, and pursuant to his study, shall apply such existing programs as are necessary and appropriate to further mitigate identified employment and other adverse economic impacts on public and private segments of the local economy, other than with regard to the payment of just compensation to the owners of properties taken by this Act and by the Act of October 2, 1968, *supra*. In addition to the land rehabilitation and employment provisions of this Act, which should have a substantial positive economic effect on the local economy, the Secretaries of Commerce and Labor are further authorized and directed to implement existing authorities to establish employment programs, pursuant to such grants, contracts and cooperative agreements with agencies of the Federal Executive, the State of California, any political or governmental subdivision thereof, any corporation, not-for-profit corporation, private entity or person, for the development and implementation of such programs, as, in the discretion of the Secretaries of Commerce and Labor, may be necessary to provide employment opportunities to those individuals affected by this taking and to contribute to the economic revival of Del Norte and Humboldt Counties, in northern California. Effective on October 1, 1978, there are authorized such sums as may be necessary to carry out the employment and economic mitigation provisions of this Act: *Provided*, That the authority to make payments under this section shall be effective only to such extent or in such amounts as are provided in advance in appropriation Acts.

(c) The Secretary of Agriculture within one year after the date of enactment of this Act, shall prepare and transmit to Congress a study of timber harvest scheduling alternatives for the Six Rivers National Forest. Such alternatives shall exclude the timber inventories now standing on units of the Wilderness Preservation System

and shall be consistent with laws applicable to management of the national forests. In developing the alternatives, the Secretary shall take into consideration economic, silvicultural, environmental, and social factors.

PREFERENTIAL HIRING

SEC. 103. (a) In order to utilize the skills of individuals presently working in the woods and in the mills to the greatest degree possible to both ease the personal economic effects of this taking, and to assist in the necessary rehabilitation, protection, and improvement of lands acquired by this Act through implementation of sound rehabilitation and land use practices, the Secretary shall have power to appoint and fix the compensation of seven full-time and thirty-one temporary personnel to assist in carrying out such programs necessary for the protection and enhancement of Redwood National Park. In filling these positions, preference shall be given to affected employees (as defined in title II of this Act) for a period ending on September 30, 1984, notwithstanding applicable civil service laws and regulations.

(b) In order to effectively administer the expanded Redwood National Park created by this Act in a manner that will provide maximum protection to its resources and to provide for maximum visitor use and enjoyment to ease the local economic effects of this taking, the Secretary shall have power to appoint and fix the compensation of two full-time and twenty temporary employees in the competitive service. In filling these positions, preference shall be given to affected employees (as defined in title II) for a period ending on September 30, 1984, notwithstanding applicable civil service laws and regulations. The Secretary shall further have power to appoint and fix the compensation of an additional thirty-two full-time and forty temporary employees in the competitive service as provided by this subsection at the time of the donation of those park lands or interests in land owned by the State of California as are within the boundaries of Redwood National Park as provided herein. In filling these positions, preference shall be given to those State employees affected by this transfer for a period not to exceed six years from the date of transfer; permanent State civil service employees shall be provided the opportunity to transfer to a comparable Federal civil service classification notwithstanding applicable civil service laws and regulations.

(c) An affected employee shall be given full consideration for certain civilian jobs as provided in this section both with the Federal Government and with those private employers that have certain undertakings or programs that involve Federal participation or approval for

the period beginning on the date of enactment of this Act and ending September 30, 1984, if the positions will be primarily located in Humboldt or Del Norte Counties or other counties in California adjacent thereto, and if the employee is otherwise qualified under this section.

(d)(1) Any Federal agency that is creating or filling a civilian Federal job that is within the scope of clause (2)(A) of this subsection, pursuant to contract, civil service merit system, or otherwise, that will be primarily located in Humboldt or Del Norte Counties, California, or other counties in California adjacent thereto, must provide notice in advance of the availability of that job and must provide qualified affected employee applicants for these positions with full consideration for these positions if the further conditions set forth in clause (2)(B) of this subsection are met. The notice required by this paragraph shall be as provided by applicable law and regulation through the offices of the Employment and Training Services located in Humboldt and Del Norte Counties, California, and through such other means as are likely to gain the attention of affected employees.

(2) Consideration for employment under this section shall be provided under the following conditions:

(A) the job involves skills and training that could reasonably be expected to have been gained by individuals who have been employed as logging and related woods employees or sawmill, plywood, and other wood processing employees, or office employees, or that can reasonably be expected to be gained while so employed, or pursuant to retraining as provided herein; and

(B) the applicant has the ability, or can reasonably be expected to have the ability after appropriate training of reasonable duration as further provided herein, to perform the duties of the job: *Provided*, That the full consideration shall not be required with respect to those affected employee applicants requiring training in a situation where the schedule for completion of the work is such that the period during which said employee can reasonably be expected to work following completion of training is determined by the Secretary to be incommensurate with the time and funds required to provide said employee with the necessary training.

(e)(1) Any Federal agency involved in the manner provided herein with a private employer responsible for filing an employment position that is within the scope of clause (2)(A) of subsection (d), above, that will be primarily located in Humboldt or Del Norte Counties, or other counties in California adjacent thereto, is directed to require that any Federal contracts, grants, subsidies, loans, or other forms of funding assistance, and any Federal lease, permit, license, certificate, or other entitlement for use, not constituting an existing property right

as of the date of enactment of this Act, that is a condition to or a requirement of the conduct of harvesting and related activities or replanting and land rehabilitation or the conduct of wood processing and related activities or the conduct of highway construction and related activities shall be subject to and conditioned upon said private employer giving full consideration to affected employees as provided herein.

(2) Any private employer who participates with a Federal agency in the manner described above and who is, accordingly, subject to the requirements as provided herein, shall—

(A) provide notice of the availability of those jobs described in subsection (d)(2)(A) in the manner generally provided by subsection (d)(1); and

(B) provide full consideration to qualified affected employee applicants for these positions if the further conditions established by clause (2)(B) of subsection (d) are met.

(f) The Secretary is directed to seek and authorized to enter into agreements with affected employers and industry employers providing that full consideration shall be given with respect to the employment of affected employees who had been employed by affected employers in jobs that may become available in Humboldt and Del Norte Counties and other counties adjacent thereto. The execution and carrying out of such an agreement, or the giving of full consideration to the employment of affected employees under subsection (c) of this section, shall not subject an employer to any additional liability or obligations under any Federal or State equal employment law, rule, regulation, or order.

(g)(1) The Secretary, except as otherwise provided, shall be responsible for the implementation of this section and—

(A) is authorized and directed to make needed training available, upon application, to an affected employee applicant who, although not presently qualified for a position, can be reasonably expected to be qualified after appropriate training;

(B) is authorized to take such actions as may be necessary to ensure that an affected employee is not denied full consideration because of the need for training where there is no substantial reason to believe that the applicant would be unable to perform the duties of the job after proper training. If the job is one which must be filled while the affected employee would be in training, the Secretary shall encourage the employer to fill the job only on a temporary basis subject to the successful completion of the training by the affected employee;

(C) shall require that, in a case in which two or more affected employee applicants have approximately equal qualifications for a job for which they

are to receive full consideration, that applicant with the greatest creditable service shall be given preference among those applicants entitled to full consideration; and

(D) upon the filing of a complaint by an employee who alleges that said employee's rights to full consideration were disregarded, the Secretary shall make a finding on the merits of such complaint. If it is determined that there has been noncompliance with this section, the Secretary shall take such action as may be appropriate to correct the situation.

(2) To assist in implementing this section, agencies shall notify the Secretary, in advance, of any job opening as provided for by subsection (d) and of any Federal commitment as provided for by subsection (e).

(3) The Secretary shall—

(A) seek the cooperation of the State of California and the county and local governments within Humboldt and Del Norte Counties in the implementation of the provisions of this section and in the adoption of similar provisions for full consideration of affected employees with regard to State, county, and local jobs and activities; and

(B) appoint, from among nominees proposed by certified or recognized unions representing employees, a person or persons who shall serve as the Secretary's liaison with employees and their union and as consultant to the Secretary with regard to the administration of those provisions of this Act for which the Secretary is responsible.

(h) An employee, a group of employees, a certified or recognized union, or an authorized representative of such employee or group, aggrieved by any determination by the Secretary under this Act shall be entitled to judicial review of such determination in the same manner and under the same conditions as provided by section 250 of The Trade Act of 1974 (88 Stat. 2029).

(i) Nothing in this section shall be construed to affect any additional or alternative rights under a law, regulation, or contract (including, but not limited to, veteran preference and contracts between private employers and unions) in effect as of the date of enactment of this Act, and the implementation of this section shall be carried out in accord with applicable civil service laws and regulations except as otherwise provided for in this section. Employees appointed to Federal jobs pursuant to this section shall have their compensation fixed at rates not to exceed that now or hereafter prescribed for the highest rate of grade 15 of the General Schedule under section 5332 of title 5, United States Code.

SEC. 104. (a) The Secretary shall submit an annual written report to the Congress on January 1, 1979, and annually thereafter for ten years, reporting on the status of payment by the Secretary for real property acquired

pursuant to section 101(a)(4) and section 101(a)(2) of this amendment; the status of the actions taken regarding land management practices and watershed rehabilitation efforts authorized by section 101(a)(6) and section 102(b) of this amendment; the status of the efforts to mitigate adverse economic impacts as directed by this Act; this status of National Park Service employment requirements as authorized by section 103 of this amendment; the status of the new bypass highway and of the agreement for the donation of the State park lands as contemplated by section 101(a)(5) of this amendment; and, the status of the National Park Service general management plan for the park.

(1) the objectives, goals, and proposed actions designed to assure the preservation and perpetuation of a natural redwood forest ecosystem;

(2) the type and level of visitor use to be accommodated by the park, by specific area, with specific indications of carrying capacities consistent with the protection of park resources;

(3) the type, extent, and estimated cost of development proposed to accommodate visitor use and to protect the resource, to include anticipated location of all major development areas, roads, and trails; and

(4) the specific locations and types of foot trail access to the Tall Trees Grove, of which one route shall, unless shown by the Secretary to be inadvisable, principally traverse the east side of Redwood Creek through the essentially virgin forest, connecting with the roadhead on the west side of the park east of Orick.

SEC. 105. Effective on October 1, 1978, there are hereby authorized to be appropriated \$33,000,000 to carry out the rehabilitation provisions of this Act.

SEC. 106. (a) Notwithstanding any contrary provision of the Act entitled "An Act to provide for certain payments to be made to local governments by the Secretary of the Interior based upon the amount of certain public lands within the boundaries of such locality", approved October 20, 1976 (90 Stat. 2662), the Secretary is authorized and directed to make payments on a fiscal year basis to each unit of local government, in the manner provided by the Act of October 20, 1976, in which lands owned by the United States within Redwood National Park are located. Such payments may be used for any governmental purpose. The amount of such pay-

ments shall be computed as provided in subsections (b) and (c).

(b) Payment made for any fiscal year to a unit of local government shall include that amount determined pursuant to the provisions of section 2 of the Act of October 20, 1976.

(c) Payment made for any fiscal year to a unit of local government shall also include that amount determined pursuant to the provisions of section 3 of the Act of October 20, 1976: *Provided, however*, That any amount computed as provided by section 3(c)(1) of the Act of October 20, 1976, but not paid because of the limitation of subsection (c)(2) and subsection (d) of that section shall be carried forward and shall be applied to future years in which this portion of the total payment would not otherwise equal the amount of real property taxes assessed and levied on such property during the last full fiscal year before the fiscal year in which such land or interest was acquired for addition to Redwood National Park until such amount is exhausted.

(d) The Redwoods Community College District shall be considered as an affected school district for purpose of section 3(a) of the Act of October 20, 1976, as amended herein.

SEC. 107. The Secretary is further authorized, and the Congress specifically directs that it shall be a purpose of this Act, that the community services and employment opportunities provided by Redwoods United, Incorporated, a nonprofit corporation located in Manila, California, shall be maintained at the present rate of employment to the greatest degree practicable.

SEC. 108. The Congress further acknowledges and directs that the full faith and credit of the United States is pledged to the prompt payment of just compensation as provided for by the fifth amendment to the Constitution of the United States for those lands and properties taken by this Act.

SEC. 109. Unless otherwise indicated hereinbefore, a reference to the Secretary will refer to the Secretary of the Department of the Interior, except in subsections 103(d) through 103(i), where a reference to the Secretary will refer to the Secretary of the Department of Labor.

AFFECTED EMPLOYEES

SEC. 203. The total or partial layoff of a covered employee employed by an affected employer during the period beginning May 31, 1977, and ending September 30, 1980, other than for a cause that would disqualify an employee for unemployment compensation, except as provided in section 205, is conclusively presumed to be attributable to the expansion of Redwood National Park: *Provided*, That the Secretary may, for good cause, extend this period for any group of covered employees by no more than one year at a time after September 30, 1980. Any covered employee laid off during that period by an

affected employer shall be considered an affected employee at any time said employee is on such layoff within the period ending September 30, 1984, or, if earlier, the end of said employee's period of protection as defined herein: *Provided, however*, That the number of affected employees with respect to an affected contract employer shall be limited in any week to that number of such employees otherwise affected as provided herein that is equal to the percentage of the affected employer's employee hours during calendar year 1977 that were worked within or directly related to the expansion area.

SEC. 204. (a) The Secretary shall provide, to the maximum extent feasible, for retention and accrual of all rights and benefits which affected employees would have had in an employment with affected employers during the period in which they are affected employees. The Secretary is authorized and shall seek to enter into such agreements as he may deem to be appropriate with affected employees and employers, labor organizations representing covered employees, and trustees of applicable pension and welfare funds, or to take such other actions as he deems appropriate to provide for affected employees (including the benefits provided for in section 207(d)) the following rights and benefits:

(1) retention and accrual of seniority rights, including recall rights (or, in the case of employees not covered by collective-bargaining agreements, application of the same preferences and privileges based upon length of continuous service as are applied under the affected employer's usual practices) under conditions no more burdensome to said employees than to those actively employed; and

(2) continuing entitlement to health and welfare benefits and accrual of pension rights and credits based upon length of employment and/or amounts of earnings to the same extent as and at no greater cost to said employees than would have been applicable had they been actively employed.

(b) The Secretary shall provide, additionally, for continuing entitlement to health and welfare benefits (other than group life and additional death, dismemberment, and loss of sight benefits) for employees who—

(1) retired from employment with an affected employer for reasons other than disability on or after May 31, 1977, but not later than September 30, 1984;

(2) are receiving pension benefits under a plan financed by industry employers;

(3) were age sixty-two or older but less than age sixty-five at the time of retirement; and

(4) are not eligible for benefits under title XVIII of the Social Security Act.

(c) The agreements described in subsection (a) of this section shall provide for the Secretary, effective October 1, 1977, to make payments on behalf of eligible affected

employees including employees eligible for the benefits provided for in section 207(d) to the applicable pension and welfare trust funds and to insurance companies. Such payments may be made in the form of grants and/or contributions equivalent to the difference between the amounts payable by their affected employers and labor organizations pursuant to collective-bargaining agreements (or, in the absence of such agreements, pursuant to established practice) and the amounts that would have been paid by their affected employers and their labor organizations had said employees worked or received pay for the periods for which they receive layoff benefits: *Provided*, That no payment shall be made to a pension fund on behalf of an employee who is receiving a pension from such fund. For purposes of determining the amounts of contributions calculated on the basis of worked or compensable hours, layoff and vacation replacement benefits shall be converted into the hours they represent in accordance with regulations to be issued by the Secretary.

(d) No person shall be subject to liability under the Employee Retirement Income Security Act of 1974, section 302 of the Labor-Management Relations Act, 1947, or any other law, solely by reason of the receipt of payments from the Secretary or the payment of benefits to affected employees in accordance with this section. Receipt of such payments and the payment of such benefits are deemed to be consistent with any relevant plan documents. No action taken pursuant to this section shall be deemed to place the Secretary in the position of an employer or a party in interest (including a fiduciary) for purposes of the Employee Retirement Income Security Act of 1974.

SEC. 205. (a) An application for unemployment compensation filed by a covered employee on or after the first Monday following the date of enactment shall be deemed an application for the benefits provided by this Act.

(b) An affected employee shall be eligible (unless said employee has received a social security retirement or disability benefit or a pension under a plan contributed to by an affected employer) for layoff and vacation replacement benefits, as defined herein, effective the first Monday following the date of enactment, for each week of total or partial layoff if, with respect to said week, said employee—

(1) is registered with the United States Employment and Training Service in Humboldt or Del Norte Counties or one of the adjacent counties in the State of California or at such other location as the Secretary may designate;

(2) is eligible for unemployment compensation benefits under the California Unemployment Insurance Code: *Provided*, That the Secretary is author-

ized and directed to provide for the payment of benefits under this title to an affected employee who is held ineligible or is disqualified for benefits under said code solely because of one or more of the following reasons: insufficient base period earnings; exhaustion of benefit rights; earnings in excess of the amount which would entitle the employee to a partial benefit for the week; the waiting week requirement; unavailability for work because of jury duty, National Guard duty, retraining authorized, financed or approved by a public agency, or because of a similar reason as determined by the Secretary; refusal of work which is not "suitable work" as defined in section 201(14); receipt of a worker's compensation or other benefit for partial disability which the employee would be entitled to receive while working; and any other cause of ineligibility with respect to which the Secretary determines that, under the circumstances, it would be unreasonable or otherwise contrary to the purpose of this Act to deny said employee a benefit provided for herein; and

(3) the employee's period of protection has not been exhausted or otherwise ended by acceptance of a severance payment.

SEC. 206. (a) The period of protection for an affected employee shall start with the beginning of the first week for which said employee is eligible to receive a layoff or vacation replacement benefit as provided by this title, and shall continue until the earliest of (i) the date said employee accepts a severance payment provided for below, (ii) a period equal to the length of the employee's creditable service is exhausted, or (iii) said employee's sixty-fifth birthday. In no event shall such period extend beyond September 30, 1984, except as provided by subsection (d) of section 207.

(b) Creditable service shall be computed as follows:

(1) a period equal to the length of an employee's seniority (or continuous service as defined herein) with said employee's last affected employer as of the date said employee's period of protection begins; plus

(2) a period equal to the sum of all prior periods during which the employee had seniority (or continuous service) with the same affected employer and with other industry employers: *Provided*, That if such seniority was broken (or such continuous service was interrupted) for more than three consecutive years for any reason other than employment with other affected or industry employers, periods of service in the Armed Forces or disabilities for which said employee received any workers' compensation benefits, unemployment compensation disability benefits, or disability benefits under the Social Security Act, any periods of seniority (or continuous service)

prior to the break in seniority (or interruption in continuous service) shall be disregarded.

(c) If necessary, in order to establish an employee's creditable service, the Secretary shall request authorization to examine said employee's social security wage record and shall compute such service from it by a method to be prescribed by regulation.

SEC. 207. (a) Except as further provided in this section, the amount of an eligible employee's weekly layoff benefit shall be equal to (1) the annual average of all hours of work performed by said employee for the last affected employer or whom the employee worked prior to the date of enactment of this section during those three of the five calendar years immediately preceding said date during which such hours were greatest, counting hours paid for at time and a half and double time as one and one-half and two hours, respectively, multiplied by (2) the wage rate applicable, during the week for which the benefit is payable, to the highest paid job held by said employee, other than by temporary assignment, with said affected employer during the period from January 1, 1977, through the date of enactment of this section, and divided by (3) fifty-two.

(b) The weekly benefit amount for an eligible employee with less than five calendar years of employment with one affected employer immediately prior to the enactment date shall be equal to the lessor of—

(1) the average benefit that would be payable with respect to the same week to those covered employees (if they were eligible in the same week) who had five or more calendar years of employment with the same affected employer (in accord with subsection (a) of this section) whose benefit amounts are computed on the basis of the wage rate for a job the same as, or most similar to, the highest paid job said employee had held, other than by temporary assignment, with said affected employer during the period from January 1, 1977, through the date of enactment of this section, or

(2) an amount calculated by substituting in clause (1) of subsection (a) the annual average of all hours of work performed by said employee for said employer during those calendar years for which said employee had performed work and throughout which he had seniority (or continuous service).

(c) Notwithstanding subsections (a) and (b), the Secretary shall classify as a "seasonal employee" any affected employee whose highest paid job held, other than by temporary assignment, with said affected employer during the period from January 1, 1977, through the date of enactment of this section was in an occupation in which the average annual number of weeks during which work was actually performed by all covered employees employed in said occupation during the five cal-

endar years preceding the enactment date was forty or less. With respect to such seasonal employees—

(1) the calculation of benefit amount set forth in subsection (a) shall be modified by—

(A) deducting from the hours for which said employee received pay those hours representing vacation pay and vacation pay increments and

(B) substituting for the fifty-two provided in clause (3) of subsection (a) a divisor equal to the average annual number of weeks for which said employee performed work for an affected employer in said occupation during those three of the five calendar years immediately preceding the date of enactment during which the number of such weeks was greatest: *Provided*, That this calculation shall be modified in accord with subsection (b) with respect to those employees who had less than five calendar years of employment with one affected employer immediately prior to the date of enactment of this section.

(2) the number of weekly benefits payable in any calendar year shall not exceed the annual average number of weeks for which a seasonal employee received pay from an affected employer for work performed in the employee's occupation, as established by paragraph (1)(B), and shall be payable only during those weeks of each year determined by the Secretary to be the usual season for that occupation;

(3) vacation pay and vacation pay increments shall be paid in the same amounts and at the same times of each year as they would have been paid had said employee performed work during all of the time for which said employee receives layoff benefits. Such pay is referred to herein as "vacation replacement benefits".

(d) Notwithstanding any other provision of this Act, the benefits for any affected employee who will reach the age of sixty on or before September 30, 1984, shall be extended after the end of the employee's period of protection (unless severance pay has been accepted) until the employee's sixty-fifth birthday, and shall be equal to said employee's weekly layoff benefit.

(e) The benefit amount provided by this section for any week of total or partial layoff shall be reduced by—

(1) the full amount of any earnings, including pay for time not worked with respect to the same week, from employment obtained pursuant to section 103, or employment by employers engaged in timber harvesting, or in related sawmill, plywood, and other wood processing operations;

(2) 50 per centum of earnings and pay for time not worked from any other employer with respect to that week; and

(3) the full amount of any unemployment compensation attributable to that week.

SEC. 208. (a) An affected employee (other than a short-service employee described in subsection (a) of section 209) shall be paid severance pay in accordance with this section if said employee:

(1) has been on a continuous layoff from employment with the employee's last affected employer for a period of at least twenty weeks subsequent to December 31, 1977;

(2) has no definite recall date for work with the affected employer by whom the employee was laid off and no offer of suitable work by any affected employer; and

(3) applies for severance pay during a week with respect to which said employee has not performed work for an affected employer: *Provided*, That this clause shall not result in denial of severance pay to an otherwise eligible employee who at the time of application is totally and permanently disabled as defined in the Social Security Act; or

(4) was permanently separated from employment with an affected employer during the period beginning May 31, 1977, and ending on the date of enactment of this Act, as a result of the closure of the mill or plant in which said employee was employed and has not, since said separation, been employed by an affected employer.

Provided, That an employee shall be deemed an affected employee for purposes of this section if said employee meets the requirements of clauses (1), (2), and (3) of section 204(b).

(b) The amount of severance pay payable to an employee shall be computed by multiplying the applicable number of weeks determined in accordance with subsection (c) by the amount of the weekly layoff benefit (without reduction for earnings or other benefits) which is payable, or would be payable if the employee were eligible, for the week in which the application was filed: *Provided*, That for a seasonal employee the amount so calculated, plus the amount of vacation replacement benefits applicable for that year shall be multiplied by the number of weeks in said employee's usual season, as determined in section 207(c), and the result divided by fifty-two.

(c) The number of weeks of severance pay shall be equal to one week for each month of the employee's creditable service up to a maximum of seventy-two weeks: *Provided*, That the severance payment to any employee shall not exceed the total amount of the weekly layoff and vacation replacement benefits which would have been payable if said employee were to be eligible for such benefits continuously from the week of application until

the end of the applicable period of protection (or, in the case of an employee described in the final proviso of subsection (a), until the earlier of said employee's sixty-fifth birthday or September 30, 1984), calculated on the basis of the weekly amounts of such benefits as of the date of application for severance pay.

(d) Acceptance of severance pay terminates the affected employee's period of protection and makes said employee ineligible thereafter for all other forms of terminal pay and for the protections provided in section 204, except as otherwise specifically provided in this Act.

(e) Before making a severance payment to an employee, the Secretary shall obtain said employee's written agreement that, upon resumption of employment in the industry within Humboldt and Del Norte Counties and the counties adjacent thereto in the State of California prior to September 30, 1980, or such later date established by the Secretary with respect to said employee pursuant to section 203, said employee will return it in weekly installments equal to a specified percentage of the employee's earnings in the industry, which the Secretary shall set at a reasonable level. The agreement shall include authorization for the Secretary to arrange with an employer for withholding of the applicable amounts from the employee's pay.

SHORT-SERVICE EMPLOYEES

SEC. 209. (a) Notwithstanding any other provision of this Act, an affected employee as defined in this title shall be ineligible for any benefit under this title except as provided in this section if:

(1) said employee will not reach age sixty before October 1, 1984; and

(2) said employee as of the date of becoming an affected employee, does not have service credit for pension purposes of at least five full years under a pension plan contributed to by industry employers.

(b) An affected employee described in subsection (a) shall be paid severance pay in accordance with this section if said employee meets the requirements of section 208(a).

(c) Said employee shall be paid a severance payment equal to forty times the hourly wage rate applicable at the time of application for severance pay to the highest paid job held by said employee, other than by temporary assignment, during calendar year 1977, with the employee's last affected employer for each one hundred and seventy-three hours for which said employee performed work for affected employers.

(d) Subsection (d) of section 208 shall be applicable to employees applying for and accepting severance pay-

ments pursuant to this section except that such employees shall remain eligible for allowances provided for in sections 211 and 212, and for retraining as provided for in section 210(a) and while in good faith engaged in such training shall be paid the same stipends and allowances as are generally applicable to individuals engaged in such retraining programs who are not employees as defined in this Act.

RETRAINING

SEC. 210. (a) An affected employee is eligible to apply for and the Secretary shall authorize training (including training for technical and professional occupations) at Government expense during said employee's period of protection if—

(1) the Secretary determines that there is no suitable employment available for the employee within a reasonable commuting area; and

(2) there is substantial reason to believe that the employee's employment prospects would be enhanced after successful completion of the training for which application has been filed.

(b) An affected employee engaged in training authorized by subsection (a) shall be paid layoff and vacation replacement benefits while in good faith engaged in such training and shall continue to be paid such benefits while so engaged.

SEC. 211. Upon application filed by an affected employee during said employee's period of protection, said employee shall be eligible for a job search allowance under the same terms, conditions, and amounts as provided in section 237 of the Trade Act of 1974 (19 U.S.C. 2297).

SEC. 212. (a) A relocation allowance shall be paid upon application by an affected employee during the applicable period of protection if—

(1) the Secretary determines that said employee cannot reasonably be expected to obtain suitable work in the commuting area in which said employee resides; and

(2) the employee has obtained—

(A) suitable employment affording a reasonable expectation of long-term duration in the area in which said employee wishes to relocate; or

(B) a bona fide offer of such employment; or

(3) the employee relocated during the period beginning May 31, 1977, and ending on the date of enactment, because of acceptance of employment requiring a change in residence to a location outside the commuting area in which said employee resided immediately prior to becoming an affected employee.

(b) The Secretary shall provide the same moving ex-

pense benefits for the same purposes as are set forth in the Regional Rail Reorganization Act of 1973 (Public Law 93-236).

ADMINISTRATION

Sec. 213. (a) The Secretary shall be responsible for paying promptly all benefits and payments provided by this title.

(b) Effective October 1, 1977, there are authorized to be appropriated annually such sums as may be required to meet the obligations provided for in this title.

(c) The Secretary shall have the authority to obtain information necessary to carry out the responsibilities created under this Act in the same manner as provided by section 249 of the Trade Act of 1974 (19 U.S.C. 2321).

(d) The Secretary shall offer all reasonable cooperation and assistance to individuals who believe they may qualify for the benefits, payments, preferential hiring rights, and other protections provided for employees under this Act. Among other things, the Secretary shall—

(1) provide all covered employees with literature stating their rights and obligations in nontechnical terms; and

(2) develop and implement procedures for the filing (including filing by mail in appropriate circumstances as determined by the Secretary) of applications, appeals, and complaints relating to the rights and entitlements established for employees by this title designed to facilitate prompt determinations and prompt payment to eligible applicants.

(e) The Secretary shall direct that notices, reports, applications, appeals, and information concerning the implementation of this title required to be filed with the Secretary shall be filed at the offices of the United States Employment and Training Service in Humboldt and Del Norte Counties of the State of California and that information required to facilitate employees' exercise of their rights under this title shall be kept available at such offices unless the Secretary shall designate additionally.

(f) In all cases where two or more constructions of the language of this title would be reasonable, the Secretary shall adopt and apply that construction which is most favorable to employees. The Secretary shall avoid inequities adverse to employees that otherwise would arise from an unduly literal interpretation of the language of this title.

TITLE III—ADDITION OF MINERAL KING
VALLEY TO SEQUOIA NATIONAL PARK

* * * * *

SEC. 314. (a) It is the purpose of this section to—

(1) assure the preservation for this and future generations of the outstanding natural and scenic features of the area commonly known as the Mineral King Valley and previously designated as the Sequoia National Game Refuge; and

(2) enhance the ecological values and public enjoyment of such area by adding such area to the Sequoia National Park.

(b)(1) In order to add to the Sequoia National Park (hereinafter in this section referred to as the "park") a certain area known as Mineral King Valley possessing unique natural and scenic values, there is hereby established as part of such park all lands, waters, and interests therein, constituting approximately sixteen thousand two hundred acres designated before the date of the enactment of this Act as the Sequoia National Game Refuge and as depicted on the drawing entitled "Boundary Map, Sequoia-Kings Canyon National Park", numbered 102-90,000 and dated April 1975. A copy of such drawing shall be on file and available for public inspection in the office of the Director, National Park Service, Department of the Interior. After advising the Committee on Interior and Insular Affairs of the United States House of Representatives and the Committee on Energy and Natural Resources of the United States Senate in writing, the Secretary is authorized to make minor revisions of the boundaries of the park when necessary by publication of a revised drawing or other boundary description in the Federal Register.

(2) The Sequoia National Game Refuge is hereby abolished and the Secretary of Agriculture shall transfer, without consideration, to the administrative jurisdiction of the Secretary, the area constituting such refuge, and any unexpended funds available for purposes of management of the refuge shall be available for purposes of management of the park.

(c)(1) Within the boundaries of the area added to the park pursuant to this section, the Secretary may acquire lands and interests in lands by donation, purchase with donated or appropriated funds, exchange, or transfer from other Federal departments or agencies.

(2) Where the private use of any property acquired pursuant to this subsection would, in the judgment of the Secretary, be compatible with the purposes of this section, the Secretary may, as a condition of such acquisition, permit the owner or owners of such property to retain for themselves and their successors or assigns rights of use and occupancy. Such rights of use and occupancy shall be for not more than twenty-five years or

for a term ending at the death of the owner or his or her spouse, whichever is later. The owner shall reserve such rights and elect the term to be reserved on the date of acquisition of the property. Except for so much of the property as is donated, the Secretary shall pay to the owner the fair market value of the property on the date of its acquisition, less the fair market value on that date of the right retained by the owner.

(3) A right of use and occupancy retained pursuant to paragraph (2) may be terminated by the Secretary upon his determination that the property or any portion thereof is being used in a manner which is incompatible with the purposes of this section. Such right shall terminate by operation of law upon notification by the Secretary to the holder of the right of such determination and tendering to him the amount equal to the fair market value of that portion which remains unexpired as of the date of such tender. In the case of any property which was used for noncommercial purposes during the ten calendar years immediately preceding the enactment of this Act, the commercial use of such property subsequent to the enactment of this Act shall be treated as incompatible with the purposes of this section. In the case of any property which was used for commercial purposes at any time during the ten calendar years immediately preceding the enactment of this Act, any substantial change or expansion of such commercial use subsequent to the enactment of this Act without the express approval of the Secretary shall be treated as incompatible with such purposes.

(4) In exercising his authority to acquire property under this section, the Secretary shall give prompt and careful consideration to any offer made by an individual owning property within the park to sell such property if such individual notifies the Secretary that the continued ownership of such property is causing, or would result in, undue hardship. Nothing in this section, or in any other provision of law, shall prevent the Secretary from exercising his authority to acquire property referred to in this subsection at any time after the date of the enactment of this Act.

(5) If any individual tract or parcel of land acquired is partly inside and partly outside the boundaries of the park the Secretary may, in order to minimize the payment of severance damages, acquire the whole of the tract or parcel.

(6) If the management plan prepared under subsection (e) provides for improved access to the area added to the park under this section, the Secretary is authorized to acquire, by donation, purchase with donated or appropriated funds, exchange or transfer from other Federal departments or agencies, the area comprising the road from State Route 198 to, and within, the Mineral King Valley together with a right-of-way for such road of a

width sufficient to include improvements to the road and all bridges, ditches, cuts, and fills appurtenant thereto, but not exceeding a maximum average width of two hundred feet. Property acquired from the State or any political subdivision thereof may be acquired by donation only. With regard to routes of access to and within the Mineral King Valley, the Secretary shall take such measures as are necessary to protect against the effects of siltation on the ecosystem of the park.

(7) The Secretary shall report to the committees of the Congress named in subsection (b)(1) the action taken by him pursuant to this subsection. Such report shall contain information sufficient to inform such committees of—

(A) the acquisitions made by him pursuant to this subsection during the period covered by such report;

(B) his reasons why all of such property authorized to be acquired and not so acquired as of the date of such report, if any, have not been acquired; and

(C) his schedule of a timetable for the acquisition of such property referred to in subparagraph (B).

Such report shall be submitted before the expiration of the second fiscal year beginning after the date on which the comprehensive management plan is submitted to the committees of Congress pursuant to subsection (e).

(d)(1) The area added to the park by this section shall be administered in accordance with this section and the provisions of law generally applicable to units of the National Park System including the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. and following) and the Act of September 25, 1890 (26 Stat. 478; 16 U.S.C. 41 and following). Any other statutory authority available to the Secretary for the conservation and management of wildlife, wildlife habitat, and natural resources may be utilized to the extent he finds such authority will further the purposes of this section.

(2)(A) Except in the case of a lease or permit which the Secretary determines to be incompatible with the administration of the park pursuant to this section, any lease or permit on Federal land within the area added to the park under this section which is in effect immediately before the enactment of this Act shall continue in effect pursuant to its terms and conditions following the expansion of the park under this section.

(B) In the case of a lease or permit which is continued under subparagraph (A), upon notice to the Secretary by the lessee or permittee of his intention to seek renewal or extension of such lease or permit, the lease or permit shall be reviewed by the Secretary, and may be renewed or extended for an additional period of five years. Any such lease or permit shall be reviewed at the end of such renewal or extension period and may also be renewed or extended in the same manner for additional five-year periods thereafter. Any renewals or extensions of leases

or permits shall be granted only to those persons who were lessees or permittees of record on the date of enactment of this Act, and any such lease or permit shall provide that the lease or permit may be terminated by the Secretary at any time if the Secretary determines that such lease or permit is incompatible with the administration of the park pursuant to this section or that the land is needed for park purposes.

(3) The Act of December 14, 1974 (88 Stat. 1660) is amended by inserting the following new section after section 4:

"SEC. 5. Notwithstanding any other provision of law, any federally owned lands incorporated within the boundaries of Sequoia National Park subsequent to the date of enactment of this Act, which entail project works, developments, lands, or facilities which are components of Federal Power Commission Project Numbered 298, shall be subject to all provisions of this Act."

(e)(1) Within two years from the date of enactment of this Act, the Secretary, in cooperation with the State of California, shall develop and submit to the Committee on Interior and Insular Affairs of the United States House of Representatives and the Committee on Energy and Natural Resources of the United States Senate, a comprehensive management plan for the area added to the park under this section. In the preparation of such plan, the Secretary shall give appropriate consideration to the need for the development of additional recreational opportunities and other public uses which are consistent with sound environmental management of the area and the policies of the National Park Service.

(2)(A) In preparing the comprehensive management plan required by this subsection and in preparing any subsequent revision of such plan, the Secretary shall provide for full public participation and shall consider the comments and views of all interested agencies, organizations, and individuals.

(B) For purposes of insuring such full public participation, the Secretary shall provide reasonable advance notice to State and local governments, interested Federal agencies, private organizations, and the general public of hearings, workshops, meetings, and other opportunities available for such participation. Such notice shall be published in newspapers of general circulation in the localities affected by the development and management of the park, published in the Federal Register, and communicated by other appropriate means. The Western Regional Advisory Committee of the National Park Service (or a subcommittee thereof) shall also be utilized for purposes of facilitating public involvement.

(C) The Secretaries or Directors of all Federal departments, agencies, and commissions having a relevant expertise are hereby authorized and directed to cooperate with the Secretary in his development of such plan and

(D) In preparing the comprehensive management plan required by this subsection, the Secretary shall consider technical information and other pertinent data assembled or produced by field studies or investigations conducted separately or jointly by the technical and administrative personnel of the Federal and State agencies involved in order to insure the permanent conservation of wildlife within the area added to the park by this section. Except in emergencies, rules and regulations pertaining to the management of wildlife within the area added to the park by this section shall be put into effect only after consultation with the State of California.

(f) There are hereby authorized to be appropriated such sums as may be necessary for the acquisition of land and interests therein described in this section.

(g) Effective upon the transfer referred to in subsection (b)(2), Public Law 85-648 (72 Stat. 604; 16 U.S.C. 45a-3) and section 6 of the Act of July 3, 1926 (44 Stat. 821; 16 U.S.C. 688) are hereby repealed. The repeal of such section 6 shall not be construed to prohibit or prevent the Secretary from exercising any authority applicable to the national parks respecting the protection of birds, game, or other wild animals.

(h) The Congress recognizes that the Mineral King Valley area has outstanding potential for certain year-round recreational opportunities, but the development of permanent facilities for downhill skiing within the area would be inconsistent with the preservation and enhancement of its ecological values.

TITLE IX—JEAN LAFITTE NATIONAL HISTORICAL PARK

* * * * *

SEC. 901. In order to preserve for the education, inspiration, and benefit of present and future generations significant examples of natural and historical resources of the Mississippi Delta region and to provide for their interpretation in such manner as to portray the development of cultural diversity in the region, there is authorized to be established in the State of Louisiana the Jean Lafitte National Historical Park and Preserve (hereinafter referred to as the "park"). The park shall consist of (1) the area of approximately twenty thousand acres generally depicted on the map entitled "Barataria Marsh Unit-Jean Lafitte National Historical Park and Preserve" numbered 90,000B and dated April 1978, which shall be on file and available for public inspection in the office of the National Park Service, Department of the Interior; (2) the area known as Big Oak Island; (3) an area or areas within the French Quarter section of the city of New Orleans as may be designated by the Secretary of the Interior for an interpretive and administrative facility; (4) the Chalmette National Historical Park; and (5) such additional natural, cultural, and historical resources in the French Quarter and Garden District of New Orleans, forts in the delta region, plantations, and Acadian towns and villages in the Saint Martinville area and such other areas and sites as are subject to cooperative agreements in accordance with the provisions of this title.

SEC. 902. (a) Within the Barataria Marsh Unit the Secretary is authorized to acquire not to exceed eight thousand acres of lands, waters, and interests therein (hereinafter referred to as the "core area"), as depicted on the map referred to in the first section of this title, by donation, purchase with donated or appropriated funds, or exchange. The Secretary may also acquire by any of the foregoing methods such lands and interests therein, including leasehold interests, as he may designate in the French Quarter of New Orleans for development and operation as an interpretive and administrative facility. Lands, waters, and interests therein owned by the State of Louisiana or any political subdivision thereof may be acquired only by donation.

In acquiring property pursuant to this title, the Secretary may not acquire right to oil and gas without the consent of the owner, but the exercise of such rights shall be subject to such regulations as the Secretary may promulgate in furtherance of the purposes of this title.

(b) With respect to the lands, waters, and interests therein generally depicted as the "park protection zone" on the map referred to in the first section of this title, the Secretary shall, no later than six months from the date of enactment of this Act, in consultation with the affected State and local units of government, develop a set of guidelines or criteria applicable to the use and development of properties within the park protection zone to be enacted and enforced by the State or local units of government.

(c) The purpose of any guideline developed pursuant to subsection (b) of this section shall be to preserve and protect the following values within the core area:

- (1) fresh water drainage patterns from the park protection zone into the core area;
 - (2) vegetative cover;
 - (3) integrity of ecological and biological systems;
- and
- (4) water and air quality.

(d) Where the State or local units of government deem it appropriate, they may cede to the Secretary, and the Secretary is authorized to accept, the power and authority to confect and enforce a program or set of rules pursuant to the guidelines established under subsection (b) of this section for the purpose of protecting the values described in subsection (c) of this section.

(e) The Secretary, upon the failure of the State or local units of government to enact rules pursuant to subsection (b) of this section or enforce such rules so as to protect the values enumerated in subsection (c) of this section, may acquire such lands, servitudes, or interests in lands within the park protection zone as he deems necessary to protect the values enumerated in subsection (c) of this section.

(f) The Secretary may revise the boundaries of the park protection zone, notwithstanding any other provision of law, to include or exclude properties, but only with the consent of Jefferson Parish.

SEC. 903. Within the Barataria Marsh Unit, the owner or owners of improved property used for noncommercial residential purposes on a year-round basis may, as a condition of the acquisition of such property by the Secretary, elect to retain a right of use and occupancy of such property for noncommercial residential purposes if, in the judgment of the Secretary, the continued use of such property for a limited period would not unduly interfere with the development or management of the park. Such right of use and occupancy may be either a period ending on the death of the owner or his spouse,

whichever occurs last, or a term of not more than twenty-five years, at the election of the owner. Unless the property is donated, the Secretary shall pay to the owner the fair market value of the property less the fair market value of the right retained by the owner. Such right may be transferred or assigned and may be terminated by the Secretary, if he finds that the property is not used for noncommercial residential purposes, upon tender to the holder of the right an amount equal to the fair market value of the unexpired term. As used in this section, the term "improved property" means a single-family, year-round dwelling, the construction of which was begun before January 1, 1977, which serves as the owner's permanent place of abode at the time of its acquisition by the United States, together with not more than three acres of land on which the dwelling and appurtenant buildings are located which the Secretary finds is reasonably necessary for the owner's continued use and occupancy of the dwelling.

SEC. 904. In furtherance of the purposes of this title, and after consultation with the Commission created by section 7 of this title, the Secretary is authorized to enter into cooperative agreements with the owners of properties of natural, historical, or cultural significance, including but not limited to the resources described in paragraphs (1) through (5) of the first section of this title, pursuant to which the Secretary may mark, interpret, restore and/or provide technical assistance for the preservation and interpretation of such properties, and pursuant to which the Secretary may provide assistance including management services, program implementation, and incremental financial assistance in furtherance of the standards for administration of the park pursuant to section 906 of this title. Such agreements shall contain, but need not be limited to, provisions that the Secretary, through the National Park Service, shall have the right of access at all reasonable times to all public portions of the property covered by such agreement for the purpose of conducting visitors through such properties and interpreting them to the public, and that no changes or alterations shall be made in such properties except by mutual agreement between the Secretary and the other parties to such agreements. The agreements may contain specific provisions which outline in detail the extent of the participation by the Secretary in the restoration, preservation, interpretation, and maintenance of such properties.

SEC. 905. Within the Barataria Marsh Unit, the Secretary shall permit hunting, fishing (including commercial fishing), and trapping in accordance with applicable Federal and State laws, except that within the core area and on those lands acquired by the Secretary pursuant to section 902(c) of this title, he may designate zones where and establish periods when no hunting, fishing,

or trapping shall be permitted for reasons of public safety. Except in emergencies, any regulations of the Secretary promulgated under this section shall be put into effect only after consultation with the appropriate fish and game agency of Louisiana.

SEC. 906. The Secretary shall establish the park by publication of a notice to that effect in the Federal Register at such time as he finds that, consistent with the general management plan referred to in section 908, sufficient lands and interests therein (i) have been acquired for interpretive and administrative facilities, (ii) are being protected in the core area, and (iii) have been made the subject of cooperative agreements pursuant to section 904. Pending such establishment and thereafter the Secretary shall administer the park in accordance with the provisions of this title, the Act of August 25, 1916 (39 Stat. 535), the Act of August 21, 1935 (49 Stat. 666), and any other statutory authorities available to him for the conservation and management of natural, historical, and cultural resources.

(c) The function of the Commission shall be to advise the Secretary in the selection of sites for inclusion in the park, in the development and implementation of a general management plan, and in the development and implementation of a comprehensive interpretive program of the natural, historic, and cultural resources of the region. The Commission shall inform interested mem-

bers of the public, the State of Louisiana and its political subdivisions, and interested Federal agencies with respect to existing and proposed actions and programs having a material effect on the perpetuation of a high-quality natural and cultural environment in the delta region.

(d) The Commission shall act and advise by affirmative vote of a majority of its members: *Provided*, That any recommendation of the Commission that affects the use or development, or lack thereof, of property located solely within a single parish or municipality shall have the concurrence of a majority of the members appointed from recommendations submitted by such parish or municipality.

(e) The Directors of the Heritage Conservation and Recreation Service and the National Park Service shall serve as ex officio members of the Commission and provide such staff support and technical services as may be necessary to carry out the functions of the Commission.

SEC. 908. (a) There is authorized to be appropriated, to carry out the provisions of this title, not to exceed \$50,000,000 from the Land and Water Conservation Fund for acquisition of lands, waters, and interests therein and such sums as necessary for the development of essential facilities.

(b) Within three years from the date of enactment of this title, the Secretary, after consultation with the Commission, shall submit to the Committee on Interior and Insular Affairs of the House of Representatives, and the Committee on Energy and Natural Resources of the Senate a general management plan for the park indicating—

(1) transportation alternatives for public access to the park;

The Secretary may relocate the site of the Seattle unit by publication of a new description in the Federal Register, and any property acquired for purposes of the unit prior to such relocation shall be subject to disposal in accordance with the Federal surplus property laws: *Provided*, That the Seattle unit shall be within the Pioneer Square Historic District. After advising the Committees on Interior and Insular Affairs of the Congress of the United States, in writing, the Secretary may revise the boundaries of the park from time to time, by publication of a revised map or other boundary description in the Federal Register, but the total area of the park may not exceed thirteen thousand three hundred acres.

(b)(1) The Secretary may acquire lands, waters, and interests therein within the park by donation, purchase, lease, exchange, or transfer from another Federal agency. Lands or interests in lands owned by the State of Alaska or any political subdivision thereof may be acquired only by donation. Lands under the jurisdiction of any Federal agency may, with the concurrence of such agency, be transferred without consideration to the Secretary for the purposes of the park.

(2) The Secretary is authorized to acquire outside the boundaries of the park, by any of the above methods, not to exceed fifteen acres of land or interests therein located in, or in the vicinity of, the city of Skagway, Alaska, for an administrative site; and to acquire by any of the above methods, up to ten historic structures or interests in such structures located in the city of Skagway but outside the Skagway unit for relocation within such unit as the Secretary deems essential for adequate preservation and interpretation of the park.

(c) All lands acquired pursuant to this Act shall be taken by the Secretary subject to all valid existing rights granted by the United States for railroad, telephone, telegraph, and pipeline purposes. The Secretary is authorized to grant rights-of-way, easements, permits, and other benefits in, through and upon all lands acquired for the White Pass Trail unit for pipeline purposes, pursuant to the Acts of February 25, 1920 (41 Stat. 449), August 21, 1935 (49 Stat. 678), and August 12, 1953 (67 Stat. 557), and for railroad purposes pursuant to the Act of May 14, 1898 (30 Stat. 409): *Provided*, That significant adverse impacts to park resources will not result.

(d) The Secretary is authorized to grant to the State of Alaska a highway right-of-way across lands in the Chilkoot Trail unit, in the area of Dyea, for the purpose of linking the communities of Haines and Skagway by road if he finds that (1) there is no feasible and prudent alternative to the use of such lands, (2) the road proposal includes all possible planning to minimize harm to the park resulting from such road use, and (3) to grant such right-of-way will not have significant adverse effects on the historical and archeological resources of the park and its administration, protection, and management in accordance with the purposes of this Act.

SEC. 2. (a) The Secretary shall establish the park by publication of a notice to that effect in the Federal Register at such time as he deems sufficient lands, waters, and interests therein have been acquired for administration in accordance with the purposes of this Act. Pending such establishment and thereafter, the Secretary shall administer lands, waters, and interests therein acquired for the park in accordance with the provisions of the Act approved August 25, 1916 (39 Stat. 535), as amended and supplemented, and the Act approved August 21, 1935 (49 Stat. 666), as amended.

(b) The Secretary is authorized to cooperate and enter into agreements with other Federal agencies, State and local public bodies, and private interests, relating to planning, development, use, acquisition, or disposal (including as provided in section 5 of the Act of July 15, 1968, 82 Stat. 356; 16 U.S.C. 4601-22) of lands, structures, and waters in or adjacent to the park or otherwise affecting the administration, use, and enjoyment thereof,

in order to contribute to the development and management of such lands in a manner compatible with the purposes of the park. Such agreements, acquisitions, dispositions, development, or use and land-use plans shall provide for the preservation of historical sites and scenic areas, recreation, and visitor enjoyment to the fullest extent practicable.

(c) Notwithstanding any other provision of law, the Secretary may restore and rehabilitate property within the park pursuant to cooperative agreements without regard as to whether title thereto is in the United States.

SEC. 3. (a) The Secretary, in cooperation with the Secretary of State, is authorized to consult and cooperate with appropriate officials of the Government of Canada and Provincial or Territorial officials regarding planning and development of the park, and an international historical park. At such time as the Secretary shall advise the President of the United States that planning, development, and protection of the adjacent or related historic and scenic resources in Canada have been accomplished by the Government of Canada in a manner consistent with the purposes for which the park was established, and upon enactment of a provision similar to this section by the proper authority of the Canadian Government, the President is authorized to issue a proclamation designating and including the park as part of an international historical park to be known as Klondike Gold Rush International Historical Park.

(b) For purposes of administration, promotion, development, and support by appropriations, that part of the Klondike Gold Rush International Historical Park within the territory of the United States shall continue to be designated as the "Klondike Gold Rush National Historical Park".

SEC. 4. There are hereby authorized to be appropriated such sums as may be necessary to carry out the purposes of this Act, but not more than \$2,655,000 for the acquisition of lands and interests in lands, and not more than \$5,885,000 for development.

The index may be modified only by a majority vote of the members of the Commission, taken when a quorum is present.

(e)(1) The Commission shall establish standards and criteria applicable to the construction, preservation, restoration, alteration, and use of all properties within the preservation district with the advice of the Commonwealth of Massachusetts and of the Secretary, and the consent of the city manager of Lowell.

(2) The Commission shall establish the standards and criteria described in paragraph (1) of this subsection for any property within the park with the advice of the Commonwealth of Massachusetts and the city manager of Lowell and subject to the review and approval of the Secretary.

(4) The Secretary shall publish the standards and criteria established under paragraphs (1) and (2) of this subsection, and any revisions thereof, in the Federal Register.

LOANS, GRANTS, AND TECHNICAL ASSISTANCE

SEC. 303. (a) The Commission may make loans to the Lowell Development and Financial Corporation (established under chapter 844 of the Massachusetts General Laws and hereinafter referred to as the "corporation") to enable the corporation to provide low interest loans for the preservation, restoration, or development of any property described in section 302(d)(1) of this Act. The Commission may make any such loan to the corporation only after entering into a loan agreement with the corporation which includes the following terms:

(1) The loan to the corporation shall have a maturity of thirty-five years. At the end of such period, the corporation shall repay to the Secretary of the Treasury (in a lump sum) for deposit in the general fund of the Treasury the full amount of the loan and any additional amounts accruing to the corporation pursuant to this subsection excepting those amounts expended by the corporation for reasonable administrative expenses.

(2) The money received from the Commission, and any interest earned on such money, may be obligated by the corporation only for low interest loans made under paragraphs (6) and (7) of this subsection, except that the corporation may use such money to the

extent the Commission considers reasonable to satisfy the costs of the corporation in administering the loan or procuring loan guarantees or insurance.

(3) Within five years after receiving the loan from the Commission, the corporation shall make loans under paragraphs (6) and (7) of this subsection which, in the aggregate, obligate the full amount of money received from the Commission (minus any amount required to satisfy the costs described in paragraph (2) of this subsection).

(4) As loans made under paragraphs (6) and (7) of this subsection are repaid, the corporation shall make additional loans under such paragraphs with the money made available for obligation by such repayments.

(5) The corporation shall make available to the Commission and to the Secretary, upon request, all accounts, financial records, and other information related to loans made under paragraphs (6) and (7) of this subsection.

(6) Before the corporation approves any application for a low interest loan for which money has been made available to the corporation by the Commission, the corporation shall require the prospective borrower to furnish the corporation with a statement from the Commission stating that the Commission has reviewed the application and has determined that any loan received by the prospective borrower will be spent in a manner consistent with—

(A) the standards and criteria established pursuant to section 302(e) of this Act, and

(B) the goals of the park preservation plan approved under section 302(a) of this Act.

(7) The corporation may approve any application for a low interest loan which meets the terms and conditions prescribed by the corporation with the approval of the Commission and for which money has been made available to the corporation by the Commission if—

(A) the prospective borrower furnishes the corporation with the statement described in paragraph (6) of this subsection;

(B) the corporation determines that such borrower has sufficient financial resources to repay the loan; and

(C) such borrower satisfies any other applicable credit criteria established by the corporation.

In order to determine whether the corporation has complied with this subsection, the Commission, or such other appropriate person or entity as the Commission may designate, shall conduct an audit at least once every two years of all accounts, financial records, and other information related to loans made under paragraphs (6) and (7) of this subsection. If the Commission determines, after conducting a hearing on the record, that the cor-

poration has substantially failed to comply with this subsection, the outstanding balance of any loan made to the corporation under this subsection shall become payable in full upon the demand of the Commission.

(b)(1) The Commission may make grants to owners of property described in section 302(d)(1) of this Act for the preservation, restoration, management, development, or maintenance of such property in a manner consistent with the standards and criteria established pursuant to section 302(e) of this Act.

(2) The Commission, with the approval of the Secretary, may make grants to any person or any public or private entity to provide for (i) educational and cultural programs which encourage appreciation of the resources of the park and preservation district, or (ii) any planning, transportation, maintenance, or other services the Commission considers necessary to carry out the purposes of this Act.

(3) Grants under this subsection shall be made under agreements which specify the amount of the grant, the installments (if any) by which the grant shall be paid to the grant recipient, the purpose for which the grant may be used, and any other condition the Commission considers appropriate. The Commission shall be entitled, under the terms of any grant agreement, to recover from the recipient any funds used in a manner inconsistent with such grant agreement.

(c) The Commission with the advice of the Secretary may provide technical assistance to—

(1) owners of property within the park or preservation district to assist such owners in (A) making repairs to or improvements in any property included in the index established pursuant to section 302(d) of this Act, or (B) applying for loans under subsection (a) of this section; and

(2) any other person or public or private entity to assist such person or entity in taking actions consistent with the purpose of this Act.

(d) The Commission shall make available to the Secretary, upon request, all accounts, financial records, and other information of the Commission relating to grants and loans made under this section.

(e) The Secretary shall make an annual report to the Congress describing the loans, grants, and technical assistance provided under this section and under section 203 of this Act. Such report shall specify the amount, recipient, and purpose of any loan, grant or technical assistance so provided and contain such additional information as the Secretary considers appropriate.

TITLE II

SEC. 201. (a) In order to provide for the preservation, restoration, and interpretation of the Spanish Missions of San Antonio, Texas, for the benefit and enjoyment of present and future generations of Americans, there is hereby established the San Antonio Missions National Historical Park (hereafter in this section referred to as the "park") consisting of Concepcion, San Jose, San Juan, and Espada Missions, together with areas and features historically associated therewith, as generally depicted on the drawing entitled "Boundary Map, San Antonio Missions National Historical Park", numbered 930-80,022-C and dated May 1978, which shall be on file and available for public inspection in the offices of the National Park Service, Department of the Interior, and in the offices of the Superintendent of the park. After advising the Committee on Energy and Natural Resources of the United States Senate and the Committee on Interior and Insular Affairs of the United States House of Representatives, in writing, the Secretary of the Interior (hereinafter referred to as the "Secretary") may make minor revisions of the boundaries of the park when necessary by publication of a revised drawing or other boundary description in the Federal Register.

(b) For the purposes of this section, the Secretary is authorized—

(1) to acquire by donation, purchase with donated or appropriated funds, or exchange, lands and interests therein constituting the following generally described areas in the historic missions district of the city of San Antonio, Texas—

- (A) Mission San Jose y San Miguel de Aguayo;
- (B) Mission Nuestra Senora de la Purisima Concepcion de Acuna;
- (C) Mission San Francisco de la Espada;
- (D) Espada Acequia, the section of approximately five miles along the west side of and parallel to the San Antonio River;
- (E) Espada Dam and Aqueduct;
- (F) Mission San Juan Capistrano;
- (G) San Juan Acequia, on the east side of the San Antonio River; and

- (H) such lands and interests therein which the Secretary determines are necessary or desirable to provide for public access to, and interpretation and protection of, the foregoing; and
- (2) to enter cooperative agreements with the owners of any historic properties, including properties referred to in paragraph (1), in furtherance of the purposes of this section.

Each agreement under paragraph (2) shall provide among other things that the owner will hold and preserve the historic property in perpetuity and will not undertake or permit the alteration or removal of historic features or the erection of markers, structures, or buildings without the prior concurrence of the Secretary, and that the public shall have reasonable access to those portions of the property to which access is necessary in the judgment of the Secretary for the proper appreciation and interpretation of its historical and architectural value. Pursuant to such cooperative agreements and notwithstanding any other provision of law to the contrary the Secretary may, directly or by contract, construct, reconstruct, rehabilitate, or develop such buildings, structures, and related facilities including roads, trails, and other interpretive facilities on real property not in Federal ownership and may maintain and operate programs in connection therewith as he deems appropriate. Any lands or interest therein owned by the Catholic Archdiocese of San Antonio, the State of Texas, or any political subdivision of such State, including the San Antonio River Authority, may be acquired by donation only: *Provided*, That the Secretary shall submit all proposed cooperative agreements to the Department of Justice for a determination that the proposed agreements do not violate the constitutional provisions regarding the separation of church and state.

(c)(1) With the exception of any property deemed necessary by the Secretary for visitor facilities or administration of the park, any owner or owners of improved property on the date of its acquisition by the Secretary may, as a condition of such acquisition, retain for themselves and their successors or assigns a right of use and occupancy of the property for noncommercial residential purposes, for twenty-five years, or, in lieu thereof, for a term ending at the death of the owner or his spouse, whichever is later. The owner shall elect the term to be reserved. The Secretary shall pay to the owner the fair market value of the property on the date of such acquisition less the fair market value on such date of the right retained by the owner.

(2) A right of use and occupancy retained or enjoyed pursuant to this subsection may be terminated with respect to the entire property by the Secretary upon his determination that the property or any portion thereof had ceased to be used for noncommercial residential purposes and upon tender to the holder of a right an amount

equal to the fair market value, as of the date of tender, of that portion of the right which remains unexpired on the date of termination.

(3) The term "improved property", as used in this subsection, shall mean a detached, noncommercial residential dwelling, the construction of which was begun before January 1, 1978 (hereinafter referred to as a "dwelling"), together with so much of the land on which the dwelling is situated, the said land being in the same ownership as the dwelling, as the Secretary shall designate to be reasonably necessary for the enjoyment or the dwelling for the sole purpose of noncommercial residential use, together with any structures accessory to the dwelling which are situated on the land so designated.

(d) The Secretary is authorized and directed to take prompt and appropriate action in accordance with the provisions of this section and any cooperative agreement hereunder to assure the protection and preservation of the historical and architectural values of the missions and the areas and features historically associated therewith within the boundaries of the park. The park shall be administered by the Secretary in accordance with this section and provisions of law generally applicable to units of the National Park System, including the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 1 et seq.) and the Act of August 21, 1935 (49 Stat. 666; 16 U.S.C. 461-467).

(e)(1) There is hereby authorized to be established by the Secretary, a San Antonio Missions Advisory Commission. The Commission shall be composed of seven members, each appointed for a term of two years by the Secretary, as follows:

(A) one member to be appointed from recommendations made by the Governor of the State of Texas;

(B) one member to be appointed from recommendations made by the County Commissioners of Bexar County, Texas;

(C) one member to be appointed from recommendations made by the City Council of the City of San Antonio, Texas;

(D) one member to be appointed to represent non-Federal property owners whose property is operated and maintained in accordance with cooperative agreements with the Secretary pursuant to subsection (b) (2);

(E) one member from the membership of a local conservation or historical organization; and

(F) two members representing the general public. The Secretary shall designate one member to be Chairman of the Commission and may fill any vacancy in the same manner in which the original appointment was made.

(2) Members of the Commission shall serve without compensation as such, but the Secretary may pay expenses reasonably incurred by the Commission and may

reimburse members for reasonable expenses incurred in carrying out their responsibilities under this section on vouchers signed by the Chairman.

(3) All appointments to the Commission shall be made by the Secretary within six months after the date of the enactment of this Act and the Secretary, or his designee, shall from time to time, but at least semiannually, meet and consult with the Advisory Commission in matters relating to the park and with respect to carrying out the provisions of this section.

(4) Unless extended by Act of Congress, this Commission shall terminate ten years after the date of its first meeting with the Secretary or his designee.

(f)(1) There are hereby authorized to be appropriated such sums as may be necessary to carry out the purposes of this section, but not more than \$10,000,000 for the acquisition of lands and interests in lands.

(2) For the development of essential public facilities there are authorized to be appropriated not more than \$500,000. Within one year from the date of enactment of this Act, the Secretary shall develop and transmit to the Committee on Interior and Insular Affairs of the United States House of Representatives and the Committee on Energy and Natural Resources of the United States Senate a final master plan for the development of the park consistent with the objectives of this section, indicating (A) the facilities needed to accommodate the health, safety, and interpretive needs of the visiting public; (B) the location and estimated cost of all facilities; and (C) the projected need for any additional facilities within the park.

SEC. 2. (a) The park shall comprise the area generally depicted on the map entitled "Valley Forge National Historical Park", dated February 1976, and numbered VF-91,000, which shall be on file and available for inspection in the offices of the National Park Service, Department of the Interior, Washington, District of Columbia, and in the offices of the superintendent of the park. After advising the Committees on Interior and Insular Affairs of the United States Congress, in writing, the Secretary may make minor revisions of the boundaries of the park when necessary by publication of a revised map or other boundary description in the Federal Register.

2. Canaveral

An Act to establish the Canaveral National Seashore in the State of Florida, and for other purposes. (88 Stat. 2121) (P.L. 93-626)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That in order to preserve and protect the outstanding natural, scenic, scientific, ecologic, and historic values of certain lands, shoreline, and waters of the State of Florida, and to provide for public outdoor recreation use and enjoyment of the same, there is hereby established the Canaveral National Seashore (hereinafter referred to as the "seashore"), as generally depicted on the map entitled "Boundary Map, Canaveral National Seashore", dated August 1974 and numbered NS-CAN-40,000A. Such seashore shall comprise approximately sixty-seven thousand five hundred acres within the area more particularly described by a line beginning at the intersection of State Highway 3 and State Road 402, thence generally easterly following State Road 402 to a point one-half mile offshore in the Atlantic Ocean, thence northwesterly along a line which is at each point one-half mile distant from the high water mark to Bethune Beach, thence inland in a generally westerly direction through Turner Flats and Shipyard Canal, thence northwesterly to the Intracoastal Waterway, thence southerly along the Intracoastal Waterway to the boundary of the Kennedy Space Center, thence southwesterly to United States Highway 1, thence southerly along State Highway 3 to the point of beginning. The boundary map shall be on file and available for public inspection in the offices of the United States Fish and Wildlife Service and National Park Service, Department of the Interior, Washington, District of Columbia. After advising the Committees on Interior and Insular Affairs of the United States Congress, in writing, at least sixty days prior to making any boundary revisions, the Secretary may from time to time make minor revisions in the boundaries of the seashore by publication of a revised map or other boundary description in the Federal Register: *Provided,* That the total acreage included within the boundaries shall not exceed that enumerated in this section.

SEC. 2. Within the boundaries of the seashore, the Secretary may acquire lands, waters, and interests therein by donation, purchase with donated or appropriated funds, exchange, or transfer. Any property owned by the State of Florida or any political subdivision thereof may be acquired only by donation. It is the intent and purpose of this Act that the Secretary shall have sole authority to develop and improve those State owned lands donated now and in the future in accordance with the intent and purposes of this Act. Notwithstanding any

other provision of law, any federally owned property within the boundaries of the seashore may, with the concurrence of the agency having custody thereof, be transferred without consideration to the administrative jurisdiction of the Secretary of the Interior and he may develop and administer such lands in a manner consistent with the purposes of this Act. In accepting lands transferred by the National Aeronautics and Space Administration pursuant to this Act, the Secretary shall enter into a written cooperative agreement with the Administrator to assure the use of such lands in a manner which is deemed consistent with the public safety and with the needs of the space and defense programs of the Nation: *Provided*, That no new construction or development shall be permitted within the seashore, except for the construction of such facilities as the Secretary deems necessary for the health and safety of the visiting public or for the proper administration of the seashore: *Provided further*, That after the date of the enactment of this Act the Secretary of the Interior, in cooperation with the Administrator of the National Aeronautics and Space Administration, shall submit to the Committees on Interior and Insular Affairs of the Congress and to the Committee on Science and Astronautics of the House of Representatives and to the Committee on Aeronautical and Space Sciences of the Senate a report of all land transfers made by the National Aeronautics and Space Administration to the Department of the Interior under this Act.

SEC. 3. (a) Except for property deemed necessary by the Secretary for visitor facilities, or for access to or administration of the seashore, any owner or owners of improved property on the date of its acquisition by the Secretary may, as a condition of such acquisition, retain for themselves and their successors or assigns a right of use and occupancy of the improved property for noncommercial residential purposes for a definite term not to exceed twenty-five years, or in lieu thereof, for a term ending at the death of the owner, or the death of his spouse, whichever is the later. The owner shall elect the term to be reserved. Unless the property is wholly or partially donated to the United States, the Secretary shall pay to the owner the fair market value of the property on the date of such acquisition less the fair market value on such date of the right retained by the owner.

(b) The Secretary may terminate a right of use and occupancy retained pursuant to this section upon his determination that such use and occupancy is being exercised in a manner not consistent with the purposes of this Act, and upon tender to the holder of the right of an amount equal to the fair market value of that portion of the right which remains unexpired on the date of termination.

(c) The term "improved property", as used in this section shall mean a detached, noncommercial residential dwelling, the construction of which was begun before January 1, 1971 (hereafter referred to as "dwelling"), together with so much of the land on which the dwelling is situated, the said land being in the same ownership as the dwelling, as the Secretary shall designate to be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, together with any structures, necessary to the dwelling which are situated on the land so designated.

(d) Except as otherwise provided, the Secretary shall have the authority to use condemnation as a means of acquiring a clear and marketable title, free of any and all encumbrances.

SEC. 4. The Secretary shall permit hunting, fishing, and trapping on lands and waters under his jurisdiction within the boundaries of the seashore in accordance with the appropriate laws of the State of Florida and the United States to the extent applicable, except that he may designate zones where, and establish periods when, no hunting, fishing, or trapping shall be permitted for reasons of public safety, administration, fish and wildlife management, public use and enjoyment, protection of the resource, or competing public use. Except in emergencies, any regulations prescribing any such restrictions shall be put into effect only after consultation with the appropriate State agency responsible for hunting, fishing, and trapping activities.

SEC. 5. (a) The seashore shall be administered, protected, and developed in accordance with the provisions of the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 1, 2-4), as amended and supplemented, except that any other statutory authority available to the Secretary for the conservation management of natural resources may be utilized to the extent he finds such authority will further the purposes of the Act.

(b) Notwithstanding any other provisions of this Act, lands and waters in the Merritt Island National Wildlife Refuge as described in subsection (c)(2) of this section which are part of the seashore shall be administered for refuge purposes through the United States Fish and Wildlife Service pursuant to the National Wildlife Refuge System Administration Act, as amended (80 Stat. 926; 16 U.S.C. 668dd-668ee), except that the Secretary may utilize such additional authority as may be available to him for the conservation and management of wildlife and natural resources, the development of outdoor recreation opportunities, and interpretive education as he deems appropriate, consistent with the preservation of natural and wildlife values.

(c) The Secretary shall cause to be issued a well defined division of management authority between the

National Park Service and the United States Fish and Wildlife Service. It is the intent and purpose of this Act that such management authority, generally, shall be as follows:

(1) The National Park Service shall administer those lands and waters described as follows: beginning at the intersection of State Highway 3 and State Road 402; thence easterly along State Road 402 and continuing easterly in a straight line to a point one-half mile offshore in the Atlantic Ocean, following the southern boundary of the seashore created in section 1; thence northwesterly along the boundary of the seashore created in section 1, which line is at each point one-half mile distance from the high water mark, to Bethune Beach; thence inland in a generally westerly direction through Turner Flats and Shipyard Canal; thence northwesterly to the Intra-coastal Waterway; thence southerly along the Intra-coastal Waterway to the boundary of the Kennedy Space Center; thence southwesterly to United States Highway 1; thence southerly along State Highway 3 to the northern boundary of H. M. Gomez Grant; thence easterly along the northern boundary of H. M. Gomez Grant and continuing easterly in a straight line to a point of intersection with the line between the marsh and the dunes; thence southerly along the line between the marsh and the dunes to a point approximately one-half mile north of the southern boundary of the seashore created in section 1; thence westerly in a straight line to connect with and to follow the Government Railroad to its intersection with State Highway 3; thence southerly along State Highway 3 to the point of beginning. The portion of land bounded by the northern boundary of the H.M. Gomez Grant is hereby transferred to the Secretary of the Interior and may be used for the purpose of establishing such facilities as are needed for the administration of the seashore, for the construction of the principal visitor center which shall be designated as the "Spessard L. Holland Visitor Center", and for a central access to the seashore: *Provided, however,* That the Secretary of the Interior, upon the request of the Administrator of the National Aeronautics and Space Administration, shall close this area or any part thereof to the public when necessary for space operations. In administering the shoreline and adjacent lands the Secretary shall retain such lands in their natural and primitive condition, shall prohibit vehicular traffic on the beach except for administrative purposes, and shall develop only those facilities which he deems essential for public health and safety.

(2) The United States Fish and Wildlife Service shall administer the remaining lands described in section 1 of the Act.

SEC. 6. (a) There is hereby established the Canaveral National Seashore Advisory Commission which shall

consult and advise with the Secretary on all matters of planning, development, and operation of the seashore and shall provide such other advice and assistance as may be useful in carrying out the purposes of this Act. The Commission shall terminate ten years after the date the seashore is established pursuant to this Act, unless extended by the Congress. The Commission shall be composed of five members who shall serve for terms of two years. Members shall be appointed by the Secretary, one of whom he shall designate as Chairman, in the following manner:

(1) one member from each county in which the seashore is located, to be selected from recommendations made by the county commission in each county;

(2) two members representing the State of Florida who shall be selected from recommendations made by the Governor of Florida; and

(3) one member representing the general public.

(b) After the Secretary designates the member to be Chairman, the Commission may meet as often as necessary at the call of the Chairman or of the Secretary, or upon petition of a majority of the members of the Commission. Any vacancy in the Commission shall be filled in the same manner as the original appointment was made.

(c) Members of the Commission shall serve without compensation, as such, but the Secretary may pay, upon vouchers signed by the Chairman, the expenses reasonably incurred by the Commission and its members in carrying out their responsibilities under this section.

SEC. 7. Upon enactment of this Act, those lands to be used for the administrative and visitor facilities described in section 5 (c)(1) shall be transferred by this Act to the Secretary of the Interior and those portions of the John F. Kennedy Space Center falling within the boundaries of the seashore as defined in section 1 of this Act shall become a part of the seashore, and within ninety days thereafter, the Administrator, National Aeronautics and Space Administration, shall grant to the Secretary for carrying out the intent and purpose of this Act such use of said portions as the Administrator determines is not inconsistent with public safety and the needs of the space and defense programs of the Nation. Notwithstanding any other provision of law, any lands within the seashore which the Administrator determines to be excess to the needs of such agency shall be transferred to the Secretary of the Interior for administration in accordance with the provisions of this Act: *Provided*, That any portions of the John F. Kennedy Space Center within the seashore not transferred to the Secretary shall remain under the control and jurisdiction of the Administrator.

SEC. 8. Within three years from the date of enactment

of this Act, the Secretary shall review the area within the seashore and shall report to the President, in accordance with section 3 (c) and (d) of the Wilderness Act (78 Stat. 891; 16 U.S.C. 1132 (c) and (d)), his recommendations as to the suitability or unsuitability of any area within the seashore for preservation as wilderness, and any designation of any such areas as a wilderness shall be accomplished in accordance with said subsections of the Wilderness Act.

SEC. 9. (a) There are hereby authorized to be appropriated such sums as may be necessary to carry out the purposes of this Act, but not more than \$7,941,000 for the acquisition of lands and interests in lands. In order to avoid excessive costs resulting from delays in the acquisition program, the Secretary shall make every reasonable effort to promptly acquire the privately owned lands within the seashore. Until all such lands are acquired, he shall report, in writing on June 30 of each year to the Committees on Interior and Insular Affairs of the United States Congress, the following information:

(1) the amount of land acquired during the current fiscal year and the amount expended therefor;

(2) the amount of land remaining to be acquired; and

(3) the amount of land programmed for acquisition in the ensuing fiscal year and the estimated cost thereof.

(b) For the development of essential public facilities there are authorized to be appropriated not more than \$500,000. Within three years from the date of the enactment of this Act, the Secretary shall develop and transmit to the Committees on Interior and Insular Affairs of the United States Congress a final master plan for the full development of the seashore consistent with the preservation objectives of this Act, indicating:

(1) the facilities needed to accommodate the health, safety, and recreation needs of the visiting public;

"(b) With respect to the property identified as area I-E on map numbered 626-91007, the Secretary may enter into a cooperative agreement whereby the State of Indiana or any political subdivision thereof may undertake to develop, manage, and interpret such area in a manner consistent with the purposes of this Act.

"SEC. 19. By July 1, 1977, the Secretary shall prepare and transmit to the Committees on Interior and Insular Affairs of the United States Congress a study of areas III-A, III-C, and II-A, as designated on map numbered 626-91007. The Secretary shall make reasonable provision for the timely participation of the State of Indiana, local public officials, affected property owners, and the general public in the formulation of said study, including, but not limited to, the opportunity to testify at a public hearing. The record of such hearing shall accompany said study. With respect to areas III-A and III-C, the study shall (a) address the desirability of acquisition of any or all of the area from the standpoint of resource management, protection, and public access; (b) develop alternatives for the control of beach erosion if desirable, including recommendations, if control is necessary, of assessing the costs of such control against those agencies responsible for such erosion; (c) consider and propose options to guarantee public access to and use of the beach area, including the location of necessary facilities for transportation, health, and safety; (d) detail the recreational potential of the area and all available alternatives for achieving such potential; (e) review the environmental impact upon the lakeshore resulting from the potential development and improvement of said areas; and (f) assess the cost to the United States from both the acquisition of said areas together with the potential savings from the retention of rights of use and occupancy and from the retention of the boundaries of the lakeshore, as designated on map numbered 626-91007, including the costs of additional administrative responsibilities necessary for the management of the lakeshore, including the maintenance of public services in the town of Beverly Shores, Indiana. With respect to area II-A, the Secretary shall study and report concerning the following objectives: (a) preservation of the remaining dunes, wetlands, native vegetation, and animal life within the area; (b) preservation and restoration of the watersheds of Cowles Bog and its associated wetlands; (c) appropriate public access to and use of lands within the area; (d) protection of the area and the adjacent lakeshore from degradation caused by all forms of construction, pollution, or other adverse impacts in-

cluding, but not limited to, the discharge of wastes and any excessive subsurface migration of water; and (e) the economic consequences to the utility and its customers of acquisition of such area.

"SEC. 20. After notifying the Committees on Interior and Insular Affairs of the United States Congress, in writing, of his intentions to do so and of the reasons therefor, the Secretary may, if he finds that such lands would make a significant contribution to the purposes for which the lakeshore was established, accept title to any lands, or interests in lands, located outside the present boundaries of the lakeshore but contiguous thereto or to lands acquired under this section, such lands the State of Indiana or its political subdivisions may acquire and offer to donate to the United States or which any private person, organization, or public or private corporation may offer to donate to the United States and he shall administer such lands as a part of the lakeshore after publishing notice to that effect in the Federal Register."

(9) Section 5 of such Act is hereby repealed, and the succeeding sections are redesignated accordingly.

An Act authorizing the construction, repair, and preservation of certain public works on rivers and harbors for navigation, flood control, and for other purposes. (88 Stat. 12) (P.L. 93-251)

TITLE I—WATER RESOURCES DEVELOPMENT

SEC. 1. (a) The Secretary of the Army, acting through the Chief of Engineers, is hereby authorized to undertake the phase I design memorandum stage of advanced engineering and design of the following multi-purpose water resources development projects, substantially in accordance with, and subject to the conditions recommended by the Chief of Engineers in, the reports hereinafter designated.

SEC. 108. (a) As used in this section the term "Secretary" shall mean the Secretary of the Army, acting through the Chief of Engineers. The Secretary, in accordance with the national recreation area concept included in the interagency report prepared pursuant to section 218 of the Flood Control Act of 1968 (Public Law 90-483) by the Corps of Engineers, the Department of the Interior, and the Department of Agriculture, as modified by this section, is authorized and directed to establish on the Big South Fork of the Cumberland River in Kentucky and Tennessee the Big South Fork National River and Recreation Area (hereafter in this section referred to as the "National Area") for the purposes of conserving and interpreting an area containing unique cultural, historic, geologic, fish and wildlife, archeologic, scenic, and recreational values, preserving as a natural, free-flowing stream the Big South Fork of the Cumberland River, major portions of its Clear Fork and New River stems, and portions of their various tributaries for the benefit and enjoyment of present and future generations, the preservation of the natural integrity of the scenic gorges and valleys and the development of the area's potential for healthful outdoor recreation. The boundaries shall be as generally depicted on the drawing prepared by the Corps of Engineers and entitled "Big South Fork National River and Recreation Area" identified as map number BSF-NRRA(1) (A) and dated Oc-

tober 1972, which shall be on file and available for public inspection in the office of the District Engineer, U.S. Army Engineer District, Nashville, Tennessee.

(b) The Secretary shall establish the National Area by publication of notice thereof in the Federal Register when he determines that the United States has acquired an acreage within the boundaries of the National Area that is efficiently administrable for the purposes of this section. After publication of notice, and after he has completed the construction of necessary access roads, day-use facilities, campground facilities, lodges, and administrative buildings, the Secretary shall transfer the jurisdiction of the National Area to the Secretary of the Interior who shall administer the National Area in accordance with the provisions of the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 1, 2-4), as amended and supplemented. In the administration of the National Area the Secretary may utilize such statutory authority available to him for the conservation and management of wildlife and natural resources as he deems appropriate to carry out the purposes of this section. The Secretary of the Interior may, after transfer to him, revise the boundaries from time to time, but the total acreage within such boundaries shall not exceed one hundred and twenty-five thousand acres. Following such transfer the authorities available to the Secretary in subsection (c) of this section shall likewise be available to the Secretary of the Interior. The Secretary may, prior to the transfer to the Secretary of the Interior, revise the boundaries from time to time, but the total acreage within such boundaries shall not exceed one hundred and twenty-five thousand acres.

(c) (1) Within the boundaries of the National Area, the Secretary may acquire lands and waters or interests therein by donation, purchase with donated or appropriated funds, or exchange or otherwise, except that lands (other than roads and rights-of-way for roads) owned by the States of Kentucky and Tennessee or any political subdivisions thereof may be acquired only by donation. When an individual tract of land is only partly within the boundaries of the National Area, the Secretary may acquire all of the tract by any of the above methods in order to avoid the payment of severance costs. Land so acquired outside of the boundaries of the National Area may be exchanged by the Secretary for non-Federal lands within the National Area boundaries, and any portion of the land not utilized for such exchanges may be disposed of in accordance with the provisions of the Federal Property and Administrative Services Act of 1949 (63 Stat. 377; 40 U.S.C. 471 et seq.), as amended. Notwithstanding any other provision of law, any Federal property within the boundaries of the National Area shall be transferred without consideration to the administrative jurisdiction of the Secretary for the purposes of this section.

(2) With the exception of property or any interest in property that the Secretary determines is necessary for purposes of administration, preservation, or public use, any owner or owners (hereafter in this section referred to as "owner") of improved property used solely for noncommercial residential purposes on the date of its acquisition by the Secretary may retain the right of use and occupancy of such property for such purposes for a term, as the owner may elect, ending either (A) upon the death of the owner or his spouse, whichever occurs later, or (B) not more than twenty-five years from the date of acquisition. The Secretary shall pay to the owner the fair market value of the property on the date of such acquisition, less the fair market value on such date of the term retained by the owner. Such right shall be subject to such terms and conditions as the Secretary deems appropriate to assure that the property is used in accordance with the purposes of this section; may be transferred or assigned; and may be terminated with respect to the entire property by the Secretary upon his determination that the property or any portion thereof has ceased to be used for noncommercial residential purposes, and upon tender to the holder of the right an amount equal to the fair market value, as of the date of the tender, of that portion of the right which remains unexpired on the date of termination. Any person residing upon improved property, subject to the right of acquisition by the Secretary as a tenant or by the sufferance of the owner or owners of the property may be allowed to continue in such residence for the lifetime of such person or his spouse, whichever occurs later, subject to the same restrictions as applicable to owners residing upon such property and provided that any obligation or rental incurred as consideration for such tenancy shall accrue during such term to the United States to be used in the administration of this section.

(3) As used in this section the term "improved property" means a detached year-round one-family dwelling which serves as the owner's permanent place of abode at the time of acquisition, and construction of which was begun before January 1, 1974, together with so much of the land on which the dwelling is situated, such land being in the same ownership as the dwelling, as the Secretary shall designate to be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, except that the Secretary may exclude from any improved property any waters or land fronting thereon, together with so much of the land adjoining such waters or land as he deems necessary for public access thereto.

(4) In any case where the Secretary determines that underlying minerals are removable consistent with the provisions of subsection (e) (3) of this section, the owner of the minerals underlying property acquired for the purposes of this section may retain such interest. The

Secretary shall reserve the right to inspect and regulate the extraction of such minerals to insure that the values enumerated in subsection (a) are not reduced and that the purposes declared in subsection (e) (1) are not interfered with.

(d) The Secretary, and the Secretary of the Interior after jurisdiction over the National Area has been transferred to him under subsection (b) of this section, shall permit hunting, fishing, and trapping on lands and waters under his jurisdiction within the boundaries of the National Area in accordance with applicable Federal and State laws, except that he may designate zones where, and establish periods when, no hunting, fishing, or trapping shall be permitted for reasons of public safety, administration, fish or wildlife management, or public use and enjoyment. Except in emergencies, any rules and regulations of the Secretary or the Secretary of the Interior pursuant to this subsection shall be put into effect only after consultation with the appropriate State agency responsible for hunting, fishing, and trapping activities.

(e) (1) The National Area shall be established and managed for the purposes of preserving and interpreting the scenic, biological, archeological, and historical resources of the river gorge areas and developing the natural recreational potential of the area for the enjoyment of the public and for the benefit of the economy of the region. The area within the boundary of the National Area shall be divided into two categories; namely, the gorge areas and adjacent areas as hereinafter defined.

(2) (A) Within the gorge area, no extraction of, or prospecting for minerals, petroleum products, or gas shall be permitted. No timber shall be cut within the gorge area except for limited clearing necessary for establishment of day-use facilities, historical sites, primitive campgrounds, and access roads. No structures shall be constructed within the gorge except for reconstruction and improvement of the historical sites specified in paragraphs (5) and (6) of this subsection and except for necessary day-use facilities along the primary and secondary access routes specified herein and within five hundred feet of such roads, and except for primitive campgrounds accessible only by water or on foot. No motorized transportation shall be allowed in the gorge area except on designated access routes.

(B) Primary access routes into the gorge area may be constructed or improved upon the general route of the following designated roads: Tennessee Highway Numbered 52, FAS 2451 (Leatherwood Ford Road), the road into the Blue Heron Community, and Kentucky Highway Numbered 92.

(C) Secondary access roads in the gorge area may be constructed or improved upon the following routes: the roads from Smith Town, Kentucky, to Worley, Kentucky,

the road crossing the Clear Fork at Burnt Mill Bridge, the road from Goad, Tennessee, to Zenith, Tennessee, the road from Co-Operative, Kentucky, to Kentucky Highway Numbered 92, the road entering the gorge across from the mouth of Alum Creek in Kentucky, the road crossing the Clear Fork at Peters Bridge.

(D) All other existing roads in the gorge area shall be maintained for nonvehicular traffic only, except that nothing in this section shall abrogate the right of ingress and egress of those whom remain in occupancy under subsection (c) (1) of this section.

(E) Road improvement or maintenance and any construction of roads or facilities in the gorge area as permitted by this section shall be accomplished by the Secretary in a manner that will protect the declared values of this unique natural scenic resource.

(3) In adjacent areas: the removal of timber shall be permitted only where required for the development or maintenance of public use and for administrative sites and shall be accomplished with careful regard for scenic and environmental values; prospecting for minerals and the extraction of minerals from the adjacent areas shall be permitted only where the adit to any such mine can be located outside the boundary of the National Area; no surface mining or strip mining shall be permitted; prospecting and drilling for petroleum products and natural gas shall be permitted in the adjacent area under such regulations as the Secretary or the Secretary of the Interior, after jurisdiction over the national river and recreation area has been transferred to him under subsection (b) of this section, may prescribe to minimize detrimental environment impact, such regulations shall provide among other things for an area limitation for each such operation, zones where operations will not be permitted, and safeguards to prevent air and water pollution; no storage facilities for petroleum products or natural gas shall be located within the boundary of the National Area except as necessary and incidental to production; the Secretary is authorized to construct two lodges with recreational facilities within the adjacent areas so as to maximize and enhance public use and enjoyment of the National Area; construction of all roads and facilities in the adjacent areas shall be undertaken with careful regard for the maintenance of the scenic and esthetic values of the gorge area and the adjacent areas.

(4) The gorge area as set out in paragraphs (1) and (2) of this subsection shall consist of all lands and waters of the Big South Fork, Clear Fork, and New River which lie between the gorge or valley rim on either side (where the rim is not clearly defined by topography, the gorge boundary shall be established at an elevation no lower than that of the nearest clearly demarked rim on the same side of the valley), and those portions of the main

tributaries and streams in the watersheds of the Big South Fork, Clear Fork, and New River that lie within a gorge or valley rim on either side, except that no lands or waters north of Kentucky Highway Numbered 92 shall be included. The designated adjacent areas shall consist of the balance of the National Area.

(5) The Secretary, and the Secretary of the Interior, shall consult and cooperate with the Tennessee Historical Commission and the Rugby Restoration Association and with other involved agencies and associations, both public and private, concerning the development and management of the National Area in the area adjacent to Rugby, Tennessee. Development within the area adjacent to Rugby, Tennessee, shall be designed toward preserving and enhancing the historical integrity of the community and any historical sites within the boundary of the National Area.

(6) The Secretary, or the Secretary of the Interior, after jurisdiction over the National Area has been transferred to him under subsection (b) of this section, shall provide for the restoration of the Blue Heron Mine community in a manner which will preserve and enhance the historical integrity of the community and will contribute to the public's understanding and enjoyment of its historical value. To that end the Secretary, or the Secretary of the Interior, after jurisdiction over the National Area has been transferred to him under subsection (b) of this section, may construct and improve structures within and may construct and improve a road into this community.

(7) The Secretary shall study the desirability and feasibility of reestablishing rail transportation on the abandoned O&W railbed or an alternative mode of transportation within the National Area upon the O&W roadbed, and shall report to Congress his recommendation with regard to development of this facility.

(f) The Federal Power Commission shall not license the construction of any dam, water conduit, reservoir, powerhouse, transmission line, or other project works under the Federal Power Act (41 Stat. 1063) as amended (16 U.S.C. 791a et seq.), within or directly affecting the National Area and no department or agency of the United States shall assist by loan, grant, license, or otherwise in the construction of any water resources project that would have a direct and adverse effect on the values for which the National Area was established. Nothing contained in the preceding sentence shall preclude licensing of, or assistance to, developments below or above the National Area or on any stream tributary thereto which will not invade the National Area or on any stream tributary thereto which will not invade the National Area or unreasonably diminish the scenic, recreation, and fish and wildlife values present in the area on the date of enactment of this section. No department or

agency of the United States shall recommend authorization of any water resources project that would have a direct and adverse effect on the values for which the National Area was established, or request appropriations to begin construction of any such project, whether heretofore or hereafter authorized, without advising the Secretary or the Secretary of the Interior, after jurisdiction over the National Area has been transferred to him under subsection (b) of this section in writing of its intention so to do at least sixty days in advance, and without specifically reporting to the Congress in writing at the time it makes its recommendations or request in what respect construction of such project would be in conflict with the purposes of this section and would affect the National Area and the values to be protected under this section.

(g) The Secretary shall study transportation facilities in the region served by the National Area and shall establish transportation facilities to enhance public access to the National Area. In this connection the Secretary is authorized to acquire and maintain public roads, other than State highways, necessary to serve the public use facilities within the National Area, and to establish and maintain, at Federal cost an interior and circulating road system sufficient to meet the purposes of this section. Any existing public road, which at the time of its acquisition continues to be a necessary and essential part of the county highway system, may, upon mutual agreement between the Secretary and the owner of such road, be relocated outside of the National Area and if not so relocated such road shall be maintained at Federal expense and kept open at all times for general travel purposes. Nothing in this subsection shall abrogate the right of egress and ingress of those persons who may remain in occupancy under subsection (c) of this section. Nothing in this subsection shall preclude the adjustment, relocation, reconstruction, or abandonment of State highways situated in the National Area, with the concurrence of the agency having the custody of such highways upon entering into such arrangements as the Secretary or the Secretary of the Interior, after jurisdiction over the National Area has been transferred to him under subsection (b) of this section, deems appropriate and in the best interest of the general welfare.

(h) In furtherance of the purpose of this subsection the Secretary in cooperation with the Secretary of Agriculture, the heads of other Federal departments and agencies involved, and the State of Tennessee and its political subdivisions, shall formulate a comprehensive plan for that portion of the New River that lies upstream from United States Highway Numbered 27. Such plan shall include, among other things, programs to enhance the environment and conserve and develop natural resources, and to minimize siltation and acid mine drain-

age. Such plan, with recommendations, including those as to costs and administrative responsibilities, shall be completed and transmitted to the Congress within one year from the date of enactment of this section.

(i) The Secretary or the Secretary of the Interior, after jurisdiction over the National Area has been transferred to him under subsection (b) of this subsection, shall consult and cooperate with other departments and agencies of the United States and the States of Tennessee and Kentucky in the development of measures and programs to protect and enhance water quality within the National Area and to insure that such programs for the protection and enhancement of water quality do not diminish other values that are to be protected under this section.

(j) (1) Until such time as the transfer of jurisdiction to the Secretary of the Interior authorized by subsection (b) of this section shall take place, for the purpose of financially assisting the States of Tennessee and Kentucky, McCreary County, Kentucky, and Scott, Morgan, Pickett, and Fentress Counties in Tennessee, because of losses which these jurisdictions will sustain by reason of the fact that certain lands and other property within their boundaries may be included within the National Area established by this section and thereafter will no longer be subject to real and personal property taxes levied or imposed by them, payments shall be made to them on an annual basis in an amount equal to those taxes levied or imposed on such property for the last taxable year immediately preceding the date of enactment of this section.

(2) For the purpose of enabling the Secretary to make such payments during the fiscal years ending June 30, 1975, June 30, 1976, June 30, 1977, June 30, 1978, and June 30, 1979, there are authorized to be appropriated such sums as may be necessary.

(k) There are authorized to be appropriated \$32,850,000 to carry out the provisions of this section, other than subsection (j) of this section. No moneys shall be appropriated from the Land and Water Conservation Fund to carry out the purposes of this section.

3. New River Gorge

An Act to authorize additional appropriations for the acquisition of lands and interests in lands within the Sawtooth National Recreation Area in Idaho (92 Stat. 3467) (P.L. 95-625)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

TITLE XI—NEW RIVER GORGE NATIONAL RIVER

* * * * *

SEC. 1101. For the purpose of conserving and interpreting outstanding natural, scenic, and historic values and objects in and around the New River Gorge and preserving as a free-flowing stream an important segment of the New River in West Virginia for the benefit and enjoyment of present and future generations, the Secretary of the Interior (hereinafter referred to as the "Secretary") shall establish and administer the New River Gorge National River. The Secretary shall administer, protect, and develop the national river in accordance with the provisions of the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 1 et seq.), as amended and supplemented; except that any other statutory authority available to the Secretary for the preservation and management of natural resources may be utilized to the extent he finds such authority will further the purposes of this title. The boundaries of the national river shall be as generally depicted on the drawing entitled "Proposed New River Gorge National River" numbered NERI-20,002, dated July 1978, which shall be on file and available for public inspection in the offices of the National Park Service, Department of the Interior.

SEC. 1102. (a) Within the boundaries of the New River Gorge National River, the Secretary may acquire lands and waters or interests therein by donation, purchase with donated or appropriated funds, transfer, or exchange. Lands owned by the State of West Virginia or a political subdivision thereof may be acquired by donation only. The authority of the Secretary to condemn in fee, improved properties as defined in subsection (c) of this section shall not be invoked as long as the owner of such improved property holds and uses it in a manner compatible with the purposes of this title. The Secretary may acquire any such improved property without the consent of the owner whenever he finds that such property has undergone, since January 1, 1978, or is imminently about to undergo, changes in land use which are incompatible with the purposes of the national river. The Secretary may acquire less than fee interest in any improved or unimproved property within the boundaries of the national river.

(b) On non-federally owned lands within the national river boundaries, the Secretary is authorized to enter into cooperative agreements with organizations or individuals to mark or interpret properties of significance to the history of the Gorge area.

(c) For the purposes of this Act, the term "improved property" means (i) a detached single family dwelling, the construction of which was begun before January 1, 1977 (hereafter referred to as "dwelling"), together with so much of the land on which the dwelling is situated, the said land being in the same ownership as the dwelling, as the Secretary shall designate to be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, together with any structures necessary to the dwelling which are situated on the land so designated, or (ii) property developed for agricultural uses, together with any structures accessory thereto which were so used on or before January 1, 1977, or (iii) commercial and small business properties which were so used on or before January 1, 1977, the purpose of which is determined by the Secretary to contribute to visitor use and enjoyment of the national river. In determining when and to what extent a property is to be considered an "improved property", the Secretary shall take into consideration the manner of use of such buildings and lands prior to January 1, 1977, and shall designate such lands as are reasonably necessary for the continued enjoyment of the property in the same manner and to the same extent as existed prior to such date.

(d) The owner of an improved property, as defined in this title, on the date of its acquisition, as a condition of such acquisition, may retain for himself, his heirs and assigns, a right of use and occupancy of the improved property for noncommercial residential, or agricultural purposes, or the continuation of existing commercial operations, as the case may be, for a definite term of not more than twenty-five years, or, in lieu thereof, for a term ending at the death of the owner or the death of his spouse, whichever is later. The owner shall elect the term to be reserved. Unless the property is wholly or partially donated, the Secretary shall pay to the owner the fair market value of the property on the date of its acquisition, less the fair market value of the property on that date of the right retained by the owner. A right retained by the owner pursuant to this section shall be subject to termination by the Secretary upon his determination that it is being exercised in a manner inconsistent with the purposes of this title, and it shall terminate by operation of law upon notification by the Secretary to the holder of the right of such determination and tendering to him the amount equal to the fair market value of that portion which remains unexpired.

SEC. 1103. (a) Within two years from the date of enactment of this title, the Secretary shall submit, in writ-

ing, to the House Committee on Interior and Insular Affairs, the Senate Committee on Energy and Natural Resources and the Committees on Appropriations of the United States Congress, a detailed plan which shall indicate—

(i) the lands and areas which he deems essential to the protection and public enjoyment of the natural, scenic, and historic values and objects of this national river;

(ii) the lands which he has previously acquired by purchase, donation, exchange, or transfer for the purpose of this national river;

(iii) the annual acquisition program (including the level of funding) which he recommends for the ensuing four fiscal years; and

(iv) the feasibility and suitability of including within the boundaries of the national river, the section of the New River from Fayetteville to Gauley Bridge, and reasons therefor.

SEC. 1104. The Secretary shall on his own initiative, or at the request of any local government having jurisdiction over land located in or adjacent to the Gorge area, assist and consult with the appropriate officials and employees of such local government in establishing zoning laws or ordinances which will assist in achieving the purposes of this title. In providing assistance pursuant to this section, the Secretary shall endeavor to obtain provisions in such zoning laws or ordinances which—

(1) have the effect of restricting incompatible commercial and industrial use of all real property in or adjacent to the Gorge area;

(2) aid in preserving the character of the Gorge area by appropriate restrictions on the use of real property in the vicinity, including, but not limited to, restrictions upon building and construction of all types; signs and billboards; the burning of cover; cutting of timber; removal of topsoil, sand, or gravel; dumping, storage, or piling of refuse; or any other use which would detract from the esthetic character of the Gorge area; and

(3) have the effect of providing that the Secretary shall receive advance notice of any hearing for the purpose of granting a variance and any variance granted under, and of any exception made to, the application of such law or ordinance.

SEC. 1105. (a) Notwithstanding any other provision of law, no surface mining of any kind shall be permitted on federally owned lands within the boundary of the national river where the subsurface estate is not federally owned. Underground mining on such lands may be permitted by the Secretary only if—

(1) the mining operation will have no significant adverse impact on the public use and enjoyment of the national river;

(2) the mining operation will disturb the minimum amount of surface necessary to extract the mineral; and

(3) the surface is not significantly disturbed, unless there is no technologically feasible alternative.

(b) The harvesting of timber on federally owned lands within the national river boundary is prohibited, except insofar as it is necessary for the Secretary to remove trees for river access, historic sites, primitive campgrounds, scenic vistas, or as may be necessary from time to time for reasons of public health and safety.

(c) The owner of a mineral estate subject to this section who believes he has suffered a loss by operation of this section, may bring an action only in a United States district court to recover just compensation, which shall be awarded if the court finds that such loss constitutes a taking of property compensable under the Constitution.

SEC. 1106. The Secretary may permit hunting and fishing on lands and waters under his jurisdiction within the boundaries of the New River Gorge National River in accordance with applicable Federal and State laws, and he may designate zones where, and establish periods when, no hunting or fishing shall be permitted for reasons of public safety, administration, fish or wildlife management, or public use and enjoyment. Except in emergencies, any rules and regulations of the Secretary pursuant to this section shall be put into effect only after consultation with the appropriate State agency responsible for hunting and fishing activities.

SEC. 1107. The Federal Energy Regulatory Commission shall not license the construction of any dam, water conduit, reservoir, powerhouse, transmission line, or other project works under the Federal Power Act (41 Stat. 1063) as amended (16 U.S.C. 791a et seq.), on or directly affecting the New River Gorge National River, and no department or agency of the United States shall assist by loan, grant, license, or otherwise in the construction of any water resources project that would have a direct and adverse effect on the values for which such river was established, as determined by the Secretary. Nothing contained in the foregoing sentence, however, shall preclude licensing of, or assistance to, developments below or above the New River Gorge National River or on any stream tributary thereto which will not invade the area or diminish the scenic, recreation, and fish and wildlife values present in the area on the date of this section. No department or agency of the United States shall recommend authorization of any water resources project that would have a direct and adverse effect on the values for which such river was established, as determined by the Secretary, or request appropriations to begin construction on any such project whether heretofore or hereafter authorized, without advising the Secretary in writing of its intention to do so at least sixty days in advance, and without specifically reporting to

the Congress in writing at the time it makes its recommendation or request in what respect construction of such project would be in conflict with the purposes of this section and would effect the national river and the values to be protected by it under this section.

SEC. 1108. Section 5(a) of the Act of October 2, 1968 (82 Stat. 910) is hereby amended to provide for study of three principal tributaries of the New River in West Virginia, by adding the following new paragraphs:

"(73) **BLUESTONE, WEST VIRGINIA.**—From its headwaters to its confluence with the New.

"(74) **GAULEY, WEST VIRGINIA.**—Including the tributaries of the Meadow and the Cranberry, from the headwaters to its confluence with the New.

"(75) **GREENBRIER, WEST VIRGINIA.**—From its headwaters to its confluence with the New."

SEC. 1109. Within three years from the date of enactment of this title, the Secretary shall develop and transmit to the Senate Committee on Energy and Natural Resources and the House Committee on Interior and Insular Affairs, a general management plan for the protection and development of the national river consistent with the purposes of this title, indicating—

(1) measures for the preservation of the area's resources;

(2) indications of types and general intensities of development (including visitor circulation and transportation patterns, systems and modes) associated with public enjoyment and use of the area, including general locations, timing of implementation, and anticipated costs;

(3) identification of and implementation commitments for visitor carrying capacities for all areas of the unit; and

(4) indications of potential modifications to the external boundaries of the unit, and the reasons therefor.

SEC. 1110. The Secretary of the Army shall cooperate with the Secretary of the Interior concerning the water requirements of the national river. The Secretary of the Army shall provide for release of water from the Bluestone Lake project consistent with that project's purposes and activities in sufficient quantity and in such manner to facilitate protection of biological resources and recreational use of the national river.

SEC. 1111. For the purposes of part C of the Clean Air Act, the State may redesignate the national river only as class I or class II.

SEC. 1112. There are hereby authorized to be appropriated such sums as may be necessary for the purposes of this title, but not to exceed \$20,000,000 for the acquisition of lands and interests in lands, and not to exceed \$500,000 for development.

XII. NATIONAL RECREATION AREAS

1. Chattahoochee River

An Act to authorize the establishment of the Chattahoochee River National Recreation Area in the State of Georgia, and for other purposes. (92 Stat. 474) (P.L. 95-344)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

TITLE I

SEC. 101. The Congress finds the natural, scenic, recreation, historic, and other values of a forty-eight-mile segment of the Chattahoochee River and certain adjoining lands in the State of Georgia from Buford Dam downstream to Peachtree Creek are of special national significance, and that such values should be preserved and protected from developments and uses which would substantially impair or destroy them. In order to assure such preservation and protection for public benefit and enjoyment, there is hereby established the Chattahoochee River National Recreation Area (hereinafter referred to as the "recreation area"). The recreation area shall consist of the river and its bed together with the lands, waters, and interests therein within the boundary generally depicted on the map entitled "Chattahoochee River National Recreation Area", numbered CHAT-20,000, and dated July 1976, which shall be on file and available for public inspection in the office of the National Park Service, Department of the Interior. Following reasonable notice in writing to the Committee on Interior and Insular Affairs of the United States House of Representatives and to the Committee on Energy and Natural Resources of the United States Senate of his intention to do so, the Secretary of the Interior (hereinafter referred to as the "Secretary") may, by publication of a revised map or other boundary description in the Federal Register, (1) make minor revisions in the boundary of the recreation area, and (2) revise the boundary to facilitate access to the recreation area, or to delete lands which would be of little or no benefit to the recreation area due to the existence of valuable improvements completely constructed prior to the date of enactment of this Act. The total area, exclusive of the river and its bed, within the recreation area may not exceed six thousand three hundred acres.

SEC. 102. (a) Within the recreation area the Secretary is authorized to acquire lands, waters, and interests therein by donation, purchase with donated or appropriated funds, or exchange. Property owned by the State of Georgia or any political subdivision thereof may be acquired only by donation.

(b) When a tract of land lies partly within and partly without the boundaries of the recreation area, the Secretary may acquire the entire tract by any of the above methods in order to avoid the payment of severance costs. Land so acquired outside of the boundaries of the recreation area may be exchanged by the Secretary for non-Federal land within such boundaries, and any portion of the land not utilized for such exchanges may be disposed of in accordance with the provisions of the Federal Property and Administrative Services Act of 1949 (40 U.S.C. 471 et seq.).

(c) Except for property which the Secretary determines to be necessary for the purposes of administration, development, access, or public use, an owner of improved property which is used solely for noncommercial residential purposes on the date of its acquisition by the Secretary may retain, as a condition of such acquisition, a right of use and occupancy of the property for such residential purposes. The right retained may be for a definite term which shall not exceed twenty-five years or, in lieu thereof, for a term ending at the death of the owner or the death of the spouse, whichever occurs later. The owner shall elect the term to be retained. The Secretary shall pay the owner the fair market value of the property on the date of such acquisition, less the fair market value of the term retained by the owner.

(d) Any right of use and occupancy retained pursuant to this section may, during its existence, be conveyed or transferred, but all rights of use and occupancy shall be subject to such terms and conditions as the Secretary deems appropriate to assure the use of the property in accordance with the purposes of this Act. Upon his determination that the property, or any portion thereof, has ceased to be so used in accordance with such terms and conditions, the Secretary may terminate the right of use and occupancy by tendering to the holder of such right an amount equal to the fair market value, as of the date of the tender, of that portion of the right which remains unexpired on the date of termination.

(e) As used in this section, the term "improved property" means a detached, year-round noncommercial residential dwelling, the construction of which was begun before January 1, 1975, together with so much of the land on which the dwelling is situated, the said land being in the same ownership as the dwelling, as the Secretary shall designate to be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, together with any struc-

tures accessory to the dwelling which are situated on the land so designated.

SEC. 103. (a) The Secretary shall administer, protect, and develop the recreation area in accordance with the Act of August 25, 1916 (39 Stat. 535), and in accordance with any other statutory authorities available to him for the conservation and management of historic and natural resources, including fish and wildlife, to the extent he finds such authority will further the purposes of this Act. In developing and administering the recreation area, the Secretary shall take into consideration applicable Federal, State, and local recreation plans and resource use and development plans, including, but not limited to, the Atlanta Regional Commission Chattahoochee Corridor Study, dated July 1972.

(b) The Secretary is authorized and encouraged to enter into cooperative agreements with the State or its political subdivisions whereby he may assist in the planning for the interpretation of non-Federal publicly owned lands within or adjacent or related to the recreation area to assure that such lands are used in a manner consistent with the findings and purposes of this Act.

(c) In planning for the development and public use of the recreation area, the Secretary shall consult with the Secretary of the Army to assure that public use of adjacent or related water resource development or flood control projects and that of the recreation area are complementary.

(d) In administering the recreation area, the Secretary may permit fishing in waters under his jurisdiction in accordance with applicable State and Federal laws and regulations. The Secretary, after consultation with the appropriate State agency responsible for fishing activities, may designate zones where, and establish periods when, fishing shall be permitted and issue such regulations as he may determine to be necessary to carry out the provisions of this subsection. Except in emergencies, such regulations shall be put into effect only after consultation with the appropriate State agency.

SEC. 104. (a) The Federal Energy Regulatory Commission shall not license the construction of any dam, water conduit, reservoir, powerhouse, transmission line, or other project works under the Federal Power Act (16 U.S.C. 791a et seq.), on or directly affecting the recreation area, and no department or agency of the United States shall assist by loan, grant, license, or otherwise in the construction of any water resources project that would have a direct and adverse effect on the values for which such area is established, except where such project is determined by the State of Georgia to be necessary for water supply or water quality enhancement purposes and authorized by the United States Congress. Nothing contained in the foregoing sentence, however, shall preclude licensing of, or assistance to, developments up-

stream or downstream from the recreation area or on any stream tributary thereto which will not invade the recreation area or unreasonably diminish the scenic, recreational, and fish and wildlife values present therein on the date of approval of this Act. Nothing contained in this subsection shall preclude the upgrading, improvement, expansion or development of facilities or public works for water supply or water quality enhancement purposes if such action would not have a material adverse effect on the values for which the recreation area is established.

(b) No department or agency of the United States shall recommend authorization of any water resources project that would have a direct and adverse effect on the values for which such area is established, as determined by the Secretary, nor shall such department or agency request appropriations to begin construction of any such project, whether heretofore or hereafter authorized, without at least sixty days in advance, (1) advising the Secretary in writing of its intention to do so and (2) reporting to the Committee on Interior and Insular Affairs of the United States House of Representatives and to the Committee on Energy and Natural Resources of the United States Senate the nature of the project involved and the manner in which such project would conflict with the purposes of this Act or would affect the recreation area and the values to be protected by it under this Act. It is not the intention of Congress by this Act to require the manipulation or reduction of lake water levels in Lake Sidney Lanier. Nothing in this Act shall be construed in any way to restrict, prohibit, or affect any recommendation of the Metropolitan Atlanta Water Resources Study as authorized by the Public Works Committee of the United States Senate on March 2, 1972.

(c) The Secretary is directed to proceed as expeditiously as possible to acquire the lands and interests in lands necessary to achieve the purposes of this Act.

SEC. 105. (a) From the appropriations authorized for fiscal year 1978 and succeeding fiscal years pursuant to the Land and Water Conservation Fund Act (78 Stat. 897), as amended, not more than \$72,900,000 may be expended for the acquisition of lands and interests in lands authorized to be acquired pursuant to the provisions of this Act.

(b) Effective on October 1, 1978, there are authorized to be appropriated not to exceed \$500,000 for the development of essential public facilities.

(c) Within three years from the effective date of this Act, the Secretary shall, after consulting with the Governor of the State of Georgia, develop and transmit to the Committee on Interior and Insular Affairs of the United States House of Representatives and to the Committee on Energy and Natural Resources of the United States Senate a general management plan for the use

and development of the recreation area consistent with the findings and purposes of this Act, indicating:

(1) lands and interests in lands adjacent or related to the recreation area which are deemed necessary or desirable for the purposes of resource protection, scenic integrity, or management and administration of the area in furtherance of the purposes of this Act, the estimated cost of acquisition, and the recommended public acquisition agency;

(2) the number of visitors and types of public use within the recreation area that can be accommodated in accordance with the full protection of its resources; and

(3) the facilities deemed necessary to accommodate and provide access for such visitors and uses, including their location and estimated cost.

2. Chickasaw

An Act to establish the Chickasaw National Recreation Area in the State of Oklahoma, and for other purposes. (90 Stat. 235) (P.L. 94-235)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That in order to provide for public outdoor recreation use and enjoyment of Arbuckle Reservoir and land adjacent thereto, and to provide for more efficient administration of other adjacent area containing scenic, scientific, natural, and historic values contributing to public enjoyment of the area and to designate the area in such manner as will constitute a fitting memorialization of the Chickasaw Indian Nation, there is hereby established the Chickasaw National Recreation Area (hereinafter referred to as the "recreation area") consisting of lands and interests in lands within the area as generally depicted on the drawing entitled "Boundary Map, Chickasaw National Recreation Area," numbered 107-20004-A and dated February 1974, which shall be on file and available for inspection in the offices of the National Park Service, Department of the Interior. The Secretary of the Interior (hereinafter referred to as the "Secretary") may from time to time revise the boundaries of the recreation area by publication of a map or other boundary description in the Federal Register, but the total acreage of the recreation area may not exceed ten thousand acres.

SEC. 2. (a) The Secretary may acquire land or interests in lands within the boundaries of the recreation area by donation, purchase with donated or appropriated funds, or exchange. When any tract of land is only partly within such boundaries, the Secretary may acquire all or any portion of the land outside of such boundaries in order to minimize the payment of severance costs. Land so acquired outside of the boundaries may be exchanged by the Secretary for non-Federal lands within the boundaries, and any land so acquired and not utilized for exchange shall be reported to the General Services Administration for disposal under the Federal Property and Administrative Services Act of 1949 (63 Stat. 377), as amended. Any Federal property located within the boundaries of the recreation area may be transferred without consideration to the administrative jurisdiction of the Secretary for the purposes of the recreation area. Lands within the boundaries of the recreation area owned by the State of Oklahoma, or any political subdivision thereof, may be acquired only by donation: *Provided*, That the Secretary may also acquire lands by exchange with the city of Sulphur, utilizing therefor only such lands as may be excluded from the recreation area which were formerly within the Platt National Park.

(b) With respect to improved residential property acquired for the purposes of this Act, which is beneficially

owned by a natural person and which the Secretary determines can be continued in that use for a limited period of time without undue interference with the administration, development, or public use of the recreation area, the owner thereof may on the date of its acquisition by the Secretary retain a right of use and occupancy of the property for noncommercial residential purposes for a term, as the owner may elect, ending either (1) at the death of the owner or his spouse, whichever occurs later, or (2) not more than twenty-five years from the date of acquisition. Any right so retained may, during its existence, be transferred or assigned. The Secretary shall pay to the owner the fair market value of the property on the date of such acquisition, less the fair market value on such date of the right retained by the owner.

(c) As used in this Act, "improved residential property" means a single-family year-round dwelling, the construction of which began before March 1, 1975, and which serves as the owner's permanent place of abode at the time of its acquisition by the United States, together with not more than three acres of land on which the dwelling and appurtenant buildings are located that the Secretary finds is reasonably necessary for the owner's continued use and occupancy of the dwelling: *Provided*, That the Secretary may exclude from improved residential property any waters and adjoining land that the Secretary deems is necessary for public access to such waters.

(d) The Secretary may terminate a right to use and occupancy retained pursuant to this section upon his determination that such use and occupancy is being exercised in a manner not consistent with the purposes of the Act, and upon tender to the holder of the right an amount equal to the fair market value of that portion of the right which remains unexpired on the date of termination.

SEC. 3. The Secretary shall permit hunting and fishing on lands and waters within the recreation area in accordance with applicable Federal and State laws: *Provided*, That he may designate zones where, and establish periods when, no hunting or fishing will be permitted for reasons of public safety, administration, fish or wildlife management, or public use and enjoyment. Except in emergencies, any regulations issued by the Secretary pursuant to this section shall be put into effect only after consultation with the appropriate State agency responsible for hunting and fishing activities.

SEC. 4. (a) Except as otherwise provided in this Act, the Secretary shall administer the recreation area in accordance with the provisions of the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 1, 2-4), as amended and supplemented.

(b) Nothing contained in this Act shall affect or interfere with the authority of the Secretary by the Act of August 24, 1962 (76 Stat. 395), to operate the Arbuckle

Dam and Reservoir in accordance with and for the purposes set forth in that Act.

SEC. 5. The Act of June 29, 1906 (34 Stat. 837), which directed that certain lands now included by this Act in the recreation area be designated as the Platt National Park, is hereby repealed, and such lands shall hereafter be considered and known as an integral part of the Chickasaw National Recreation Area: *Provided*, That within such area the Secretary may cause to be erected suitable markers or plaques to honor the memory of Orville Hitchcock Platt and to commemorate the original establishment of Platt National Park.

SEC. 6. Notwithstanding the provisions of section 7 of the Act of June 16, 1906 (34 Stat. 272), which retain exclusive jurisdiction in the United States, upon notification in writing to the Secretary by the appropriate State officials of the acceptance by the State of Oklahoma of concurrent legislative jurisdiction over the lands formerly within the Platt National Park, the Secretary shall publish a notice to that effect in the Federal Register and, upon such publication, concurrent legislative jurisdiction over such lands is hereby ceded to the State of Oklahoma: *Provided*, That such cession of jurisdiction shall not occur until a written agreement has been reached between the State of Oklahoma and the Secretary providing for the exercise of concurrent jurisdiction over all other lands and waters within the Chickasaw National Recreation Area.

SEC. 7. There are hereby authorized to be appropriated such sums as may be necessary to carry out the purposes of this Act, but not to exceed \$1,600,000 for the acquisition of lands and interests in lands, and \$4,567,000 for development.

PURPOSE

SEC. 1. For the purpose of preserving and protecting for public use and enjoyment, the historic, scenic, natural, and recreational values of the Cuyahoga River and the adjacent lands of the Cuyahoga Valley and for the purpose of providing for the maintenance of needed recreational open space necessary to the urban environment, the Cuyahoga Valley National Recreation Area, hereafter referred to as the "recreation area", shall be established within six months after the date of enactment of this Act. LAND ACQUISITION

SEC. 2. (a) The recreational area shall comprise the lands and waters generally depicted on the map entitled "Boundary Map, Cuyahoga Valley National Recreation Area, Ohio", numbered NRA-CUYA-20,000-A, and dated December 1974, which shall be on file and available for inspection in the offices of the National Park Service, Department of the Interior, Washington, District of Columbia, and in the main public library of Akron, Ohio, and Cleveland, Ohio. After advising the Committees on Interior and Insular Affairs of the United States Congress, in writing, the Secretary may make minor revisions of the boundaries of the recreation area when necessary by publication of a revised drawing or other boundary description in the Federal Register.

(b) Within the boundaries of the recreation area, the Secretary, after consultation with the Governor of the State of Ohio and the Advisory Commission established in section 5 of this Act, may acquire lands, improvements, waters, or interests therein by donation, purchase with donated or appropriated funds, exchange, or transfer. Any lands or interests owned therein, as well as any lands hereafter acquired, by the State of Ohio or any political subdivision thereof (including any park district or other public entity) may be acquired only by donation. The Secretary shall not acquire privately owned lands which are held and used for public recreation uses unless

he determines that such lands are essential to carry out the purposes of this Act. Notwithstanding any other provisions of law, any Federal property located within the boundaries of the recreation area may, with the concurrence of the agency having custody thereof, be transferred without transfer of funds to the administrative jurisdiction of the Secretary for the purposes of the recreation area.

(c) With respect to improved properties, as defined in this Act, the Secretary may acquire scenic easements or such other interests as, in his judgment, are necessary for the purposes of the recreation area. Fee title to such improved properties shall not be acquired unless the Secretary finds that such lands are being used, or are threatened with uses, which are detrimental to the purposes of the recreation area, or unless such acquisition is necessary to fulfill the purposes of this Act.

(d) When any tract of land is only partly within the boundaries of the recreation area, the Secretary may acquire all or any portion of the land outside of such boundaries in order to minimize the payment of severance costs. Land so acquired outside of the boundaries may be exchanged by the Secretary for non-Federal lands within the boundaries. Any portion of the land acquired outside the boundaries and not utilized for exchange shall be reported to the General Services Administration for disposal under the Federal Property and Administrative Services Act of 1949, as amended: *Provided*, That no disposal shall be for less than the fair market value of the lands involved.

(e) For the purposes of this Act, the term "improved property" means: (i) a detached single family dwelling, the construction of which was begun before January 1, 1975 (hereafter referred to as "dwelling"), together with so much of the land on which the dwelling is situated, the said land being in the same ownership as the dwelling, as the Secretary shall designate to be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, together with any structures necessary to the dwelling which are situated on the land so designated, or (ii) property developed for agricultural uses, together with any structures accessory thereto which were so used on or before January 1, 1975. In determining when and to what extent a property is to be considered an "improved property", the Secretary shall take into consideration the manner of use of such buildings and lands prior to January 1, 1975, and shall designate such lands as are reasonably necessary for the continued enjoyment of the property in the same manner and to the same extent as existed prior to such date.

(f) The owner of an improved property, as defined in this Act, on the date of its acquisition, as a condition of

such acquisition, may retain for himself, his heirs and assigns, a right of use and occupancy of the improved property for noncommercial residential or agricultural purposes, as the case may be, for a definite term of not more than twenty-five years, or, in lieu thereof, for a term ending at the death of the owner or the death of his spouse, whichever is later. The owner shall elect the term to be reserved. Unless the property is wholly or partially donated, the Secretary shall pay to the owner the fair market value of the property on the date of its acquisition, less the fair market value on that date of the right retained by the owner. A right retained by the owner pursuant to this section shall be subject to termination by the Secretary upon his determination that it is being exercised in a manner inconsistent with the purposes of this Act, and it shall terminate by operation of law upon notification by the Secretary to the holder of the right of such determination and tendering to him the amount equal to the fair market value of that portion which remains unexpired.

(g) In exercising his authority to acquire property under this Act, the Secretary shall give prompt and careful consideration to any offer made by an individual owning property within the recreation area to sell such property, if such individual notifies the Secretary that the continued ownership of such property is causing, or would result in, undue hardship.

SEC. 3. (a) Within one year after the date of the enactment of this Act, the Secretary shall submit, in writing, to the Committees on Interior and Insular Affairs and to the Committees on Appropriations of the United States Congress a detailed plan which shall indicate:

(i) the lands and areas which he deems essential to the protection and public enjoyment of this recreation area,

(ii) the lands which he has previously acquired by purchase, donation, exchange, or transfer for the purpose of this recreation area, and

(iii) the annual acquisition program (including the level of funding) which he recommends for the ensuing five fiscal years.

(b) It is the express intent of the Congress that the Secretary should substantially complete the land acquisition program contemplated by this Act within six years after the date of its enactment.

ADMINISTRATION

SEC. 4. (a) The Secretary shall administer the recreation area in accordance with the provisions of the Act of August 25, 1916 (39 Stat. 535) as amended and supplemented (16 U.S.C. 1, 2-4). In the administration of the recreation area, the Secretary may utilize such sta-

tutory authority available to him for the conservation and management of wildlife and natural resources as he deems appropriate to carry out the purpose of this Act.

(b) The Secretary may enter into cooperative agreements with the State of Ohio, or any political subdivision thereof, for the rendering, on a reimbursable basis, of rescue, firefighting, and law enforcement services and cooperative assistance by nearby law enforcement and fire preventive agencies.

(c) The authority of the Secretary of the Army to undertake or contribute to water resource development, including erosion control and flood control, on land or waters within the recreation area shall be exercised in accordance with plans which are mutually acceptable to the Secretary of the Interior and the Secretary of the Army and which are consistent with both the purposes of this Act and the purposes of existing statutes dealing with water and related land resource development.

(d) The Secretary, in consultation with the Governor of the State of Ohio, shall inventory and evaluate all sites and structures within the recreation area having present and potential historical, cultural, or architectural significance and shall provide for appropriate programs for the preservation, restoration, interpretation, and utilization of them.

(e) Notwithstanding any other provision of law, the Secretary is authorized to accept donations of funds, property, or services from individuals, foundations, corporations, or public entities for the purpose of providing services and facilities which he deems consistent with the purposes of this Act.

(f) The Secretary may, on his own initiative, or at the request of any local government having jurisdiction over land located within or adjacent to the recreation area, assist and consult with the appropriate officer and employees of such local government in establishing zoning laws or ordinances which will assist in achieving the purposes of this Act. In providing assistance pursuant to this subsection, the Secretary shall endeavor to obtain provisions in such zoning laws or ordinances which—

(1) have the effect of prohibiting the commercial and industrial use (other than a use for commercial farms and orchards) of all real property adjacent to the recreation area;

(2) aid in preserving the character of the recreation area by appropriate restrictions on the use of real property in the vicinity including, but not limited to, restrictions upon: building and construction of all types; signs and billboards; the burning of cover; cutting of timber (except tracts managed for sustained yield); removal of topsoil, sand, or gravel; dumping, storage, or piling of refuse; or any other use which would detract from the aesthetic character of the recreation area; and

(3) have the effect of providing that the Secretary shall receive notice of any hearing for the purpose of granting a variance and any variance granted under, and of any exception made to, the application of such law or ordinance.

ADVISORY COMMISSION

SEC. 5. (a) There is hereby established the Cuyahoga Valley National Recreation Area Advisory Commission (hereafter referred to as the "Commission") which shall be composed of thirteen members to be appointed by the Secretary for terms of five years as follows:

(1) two members to be appointed from recommendations submitted by the Board of Park Commissioners of the Akron Metropolitan Park District;

(2) two members to be appointed from recommendations submitted by the Board of Park Commissioners of the Cleveland Metropolitan Park District;

(3) two members to be appointed from recommendations submitted by the Governor of the State;

(4) one from the membership of an Ohio conservation organization;

(5) one from the membership of an Ohio historical society; and

(6) five members representing the general public, of which no fewer than three shall be from among the permanent residents and electors of Summit and Cuyahoga Counties.

The Secretary shall designate one member of the Commission as Chairman and any vacancy shall be filled in the same manner in which the original appointment was made.

(b) Members of the Commission shall serve without compensation as such, but the Secretary may pay expenses reasonably incurred by the Commission and reimburse members for reasonable expenses incurred in carrying out their responsibilities under this Act on vouchers signed by the Chairman.

(c) The Secretary, or his designee, shall from time to time but at least semiannually, meet and consult with the Advisory Commission on matters relating to the development of the recreation area and with respect to carrying out the provisions of this Act.

(d) Unless extended by the Congress, the Commission shall terminate ten years after the date of the establishment of the recreation area.

SEC. 6. (a) There are hereby authorized to be appropriated such sums as may be necessary to carry out the purpose of this Act, but not more than \$34,500,000 for the acquisition of lands and interests in lands.

(b) For the development of essential public facilities there are authorized to be appropriated not more than \$500,000. Within one year from the date of establishment

of the recreation area pursuant to this Act, the Secretary shall, after consulting with the Governor of the State of Ohio, develop and transmit to the Committees on Interior and Insular Affairs of the United States Congress a final master plan for the development of the recreation area consistent with the objectives of this Act, indicating:

- (1) the facilities needed to accommodate the health, safety, and recreation needs of the visiting public;
- (2) the location and estimated cost of all facilities; and
- (3) the projected need for any additional facilities within the area.

The authority of the Secretary to acquire lands in the tract known as San Francisco Assessor's Block number 1592 shall be limited to an area of not more than one and nine-tenths acres. Notwithstanding any other provision of this Act, the Secretary shall not acquire the Marin County Assessor's parcels numbered 199-181-01, 199-181-06, 199-181-08, 199-181-13, and 199-181-14, located in the Muir Beach portion of the recreation area."

(b) Section 3(i) of such Act is amended to read as follows:

"(i) New construction and development within the boundaries described in section 2(a) on lands under the administrative jurisdiction of a department other than that of the Secretary is prohibited, except that improvements on lands which have not been transferred to his administrative jurisdiction may be reconstructed or demolished. (d) In subsection 3(k) of such Act, following "June 1, 1971," insert "or, in the case of areas added by action of the Ninety-fifth Congress, October 1, 1978,"; and at the end of the subsection, add the following new sentence: "The term 'agricultural property' as used in this Act means lands which are in regular use for agricultural, ranching, or dairying purposes as of January 1, 1978, together with residential and other structures related to the above uses of the property as such structures exist on said date."

SANTA MONICA MOUNTAINS NATIONAL RECREATION AREA

SEC. 507. (a) The Congress finds that—

(1) there are significant scenic, recreational, educational, scientific, natural, archeological, and public health benefits provided by the Santa Monica Mountains and adjacent coastline area;

(2) there is a national interest in protecting and preserving these benefits for the residents of and visitors to the area; and

(3) the State of California and its local units of government have authority to prevent or minimize adverse uses of the Santa Monica Mountains and adjacent coastline area and can, to a great extent, protect the health, safety, and general welfare by the use of such authority.

(b) There is hereby established the Santa Monica Mountains National Recreation Area (hereinafter referred to as the "recreation area"). The Secretary shall manage the recreation area in a manner which will preserve and enhance its scenic, natural, and historical setting and its public health value as an airshed for the Southern California metropolitan area while providing for the recreational and educational need of the visiting public.

(c)(1) The recreation area shall consist of the lands and waters and interests generally depicted as the recreation area on the map entitled "Boundary Map, Santa Monica Mountains National Recreation Area, California, and Santa Monica Mountains Zone", numbered SMM-NRA 80,000, and dated May 1978, which shall be on file and available for inspection in the offices of the National Park Service, Department of the Interior, Washington, District of Columbia, and in the offices of the General Services Administration in the Federal Office Building in West Los Angeles, California, and in the main public library in Ventura, California. After advising the Committee on Interior and Insular Affairs of the United States House of Representatives and the Committee on Energy and Natural Resources of the United States Senate, in writing, the Secretary may make minor

revisions of the boundaries of the recreation area when necessary by publication of a revised drawing or other boundary description in the Federal Register.

(2) Not later than ninety days after the date of enactment of this Act, the Secretary, after consultation with the Governor of the State of California, the California Coastal Commission, and the Santa Monica Mountains Comprehensive Planning Commission, shall commence acquisition of lands, improvements, waters, or interests therein within the recreation area. Such acquisition may be by donation, purchase with donated or appropriated funds, transfer from any Federal agency, exchange, or otherwise. Any lands or interests therein owned by the State of California or any political subdivision thereof (including any park district or other public entity) may be acquired only by donation, except that such lands acquired after the date of enactment of this section by the State of California or its political subdivisions may be acquired by purchase or exchange if the Secretary determines that the lands were acquired for purposes which further the national interest in protecting the area and that the purchase price or value on exchange does not exceed fair market value on the date that the State acquired the land or interest: *Provided, however,* That the value of any lands acquired by the Secretary under the exception in this sentence shall be deducted from the amount of moneys available for grants to the State under subsection (n) of this section. Notwithstanding any other provision of law, any Federal property located within the boundaries of the recreation area shall, with the concurrence of the head of the agency having custody thereof, be transferred without cost, to the administrative jurisdiction of the Secretary for the purposes of the recreation area.

(3) The Administrator of the General Services Administration is hereby authorized and directed to transfer the site generally known as Nike Site 78 to the Secretary for inclusion in the recreation area: *Provided,* That the county of Los Angeles shall be permitted to continue to use without charge the facilities together with sufficient land as in the determination of the Secretary shall be necessary to continue to maintain and operate a fire suppression and training facility and shall be excused from payment for any use of the land and facilities on the site prior to the enactment of this Act. At such time as the county of Los Angeles, California, relinquishes control of such facilities and adjacent land or ceases the operation of the fire suppression and training facility, the land and facilities shall be managed by the Secretary as a part of the recreation area.

(d)(1) Within six months after the date of enactment of this Act, the Secretary shall identify the lands, waters, and interests within the recreation area which must be acquired and held in public ownership for the following critical purposes: preservation of beaches and coastal

uplands; protection of undeveloped inland stream drainage basins; connection of existing State and local government parks and other publicly owned lands to enhance their potential for public recreation use; protection of existing park roads and scenic corridors, including such right-of-way as is necessary for the protection of the Mulholland Scenic Parkway Corridor; protection of the public health and welfare; and development and interpretation of historic sites and recreation areas in connection therewith, to include, but not be limited to, parks, picnic areas, scenic overlooks, hiking trails, bicycle trails, and equestrian trails. The Secretary may from time to time revise the identification of such areas, and any such revisions shall become effective in the same manner as herein provided for revisions in the boundaries of the recreation area.

(2) By January 1, 1980, the Secretary shall submit, in writing, to the committees referred to in subsection (c) and to the Committees on Appropriations of the United States Congress a detailed plan which shall indicate—

(A) the lands and areas identified in paragraph (1),

(B) the lands which he has previously acquired by purchase, donation, exchange, or transfer for the purpose of this recreation area,

(C) the annual acquisition program (including the level of funding) recommended for the ensuing five fiscal years, and

(D) the final boundary map for the recreation area.

(e) With respect to improved properties, as defined in this section, fee title shall not be acquired unless the Secretary finds that such lands are being used, or are threatened with uses, which are detrimental to the purposes of the recreation area, or unless each acquisition is necessary to fulfill the purposes of this section. The Secretary may acquire scenic easements to such improved property or such other interests as, in his judgment are necessary for the purposes of the recreation area.

(f) For the purposes of this section, the term "improved property" means—

(1) a detached single-family dwelling, the construction of which was begun before January 1, 1976 (hereafter referred to as "dwelling"), together with so much of the land on which the dwelling is situated as is in the same ownership as the dwelling and as the Secretary designates to be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, together with any structures necessary to the dwelling which are situated on the land so designated, and

(2) property developed for agricultural uses, together with any structures accessory thereto as were used for agricultural purposes on or before January 1, 1978.

In determining when and to what extent a property is to be treated as "improved property" for purposes of this section, the Secretary shall take into consideration the manner of use of such buildings and lands prior to January 1, 1978, and shall designate such lands as are reasonably necessary for the continued enjoyment of the property in the same manner and to the same extent as existed prior to such date.

(g) The owner of an improved property, as defined in this section, on the date of its acquisition, as a condition of such acquisition, may retain for herself or himself, her or his heirs and assigns, a right of use and occupancy of the improved property for noncommercial residential or agriculture purposes, as the case may be, for a definite term of not more than twenty-five years, or, in lieu thereof, for a term ending at the death of the owner or the death of her or his spouse, whichever is later. The owner shall elect the term to be reserved. Unless the property is wholly or partially donated, the Secretary shall pay to the owner the fair market value of the property on the date of its acquisition, less the fair market value on that date of the right retained by the owner. A right retained by the owner pursuant to this section shall be subject to termination by the Secretary upon his determination that it is being exercised in a manner inconsistent with the purposes of this section, and it shall terminate by operation of law upon notification by the Secretary to the holder of the right of such determination and tendering to him the amount equal to the fair market value of that portion which remains unexpired.

(h) In exercising the authority to acquire property under this section, the Secretary shall give prompt and careful consideration to any offer made by an individual owning property within the recreation area to sell such property, if such individual notifies the Secretary that the continued ownership of such property is causing, or would result in, undue hardship.

(i) The Secretary shall administer the recreation area in accordance with this Act and provisions of laws generally applicable to units of the National Park System, including the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 1 et seq.). In the administration of the recreation area, the Secretary may utilize such statutory authority available for the conservation and management of wildlife and natural resources as appropriate to carry out the purpose of this section. The fragile resource areas of the recreation area shall be administered on a low-intensity basis, as determined by the Secretary.

(j) The Secretary may enter into cooperative agreements with the State of California, or any political subdivision thereof, for the rendering, on a reimbursable basis, of rescue, firefighting, and law enforcement services and cooperative assistance by nearby law enforcement and fire preventive agencies.

(k) Notwithstanding any other provision of law, the

Secretary is authorized to accept donations of funds, property, or services from individuals, foundations, corporations, or public entities for the purpose of land acquisition and providing services and facilities which the Secretary deems consistent with the purposes of this section.

(1) By January 1, 1981, the Santa Monica Mountains National Recreation Area Advisory Commission, established by this section, shall submit a report to the Secretary which shall—

(1) assess the capability and willingness of the State of California and the local units of government to manage and operate the recreation area,

(2) recommend any changes in ownership, management, and operation which would better accomplish the purposes of this section, and

(3) recommend any conditions, joint management agreements, or other land use mechanisms to be contingent on any transfer of land.

(m) The Secretary, after giving careful consideration to the recommendations set forth by the Advisory Commission, shall, by January 1, 1982, submit a report to the Committees referred to in subsection (c) which shall incorporate the recommendations of the Advisory Commission as well as set forth in the Secretary's recommendations. Such report shall—

(1) assess the benefits and costs of continued management as a unit of the National Park System,

(2) assess the capability and willingness of the State of California and the local units of government to manage and operate the recreation area, and

(3) recommend any changes in ownership, management, and operation which would better accomplish the purposes of this section.

(n)(1) The Secretary shall request the Santa Monica Mountains Comprehensive Planning Commission to submit a comprehensive plan, prepared in accord with this section and title 7.75 of the California Government Code (commencing with section 67450), for the Santa Monica Mountains Zone generally depicted on the map referred to in subsection (c) of this section for approval.

(2) The comprehensive plan shall include, in addition to the requirements of California State law—

(A) an identification and designation of public and private uses which are compatible with and which would not significantly impair the significant scenic, recreational, educational, scientific, natural, archeological, and public health benefits present in the zone and which would not have an adverse impact on the recreation area or on the air quality of the south coast air basin;

(B) a specific minimum land acquisition program which shall include, but not be limited to, fee and less than fee acquisition of strategic and critical sites

not to be acquired by the Federal Government for public recreational and other related uses; and a program for the complementary use of State and local authority to regulate the use of lands and waters within the Santa Monica Mountains Zone to the fullest extent practicable consistent with the purposes of this section; and

(C) a recreation transportation system which may include but need not be limited to existing public transit.

(3) No plan submitted to the Secretary under this section shall be approved unless the Secretary finds the plan consistent with paragraph (2) and finds that—

(A) the planning commission has afforded adequate opportunity, including public hearings, for public involvement in the preparation and review of the plan, and public comments were received and considered in the plan or revision as presented to him;

(B) the State and local units of government identified in the plan as responsible for implementing its provisions have the necessary authority to implement the plan and such State and local units of government have indicated their intention to use such authority to implement the plan;

(C) the plan, if implemented, would preserve significant natural, historical, and archeological benefits and, consistent with such benefits, provide increased recreational opportunities for persons residing in the greater Los Angeles-southern California metropolitan area; and

(D) implementation of the plan would not have a serious adverse impact on the air quality or public health of the greater Los Angeles region.

Before making his findings on the air quality and public health impacts of the plan, the Secretary shall consult with the Administrator of the Environmental Protection Agency.

(4) Following approval of the plan with respect to the Santa Monica Mountains Zone, upon receipt of adequate assurances that all aspects of that jurisdiction's implementation responsibilities will be adopted and put into effect, the Secretary shall—

(A) provide grants to the State and through the State to local governmental bodies for acquisition of lands, waters, and interests therein identified in paragraph (2)(B), and for development of essential public facilities, except that such grants shall be made only for the acquisition of lands, waters, and interests therein, and related essential public facilities, for park, recreation, and conservation purposes; and

(B) provide, subject to agreements that in the opinion of the Secretary will assure additional pres-

ervation of the lands and waters of the zone, such funds as may be necessary to retire bonded indebtedness for water and sewer and other utilities already incurred by property owners which in the opinion of the Secretary would if left outstanding contribute to further development of the zone in a manner inconsistent with the approved plan developed by the planning commission.

No grant for acquisition of land may be made under subparagraph (A) unless the Secretary receives satisfactory assurances that such lands acquired under subparagraph (A) shall not be converted to other than park, recreation, and conservation purposes without the approval of the Secretary and without provision for suitable replacement land.

(5) Grants under this section shall be made only upon application of the recipient State and shall be in addition to any other Federal financial assistance for any other program, and shall be subject to such terms and conditions as the Secretary deems necessary to carry out the purposes of this section. Any jurisdiction that implements changes to the approved plan which are inconsistent with the purposes of this section, or adopts or acquiesces in changes to laws regulations or policies necessary to implement or protect the approved plan, without approval of the Secretary, may be liable for reimbursement of all funds previously granted or available to it under the terms of this section without regard to such additional terms and conditions or other requirements of law that may be applicable to such grants. During the life of the planning commission, changes to the plan must be submitted by the planning commission to the Secretary for approval. No such application for a grant may be made after the date five years from the date of the Secretary's approval of the plan.

(o) The head of any Federal agency having direct or indirect jurisdiction over a proposed Federal or federally assisted undertaking in the lands and waters within the Santa Monica Mountains Zone, generally depicted on the map referred to in subsection (c), and the head of any Federal agency having authority to license or permit any undertaking in such lands and waters shall, prior to the approval of the expenditure of any Federal funds on such undertaking or prior to the issuance of any license or permit, as the case may be, afford the Secretary a reasonable opportunity to comment with regard to such undertaking and shall give due consideration to any comments made by the Secretary and to the effect of such undertaking on the "findings" and purposes of this section.

(p) The Secretary shall give full consideration to the recommendations of the California Department of Parks and Recreation, the Santa Monica Mountains Compre-

hensive Planning Commission, and the California Coastal Commission.

(q)(1) There is hereby established the Santa Monica Mountains National Recreation Area Advisory Commission (hereinafter referred to as the "Advisory Commission"). The Advisory Commission shall terminate ten years after the date of establishment of the recreation area.

(2) The Advisory Commission shall be composed of the following members to serve for terms of five years as follows:

(A) one member appointed by the Governor of the State of California;

(B) one member appointed by the mayor of the city of Los Angeles;

(C) one member appointed by the Board of Supervisors of Los Angeles County;

(D) one member appointed by the Board of Supervisors of Ventura County; and

(E) five members appointed by the Secretary, one of whom shall serve as the Commission Chairperson.

(3) The Advisory Commission shall meet on a regular basis. Notice of meetings and agenda shall be published in local newspapers which have a distribution which generally covers the area. Commission meetings shall be held at locations and in such a manner as to insure adequate public involvement. Such locations shall be in the region of the Santa Monica Mountains and no more than twenty-five miles from it.

(4) Members of the Commission shall serve without compensation as such, but the Secretary may pay expenses reasonably incurred in carrying out their responsibilities under this Act on vouchers signed by the Chairperson.

(5) The Secretary, or his or her designee, shall from time to time but at least semiannually, meet and consult with the Advisory Commission on matters relating to the development of this recreation area and with respect to carrying out the provisions of this section.

(r) There are authorized to be appropriated such sums as may be necessary for acquisition of lands and interests in land within the boundaries of the recreation area established under this section, but not more than \$15,000,000 for fiscal year 1979, \$40,000,000 for fiscal year 1980, \$45,000,000 for fiscal year 1981, \$10,000,000 for fiscal year 1982, and \$15,000,000 for fiscal year 1983, such sums to remain available until expended. For grants to the State pursuant to subsection (n) there are authorized to be appropriated not more than \$10,000,000 for fiscal year 1979, \$10,000,000 for fiscal year 1980, \$5,000,000 for fiscal year 1981, and \$5,000,000 for fiscal year 1982, such sums to remain available until expended. For the authorizations made in this subsection, any

amounts authorized but not appropriated in any fiscal year shall remain available for appropriation in succeeding fiscal years:

(s) For the development of essential public facilities in the recreation area there are authorized to be appropriated not more than \$500,000. The Congress expects that, at least until assessment of the report required by subsection (t), any further development of the area shall be accomplished by the State of California or local units of government, subject to the approval of the Director, National Park Service.

(t) Within two years from the date of establishment of the recreation area pursuant to this section, the Secretary shall, after consulting with the Advisory Commission, develop and transmit to the Committees referred to in subsection (c) a general management plan for the recreation area consistent with the objectives of this section. Such plan shall indicate—

(1) a plan for visitor use including the facilities needed to accommodate the health, safety, education and recreation needs of the public;

(2) the location and estimated costs of all facilities;

(3) the projected need for any additional facilities within the area;

(4) any additions or alterations to the boundaries of the recreation area which are necessary or desirable to the better carrying out of the purposes of this section; and

PART 2—STUDY OF POLICE AND FIREMEN'S SALARIES AND
RECOMMENDATIONS

SEC. 111. (a) The Commissioner of the District of Columbia, and after January 2, 1975, the Mayor of the District of Columbia, shall annually conduct a thorough study of the compensation being paid officers and members of the police and fire departments of other jurisdictions in the Washington metropolitan area and other cities of comparable size. The annual study may include other conditions of employment of police and firemen, such as hours of work, health benefits, retirement benefits, sick pay, and vacation time. The annual study shall also include the current percentage change in the Consumer Price Index for the Washington metropolitan area published by the Bureau of Labor Statistics, Department of Labor, and rates of compensation for Federal and District of Columbia employees having comparable duties and responsibilities.

(b)(1) In order to conduct the annual study specified in subsection (a), the Commissioner, or the Mayor, as the case may be, shall establish a city personnel salary and benefits study committee whose sole function shall be to conduct such annual study. The size of the committee shall be determined by the Commissioner, or the Mayor, as the case may be, who shall appoint the management members of the committee. Each labor organization or other association or group which has been selected to represent the officers and members of the Metropolitan Police force and the Fire Department of the District of Columbia shall select representatives of their respective labor organizations or other association or group to be members of the labor-management committee.

(2) The number of management members and the number of members representing the labor organizations or other associations or groups on the labor-management committee shall be equal. The chairman of the labor management committee shall be chosen by members of the committee, and shall not be an officer or employee of the District of Columbia government or a member or employee of a labor organization or other association or group represented on the committee. If the committee has not chosen a chairman within 10 days after the date of the first meeting of the committee, then the chairman shall be chosen by the Director of the Federal Mediation and Conciliation Service.

(c) On or before June 30 of each year, the results of the annual study shall be made public and shall be avail-

able to the parties involved in negotiations between the District of Columbia and representatives of the officers and members of the Metropolitan Police force and the Fire Department of the District of Columbia under the District of Columbia labor relations program. SEC. 112. (a) If after January 2, 1975, as a result of collective bargaining the parties have reached a negotiated solution with respect to changes in compensation for officers and members of the Police and Fire Departments, the Mayor shall recommend to the Council of the District of Columbia that said changes should be authorized and that the Congress shall be requested to appropriate sufficient funds for that purpose. The first recommendation made by the Mayor under this subsection shall be made by no later than October 1, 1975.

(b) The recommendations submitted by the Mayor under subsection (a) shall be considered a labor-management issue for the purposes of subsection (c).

(c) If the parties have reached an impasse in negotiations on or before the expiration date of their existing collective bargaining agreements, either party shall promptly notify the Director of the Federal Mediation and Conciliation Service in writing. He shall assist in the resolution of that impasse by selecting an impartial person experienced in public sector disputes to serve as a mediator. If mediation does not resolve the impasse within thirty days, or any shorter period designated by the mediator, the Director shall, only upon the request of either party, then appoint an impartial Board of Arbitration to investigate the labor-management issues involved in the dispute, conduct whatever hearing it deems necessary, and to issue a written award to the parties with the object of achieving a prompt, peaceful, and fair settlement of the dispute. The award shall be issued within twenty days after the Board has been established. The award shall contain findings of fact and a statement of reasons. The award shall be final and binding upon the parties to the dispute.

(d) If the procedures set forth in subsection (c) are implemented, no change in the status quo in effect prior to contract expiration date in the case of negotiations for a contract renewal, or in effect prior to the time of impasse in the case of an initial bargaining negotiation, shall be made pending the completion of mediation and/or arbitration.

(e) The factfinder, mediator, and any members of the Board of Arbitration appointed by the Director of the Federal Mediation and Conciliation Service shall be en-

titled to compensation at the maximum daily rate allowable by law for each day they are actually engaged in performing services under this section.

TITLE IV—REAL PROPERTY TAX

PART 1—SHORT TITLE, STATEMENT OF PURPOSE, AND DEFINITIONS

SEC. 401. This title may be cited as the "District of Columbia Real Property Tax Revision Act of 1974".

SEC. 402. It is the intent of Congress to revise the real property tax in the District of Columbia to achieve the following objectives:

(1) Equitable sharing of the financial burden of the government of the District of Columbia.

(2) Full public information regarding assessments and appeal procedures.

(3) Promotion of economic activity, diversity of land use, and preservation of the character of the District of Columbia.

(4) Assurance that shifts in the tax burden on individual taxpayers will not be excessive.

(5) Comparability of tax effort between the District of Columbia and surrounding jurisdictions in the metropolitan area and cities of comparable size.

SEC. 403. For the purposes of this title—

(1) The term "real property" means real estate identified by plat on the records of the District of Columbia Surveyor according to lot and square together with improvements thereon.

(2) The term "Commissioner" means the Commissioner of the District of Columbia established under Reorganization Plan Numbered 3 of 1967.

(3) The term "Council" means the District of Columbia Council established under Reorganization Plan Numbered 3 of 1967.

(4) The term "estimated market value" means 100 per centum of the most probable price at which a particular piece of real property, if exposed for sale in the open market with a reasonable time for the seller to find a purchaser, would be expected to transfer under prevailing market conditions between parties who have knowledge of the uses to which the property may be put, both seeking to maximize their gains and neither being in a position to take advantage of the exigencies of the other.

(5) The term "regulation", unless specifically identified as a regulation of the Commissioner, means a regulation of the Council enacted under section 406 of the Reorganization Plan Numbered 3 of 1967, and after January 2, 1975, such term means an act of the Council of the District of Columbia enacted under section 412 (and related sections) of the District of Columbia Self-Government and Governmental Reorganizations Act.

(6) The term "tax year" means—

(A) with respect to a real property tax rate proposed by the Mayor or established by the Council after January 1 but before June 30 of any calendar year, showing fiscal year; and

(B) with respect to a real property tax rate proposed by the mayor or established by the Council after June 30 in any calendar year, the fiscal year during which the rate was proposed or establish.

PART 2—AUTHORITY AND PROCEDURE TO ESTABLISH REAL PROPERTY TAX RATES

SUBPART A—REAL PROPERTY TAX RATE

SEC. 411. Notwithstanding the provisions of the Act of June 2, 1922 (D.C. Code, sec. 47-501), there is hereby levied for each fiscal year a tax on the real property in the District of Columbia at a rate determined according to the provisions of this title. Unless otherwise provided by law, all revenues received from such tax shall be deposited, from time to time, in the Treasury of the United States, to the credit of the District of Columbia.

SEC. 412. The Council, after public hearing, shall establish each year, within thirty days after receipt of the Commissioner's recommendation under section 413, a rate of taxation which, except as provided in section 431,

shall be applied, during the tax year, to the assessed value of all real property subject to taxation. The Council may by resolution extend the time for any year for setting such rate of taxation, except that if the Council does make such an extension, it must establish such a rate for that tax year. If the Council fails to establish such a rate within such thirty days, and fails to extend the time for establishing such a rate, the rate calculated by the Commissioner, pursuant to section 413, shall be the rate for that tax year.

SEC. 413. (a)(1) Except as provided in paragraph (2), by July 15 of each year, the Commissioner shall calculate and submit to the council a proposed real property tax rate for the tax year, and inform the Council of his certification of the assessment roll pursuant to section 426(g). The Commissioner may extend the period for submitting such recommendation.

(2) With respect to the real property tax rate for the fiscal year ending June 30, 1975, the Commissioner shall submit his recommendation to the Council within 30 days after the date of enactment of this title.

(b) At the time the Commissioner submits to the Council the proposed real property tax rate under subsection (a), he shall also submit the following:

(1) The total aggregate assessed value of taxable real property for the year preceding the tax year by major class or type of property.

(2) The estimated total aggregate assessed value of taxable real property for the tax year for which the property tax rate recommendation is being made, by major class or type of property, indicating separately for each class or type the estimated value attributable to new construction.

(3) The real property tax rate (rounded to the nearest penny) calculated to yield in the tax year the same amount of revenue (exclusive of the revenue attributable to new construction) as was raised by that tax at the rate applicable during the year preceding the tax year.

(c) The real property tax rate submitted by the Commissioner pursuant to subsection (a) shall become the real property tax rate applicable during the tax year for which it is submitted unless the Council acts to set a different such rate pursuant to section 412.

(d) On or before February 1 of each year the Commissioner shall estimate as closely as possible the rate to be calculated in subsection (a) and shall so inform the Council.

(e) The real property tax rate applicable in the District for the fiscal year ending June 30, 1975, calculated according to the provisions of sections 411, 412, 413, and 461, shall be applied to the assessment roll for 1975 determined according to provisions of law in effect prior to the effective date of this Act.

SEC. 414. At the time the Commissioner submits to the Council the proposed real property tax rate under section 413, he shall also submit the following:

(1) The total aggregate assessed value of real property exempt from the real property tax levied in the District for the current fiscal year by major class or type of exempt status and the tax that would have been paid during such fiscal year had such property not been exempt.

(2) The estimated total aggregate assessed value of real property exempt from the real property tax levied in the District by major class or type of exempt status and the tax that would be paid during the fiscal year under the real property tax rate proposed by the Commissioner pursuant to section 413.

SEC. 415. In establishing a real property tax rate the Council shall make a comparison of tax rates and burdens applicable to residential and nonresidential property in the District with those such rates applicable to such property in jurisdictions in the vicinity of the District. The comparison shall include other major taxes in addition to the tax on real property. Without in any way limiting the authority of the Council, it is the intention of Congress that tax burdens in the District be reasonably comparable to those in the surrounding jurisdictions of the Washington metropolitan area.

SEC. 416. The Commissioner shall, by June 30 of each year, compile and publish information regarding the relative amount of tax for all major taxes in the District compared with those in surrounding jurisdictions in the Washington metropolitan area and with those in other cities. The information shall include the rate of the property tax levied on residential and nonresidential property, and the effect of major taxes levied on families of different income levels and on businesses.

SUBPART B—ASSESSMENT AND ADMINISTRATION

SEC. 421. (a) The assessed value of all real property shall be listed on the assessment roll for real property taxation purposes annually as provided in this part. The assessed value for all real property shall be the estimated market value of such property as of January 1 of the year preceding the tax year, as determined by the Commissioner. In determining estimated market value for various kinds of real property the Commissioner shall take into account any factor which might have a bearing on the market value of the real property including, but not limited to, sales information on similar types of real property, mortgage, or other financial considerations, reproduction cost less accrued depreciation because of age, condition, and other factors, income earning potential (if any), zoning, and government-imposed restrictions. Assessments shall be based upon the sources of

information available to the Commissioner which may include actual view.

(b) All real property shall be assessed no less frequently than once every two years, and as soon as practicable such assessment shall be made annually. The Council may authorize and direct assessments to be made annually for some or all classes of real property, except that for fiscal year 1978, and for each fiscal year thereafter, all real property shall be assessed on an annual basis.

(c) The Council may adopt regulations concerning the assessment and reassessment of real property and matters relating thereto which shall be consistent with the provisions of this title and other applicable provisions of law.

(d) The Council may adopt regulations regarding information to be furnished the Commissioner by owners of real property. Such regulations shall provide, under penalty of law, that all such information with respect to income derived from investment on income-producing real property shall be handled in the same confidential manner as income tax returns and supporting data required to be submitted to the government of the District of Columbia under laws applicable in the District.

(e) The Commissioner shall submit to the Council, within forty-five days after the date of enactment of this title, proposed regulations to be adopted by the Council pursuant to subsection (c).

(f) Consistent with the provisions of this Act and regulations of the Council, the Commissioner shall promulgate necessary regulations and administrative orders. If the Council shall not have adopted regulations concerning assessment pursuant to subsection (c) within ninety days after the date of enactment of this title, the Commissioner shall promulgate such regulations.

SEC. 422. (a) The Commissioner shall assess all real property, identifying separately the value of land and improvements thereon, and administer and collect the real property tax within the District. The Commissioner shall also notify owners of real property of assessments and of appeal procedures. In addition, he shall maintain adequate records relating to the administration of the real property tax in the District, and provide appropriate public information concerning such tax.

(b) The Commissioner shall appoint assessors competent to determine values of real property to carry out the provisions of this title and other relevant portions of this title. Each person so appointed shall take and subscribe an oath to diligently, faithfully, and impartially assess all real property according to applicable law and regulations and otherwise perform the duties of office.

(c) The Commissioner shall assure that information regarding the characteristics of real property, sales and

exchanges of all such property, building permits, land use plans, and any other information pertinent to the assessment process shall be made available to the assessors on a timely basis.

SEC. 423. (a) All real property, except as hereinafter provided, shall be assessed in the name of the owner, or trustee or trustees of the owner thereof. All undivided real property of a deceased person may be assessed in the name of such deceased person until such undivided real property is divided according to law, or has otherwise passed into the possession of some other person; and all real property, the ownership of which is unknown, shall be assessed as owner unknown.

(b) All real property, whether taxable or not, shall be assessed according to the address and the number of the squares and lots thereof, or part of lots, and upon the number of the square or superficial feet in each square or lot or part of a lot.

SEC. 424. (a) The Commissioner shall, on or before March 1 of each year, compile in tabular form and place in a book, known as the preliminary assessment roll, the name of the owner, address, lot and square, amount, description, and value, as of January 1 of that year, of the land and improvements of all real property whether such property is taxable or exempt.

(b) The preliminary assessment roll, together with all maps, field books, assessment-sales ratio studies, surveys, and plats, shall be open to public inspection during normal business hours. In addition, any notes and memorandums relating to the assessment of his real property, or a statement clearly indicating the basis upon which his real property has been assessed, shall be open to inspection by the taxpayer or his designated representative during normal business hours. Provision shall be made to furnish copies of all material to any person, upon request, at the lowest charge which covers cost of making such copies.

(c) The Commissioner shall undertake, publish, and otherwise publicize the results of assessment-sales ratio studies for different types of real property for the entire District and for different types of real property within each of the districts utilized in making assessments. If, for a given year, adequate sales data are lacking for particular studies, the Commissioner shall so indicate.

(d) The Commissioner shall, either himself or in a newspaper of general circulation, publish a listing of the assessed value of each property by address, lot, and square, and he shall also make such listing available at the main public library in the District and at such other points as he may determine. Such publication can be by neighborhood areas so long as maps showing the assessment areas are generally available.

SEC. 425. Beginning as soon as possible after January 1, but no later than March 1 of each year, each taxpayer

shall be notified of the assessment of his real property for the next fiscal year. The notice, or statement accompanying the notice, shall include—

- (1) the address, lot, square, and type of land use by major category of the property;
- (2) the assessed value of the land and improvements (shown separately and in total) of the property for the next fiscal year and such amounts for the previous fiscal year;

- (4) an indication of the reason for such change in assessment, such as, but not limited to, improvements to the property, zoning change, changing market values;
- (5) statement of appeal procedures pursuant to section 426(i);
- (6) the citation to the regulations or orders under which the property was assessed;
- (7) the location of the assessment roll, studies, and notes referred to in sections 424 and 426(g) and the hours during which the information is available;
- (8) the availability of a listing of the assessed value of property referred to in section 424(c); and
- (9) an explanation of all special benefits, incentives, limitations, or credits which relate to real property taxes as a result of this or any other Act.

SEC. 426. (a) There is established a Board of Equalization and Review for the District (hereinafter in this title referred to as the "Board") which shall be composed of fifteen members, a majority of whom shall be residents of the District, appointed by the Commissioner, with the advice and consent of the Council. The Council may authorize a larger size if the caseload so requires. Members of the Board shall be persons having knowledge of the valuation of property, real estate transactions, building costs, accounting, finance, or statistics. The Commissioner shall name one member as Chairman. None of the members may be officers of the District of Columbia government. Each member shall serve for a term of five years, except of the members first appointed under this section, the Commissioner shall designate equal numbers for terms of one, two, three, four, and five years. The terms of the members first appointed under this section shall begin on January 1, 1975. Any person appointed to fill a vacancy shall be appointed to serve for the remainder of the term during which the vacancy arose. Each member shall receive compensation at a rate to be determined by the Council unless otherwise prohibited by law, but not to exceed one two-thousandth of the annual salary of the highest step of grade 15 of the General Schedule in section 5332 of title 5 of the United States Code for each hour such member is engaged in the actual performance of duties vested in the Board.

(b) The Commissioner shall provide such other support as is needed for the efficient operation of the Board.

(c) The Board shall convene as business necessitates from the first Monday in January until the Commissioner shall be presented with the assessment roll for the fiscal year as provided in subsection (g). The Board shall also convene as business necessitates for a period of thirty days following any special assessment which shall be generally applicable to a class of real property, and as business in the Board otherwise makes necessary.

(d) A majority of the Board shall constitute a quorum for transacting business, except the Board may provide for the establishment of three member panels for hearing and deciding individual appeals. The Board shall adopt and publish necessary rules, and all applicable provisions of the District of Columbia Administrative Procedures Act (D.C. Code, secs. 1-1501-1-1510) shall apply to the rules and procedure of the Board.

(e) On or before April 15 of each year any taxpayer may appeal the amount of his assessment for the forthcoming fiscal year.

(f) Pursuant to applicable provisions of law, regulations adopted by the Council, or orders of the Commissioner, the Board shall attempt to assure that all real property is assessed at the estimated market value. Based on the record of complaints or of other information available to or solicited by the Board, the Board shall raise or lower the estimated market value of any real property which it finds to be more than 5 per centum above or below the estimated market value contained in the preliminary assessment roll prepared by the Commissioner according to section 423 and shall revise the assessment roll accordingly.

(g) On or before June 1 the Board shall present the revised assessment roll for the forthcoming fiscal year to the Commissioner. The Commissioner shall make such further revisions to the assessment roll as are required under other applicable provisions of law, and shall approve such assessment roll not later than June 30. Except as otherwise provided by law, the approved assessment roll shall constitute the basis of assessment for the forthcoming fiscal year and until another assessment roll is made according to law.

(h) Neither the Board nor any court shall order the increase of the assessed value of any parcel of real property above its estimated market value, nor the decrease of the assessed value of any parcel of real property below its estimated market value solely on the basis of average ratio studies comparing sales and assessments, unless such studies are the primary basis for the assessment, or reassessment of the concerned property.

(i) Any person aggrieved by any assessment, equalization, or valuation made, may, by October 15 of the calendar year in which such assessment, equalization,

or valuation is made, appeal from such assessment, equalization, or valuation in the same manner and to the same extent as provided in sections 3 and 14 of title IX of the Act of August 17, 1937 (D.C. Code, secs. 47-2404, 47-24143), if such person shall have first made his complaint to the Board respecting such assessment as herein provided, except that in any case where no notice in writing of such increase of valuation was given the taxpayer prior to March 15 of the particular year, no such complaint shall be required for appeal.

SEC. 427. Each assessor of the District, and each assistant assessor, in the discharge of any of his duties, or the Board, may administer all necessary oaths or affirmations. The Commissioner or, in his absence, his designated agent, and the Chairman of the Board, shall have power to summon the attendance of any person to be examined under oath touching such matters and things as the Commissioner or the Board may deem advisable in the discharge of their duties; and any member of the Metropolitan Police force of the District of Columbia may serve subpoenas in his behalf. Such fees shall be allowed witnesses so examined, to be paid out of funds available to the Commissioner, as are allowed in civil actions before the United States District Court for the District of Columbia. Any person summoned and examined as aforesaid who shall knowingly make false oath or affirmation shall be guilty of perjury, and upon conviction thereof be punished according to the laws in force for the punishment of perjury.

SEC. 428. Within one year after the date of enactment of this title the Superior Court of the District of Columbia shall establish a method which it deems appropriate by which class action cases regarding any matter relating to real and personal property taxes may be brought before the Superior Court.

SEC. 429. Any person who shall refuse or knowingly neglect to perform any duty enjoined on him by law, or who shall conspire to or connive at any evasion of the provision of the first section of the Act of March 3, 1881 (D.C. Code, sec. 47-209), or section 13 of the Act of August 14, 1894 (D.C. Code, sec. 47-606), or any other provision of this title shall, for each offense, be removed from office and fined not more than \$10,000, or imprisoned for no longer than one year, or both, in the discretion of the court.

SUBPART C—MODIFIED HOMEOWNER EXEMPTION TO PREVENT SHIFT
OF THE TAX BURDEN TO LOW AND MODERATE INCOME FAMILIES
WHO RENT OR OWN SINGLE FAMILY HOMES

SEC. 430. (a) In order that the shift to equalized assessment at the same percentage of estimated market value for all properties not result in increases in proportionate tax burden for households of low or moderate income who own or rent property identified on the as-

assessment roll as row dwellings, detached dwellings, or semi-detached dwellings, the Council by regulation is authorized to provide that the amount of up to \$3,000 of market value may be deducted from the estimated market value of some or all of such property.

(b) Subsection (a) shall take effect on and after July 1, 1974.

SUBPART D—TAX INCENTIVES FOR REHABILITATION OF PROPERTY AND NEW CONSTRUCTION IN AREAS OF THE CITY AND FOR THE PRESERVATION OF HISTORIC PROPERTY

SEC. 431. (a) The Council shall, within one year after the date of enactment of this title, after public hearing, adopt regulations providing tax incentives for the rehabilitation of existing structures and for new construction, including rehabilitation or construction of commercial property, located in areas of the District as designated by the Council. The Council shall also adopt regulations providing tax incentives for the rehabilitation and maintenance of historic property. Such tax incentives may include, but are not limited to—

(1) establishing different tax rates for land and for improvements thereon; and

(2) providing that any increase in assessed value of improvements resulting from rehabilitation or new construction be ignored for tax purposes for up to five years from the year of such reassessment.

(b) To be eligible for incentive under this section, historic property must be property designated as an historic landmark and conform to the provisions of subpart E.

SUBPART E—TAX RELIEF FOR CERTAIN HISTORIC PROPERTIES

SEC. 432. For certain officially designated historic property in the District, the Commissioner shall, in addition to assessing at full market value, assess land and improvement on the basis of current use and structures of the property, which latter assessment, if it is less than full market value, shall be the basis of tax liability to the District.

SEC. 433. To be eligible for historic property tax relief, real property must be historic property designated by the Joint Committee on Landmarks of the National Capital Planning Commission and the Commission on Fine Arts, and, in addition, must be approved by the Commissioner under section 434.

SEC. 434. The Council may provide that the owners of properties which have been designated historic landmarks by the Joint Committee on Landmarks of the National Capital Planning Commission and the Commission of Fine Arts may enter into agreements with the government of the District of Columbia for periods of at least twenty years which will assure the continued maintenance of historic properties in return for property tax relief. Such a provision shall, as a condition for tax

relief, require reasonable assurance that such property will be used and properly maintained and such other conditions as the Council finds to be necessary to encourage the preservation of historic property. The Council shall also provide for the recovery of back taxes, with interest, which would have been due and payable in the absence of the exemption, if the conditions for such exemption are not fulfilled.

SUBPART F—TAX DEFERRAL

SEC. 435. (a) An eligible taxpayer may defer each year any real property tax owed in excess of 110 per centum of his immediately preceding year's real property tax liability. To be eligible for such deferral the taxpayer must—

- (1) have owned for at least five years the residential real property for which deferral is claimed;
- (2) certify that the combined household adjusted gross income (for purposes of District income taxes) does not exceed \$20,000 in one year;
- (3) file a written request for deferral on a form prescribed by the Commissioner;
- (4) certify that such residential real property is the principal place of residence of the taxpayer;
- (5) certify that the zoning classification of such residential property has not changed in the immediately past fiscal year;
- (6) certify that increases in the assessed valuation of such residential real property attributable to improvements which increase the intrinsic value of such residential real property are not included in the calculation of the increase in real property tax payable; and
- (7) certify that the assessment of such residential real property for the immediately previous fiscal year was not the result of an obvious arithmetical error.

(b) Taxes deferred under this section shall bear interest compounded annually. The rate of interest which shall be applied in each year shall be the average Treasury bill rate for the preceding twelve months as certified by the Secretary of the Treasury to the Commissioner.

(c) No further deferrals of real property tax shall be granted a taxpayer when his deferred tax plus interest equals more than 10 per centum of the current assessed value of his property.

(d) Taxes deferred under this section, together with all accumulated interest, shall constitute a preferential lien upon the real property which shall be immediately payable by the seller, transferor, or conveyor whenever the real property is sold, refinanced, transferred, or conveyed in any manner, or whenever additional co-owners (other than spouse) are added to the real property.

SEC. 436. (a) Any owner of residential real property whose combined household adjusted gross income is in excess of \$20,000, and who meets the qualifications specified in clauses (1), (3), (4), (5), and (6) of subsection (a) of section 435, may defer the amount of real property tax attributable to an increase by more than 25 per centum in any one year over the assessment of the immediately previous fiscal year. For the purposes of this section and section 435, for the fiscal year 1975 the assessed value of all properties assessed at 55 per centum of estimated market value shall be the assessed value of the property divided by 0.55.

(b) Taxes deferred under this section shall bear interest compounded annually. Notwithstanding any other provision of law, the rate of interest which shall be applied in each year is the average Treasury bill rate for the preceding twelve months as certified by the Secretary of the Treasury to the Commissioner.

(c) No further deferrals of real property tax shall be granted a taxpayer when his deferred tax plus interest equals more than 10 per centum of the current assessed value of his property.

(d) Taxes deferred under this section, together with all accumulated interest, shall constitute a preferential lien upon the property which shall be immediately payable by the seller, transferor, or conveyor whenever the property is sold, refinanced, transferred, or conveyed in any manner, or whenever additional co-owners (other than spouse) are added to the property.

(e) The deferral provided in this section shall terminate June 30, 1979 unless specifically extended by the Council.

SUBPART G—DISPOSAL OF TAX DELINQUENT PROPERTY TO
ENCOURAGE HOMEOWNERSHIP

SEC. 437. Notwithstanding any other provision of law, whenever any real property in the District of Columbia has been, or shall hereafter be, offered for sale for nonpayment of taxes or assessments of any kind whatsoever, and shall have been bid off in the name of the District of Columbia, and two years or more have elapsed since such property was bid off as aforesaid, and the same has not been redeemed as provided by law, the Commissioner of the District may enforce the lien of the District for taxes or other assessments on such real property by ordering that a deed in fee simple to such property be issued by the Commissioner of the District of Columbia to the District of Columbia, and up to the time of the issuance of the deed such property may be redeemed by the owner or other person having an interest therein by the payment of all taxes or assessments due the District of Columbia upon said property, and all legal penalties, interest and costs thereon, together with such other ex-

penses and costs, including costs of publication, as may have been incurred by the District.

SEC. 438. The Council is hereby authorized to establish a program whereby title to properties acquired by tax sale pursuant to section 437 may, for whatever sum it deems appropriate, be transferred to persons meeting criteria which shall be established by the Council, who guarantee to pay taxes on and to live in the property for at least five years, and who give assurance of bringing such property into reasonable compliance with the building code in the District.

PART 3—REAL AND PERSONAL PROPERTY TAX EXEMPTIONS

SEC. 441. The first section of the Act of December 24, 1942 (D.C. Code, sec. 47-801(a)) is amended, on and after July 1, 1974, by adding at the end thereof the following:

"(s) Buildings owned by and actually occupied and used for legitimate theater, music, or dance purposes by a corporation which is not organized or operated for commercial purposes or for private gain, which buildings are open to the public, generally, and for admission to which changes may be made to cover the cost of expenses."

SEC. 442. The Commissioner shall publish, by class and by individual property, a listing of all real property exempt from the real property tax in the District. Such listing shall include the address, lot, and square, the name of the owner, the assessed value of the land and improvements of such property, and the amount of the tax exemption in the previous fiscal year.

PART 4—PROPERTY TAX CREDIT FOR DISTRICT OF COLUMBIA RESIDENTS

SEC. 451. Effective January 1, 1975, title VI of the District of Columbia Income and Franchise Act of 1947 is amended by adding at the end thereof the following new section:

"SEC. 7. CREDIT FOR PROPERTY TAXES ACCRUED AND PAYABLE BY DISTRICT OF COLUMBIA RESIDENTS—(a)(1) For purposes of providing relief to certain District of Columbia residents who own or rent their principal place of abode and who reside in same, a credit shall be allowed to the eligible claimant equal to the amount by which all or a portion of real property taxes the taxpayer pays, or rent paid constituting property taxes, on his principal place of residence for the taxable year, exceeds a percentage (determined under subsection (a)(2) of his household gross income for that year.

"(2) The percentage required under paragraph (1) of this subsection to be determined under this subsection for taxpayers shall be the percentage specified in the following table:

"If household gross income is:

The percentage of property tax paid on the first \$400 of property tax, or rent constituting property tax, which shall constitute credit is:

Under \$3,000 -----	80 per centum of tax in excess of 2 per centum of income.
\$3,000 to \$4,999 -----	70 per centum of tax in excess of 3 per centum of income.
\$5,000 to \$6,999 -----	60 per centum of tax in excess of 4 per centum of income.

"(b) DEFINITIONS.—For purposes of this section:

"(1)(A) The term 'household gross income' means gains, profits, and income derived from salaries, wages, or compensation for personal services of whatever kind and in whatever form paid, including salaries, wages, and compensation paid by the United States to its officers and employees, or income derived from any trade or business or sales or dealings in property, whether real or personal, including capital assets as defined in this article growing out of the ownership or sale of or interest in such property; income from rent, royalties, interest, dividends, securities, or transactions of any trade or business carried on for gain or profit, or gains or profits and income derived from any source whatever, including but not limited to alimony, and separate maintenance payments (including amounts received under separate maintenance agreements), strike benefits, cash public assistance and relief (not including relief or credit granted under this section), sick pay, workmen's compensation, proceeds of life insurance policies, the gross amount of any pension or annuity (including railroad retirement benefits, veterans' disability pensions, or payment received under the Federal Social Security Act), State or District of Columbia unemployment compensation laws, and nontaxable interest received from the United States, a State or any agency or instrumentality thereof. The word 'income' does not include gifts from nongovernmental sources, food stamps, or food or other relief in kind supplied by a governmental agency.

"(B) In determining household gross income the exclusions from gross income as provided by subsection (b) of section 2 of title III of this article shall not apply.

"(2) The term 'household income' shall have the same meaning as the words 'adjusted gross income' are defined in subsection (c) of section 2 of title III of this article. For purposes of determining adjusted gross income within the meaning of this section, gross income shall mean household income as defined in this section.

"(3) The term 'home' means the claimant's dwelling house, whether owned or rented by the claimant, and so much of the land surrounding it as is reasonably necessary for use of the dwelling as a home, and may include a multiunit building or a multipurpose building and a part of the land upon which it is located.

"(4) The term 'claimant' means a person who has filed a claim under this section, was an owner of record of a home in the District, or a lessee, tenant at will or tenant at sufferance paying rent on a home in the District, during the entire calendar year preceding the year in which he files a claim for relief under this section. Only one

claimant per home and per household per year shall be entitled to relief under this section.

"(5)(A) The term 'rent constituting property taxes accrued' means 15 per centum of the rent actually paid by a claimant in cash or its equivalent in the calendar year 1975 or any subsequent calendar year solely for the right to occupy his District home in such calendar year, and which rent constitutes the basis in the succeeding calendar year for the claim for relief made by the claimant under this section, exclusive of amounts which are paid as rent or other consideration for the providing by the landlord of furniture or furnishings of any kind, and exclusive of amounts included in the rent for utilities. Whenever the amount of rent includes charges for the providing by the landlord of furniture or furnishings or charges for utilities, and the charges therefor are not separately stated, then there shall be deducted from the rent as the charge for such furniture or furnishings 20 per centum of the rent, and for utilities 10 per centum of the rent, and the balance shall be deemed to be the amount paid by the claimant solely for the right to occupy his District home for the purposes of the credit allowed under this section.

"(c) In the event that any installment of rent for a calendar year for which a claim is filed is paid prior to the beginning of or subsequent to the end of such calendar year, it shall be included as rent for the year for which the claim was made and for no other year, and shall not be included as rent for purposes of this section for the year in which the installment was paid.

"(d) If the Commissioner determines that the rent paid was not the result of an agreement entered into at arm's length between the tenant and his landlord, the Commissioner may adjust the rent to a reasonable amount for the purposes of this section.

"(e)(1) Beginning with the calendar year 1975 and for each succeeding calendar year, if a claimant owns and occupies his home in the District on July 1 of any such year, 'property taxes accrued' means property taxes (exclusive of special assessments, interest on a delinquency in payment of tax, and any penalties and service charges) assessed and paid to date against such home commencing January 1, 1975, and for succeeding years. If a home is an integral part of a larger unit such as a multipurpose building or a multidwelling building, property taxes accrued shall be that percentage of the total property taxes accrued as the value of the home bears to the total value of the property.

"(2) When a claimant rents two or more different homes in the District in the same calendar year, rent paid by the claimant during that year shall be determined by dividing the rent paid pursuant to the last rental agreement in force during that calendar year by the number of months during that calendar year for

which this rent was paid and multiplying the result by twelve.

"(f) The right to file under this section shall be personal to the claimant, but such right may be exercised by his legal guardian or attorney-in-fact. The right to file a claim shall not survive the death of a claimant. If a claimant dies after having filed a claim, any amount refunded as a result thereof shall be disbursed to his estate: *Provided*, That if no executor or administrator qualifies therein within two years of the filing of the claim, or no petition for distribution of a small estate is filed pursuant to the first section of the Act of September 14, 1965 (D.C. Code, secs. 20-2101 and 20-2102), the claim shall not be allowed.

"(g) Subject to the limitations provided in this section, commencing with the taxable year beginning after December 31, 1974, and for succeeding taxable years, the claimant may claim as a credit against the District income taxes otherwise due on his income, property taxes accrued or rent constituting property taxes accrued for that year. If the allowable amount of such claim exceeds the income taxes otherwise due from the claimant, or other tax liabilities of the claimant to the District, or if there are no District income taxes due from the claimant, the amount of the claim not used as an offset against income taxes or other tax liabilities of the claimant to the District shall be paid or credited to the claimant. No interest shall be allowed on any payment made to a claimant pursuant to this section.

"(h) No claim with respect to property taxes accrued or with respect to rent constituting property taxes accrued shall be allowed unless a District of Columbia individual income tax return or (if the claimant is not required to file such return) a claim for credit under this section is filed with the District on the forms and in such manner and with such information as the Commissioner may prescribe. Any claim for credit shall be filed on or before the time prescribed for the filing of a return of individual income under this article. The Commissioner may grant a reasonable extension of time, not to exceed six months, for the filing of a return or claim for credit under this section whenever in his judgment good cause exists therefor.

"(i) The amount of any claim otherwise payable under this section may be applied by the District against any outstanding tax liability of the claimant to the District.

"(j)(1) In determining eligibility for the credit allowable under this section, and for the purpose of determining outstanding tax liability (if any) of the claimant to the District household income for which the claim is filed and the claimant's outstanding tax liability (if any) shall be determined on the basis of the combined household income of all members present in the household, except there shall be excluded from the computation of

gross household income the first \$1,000 earned by a dependent.

"(2) In the case of husband and wife, who during the entire calendar year for which a claim is filed under this section, maintain separate homes, for the purpose of determining household income and the claimant's outstanding tax liability (if any), such husband and wife shall be deemed to have been unmarried during the calendar year for which the claim is made.

"(k) No credit shall be allowed under this title for any year during which the person claiming the credit was a dependent, under any State, Federal, or District law levying a tax on income, unless during that year such person is or becomes sixty-five years of age or older.

"(l) In the case of persons whose incomes vary substantially from year to year, the District of Columbia Council shall adopt regulations concerning income averaging for purposes of calculating benefits.

"(m) Each owner of a rental unit or his authorized agent shall, when requested in writing, furnish to the tenant making such written request a statement indicating the amount of rent paid by the tenant during the calendar year solely for the right of occupancy of the leased premises. Requests shall be made under this paragraph only by those persons entitled to file a claim under this section or who at the time of the making of the request deem themselves entitled to file a claim for credit under this section.

"(n)(1) If, on an audit of any claim filed under this section, the Commissioner finds the amount to have been incorrectly computed, he shall determine the correct amount and notify the claimant in accordance with the procedures set forth in section 5 of title XII of this article.

"(2) If it is determined that a claim was filed with fraudulent intent, it shall be disallowed in full. If the claim has been paid or a credit has been allowed against income taxes otherwise payable, the credit shall be canceled and the amount paid shall be assessed against the claimant and recovered in the same manner as provided for the collection of taxes under section 1601 of title XVI of the Act of May 18, 1954 (D.C. Code, sec. 47-312).

"(o) No claim for relief under this section shall be allowed to any person who was not living in a home which was subject to District of Columbia real property taxation during the calendar year for which the claim is filed.

"(p) Notwithstanding any other provision of law to the contrary, any person aggrieved by the denial in whole or in part of a claim for the credit authorized by this section, or an assessment of tax made pursuant to paragraph (1) of this section, may appeal the denial within six months after notice of the denial of the claim or within six months after notice of assessment, to the Board which shall consider such appeal as a contested case under

section 10 of the District of Columbia Administrative Procedure Act (D.C. Code, sec. 1-1509). In the case of an assessment of tax, the mailing to the claimant of a statement of taxes due shall be considered notice of assessment with respect to such taxes.

"(q) The Commissioner is authorized to provide a table which will approximate, as closely as feasible, the amount of relief allowable under this section.

"(r) If it is determined by the District that a claimant received title to his home in the District or became legally obligated to pay rent for his home in the District primarily for the purpose of receiving benefits under the provisions of this section, his claim shall be disallowed.

"(s) The District of Columbia Council is empowered to make such changes in the amount of annual relief provided under section 7(a) of this title as it may deem proper."

PART 5—DISTRICT OF COLUMBIA PROPERTY TAX RATE.

SEC. 461. Notwithstanding any other provision of law the property tax rate for the District of Columbia for fiscal year 1975 shall be set by the Council at such an amount to yield at least \$146 million in fiscal year 1975; except that such amount may be reduced by any amount raised by the Council pursuant to delegation of authority contained in section 471 of this Act, or by any revenue obtained pursuant to any other provision of law, or by any amount raised by reprogramming or reallocation of the fiscal year 1975 budget.

XIV. NATIONAL PRESERVES

1. Big Cypress

An Act to establish the Big Cypress National Preserve in the State of Florida, and for other purposes. (88 Stat. 1255) (P.L. 93-440)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That (a) in order to assure the preservation, conservation, and protection of the natural, scenic, hydrologic, floral and faunal, and recreational values of the Big Cypress Watershed in the State of Florida and to provide for the enhancement and public enjoyment thereof, the Big Cypress National Preserve is hereby established.

(b) The Big Cypress National Preserve (hereafter referred to as the "preserve") shall comprise the area generally depicted on the map entitled "Big Cypress National Preserve", dated November 1971 and numbered BC-91,001, which shall be on file and available for public inspection in the Offices of the National Park Service, Department of the Interior, Washington, District of Columbia, and shall be filed with appropriate offices of Collier, Monroe, and Dade Counties in the State of Florida. The Secretary of the Interior (hereafter referred to as the "Secretary") shall, as soon as practicable, publish a detailed description of the boundaries of the preserve in the Federal Register which shall include not more than five hundred and seventy thousand acres of land and water.

(c) The Secretary is authorized to acquire by donation, purchase with donated or appropriated funds, transfer from any other Federal agency, or exchange, any lands, waters, or interests therein which are located within the boundaries of the preserve: *Provided*, That any lands owned or acquired by the State of Florida, or any of its subdivisions, may be acquired by donation only: *Provided further*, That no Federal funds shall be appropriated until the Governor of Florida executes an agreement on behalf of the State which (i) provides for the transfer to the United States of all lands within the preserve previously owned or acquired by the State and (ii) provides for the donation to the United States of all lands acquired by the State within the preserve pursuant to the provision of "the Big Cypress Conservation Act of 1973" (Chapter 73-131 of the Florida Statutes) or provides for the donation to the United States of any remaining moneys appropriated pursuant to such Act for

the purchase of lands within the preserve. No improved property, as defined by this Act, nor oil and gas rights, shall be acquired without the consent of the owner unless the Secretary, in his judgment, determines that such property is subject to, or threatened with, uses which are, or would be, detrimental to the purposes of the preserve. The Secretary may, if he determines that the acquisition of any other subsurface estate is not needed for the purposes of the preserve, exclude such interest in acquiring any lands within the preserve. Notwithstanding the provisions of section 301 of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (84 Stat. 1894, 1904) the Secretary (i) may evaluate any offer to sell land within the preserve by any landowner and may, in his discretion, accept any offer not in excess of \$10,000 without an appraisal and (ii) may direct an appraisal to be made of any unimproved property within the preserve without notice to the owner or owners thereof. Notwithstanding any other provision of law, and federally owned lands within the preserve shall, with the concurrence of the head of the administering agency, be transferred to the administrative jurisdiction of the Secretary for the purposes of this Act, without transfer of funds.

SEC. 2. (a) In recognition of the efforts of the State of Florida in the preservation of the area, through the enactment of chapter 73-131 of the Florida statutes, "The Big Cypress Conservation Act of 1973", the Secretary is directed to proceed as expeditiously as possible to acquire the lands and interests in lands necessary to achieve the purposes of this Act.

(b) Within one year after the date of the enactment of this Act, the Secretary shall submit, in writing, to the Committee on Interior and Insular Affairs and to the Committees on Appropriations of the United States Congress a detailed plan which shall indicate:

(i) the lands and areas which he deems essential to the protection and public enjoyment of this preserve.

(ii) the lands which he has previously acquired by purchase, donation, exchange or transfer for administration for the purpose of this preserve, and

(iii) the annual acquisition program (including the level of funding) which he recommends for the ensuing five fiscal years.

(c) It is the express intent of the Congress that the Secretary should substantially complete the land acquisition program contemplated by this Act within six years after the date of its enactment.

SEC. 3. (a) The owner of an improved property on the date of its acquisition by the Secretary may, as a condition of such acquisition, retain for himself and his heirs and assigns a right of use and occupancy of the improved property for a definite term of not more than twenty-five years or, in lieu thereof, for a term ending at the death

of the owner or the death of his spouse, whichever is later. The owner shall elect the term to be reserved. Unless this property is wholly or partially donated to the United States, the Secretary shall pay the owner the fair market value of the property on the date of acquisition less the fair market value, on that date, of the right retained by the owner. A right retained pursuant to this section shall be subject to termination by the Secretary upon his determination that it is being exercised in a manner inconsistent with the purposes of this Act, which shall include the exercise of such right in violation of any applicable State or local laws and ordinances, and it shall terminate by operation of law upon the Secretary's notifying the holder of the right of such determination and tendering to him an amount equal to the fair market value of that portion of the right which remains unexpired.

(b) As used in this Act, the term "improved property" means:

(i) a detached, one family dwelling, construction of which was begun before November 23, 1971, which is used for noncommercial residential purposes, together with not to exceed three acres of land on which the dwelling is situated and such additional lands as the Secretary deems reasonably necessary for access thereto, such land being in the same ownership as the dwelling, and together with any structures accessory to the dwelling which are situated on such lands and

(ii) any other building, construction of which was begun before November 23, 1971, which was constructed and is used in accordance with all applicable State and local laws and ordinances, together with as much of the land on which the building is situated, such land being in the same ownership as the building, as the Secretary shall designate to be reasonably necessary for the continued enjoyment and use of the building in the same manner and to the same extent as existed in November 23, 1971, together with any structures accessory to the building which are situated on the lands so designated. In making such designation the Secretary shall take into account the manner of use in which the building, accessory structures, and lands were customarily enjoyed prior to November 23, 1971.

(c) Whenever an owner of property elects to retain a right of use and occupancy as provided in this section, such owner shall be deemed to have waived any benefits or rights accruing under sections 203, 204, 205, and 206 of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (84 Stat. 1894), and for the purposes of such sections such owner shall not be considered a displaced person as defined in section 101(6) of such Act.

SEC. 4. (a) The area within the boundaries depicted

on the map referred to in section 1 shall be known as the Big Cypress National Preserve. Such lands shall be administered by the Secretary as a unit of the National Park System in a manner which will assure their natural and ecological integrity in perpetuity in accordance with the provisions of this Act and with the provisions of the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 1-4), as amended and supplemented.

(b) In administering the preserve, the Secretary shall develop and publish in the Federal Register such rules and regulations as he deems necessary and appropriate to limit or control the use of Federal lands and waters with respect to:

- (1) motorized vehicles,
- (2) exploration for and extraction of oil, gas, and other minerals,
- (3) grazing,
- (4) draining or constructing of works or structures which alter the natural water courses,
- (5) agriculture,
- (6) hunting, fishing, and trapping,
- (7) new construction of any kind, and

(8) such other uses as the Secretary determines must be limited or controlled in order to carry out the purposes of this Act: *Provided*, That the Secretary shall consult and cooperate with the Secretary of Transportation to assure that necessary transportation facilities shall be located within existing or reasonably expanded rights-of-way and constructed within the reserve in a manner consistent with the purposes of this Act.

SEC. 5. The Secretary shall permit hunting, fishing, and trapping on lands and water under his jurisdiction within the preserve in accordance with the applicable laws of the United States and the State of Florida, except that he may designate zones where and periods when no hunting, fishing, trapping, or entry may be permitted for reasons of public safety, administration, floral and faunal protection and management, or public use and enjoyment. Except in emergencies, any regulations prescribing such restrictions relating to hunting, fishing, or trapping shall be put into effect only after consultation with the appropriate State agency having jurisdiction over hunting, fishing, and trapping activities. Notwithstanding this section or any other provision of this Act, members of the Miccosukee Tribe of Indians of Florida and members of the Seminole Tribe of Florida shall be permitted, subject to reasonable regulations established by the Secretary, to continue their usual and customary use and occupancy of Federal or federally acquired lands and waters within the preserve, including hunting, fishing, and trapping on a subsistence basis and traditional tribal ceremonials.

SEC. 6. Notwithstanding any other provision of law,

before entering into any contract for the provision of revenue producing visitor services,

(i) the Secretary shall offer those members of the Miccosukee and Seminole Indian Tribes who, on January 1, 1972, were engaged in the provision of similar services, a right of first refusal to continue providing such services within the preserve subject to such terms and conditions as he may deem appropriate, and

(ii) before entering into any contract or agreement to provide new revenue-producing visitor services within the preserve, the Secretary shall offer to the Miccosukee Tribe of Indians of Florida and the Seminole Tribe of Florida the right of first refusal to provide such services, the right to be open for a period of ninety days. Should both Tribes respond with proposals that satisfy the terms and conditions established by the Secretary, the Secretary may allow the Tribes an additional period of ninety days in which to enter into an inter-Tribal cooperative agreement to provide such visitor services, but if neither tribe responds with proposals that satisfy the terms and conditions established by the Secretary, then the Secretary shall provide such visitor services in accordance with the Act of October 9, 1965 (79 Stat. 969, 16 U.S.C. 20). No such agreement may be assigned or otherwise transferred without the consent of the Secretary.

SEC. 7. Within five years from the date of the enactment of this Act, the Secretary shall review the area within the preserve and shall report to the President, in accordance with section 3 (c) and (d) of the Wilderness Act (78 Stat. 891; 16 U.S.C. 1132 (c) and (d)), his recommendations as to the suitability or nonsuitability of any area within the preserve for preservation as wilderness, and any designation of any such areas as a wilderness shall be accomplished in accordance with said subsections of the Wilderness Act.

SEC. 8. There are authorized to be appropriated such sums as may be necessary to carry out the provisions of this Act, but not to exceed \$116,000,000 for the acquisition of lands and interests in lands and not to exceed \$900,000 for development. Any funds donated to the United States by the State of Florida pursuant to chapter 73-131 of the Florida statutes shall be used solely for the acquisition of lands and interests in land within the preserve.

2. Big Thicket

An Act to authorize the establishment of the Big Thicket National Preserve in the State of Texas, and for other purposes. (88 Stat. 1254) (P.L. 93-439)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That (a) in order to assure the preservation, conservation, and protection of the natural, scenic, and recreational values of a significant portion of the Big Thicket area in the State of Texas and to provide for the enhancement and public enjoyment thereof, the Big Thicket National Preserve is hereby established.

(b) The Big Thicket National Preserve (hereafter referred to as the "preserve") shall include the units generally depicted on the map entitled "Big Thicket National Preserve", dated November 1973 and numbered NBR-BT 91,027 which shall be on file and available for public inspection in the offices of the National Park Service, Department of the Interior, Washington, District of Columbia, and shall be filed with appropriate offices of Tyler, Hardin, Jasper, Polk, Liberty, Jefferson, and Orange Counties in the State of Texas. The Secretary of the Interior (hereafter referred to as the "Secretary") shall, as soon as practicable, but no later than six months after the date of enactment of this Act, publish a detailed description of the boundaries of the preserve in the Federal Register. In establishing such boundaries, the Secretary shall locate stream corridor unit boundaries referenced from the stream bank on each side thereof and he shall further make every reasonable effort to exclude from the units hereafter described any improved year-round residential properties which he determines, in his discretion, are not necessary for the protection of the values of the area or for its proper administration. The preserve shall consist of the following units:

Big Sandy Creek unit, Polk County, Texas, comprising approximately fourteen thousand three hundred acres:

Menard Creek Corridor unit, Polk, Hardin, and Liberty Counties, Texas, including a module at its confluence with the Trinity River, comprising approximately three thousand three hundred and fifty-nine acres;

Hickory Creek Savannah unit, Tyler County, Texas, comprising approximately six hundred and sixty-eight acres;

Turkey Creek unit, Tyler and Hardin Counties, Texas, comprising approximately seven thousand eight hundred acres;

Withers Addition, comprising approximately three thousand seven hundred and seventy-five acres;

Neches Bottom and Jack Gore Baygall unit, Hardin and Jasper Counties, Texas, comprising approximately thirteen thousand three hundred acres;

Little Pine Island-Pine Island Bayou corridor unit, Hardin and Jefferson Counties, Texas, comprising approximately two thousand one hundred acres; and

Lance Rosier Unit, Hardin County, Texas, comprising approximately twenty-five thousand and twenty-four acres.

(c) The Secretary is authorized to acquire by donation, purchase with donated or appropriated funds, transfer from any other Federal agency, or exchange, any lands, waters, or interests therein which are located within the boundaries of the preserve: *Provided* That any lands owned or acquired by the State of Texas, or any of its political subdivisions, may be acquired by donation only. After notifying the Committees on Interior and Insular Affairs of the United States Congress, in writing, of his intention to do so and of the reasons therefor, the Secretary may, if he finds that such lands would make a significant contribution to the purposes for which the preserve was created, accept title to any lands, or interests in lands, located outside of the boundaries of the preserve which the State of Texas or its political subdivisions may acquire and offer to donate to the United States or which any private person, organization, or public or private corporation may offer to donate to the United States and he may administer such lands as a part of the preserve after publishing notice to that effect in the Federal Register. Notwithstanding any other provision of law, any federally owned lands within the preserve shall, with the concurrence of the head of the administering agency, be transferred to the administrative jurisdiction of the Secretary for the purposes of this Act, without transfer of funds.

SEC. 2. (a) The Secretary shall, immediately after the publication of the boundaries of the preserve, commence negotiations for the acquisition of the lands located therein: *Provided*, That he shall not acquire the mineral estate in any property or existing easements for public utilities, pipelines or railroads without the consent of the owner unless, in his judgment, he first determines that such property or estate is subject to, or threatened

with, uses which are, or would be, detrimental to the purposes and objectives of this Act: *Provided further*, That the Secretary, insofar as is reasonably possible, may avoid the acquisition of improved properties, as defined in this Act, and shall make every effort to minimize the acquisition of land where he finds it necessary to acquire properties containing improvements.

(b) Within one year after the date of the enactment of this Act, the Secretary shall submit, in writing, to the Committee on Interior and Insular Affairs and to the Committees on Appropriations of the United States Congress a detailed plan which shall indicate:

(i) the lands and areas which he deems essential to the protection and public enjoyment of this preserve,

(ii) the lands which he has previously acquired by purchase, donation, exchange or transfer for administration for the purpose of this preserve, and

(iii) the annual acquisition program (including the level of funding) which he recommends for the ensuing five fiscal years.

(c) It is the express intent of the Congress that the Secretary should substantially complete the land acquisition program contemplated by this Act within six years after the date of its enactment.

SEC. 3. (a) The owner of an improved property on the date of its acquisition by the Secretary may, as a condition of such acquisition, retain for himself and his heirs and assigns a right of use and occupancy of the improved property for noncommercial residential purposes for a definite term of not more than twenty-five years or, in lieu thereof, for a term ending at the death of the owner or the death of his spouse, whichever is later. The owner shall elect the term to be reserved. Unless this property is wholly or partially donated to the United States, the Secretary shall pay the owner the fair market value of the property on the date of acquisition less the fair market value, on that date, of the right retained by the owner. A right retained pursuant to this section shall be subject to termination by the Secretary upon his determination that it is being exercised in a manner inconsistent with the purposes of this Act, and it shall terminate by operation of law upon the Secretary's notifying the holder of the right of such determination and tendering to him an amount equal to the fair market value of that portion of the right which remains unexpired.

(b) As used in this Act, the term "improved property" means a detached, one-family dwelling, construction of which was begun before July 1, 1973, which is used for noncommercial residential purposes, together with not to exceed three acres of land on which the dwelling is situated and together with such additional lands or interests therein as the Secretary deems to be reasonably

necessary for access thereto, such lands being in the same ownership as the dwellings, together with any structures accessory to the dwelling which are situated on such land.

(c) Whenever an owner of property elects to retain a right of use and occupancy as provided in this section, such owner shall be deemed to have waived any benefits or rights accruing under sections 203, 204, 205, and 206 of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (84 Stat. 1894), and for the purposes of such sections such owner shall not be considered a displaced person as defined in section 101(6) of such Act.

SEC. 4. (a) The area within the boundaries depicted on the map referred to in section 1 shall be known as the Big Thicket National Preserve. Such lands shall be administered by the Secretary as a unit of the National Park System in a manner which will assure their natural and ecological integrity in perpetuity in accordance with the provisions of this Act and with the provisions of the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 1-4), as amended and supplemented.

(b) In the interest of maintaining the ecological integrity of the preserve, the Secretary shall limit the construction of roads, vehicular campgrounds, employee housing, and other public use and administrative facilities and he shall promulgate and publish such rules and regulations in the Federal Register as he deems necessary and appropriate to limit and control the use of, and activities on, Federal lands and waters with respect to:

- (1) motorized land and water vehicles;
- (2) exploration for, and extraction of, oil, gas, and other minerals;
- (3) new construction of any kind;
- (4) grazing and agriculture; and
- (5) such other uses as the Secretary determines must be limited or controlled in order to carry out the purposes of this Act.

(c) The Secretary shall permit hunting, fishing, and trapping on lands and waters under his jurisdiction within the preserve in accordance with the applicable laws of the United States and the State of Texas, except that he may designate zones where and periods when, no hunting, fishing, trapping, or entry may be permitted for reasons of public safety, administration, floral and faunal protection and management, or public use and enjoyment. Except in emergencies, any regulations prescribing such restrictions relating to hunting, fishing, or trapping shall be put into effect only after consultation with the appropriate State agency having jurisdiction over hunting, fishing, and trapping activities.

SEC. 5. Within five years from the date of enactment of this Act, the Secretary shall review the area within the preserve and shall report to the President, in ac-

cordance with section 3 (c) and (d) of the Wilderness Act (78 Stat. 891; 16 U.S.C. 1132 (c) and (d)), his recommendations as to the suitability or nonsuitability of any area within the preserve for preservation as wilderness, and any designation of any such areas as a wilderness shall be accomplished in accordance with said subsections of the Wilderness Act.

SEC. 6. There are authorized to be appropriated such sums as may be necessary to carry out the provisions of this Act, but not to exceed \$63,812,000 for the acquisition of lands and interests in lands and not to exceed \$7,000,000 for development.

EBEY'S LANDING NATIONAL HISTORICAL RESERVE

SEC. 508. (a) There is hereby established the Ebey's Landing National Historical Reserve (hereinafter referred to as the "reserve"), in order to preserve and protect a rural community which provides an unbroken historical record from nineteenth century exploration and settlement in Puget Sound to the present time, and to commemorate—

(1) the first thorough exploration of the Puget Sound area, by Captain George Vancouver, in 1792;

(2) settlement by Colonel Isaac Neff Ebey who led the first permanent settlers to Whidbey Island, quickly became an important figure in Washington Territory, and ultimately was killed by Haidahs from the Queen Charlotte Islands during a period of Indian unrest in 1857;

(3) early active settlement during the years of the Donation Land Law (1850-1855) and thereafter; and

(4) the growth since 1883 of the historic town of Coupeville.

The reserve shall include the area of approximately eight thousand acres identified as the Central Whidbey Island Historic District.

(b)(1) To achieve the purpose of this section, the Secretary, in cooperation with the appropriate State and local units of general government, shall formulate a comprehensive plan for the protection, preservation, and interpretation of the reserve. The plan shall identify those areas or zones within the reserve which would most appropriately be devoted to—

(A) public use and development;

(B) historic and natural preservation; and

(C) private use subject to appropriate local zoning ordinances designed to protect the historical rural setting.

(2) Within eighteen months following the date of enactment of this section, the Secretary shall transmit the plan to the President of the Senate and the Speaker of the House of Representatives.

(c) At such time as the State or appropriate units of local government having jurisdiction over land use within the reserve have enacted such zoning ordinances or other land use controls which in the judgment of the Secretary will protect and preserve the historic and natural features of the area in accordance with the comprehensive plan, the Secretary may, pursuant to cooperative agreement—

(1) transfer management and administration over all or any part of the property acquired under subsection (d) of this section to the State or appropriate units of local government;

(2) provide technical assistance to such State or unit of local government in the management, protection, and interpretation of the reserve; and

(3) make periodic grants, which shall be supplemental to any other funds to which the grantee may be entitled under any other provision of law, to such State or local unit of government for the annual costs of operation and maintenance, including but not limited to, salaries of personnel and the protection, preservation, and rehabilitation of the reserve except that no such grant may exceed 50 per centum of the estimated annual cost, as determined by the Secretary, of such operation and maintenance.

(d) The Secretary is authorized to acquire such lands and interests as he determines are necessary to accomplish the purposes of this section by donation, purchase with donated funds, or exchange, except that the Secretary may not acquire the fee simple title to any land without the consent of the owner. The Secretary shall, in addition, give prompt and careful consideration to any offer made by an individual owning property within the historic district to sell such property, if such individual notifies the Secretary that the continued ownership of such property is causing, or would result in, undue hardship.

Lands and interests therein so acquired shall, so long as responsibility for management and administration remains with the United States, be administered by the Secretary subject to the provisions of the Act of August 25, 1916 (39 Stat. 535), as amended and supplemented, and in a manner consistent with the purpose of this section.

(e) If, after the transfer of management and administration of any lands pursuant to subsection (c) of this section, the Secretary determines that the reserve is not

being managed in a manner consistent with the purposes of this section, he shall so notify the appropriate officers of the State or local unit of government to which such transfer was made and provide for a ninety-day period in which the transferee may make such modifications in applicable laws, ordinances, rules, and procedures as will be consistent with such purposes. If, upon the expiration of such ninety-day period, the Secretary determines that such modifications have not been made or are inadequate, he shall withdraw the management and administration from the transferee and he shall manage such lands in accordance with the provisions of this section.

(f) There is hereby authorized to be appropriated not to exceed \$5,000,000 to carry out the provisions of this section.

PINELANDS NATIONAL RESERVE

SEC. 502. (a) The Congress finds that—

(1) the Pinelands area in New Jersey, containing approximately 1,000,000 acres of pine-oak forest, extensive surface and ground water resources of high quality, and a wide diversity of rare plant and animal species, provides significant ecological, natural, cultural, recreational, educational, agricultural, and public health benefits;

(2) there is a national interest in protecting and preserving these benefits for the residents of and visitors to the area;

(3) a primary responsibility for protecting and enhancing these benefits resides with the State of New Jersey and the various local units of government having jurisdiction over the area;

(4) in view of the longstanding Federal practice of assisting the States in creating, protecting, preserving, and enhancing areas of significant regional and urban importance, and in view of the national significance of this resource, the Federal Government has an interest in assisting the State of New Jersey and its local units of government in fulfilling their responsibilities and in avoiding adverse Federally approved or assisted impacts before these responsibilities can be undertaken;

(5) the State of New Jersey and its local units of government have authority to prevent or minimize adverse uses of the land and water resources of the Pinelands area and can, to a great extent, protect the health, safety, and general welfare by the use of such authority; and

(6) there is a demonstrated need to protect, preserve and enhance the land and water resources of the Pinelands area through a new program which combines the capabilities and resources of the local, State and Federal governments and the private sec-

tor and provides an alternative to large-scale direct Federal acquisition and management in cases where such acquisition and management is inappropriate.

(b) The purposes of this section are—

(1) to protect, preserve and enhance the significant values of the land and water resources of the Pinelands area;

(2) to encourage and assist the State of New Jersey and its units of local government in the development of a comprehensive management plan for the Pinelands area in order to assure orderly public and private development in the area consistent with the findings of this section;

(3) to provide, during the development of this comprehensive plan, Federal financial assistance for the acquisition of lands in the Pinelands area that have critical ecological values which are in immediate danger of being adversely affected or destroyed;

(4) to encourage and assist the State and its units of local government in developing a governmental mechanism to implement this comprehensive plan, and to provide Federal financial assistance for the acquisition of lands consistent with the comprehensive plan;

(5) to encourage adequate coordination of all government programs affecting the land and water resources of the Pinelands area.

(c) There is hereby established the Pinelands National Reserve which shall consist of the approximately 1,000,000-acre area generally depicted on the map entitled "Pinelands National Reserve Boundary Map" numbered NPS/80,011 A and dated September 1978. Within the Pinelands National Reserve, there is hereby established the Federal Project Review Area, which shall consist of the approximately 486,000 acre area also depicted on the map. The map shall be on file and available for public inspection in the offices of the Department of the Interior in Washington, and in the offices of the State of New Jersey planning entity established pursuant to subsection (d), and in locations throughout the Pinelands National Reserve as determined by the planning entity.

(d) Within thirty days after the date of enactment of this section, the Secretary of the Interior (hereinafter referred to as the "Secretary") shall request the Governor of the State of New Jersey to establish, within ninety days of such request, a planning entity to develop a comprehensive management plan for the Pinelands National Reserve. In order to carry out the purposes of this section, such planning entity shall be composed of fifteen members to be appointed as follows: one member appointed by the Secretary; one member from each of the seven counties in the Pinelands National Reserve to be appointed by the respective governing bodies of each

county; and seven members to be appointed by the Governor. The membership of the planning entity shall include residents of the Pinelands National Reserve who represent economic activities such as agriculture in the area, as well as residents of New Jersey who represent conservation interests. The Secretary shall provide technical assistance and grants to the State for the development of the plan or revisions thereof: *Provided*, That such grants shall not exceed 75 percent of the cost of developing the plan, shall be made only upon application of the Governor, on behalf of the planning entity, and shall be subject to such other conditions as the Secretary may deem appropriate to assure State and local interim protection of the area.

(e) During the development of the management plan, the planning entity shall:

(1) consult with appropriate officials of any local government or State or Federal agency which has jurisdiction over lands and waters within the area;

(2) consult with the officials of any local government which has jurisdiction over lands and waters within areas delineated in accordance with subsection (f) (2) (B);

(3) consult with interested professional, scientific and citizen organizations;

(4) consult with a citizens advisory committee which may be established by the Governor; and

(5) conduct public hearings at places within the area, and at such other places as may be appropriate, for the purpose of providing interested persons with an opportunity to express their views with respect to matters covered by the management plan.

(f) The comprehensive management plan for the Pinelands National Reserve shall include, but need not be limited to—

(1) A resource assessment which:

(A) determines the amount and type of human development and activity which the ecosystem can sustain while still maintaining the overall ecological values described in this section with special reference to (i) ground and surface water supply and quality; (ii) natural hazards, including fire; (iii) endangered, unique and unusual plants and animals and biotic communities; (iv) ecological factors relating to the protection and enhancement of blueberry and cranberry production and other agricultural activity; (v) air quality; and (vi) other appropriate considerations affecting the ecological integrity of the area; and

(B) includes an assessment of scenic, aesthetic, cultural, open space, and outdoor recreation resources of the area together with a determination of overall policies required to maintain and enhance these resources.

(2) A map showing the detailed boundary of the Pinelands National Reserve, such map to delineate:

(A) major areas within the boundary which are of critical ecological importance;

(B) major areas and resources adjacent to the boundary that have significance to the ecological integrity of the Pinelands National Reserve; and

(C) areas of scenic, open space, cultural and recreational significance.

(3) A land use capability map and a comprehensive statement of policies for land use management of the area which:

(A) consider and detail the application of a variety of land and water protection and management techniques, including but not limited to, zoning and regulation derived from State and local police powers, development and use standards and permit systems, acquisition of conservation easements and other interests in land, public access agreements with private landowners, purchase of land for resale or lease-back, fee acquisition of public recreation sites and ecologically sensitive areas and any other method of land and water protection and management which will help meet the goals and carry out the policies of the management plan;

(B) include a policy for the use of State and local police power responsibilities to the greatest extent practicable to regulate the use of land and water resources in a manner consistent with the purposes of this section; and

(C) recognize existing economic activities within the area and provide for the protection and enhancement of such activities as farming, forestry, proprietary recreational facilities, and those indigenous industries and commercial and residential developments which are consistent with the findings and purposes of this section.

(4) A coordination and consistency component which details the ways in which local, State and Federal programs and policies may be coordinated to promote the goals and policies of the management plan, and which details how land, water and structures managed by governmental or nongovernmental entities in the public interest within the area may be integrated into the management plan.

(5) A public use component including, among other items, a detailed program to educate the public concerning appropriate uses of the area.

(6) A financial component, together with a cash flow timetable, which:

(A) details the cost of implementing the management plan, including, but not limited to, payments in lieu of taxes, general administrative

costs, and any anticipated extraordinary or continuing costs; and

(B) details the sources of revenue for covering such costs, including, but not limited to, grants, donations and loans from local, State, and Federal departments and agencies, and from the private sector.

(7) A program to provide for the maximum feasible local government and public participation in the management of the Pinelands National Reserve.

(8) A program for State and local governmental implementation of the comprehensive management plan in a manner that will insure the continued, uniform, consistent protection of this area in accord with the purposes of this section.

(9) In conjunction with existing State programs and planning processes, a plan to implement the provisions of the Clean Water Act and the Safe Drinking Water Act which pertain to the surface and ground waters of the Pinelands National Reserve.

(g)(1) The State of New Jersey, through the planning entity, shall adopt and submit to the Secretary a comprehensive management plan within eighteen months after the date that funds are first provided for its preparation under subsection (d). In the event the State fails to submit the plan within such time period, the Secretary may obtain reimbursement or offset from the State of all Federal funds previously granted under this section. The Secretary shall, within ninety days after the date the plan is submitted to him, either approve or disapprove the plan. Should the Secretary fail to act on the proposed plan within ninety days, the plan shall be regarded as approved. Upon approval, the Secretary shall submit the plan to the Congress for a period of ninety days prior to implementation.

(2) In determining whether or not to approve the management plan, the Secretary shall consider whether:

(A) the planning entity has afforded adequate opportunity, including public hearings, for public and governmental involvement in the preparation and review of the plan, and whether such review and comment thereon were considered in the plan or revision as presented to him;

(B) he has received adequate assurances from appropriate State officials that the recommended implementation program identified in the plan will be initiated within a reasonable time after the date of approval of the plan and such program will insure effective implementation of the State and local aspects of the plan;

(C) provision is made for the participation of a Federal representative in the implementation program;

(D) the plan requires the exercise of police power responsibilities to the greatest extent practicable to reg-

ulate the use of land and water resources in a manner consistent with the purposes of this section;

(E) the plan, if implemented, would adequately protect the significant natural, ecological, agricultural, scenic, cultural and recreational resources of the Pinelands National Reserve and, consistent with such protection, provide adequate and appropriate outdoor recreational opportunities and economic activities within the area;

(F) the plan provides for the Governor of the State of New Jersey to exercise effective and continuing oversight over its implementation; and

(G) after consultation with the Secretary of Defense, the national defense mission of the military installations within, contiguous or adjacent to the Pinelands National Reserve has been adequately provided for.

(3) If the Secretary disapproves the management plan or a revision thereof, he shall, within sixty days after the date of such disapproval, advise the planning entity in writing of the reasons therefor, together with his recommendations for revision. The State of New Jersey, through the planning entity shall, within one hundred and twenty days after receipt by the planning entity of notification of such disapproval, revise and resubmit the plan to the Secretary who shall approve or disapprove a proposed revision within sixty days after the date it is submitted to him. Should the Secretary fail to act on a proposed revision within sixty days, the revision shall be considered as approved.

(4) The Secretary shall consider a plan revision in accordance with the procedure set forth in paragraph (2). Such revisions must be consistent with the purposes of this section.

(5) In the event that the planning entity fails to obtain approval of the plan by the Secretary within thirty-six months after the date funds are first provided under subsection (d) for development of the plan, the Secretary shall terminate all Federal assistance for and participation in the development of such plan, and may obtain reimbursement or offset from the State of New Jersey of all Federal funds previously granted under this section.

(6) The Secretary shall provide technical assistance for and monitor at periodic intervals the implementation of the approved management plan. A local jurisdiction or the State shall obtain the approval of the Secretary prior to any modification of the approved plan. The Secretary shall consider a plan revision in accordance with the procedure set forth in paragraph (2). Such revisions must be consistent with the purposes of this section. Any jurisdiction that implements changes to the approved management plan, or adopts or acquiesces in changes to laws, regulations, or policies adopted to implement such plan, without approval of the Secretary, may be liable for reimbursement or offset of all Federal funds previ-

ously granted to it under this section without regard to such additional terms and conditions or other requirements of law that may be applicable to such grants.

(h)(1)(A) During the development of the management plan, the Secretary is authorized to make grants to the State of New Jersey for the acquisition of lands and waters or interests therein within the Pinelands National Reserve that he determines, in consultation with the State planning entity, have critical ecological values which are in immediate danger of being adversely affected or destroyed.

(B) The grants authorized by subsection (h)(1)(A) together with the grants made under paragraph (4) of this subsection, shall (i) be made in a manner consistent with the requirements of the Land and Water Conservation Fund Act; (ii) not exceed 75 percent of the total cost of all property acquired by the State pursuant to this subsection; (iii) be supplemental to any other Federal financial assistance for any other program; and (iv) be subject to such additional terms and conditions as the Secretary may deem necessary to effectuate the purposes of this section.

(2) In the event the State elects not to make acquisitions as authorized under subsection (h)(1), the Secretary, during the development of the management plan, is authorized to acquire such lands, waters or interests therein by donation, purchase with donated or appropriated funds, exchange, or otherwise, and to administer such property under the laws generally applicable to units of the National Park System or National Wildlife Refuge System in a manner to carry out the purposes of this section.

(3) After his approval of the management plan, the Secretary (A) is authorized to convey property acquired pursuant to subsection (h)(2) to State or local authorities in accordance with the management plan, under such terms and conditions as he may deem appropriate, which shall include (i) a requirement that where the Secretary transfers land acquired with appropriated funds, the State or local government shall repay not less than 25 percent of the cost of such lands to the Secretary under such terms and conditions as he may deem appropriate, and (ii) a retention of right of reversion of title to the United States, and (B) shall accept from the State those lands acquired pursuant to subsection (h)(1), which are identified in the management plan as being appropriate for Federal ownership and management: *Provided*, That the Secretary shall reimburse to the State such sums as are necessary to (i) cover 100 percent of the original cost of acquisition as to each parcel of land so transferred and (ii) assure that as to the remainder of lands acquired pursuant to subsection (h)(1) not transferred under this subsection, the total Federal land acquisition cost does not exceed 75 percent of the purchase price of such lands.

(4) Upon approval of the management plan, the Sec-

retary is authorized to make grants for the acquisition within the Pinelands National Reserve of lands and waters or interests therein in a manner consistent with the management plan. All applications for such grants shall be made within ten years from the date of implementation of the management plan.

(i) During the development of the management plan for the Pinelands National Reserve, all applications for Federal assistance under programs covered by Part I of OMB Circular A-95 and direct Federal actions covered by Part II of OMB Circular A-95 within the Federal Project Review Area generally depicted on the map referred to in subsection (c) which involve the construction of housing, industrial parks, highways, or sewage or water treatment facilities shall be reviewed by the planning entity, upon receipt from the New Jersey State A-95 Clearinghouse (hereinafter referred to as the Clearinghouse). If the planning entity finds that such application or proposed action would have no adverse impact on the resources and ecological values of the Federal Project Review Area, the planning entity shall so notify the Clearinghouse. If the planning entity does not so find, Congress authorizes the planning entity to notify the Clearinghouse and other affected parties that such application or proposed action shall not proceed pending further review, and the planning entity shall forward such application or notice of proposed action to the Secretary. Any such application or proposed action which the Secretary determines would be significantly adverse to the purposes of this section shall not proceed while the management plan is being developed. The review process established under this subsection shall begin upon the appropriation of funds under subsection (k).

(j) Nothing in this section shall be construed to limit or prohibit any Federal action ordered by a court of competent jurisdiction or directed by a Federal agency as essential for the protection of public health or safety, for national security or defense, or for the maintenance of environmental values within the Pinelands National Reserve or the Federal Project Review Area.

(k) There is authorized to be appropriated not to exceed \$26 million to carry out the provisions of this section. Not to exceed \$3 million shall be available for planning; *Provided*, That any funds not used for planning shall be available for land acquisition; *Provided further*, That \$23,000,000 shall be made available for land acquisition, as authorized by this section. Such appropriations may be made from the general fund of the Treasury or from revenues due and payable to the United States under the Outer Continental Shelf Lands Act, as amended, which would otherwise be credited to miscellaneous receipts.

On this site Father Joseph Damien de Veuster (1840-1889) worked for sixteen years among those victims until at last succumbing to their disease. This inspiring work made him a figure of such national acclaim that a statue of him rests in the Nation's Capitol. This work led to proceedings for his beatification by the Catholic Church and to worldwide veneration of this devotion and mission. This respect and admiration served to focus unprecedented attention on the disease of leprosy and stimulated charity and scientific research toward its cure.

(2) The Kalaupapa settlement constitutes a unique and nationally significant cultural, historical, educational, and scenic resource.

(b) The purposes of this title are—

(1) to preserve and interpret the Kalaupapa settlement for the education and inspiration of present and future generations, and

(2) to provide that the preservation and interpretation of that settlement be managed and performed by native Hawaiians, including patients and former patients of the Kalaupapa settlement, to the extent practical, and that training opportunities be provided such persons in management and interpretation of the settlement's cultural, historical, educational, and scenic resources.

SEC. 402. (a) The Secretary of the Interior (hereinafter referred to as the "Secretary") shall study the feasibility and desirability of establishing as a part of the National Park System an area (hereinafter referred to as the "proposed park area") comprising all, or a portion of, the lands, waters, and interest in Kalawao County on the island of Molokai.

(6) two members to be appointed from recommendations made by the mayor of the county of Maui.

(c) The term "native Hawaiian", as used in this title

means a descendant of not less than one-half part of the blood of the races inhabiting the Hawaiian Islands previous to the year 1778.

(d) The Secretary shall designate one member to be Chairman. Any vacancy in the Commission shall be filled in the same manner in which the original appointment was made.

(e) A member of the Commission shall serve without compensation as such. The Secretary is authorized to pay the expenses reasonably incurred by the Commission in carrying out its responsibilities under this title on vouchers signed by the Chairman.

SEC. 320. (a) The boundaries of Olympic National Park as established by the Act of June 29, 1938 (52 Stat. 1241), and as revised by proclamation pursuant to that Act and by or pursuant to the Act of December 22, 1942 (56 Stat. 1070), and the Act of June 11, 1958 (72 Stat. 185), are hereby revised to include the lands, privately owned aquatic lands, and interests therein within the boundaries depicted on the map entitled "Boundary Map, Olympic National Park, Washington," numbered 149-80-001-B, and dated January 1976, which shall be on file and available for public inspection in the office of the National Park Service, Department of the Interior.

(b) The Secretary of the Interior (hereinafter referred to as the "Secretary") shall, beginning within thirty days after the date of enactment of this Act, consult with the Governor of the State of Washington, the Board of Commissioners of Clallam County, and the affected land-owners, and shall locate a boundary encompassing all of the shoreline of Lake Ozette, including privately owned aquatic lands not within the boundary of the park on the date of enactment of this act: *Provided*, That such boundary shall be located not less than two hundred feet set back from the ordinary high-water mark of Lake Ozette: *Provided further*, That the privately owned lands encompassed within the park by such boundary shall not exceed one thousand five hundred acres. The Secretary shall, within one hundred and eighty days after the date of enactment of this Act, and following reasonable notice in writing to the Committees on Interior and Insular Affairs of the Senate and House of Representatives of his intention to do so, publish in the Federal Register a detailed description of the boundary located pursuant to this subsection. Upon such publication the Secretary is authorized to revise the map on file pursuant to subsection (a) of this section accordingly, and such revised map shall have the same force and effect as if included in this Act.

(c) Section 5 of the said Act of June 29, 1938, is amended by deleting the second sentence, and inserting in lieu thereof: "The boundaries of Olympic National Park may be revised only by Act of Congress."

(d) Notwithstanding any other provision of law, within the boundaries of the park as revised by and pursuant to this Act, the Secretary is authorized to acquire lands, privately owned aquatic lands, and interests therein by donation, purchase with donated or appropriated funds, exchange, or transfer from any Federal agency. Property so acquired shall become part of Olympic National Park and shall be administered by the Secretary subject to the laws and regulations applicable to

such park. The Secretary is authorized and directed to exclude from the boundaries of the park such private lands and publicly owned and maintained roads within Grays Harbor County which are near and adjacent to Lake Quinault, and which do not exceed two thousand, one hundred and sixty-eight acres in total. Prior to excluding such lands from the park, the Secretary shall study and investigate current and prospective uses of the private lands, as well as the implications of their exclusion both for the lands involved and for Olympic National Park. The results of such study shall be transmitted to the President and to the Congress within two years of the enactment of this Act, and shall take effect unless disapproved by simple majority vote of the House of Representatives or the Senate of the United States of America within ninety legislative days of their submission to the Congress. Property excluded from the boundaries of the park by this Act may be exchanged for non-Federal property within the boundaries; or it may be transferred to the jurisdiction of any Federal agency or to the State of Washington or a political subdivision thereof, without monetary consideration, as the Secretary may deem appropriate. Any such Federal property transferred to the jurisdiction of the Secretary of Agriculture for national forest purposes shall upon such transfer become part of the national forest and subject to the laws and regulations pertaining thereto. Any property excluded from the park by this Act which is within the boundaries of an Indian reservation may be transferred in trust to such Indian tribe, subject, however, to the express condition that any concessioner providing public services shall be permitted to continue to provide such services in such manner and for such period as set forth in his concession contract, that the Secretary of the Interior is authorized to pay all franchise fees collected from the concessioner under the contract to said Indian Tribe, and that in the event his contract is terminated, the United States shall purchase his possessory interest in accordance with the Act of October 9, 1965 (79 Stat. 969). The acquisition of lands by the United States in trust for an Indian tribe pursuant to this title shall not confer any hunting or fishing rights upon such tribe which were not vested in such tribe prior to the acquisition of such lands.

(e) (1) Any owner or owners of improved property within the boundaries of the park, as revised by and pursuant to this Act may, on the date of its acquisition, retain for themselves and their successors or assigns a right of use and occupancy of the property for such non-commercial residential purposes as existed on or before January 1, 1976, for twenty-five years, or, in lieu thereof, for a term ending at the death of the owner or his spouse, whichever is later. The Secretary shall pay to the owner the fair market value of the property on the date of such

acquisition, less the fair market value on such date of the right retained by the owner.

(2) As used in this title, the term "improved property" shall mean any single-family dwelling on which construction was begun before January 1, 1976, together with so much of the land on which the dwelling is situated (such land being in the same ownership as the dwelling) as shall be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, as the Secretary shall designate. The amount of the land so designated shall in every case be not more than three acres in area: *Provided*, That the Secretary may exclude from the land so designated any beach or water, together with so much of the land adjoining any such beach or water, as he may deem necessary for public access thereto.

(f) The Secretary is directed to acquire in fee all other privately owned lands added to the park by and pursuant to this Act, and to acquire within three years of adoption of this Act so much of such lands as can be acquired by donation, exchange, or purchase, to the extent of available funds, and to report to Congress on the third anniversary of adoption of this Act the estimated amount of appropriations which would be necessary to acquire the remainder, if any, of such lands by condemnation. The compensation for such lands shall be their fair market value on the date of their acquisition, taking into account applicable land use regulations in effect on January 1, 1976.

(g) Notwithstanding the provisions of the preceding subsection, any noncorporate owner or owners, as of January 1, 1976, of property adjacent to Lake Ozette may retain title to such property: *Provided*, That such owner or owners consent to acquisition by the Secretary or scenic easements or other interests that allow only those improvements that the Secretary finds to be reasonably necessary for continued use and occupancy. Any such owner or owners who elects to improve his property or a portion thereof shall submit to the Secretary a plan which shall set forth the manner in which the property is to be improved and the use to which it is proposed to be put. If, upon review of such plan, the Secretary determines that it is compatible with the limitations of this subsection, he in his discretion may issue a permit to such owner and a certificate to that effect. Upon issuance of any such certificate and so long as such property is maintained and used in conformity therewith, the authority of the Secretary to acquire such property or interest therein without the consent of the owner shall be suspended.

(h) In order to minimize economic dislocation in acquiring property within the park, the Secretary may acquire with the consent of the owner, lands and interests in lands outside the boundaries of the park, but within

the State of Washington, and with the concurrence of the Secretary of Agriculture, he may utilize lands and interests therein within a national forest in the State of Washington hereby authorized to be transferred to the Secretary, for the purpose of exchanging lands and interests so acquired or transferred for property within the park.

(i) Effective upon acceptance thereof by the State of Washington (1) the jurisdiction which the United States acquired over those lands excluded from the boundaries of Olympic National Park by subsection 1(a) of this Act is hereby retroceded to the State: *Provided*, That the lands restored to the Quileute Indian Reservation shall be subject to the same State and Tribal jurisdiction as all other trust lands within said Reservation; and (2) there is hereby retroceded to such State concurrent legislative jurisdiction, as the Governor of the State of Washington and the Secretary shall determine, over and within all territory within the boundaries of the park as revised by this Act.

(j) There is hereby authorized to be appropriated not to exceed \$13,000,000 for the acquisition of lands, privately owned aquatic lands, or interests therein in accordance with the provisions of this title. No funds authorized to be appropriated pursuant to this title shall be available prior to October 1, 1977.

SEC. 321. Section 403 of the Act of October 26, 1974 (88 Stat. 1447), is amended by adding the following new subsection (c):

"(c) To carry out the priority repairs as determined by the study performed in accordance with subsection (a) of this section, and to complete additional detailed studies to accomplish the work so identified, there are authorized to be appropriated such sums as may be necessary, but not more than \$2,733,000. No funds authorized to be appropriated pursuant to this subsection shall be available prior to October 1, 1977."

Section 3(b) of the Act of October 11, 1974 (88 Stat. 1254; 16 U.S.C. 698(b)), is amended by deleting "detached, one-family dwelling," and inserting in lieu thereof "detached year-round one-family dwelling which serves as the owner's permanent place of abode at the time of acquisition, and".

(a) In subsection 2(a) strike out "Boundary Map, Cuyahoga Valley National Recreation Area, Ohio, numbered NRA-CUYA-20,000-A, and dated December 1974," and insert in lieu thereof "Boundary Map, Cuyahoga Valley National Recreation Area, Ohio, numbered 90,000-A, and dated September 1976,".

(b) In subsection 6(a) strike out "\$34,500,000" and insert in lieu thereof "\$41,100,000".

(c) No funds authorized by this section in excess of those sums previously authorized by the Act of December 27, 1974, shall be available for expenditure before October 1, 1977.

Such rights of use and occupancy shall be for not more than twenty-five years or for a term ending at the death of the owner or his or her spouse, whichever is later. The owner shall reserve such rights and elect the term to be reserved on the date of

acquisition of the property. Except for so much of the property as is donated, the Secretary shall pay to the owner the fair market value of the property on the date of its acquisition, less the fair market value on that date of the right retained by the owner.

(3) A right of use and occupancy retained pursuant to paragraph (2) may be terminated by the Secretary upon his determination that the property or any portion thereof is being used in a manner which is incompatible with the purposes of this section. Such right shall terminate by operation of law upon notification by the Secretary to the holder of the right of such determination and tendering to him the amount equal to the fair market value of that portion which remains unexpired as of the date of such tender. In the case of any property which was used for noncommercial purposes during the ten calendar years immediately preceding the enactment of this Act, the commercial use of such property subsequent to the enactment of this Act shall be treated as incompatible with the purposes of this section. In the case of any property which was used for commercial purposes at any time during the ten calendar years immediately preceding the enactment of this Act, any substantial change or expansion of such commercial use subsequent to the enactment of this Act without the express approval of the Secretary shall be treated as incompatible with such purposes.

(4) In exercising his authority to acquire property under this section, the Secretary shall give prompt and careful consideration to any offer made by an individual owning property within the park to sell such property if such individual notifies the Secretary that the continued ownership of such property is causing, or would result in, undue hardship. Nothing in this section, or in any other provision of law, shall prevent the Secretary from exercising his authority to acquire property referred to in this subsection at any time after the date of the enactment of this Act.

(5) If any individual tract or parcel of land acquired is partly inside and partly outside the boundaries of the park the Secretary may, in order to minimize the payment of severance damages, acquire the whole of the tract or parcel.

(6) If the management plan prepared under subsection (e) provides for improved access to the area added to the park under this section, the Secretary is authorized to acquire, by donation, purchase with donated or appropriated funds, exchange or transfer from other Federal departments or agencies, the area comprising the road from State Route 198 to, and within, the Mineral King Valley together with a right-of-way for such road of a width sufficient to include improvements to the road and all bridges, ditches, cuts, and fills appurtenant thereto, but not exceeding a maximum average width of two

hundred feet. Property acquired from the State or any political subdivision thereof may be acquired by donation only. With regard to routes of access to and within the Mineral King Valley, the Secretary shall take such measures as are necessary to protect against the effects of siltation on the ecosystem of the park.

(7) The Secretary shall report to the committees of the Congress named in subsection (b) (1) the action taken by him pursuant to this subsection. Such report shall contain information sufficient to inform such committees of—

(A) the acquisitions made by him pursuant to this subsection during the period covered by such report;

(B) his reasons why all of such property authorized to be acquired and not so acquired as of the date of such report, if any, have not been acquired; and

(C) his schedule of a timetable for the acquisition of such property referred to in subparagraph (B). Such report shall be submitted before the expiration of the second fiscal year beginning after the date on which the comprehensive management plan is submitted to the committees of Congress pursuant to subsection (e).

(d) (1) The area added to the park by this section shall be administered in accordance with this section and the provisions of law generally applicable to units of the National Park System including the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. and following) and the Act of September 25, 1890 (26 Stat. 478; 16 U.S.C. 41 and following). Any other statutory authority available to the Secretary for the conservation and management of wildlife, wildlife habitat, and natural resources may be utilized to the extent he finds such authority will further the purposes of this section.

(2) (A) Except in the case of a lease or permit which the Secretary determines to be incompatible with the administration of the park pursuant to this section, any lease or permit on Federal land within the area added to the park under this section which is in effect immediately before the enactment of this Act shall continue in effect pursuant to its terms and conditions following the expansion of the park under this section.

(B) In the case of a lease or permit which is continued under subparagraph (A), upon notice to the Secretary by the lessee or permittee of his intention to seek renewal or extension of such lease or permit, the lease or permit shall be reviewed by the Secretary, and may be renewed or extended for an additional period of five years. Any such lease or permit shall be reviewed at the end of such renewal or extension period and may also be renewed or extended in the same manner for additional five-year periods thereafter. Any renewals or extensions of leases or permits shall be granted only to those persons who were lessees or permittees of record on the date of enactment of this Act, and any such lease or permit shall

provide that the lease or permit may be terminated by the Secretary at any time if the Secretary determines that such lease or permit is incompatible with the administration of the park pursuant to this section or that the land is needed for park purposes.

(3) The Act of December 14, 1974 (88 Stat. 1660) is amended by inserting the following new section after section 4:

"SEC. 5. Notwithstanding any other provision of law, any federally owned lands incorporated within the boundaries of Sequoia National Park subsequent to the date of enactment of this Act, which entail project works, developments, lands, or facilities which are components of Federal Power Commission Project Numbered 298, shall be subject to all provisions of this Act."

(e) (1) Within two years from the date of enactment of this Act, the Secretary, in cooperation with the State of California, shall develop and submit to the Committee on Interior and Insular Affairs of the United States House of Representatives and the Committee on Energy and Natural Resources of the United States Senate, a comprehensive management plan for the area added to the park under this section. In the preparation of such plan, the Secretary shall give appropriate consideration to the need for the development of additional recreational opportunities and other public uses which are consistent with sound environmental management of the area and the policies of the National Park Service.

(2) (A) In preparing the comprehensive management plan required by this subsection and in preparing any subsequent revision of such plan, the Secretary shall provide for full public participation and shall consider the comments and views of all interested agencies, organizations, and individuals.

(B) For purposes of insuring such full public participation, the Secretary shall provide reasonable advance notice to State and local governments, interested Federal agencies, private organizations, and the general public of hearings, workshops, meetings, and other opportunities available for such participation. Such notice shall be published in newspapers of general circulation in the localities affected by the development and management of the park, published in the Federal Register, and communicated by other appropriate means. The Western Regional Advisory Committee of the National Park Service (or a subcommittee thereof) shall also be utilized for purposes of facilitating public involvement.

(C) The Secretaries or Directors of all Federal departments, agencies, and commissions having a relevant expertise are hereby authorized and directed to cooperate with the Secretary in his development of such plan and to make such studies as the Secretary may request on a cost reimbursable basis.

(D) In preparing the comprehensive management plan required by this subsection, the Secretary shall con-

sider technical information and other pertinent data assembled or produced by field studies or investigations conducted separately or jointly by the technical and administrative personnel of the Federal and State agencies involved in order to insure the permanent conservation of wildlife within the area added to the park by this section. Except in emergencies, rules and regulations pertaining to the management of wildlife within the area added to the park by this section shall be put into effect only after consultation with the State of California.

(f) There are hereby authorized to be appropriated such sums as may be necessary for the acquisition of land and interests therein described in this section.

(g) Effective upon the transfer referred to in subsection (b) (2), Public Law 85-648 (72 Stat. 604; 16 U.S.C. 45a-3) and section 6 of the Act of July 3, 1926 (44 Stat. 821; 16 U.S.C. 688) are hereby repealed. The repeal of such section 6 shall not be construed to prohibit or prevent the Secretary from exercising any authority applicable to the national parks respecting the protection of birds, game, or other wild animals.

(h) The Congress recognizes that the Mineral King Valley area has outstanding potential for certain year-round recreational opportunities, but the development of permanent facilities for downhill skiing within the area would be inconsistent with the preservation and enhancement of its ecological values.

A local jurisdiction or the State shall obtain the approval of the Secretary prior to any modification of the approved plan. The Secretary shall consider a plan revision in accordance with the procedure set forth in paragraph (2). Such revisions must be consistent with the purposes of this section. Any jurisdiction that implements changes to the approved management plan, or adopts or acquiesces in changes to laws, regulations, or policies adopted to implement such plan, without approval of the Secretary, may be liable for reimbursement or offset of all Federal funds previously granted to it under this section without regard to such additional terms and conditions or other requirements of law that may be applicable to such grants.

(h) (1) (A) During the development of the management plan, the Secretary is authorized to make grants to the State of New Jersey for the acquisition of lands and waters or interests therein within the Pinelands National Reserve that he determines, in consultation with the State planning entity, have critical ecological values which are in immediate danger of being adversely affected or destroyed.

If the planning entity does not so find, Congress authorizes the planning entity to notify the Clearinghouse and other affected parties that such application or proposed action shall not proceed pending further review, and the planning entity shall forward such application or notice of proposed action to the Secretary. Any such application or proposed action which the Secretary determines would be significantly adverse to the purposes of this section shall not proceed while the management plan is being developed. The review process established under this subsection shall begin upon the appropriation of funds under subsection (k).

(2) there is a national interest in protecting and preserving these benefits for the residents of and visitors to the area; and

(3) the State of California and its local units of government have authority to prevent or minimize adverse uses of the Santa Monica Mountains and adjacent coastline area and can, to a great extent, protect the health, safety, and general welfare by the use of such authority.

(2) Not later than ninety days after the date of enactment of this Act, the Secretary, after consultation with the Governor of the State of California, the California Coastal Commission, and the Santa Monica Mountains Comprehensive Planning Commission, shall

commence acquisition of lands, improvements, waters, or interests therein within the recreation area. Such acquisition may be by donation, purchase with donated or appropriated funds, transfer from any Federal agency, exchange, or otherwise. Any lands or interests therein owned by the State of California or any political subdivision thereof (including any park district or other public entity) may be acquired only by donation, except that such lands acquired after the date of enactment of this section by the State of California or its political subdivisions may be acquired by purchase or exchange if the Secretary determines that the lands were acquired for purposes which further the national interest in protecting the area and that the purchase price or value on exchange does not exceed fair market value on the date that the State acquired the land or interest: *Provided, however,* That the value of any lands acquired by the Secretary under the exception in this sentence shall be deducted from the amount of moneys available for grants to the State under subsection (n) of this section. Notwithstanding any other provision of law, any Federal property located within the boundaries of the recreation area shall, with the concurrence of the head of the agency having custody thereof, be transferred without cost, to the administrative jurisdiction of the Secretary for the purposes of the recreation area.

At such time as the county of Los Angeles, California, relinquishes control of such facilities and adjacent land or ceases the operation of the fire suppression and training facility, the land and facilities shall be managed by the Secretary as a part of the recreation area.

(d) (1) Within six months after the date of enactment of this Act, the Secretary shall identify the lands, waters, and interests within the recreation area which must be acquired and held in public ownership for the following critical purposes: preservation of beaches and coastal upland; protection of undeveloped inland stream drainage basins; connection of existing State and local government parks and other publicly owned lands to enhance their potential for public recreation use; protection of existing park roads and scenic corridors, including such right-of-way as is necessary for the protection of the Mulholland Scenic Parkway Corridor;

(C) the annual acquisition program (including the level of funding) recommended for the ensuing five fiscal years, and

(D) the final boundary map for the recreation area.

(e) With respect to improved properties, as defined in this section, fee title shall not be acquired unless the Secretary finds that such lands are being used, or are threatened with uses, which are detrimental to the purposes of the recreation area, or unless each acquisition is necessary to fulfill the purposes of this section. The Secretary may acquire scenic easements to such improved property or such other interests as, in his judgment are necessary for the purposes of the recreation area.

(f) For the purposes of this section, the term "improved property" means—

(1) a detached single-family dwelling, the construction of which was begun before January 1, 1976 (hereafter referred to as "dwelling"), together with so much of the land on which the dwelling is situated as is in the same ownership as the dwelling and as the Secretary designates to be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, together with any structures necessary to the dwelling which are situated on the land so designated, and

(2) property developed for agricultural uses, together with any structures accessory thereto as were used for agricultural purposes on or before January 1, 1978.

In determining when and to what extent a property is to be treated as "improved property" for purposes of this section, the Secretary shall take into consideration the manner of use of such buildings and lands prior to Jan-

uary 1, 1978, and shall designate such lands as are reasonably necessary for the continued enjoyment of the property in the same manner and to the same extent as existed prior to such date.

(g) The owner of an improved property, as defined in this section, on the date of its acquisition, as a condition of such acquisition, may retain for herself or himself, her or his heirs and assigns, a right of use and occupancy of the improved property for noncommercial residential or agriculture purposes, as the case may be, for a definite term of not more than twenty-five years, or, in lieu thereof, for a term ending at the death of the owner or the death of her or his spouse, whichever is later. The owner shall elect the term to be reserved. Unless the property is wholly or partially donated, the Secretary shall pay to the owner the fair market value of the property on the date of its acquisition, less the fair market value on that date of the right retained by the owner. A right retained by the owner pursuant to this section shall be subject to termination by the Secretary upon his determination that it is being exercised in a manner inconsistent with the purposes of this section, and it shall terminate by operation of law upon notification by the Secretary to the holder of the right of such determination and tendering to him the amount equal to the fair market value of that portion which remains unexpired.

(h) In exercising the authority to acquire property under this section, the Secretary shall give prompt and careful consideration to any offer made by an individual owning property within the recreation area to sell such property, if such individual notifies the Secretary that the continued ownership of such property is causing, or would result in, undue hardship.

(i) The Secretary shall administer the recreation area in accordance with this Act and provisions of laws generally applicable to units of the National Park System, including the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 1 et seq.). In the administration of the recreation area, the Secretary may utilize such statutory authority available for the conservation and management of wildlife and natural resources as appropriate to carry out the purpose of this section. The fragile resource areas of the recreation area shall be administered on a low-intensity basis, as determined by the Secretary.

(j) The Secretary may enter into cooperative agreements with the State of California, or any political subdivision thereof, for the rendering, on a reimbursable basis, of rescue, firefighting, and law enforcement services and cooperative assistance by nearby law enforcement and fire preventive agencies.

(k) Notwithstanding any other provision of law, the Secretary is authorized to accept donations of funds, property, or services from individuals, foundations, corporations, or public entities for the purpose of land ac-

quisition and providing services and facilities which the Secretary deems consistent with the purposes of this section.

(l) By January 1, 1981, the Santa Monica Mountains National Recreation Area Advisory Commission, established by this section, shall submit a report to the Secretary which shall—

(1) assess the capability and willingness of the State of California and the local units of government to manage and operate the recreation area,

(2) recommend any changes in ownership, management, and operation which would better accomplish the purposes of this section, and

(3) recommend any conditions, joint management agreements, or other land use mechanisms to be contingent on any transfer of land.

(m) The Secretary, after giving careful consideration to the recommendations set forth by the Advisory Commission, shall, by January 1, 1982, submit a report to the Committees referred to in subsection (c) which shall incorporate the recommendations of the Advisory Commission as well as set forth the Secretary's recommendations. Such report shall—

(1) assess the benefits and costs of continued management as a unit of the National Park System,

(2) assess the capability and willingness of the State of California and the local units of government to manage and operate the recreation area, and

(3) recommend any changes in ownership, management, and operation which would better accomplish the purposes of this section.

(n) (1) The Secretary shall request the Santa Monica Mountains Comprehensive Planning Commission to submit a comprehensive plan, prepared in accord with this section and title 7.75 of the California Government Code (commencing with section 67450), for the Santa Monica Mountains Zone generally depicted on the map referred to in subsection (c) of this section for approval.

(2) The comprehensive plan shall include, in addition to the requirements of California State law—

(A) an identification and designation of public and private uses which are compatible with and which would not significantly impair the significant scenic, recreational, educational, scientific, natural, archeological, and public health benefits present in the zone and which would not have an adverse impact on the recreation area or on the air quality of the south coast air basin;

(B) a specific minimum land acquisition program which shall include, but not be limited to, fee and less than fee acquisition of strategic and critical sites not to be acquired by the Federal Government for public recreational and other related uses; and a program for the complementary use of State and

local authority to regulate the use of lands and waters within the Santa Monica Mountains Zone to the fullest extent practicable consistent with the purposes of this section; and

(C) a recreation transportation system which may include but need not be limited to existing public transit.

(3) No plan submitted to the Secretary under this section shall be approved unless the Secretary finds the plan consistent with paragraph (2) and finds that—

(A) the planning commission has afforded adequate opportunity, including public hearings, for public involvement in the preparation and review of the plan, and public comments were received and considered in the plan or revision as presented to him;

(B) the State and local units of government identified in the plan as responsible for implementing its provisions have the necessary authority to implement the plan and such State and local units of government have indicated their intention to use such authority to implement the plan;

(C) the plan, if implemented, would preserve significant natural, historical, and archeological benefits and, consistent with such benefits, provide increased recreational opportunities for persons residing in the greater Los Angeles-southern California metropolitan area; and

(D) implementation of the plan would not have a serious adverse impact on the air quality or public health of the greater Los Angeles region.

Before making his findings on the air quality and public health impacts of the plan, the Secretary shall consult with the Administrator of the Environmental Protection Agency.

(4) Following approval of the plan with respect to the Santa Monica Mountains Zone, upon receipt of adequate assurances that all aspects of that jurisdiction's implementation responsibilities will be adopted and put into effect, the Secretary shall—

(A) provide grants to the State and through the State to local governmental bodies for acquisition of lands, waters, and interests therein identified in paragraph (2) (B), and for development of essential public facilities, except that such grants shall be made only for the acquisition of lands, waters, and interests therein, and related essential public facilities, for park, recreation, and conservation purposes; and

(B) provide, subject to agreements that in the opinion of the Secretary will assure additional preservation of the lands and waters of the zone, such funds as may be necessary to retire bonded indebtedness for water and sewer and other utilities al-

ready incurred by property owners which in the opinion of the Secretary would if left outstanding contribute to further development of the zone in a manner inconsistent with the approved plan developed by the planning commission.

No grant for acquisition of land may be made under subparagraph (A) unless the Secretary receives satisfactory assurances that such lands acquired under subparagraph (A) shall not be converted to other than park, recreation, and conservation purposes without the approval of the Secretary and without provision for suitable replacement land.

(5) Grants under this section shall be made only upon application of the recipient State and shall be in addition to any other Federal financial assistance for any other program, and shall be subject to such terms and conditions as the Secretary deems necessary to carry out the purposes of this section. Any jurisdiction that implements changes to the approved plan which are inconsistent with the purposes of this section, or adopts or acquiesces in changes to laws regulations or policies necessary to implement or protect the approved plan, without approval of the Secretary, may be liable for reimbursement of all funds previously granted or available to it under the terms of this section without regard to such additional terms and conditions or other requirements of law that may be applicable to such grants. During the life of the planning commission, changes to the plan must be submitted by the planning commission to the Secretary for approval. No such application for a grant may be made after the date five years from the date of the Secretary's approval of the plan.

(o) The head of any Federal agency having direct or indirect jurisdiction over a proposed Federal or federally assisted undertaking in the lands and waters within the Santa Monica Mountains Zone, generally depicted on the map referred to in subsection (c), and the head of any Federal agency having authority to license or permit any undertaking in such lands and waters shall, prior to the approval of the expenditure of any Federal funds on such undertaking or prior to the issuance of any license or permit, as the case may be, afford the Secretary a reasonable opportunity to comment with regard to such undertaking and shall give due consideration to any comments made by the Secretary and to the effect of such undertaking on the "findings" and purposes of this section.

(p) The Secretary shall give full consideration to the recommendations of the California Department of Parks and Recreation, the Santa Monica Mountains Comprehensive Planning Commission, and the California Coastal Commission.

(q) (1) There is hereby established the Santa Monica Mountains National Recreation Area Advisory Com-

mission (hereinafter referred to as the "Advisory Commission"). The Advisory Commission shall terminate ten years after the date of establishment of the recreation area.

(2) The Advisory Commission shall be composed of the following members to serve for terms of five years as follows:

(A) one member appointed by the Governor of the State of California;

(B) one member appointed by the mayor of the city of Los Angeles;

(C) one member appointed by the Board of Supervisors of Los Angeles County;

(D) one member appointed by the Board of Supervisors of Ventura County; and

(E) five members appointed by the Secretary, one of whom shall serve as the Commission Chairperson.

(3) The Advisory Commission shall meet on a regular basis. Notice of meetings and agenda shall be published in local newspapers which have a distribution which generally covers the area. Commission meetings shall be held at locations and in such a manner as to insure adequate public involvement. Such locations shall be in the region of the Santa Monica Mountains and no more than twenty-five miles from it.

(4) Members of the Commission shall serve without compensation as such, but the Secretary may pay expenses reasonably incurred in carrying out their responsibilities under this Act on vouchers signed by the Chairperson.

(5) The Secretary, or his or her designee, shall from time to time but at least semiannually, meet and consult with the Advisory Commission on matters relating to the development of this recreation area and with respect to carrying out the provisions of this section.

(r) There are authorized to be appropriated such sums as may be necessary for acquisition of lands and interests in land within the boundaries of the recreation area established under this section, but not more than \$15,000,000 for fiscal year 1979, \$40,000,000 for fiscal year 1980, \$45,000,000 for fiscal year 1981, \$10,000,000 for fiscal year 1982, and \$15,000,000 for fiscal year 1983, such sums to remain available until expended. For grants to the State pursuant to subsection (n) there are authorized to be appropriated not more than \$10,000,000 for fiscal year 1979, \$10,000,000 for fiscal year 1980, \$5,000,000 for fiscal year 1981, and \$5,000,000 for fiscal year 1982, such sums to remain available until expended. For the authorizations made in this subsection, any amounts authorized but not appropriated in any fiscal year shall remain available for appropriation in succeeding fiscal years.

(s) For the development of essential public facilities in the recreation area there are authorized to be appro-

priated not more than \$500,000. The Congress expects that, at least until assessment of the report required by subsection (t), any further development of the area shall be accomplished by the State of California or local units of government, subject to the approval of the Director, National Park Service.

(t) Within two years from the date of establishment of the recreation area pursuant to this section, the Secretary shall, after consulting with the Advisory Commission, develop and transmit to the Committees referred to in subsection (c) a general management plan for the recreation area consistent with the objectives of this section. Such plan shall indicate—

(1) a plan for visitor use including the facilities needed to accommodate the health, safety, education and recreation needs of the public;

(2) the location and estimated costs of all facilities;

(3) the projected need for any additional facilities within the area;

(4) any additions or alterations to the boundaries of the recreation area which are necessary or desirable to the better carrying out of the purposes of this section; and

(5) a plan for preservation of scenic, archeological and natural values and of fragile ecological areas.

EBEY'S LANDING NATIONAL HISTORICAL RESERVE

SEC. 508. (a) There is hereby established the Ebey's Landing National Historical Reserve (hereinafter referred to as the "reserve"), in order to preserve and protect a rural community which provides an unbroken historical record from nineteenth century exploration and settlement in Puget Sound to the present time, and to commemorate—

(1) the first thorough exploration of the Puget Sound area, by Captain George Vancouver, in 1792;

(2) settlement by Colonel Isaac Neff Ebey who led the first permanent settlers to Whidbey Island, quickly became an important figure in Washington Territory, and ultimately was killed by Haidahs from the Queen Charlotte Islands during a period of Indian unrest in 1857;

(3) early active settlement during the years of the Donation Land Law (1850-1855) and thereafter; and

(4) the growth since 1883 of the historic town of Coupeville.

The reserve shall include the area of approximately eight thousand acres identified as the Central Whidbey Island Historic District.

(b) (1) To achieve the purpose of this section, the Secretary, in cooperation with the appropriate State and

local units of general government, shall formulate a comprehensive plan for the protection, preservation, and interpretation of the reserve. The plan shall identify those areas or zones within the reserve which would most appropriately be devoted to—

- (A) public use and development;
- (B) historic and natural preservation; and
- (C) private use subject to appropriate local zoning ordinances designed to protect the historical rural setting.

(2) Within eighteen months following the date of enactment of this section, the Secretary shall transmit the plan to the President of the Senate and the Speaker of the House of Representatives.

(c) At such time as the State or appropriate units of local government having jurisdiction over land use within the reserve have enacted such zoning ordinances or other land use controls which in the judgment of the Secretary will protect and preserve the historic and natural features of the area in accordance with the comprehensive plan, the Secretary may, pursuant to cooperative agreement—

(1) transfer management and administration over all or any part of the property acquired under subsection (d) of this section to the State or appropriate units of local government;

(2) provide technical assistance to such State or unit of local government in the management, protection, and interpretation of the reserve; and

(3) make periodic grants, which shall be supplemental to any other funds to which the grantee may be entitled under any other provision of law, to such State or local unit of government for the annual costs of operation and maintenance, including but not limited to, salaries of personnel and the protection, preservation, and rehabilitation of the reserve except that no such grant may exceed 50 per centum of the estimated annual cost, as determined by the Secretary, of such operation and maintenance.

(d) The Secretary is authorized to acquire such lands and interests as he determines are necessary to accomplish the purposes of this section by donation, purchase with donated funds, or exchange, except that the Secretary may not acquire the fee simple title to any land without the consent of the owner. The Secretary shall, in addition, give prompt and careful consideration to any offer made by an individual owning property within the historic district to sell such property, if such individual notifies the Secretary that the continued ownership of such property is causing, or would result in, undue hardship.

Lands and interests therein so acquired shall, so long as responsibility for management and administration remains with the United States, be administered by the

Secretary subject to the provisions of the Act of August 25, 1916 (39 Stat. 535), as amended and supplemented, and in a manner consistent with the purpose of this section.

(e) If, after the transfer of management and administration of any lands pursuant to subsection (c) of this section, the Secretary determines that the reserve is not being managed in a manner consistent with the purposes of this section, he shall so notify the appropriate officers of the State or local unit of government to which such transfer was made and provide for a ninety-day period in which the transferee may make such modifications in applicable laws, ordinances, rules, and procedures as will be consistent with such purposes. If, upon the expiration of such ninety-day period, the Secretary determines that such modifications have not been made or are inadequate, he shall withdraw the management and administration from the transferee and he shall manage such lands in accordance with the provisions of this section.

(f) There is hereby authorized to be appropriated not to exceed \$5,000,000 to carry out the provisions of this section.

toric trail, a trail must meet all three of the following criteria:

"(A) It must be a trail or route established by historic use and must be historically significant as a result of that use. The route need not currently exist as a discernible trail to qualify, but its location must be sufficiently known to permit evaluation of public recreation and historical interest potential. A designated trail should generally accurately follow the historic route, but may deviate somewhat on occasion of necessity to avoid difficult routing through subsequent development, or to provide some route variation offering a more pleasurable recreational experience. Such deviations shall be so noted on site. Trail segments no longer possible to travel by trail due to subsequent development as motorized transportation routes may be designated and marked onsite as segments which link to the historic trail.

"(B) It must be of national significance with respect to any of several broad facets of American history, such as trade and commerce, migration and settlement, or military campaigns. To qualify as nationally significant, historic use of the trail must have had a far-reaching effect on broad patterns of American culture. Trails significant in the history of native Americans may be included.

"(C) It must have significant potential for public recreational use or historical interest based on historic interpretation and appreciation. The potential for such use is generally greater along roadless segments developed as historic trails, and at historic sites associated with the trail. The presence of recreation potential not related to historic appreciation is not sufficient justification for designation under this category."

(13) In section 5(c), add the following at the end thereof:

"(20) Overmountain Victory Trail, extending from the vicinity of Elizabethton, Tennessee, to Kings Mountain National Military Park, South Carolina."

(14) In section 5 delete subsection (d), and insert a new section 5(d) to read as follows:

"(d) The Secretary charged with the administration of each respective trail shall, within one year of the date of the addition of any national scenic or national historic trail to the System, and within sixty days of the enactment of this sentence for the Appalachian and Pacific Crest National Scenic Trails, establish an advisory council for each such trail, each of which councils shall expire ten years from the date of its establishment. The appropriate Secretary shall consult with such council from time to time with respect to matters relating to the trail, including the selection of rights-of-way, standards for

the erection and maintenance of markers along the trail, and the administration of the trail. The members of each advisory council, which shall not exceed thirty-five in number, shall serve for a term of two years and without compensation as such, but the Secretary may pay, upon vouchers signed by the chairman of the council, the expenses reasonably incurred by the council and its members in carrying out their responsibilities under this section. Members of each council shall be appointed by the appropriate Secretary as follows:

"(i) a member appointed to represent each Federal department or independent agency administering lands through which the trail route passes, and each appointee shall be the person designated by the head of such department or agency;

"(ii) a member appointed to represent each State through which the trail passes, and such appointments shall be made from recommendations of the Governors of such States;

Members of the Advisory Council shall serve without compensation as such, but the Secretary is authorized to pay expenses reasonably incurred by the Advisory Council in carrying out its responsibilities under this Act on vouchers signed by the Chairman.

(g) With respect to the land and water in areas which are not owned by the United States but which are within the boundaries of the segment of the Delaware River designated as a wild and scenic river under subsection (a), the Secretary is authorized to enter into contracts with the appropriate State or political subdivisions thereof pursuant to which the Secretary may provide financial assistance to such State or political subdivision for purposes of—

- (1) enforcing State and local laws in such areas, and

(a) Within the Barataria Marsh Unit the Secretary is authorized to acquire not to exceed eight thousand acres of lands, waters, and interests therein (hereinafter referred to as the "core area"), as depicted on the map referred to in the first section of this title, by donation, purchase with donated or appropriated funds, or exchange. The Secretary may also acquire by any of the foregoing methods such lands and interests therein, including leasehold interests, as he may designate in the French Quarter of New Orleans for development and operation as an interpretive and administrative facility. Lands, waters, and interests therein owned by the State of Louisiana or any political

subdivision thereof may be acquired only by donation. In acquiring property pursuant to this title, the Secretary may not acquire right to oil and gas without the consent of the owner, but the exercise of such rights shall be subject to such regulations as the Secretary may promulgate in furtherance of the purposes of this title.

(b) With respect to the lands, waters, and interests therein generally depicted as the "park protection zone" on the map referred to in the first section of this title, the Secretary shall, no later than six months from the date of enactment of this Act, in consultation with the affected State and local units of government, develop a set of guidelines or criteria applicable to the use and development of properties within the park protection zone to be enacted and enforced by the State or local units of government.

(c) The purpose of any guideline developed pursuant to subsection (b) of this section shall be to preserve and protect the following values within the core area:

Such right of use and occupancy may be either a

period ending on the death of the owner or his spouse, whichever occurs last, or a term of not more than twenty-five years, at the election of the owner. Unless the property is donated, the Secretary shall pay to the owner the fair market value of the property less the fair market value of the right retained by the owner. Such right may be transferred or assigned and may be terminated by the Secretary, if he finds that the property is not used for noncommercial residential purposes, upon tender to the holder of the right an amount equal to the fair market value of the unexpired term. As used in this section, the term "improved property" means a single-family, year-round dwelling, the construction of which was begun before January 1, 1977, which serves as the owner's permanent place of abode at the time of its acquisition by the United States, together with not more than three acres of land on which the dwelling and appurtenant buildings are located which the Secretary finds is reasonably necessary for the owner's continued use and occupancy of the dwelling.

SEC. 904. In furtherance of the purposes of this title, and after consultation with the Commission created by section 7 of this title, the Secretary is authorized to enter into cooperative agreements with the owners of properties of natural, historical, or cultural significance, including but not limited to the resources described in paragraphs (1) through (5) of the first section of this title, pursuant to which the Secretary may mark, interpret, restore and/or provide technical assistance for the preservation and interpretation of such properties, and pursuant to which the Secretary may provide assistance including management services, program implementation, and incremental financial assistance in furtherance of the standards for administration of the park pursuant to section 906 of this title. Such agreements shall contain, but need not be limited to, provisions that the Secretary, through the National Park Service, shall have the right of access at all reasonable times to all public portions of the property covered by such agreement for the purpose of conducting visitors through such properties and interpreting them to the public, and that no changes or alterations shall be made in such properties except by mutual agreement between the Secretary and the other parties to such agreements. The agreements may contain specific provisions which outline in detail the extent of the participation by the Secretary in the restoration, preservation, interpretation, and maintenance of such properties.

where and establish periods when no hunting, fishing, or trapping shall be permitted for reasons of public safety. Except in emergencies, any regulations of the Secretary promulgated under this section shall be put into effect only after consultation with the appropriate fish and game agency of Louisiana.

SEC. 906. The Secretary shall establish the park by publication of a notice to that effect in the Federal Register at such time as he finds that, consistent with the general management plan referred to in section 908, sufficient lands and interests therein (i) have been acquired for interpretive and administrative facilities, (ii) are being protected in the core area, and (iii) have been made the subject of cooperative agreements pursuant to section 904. Pending such establishment and thereafter the Secretary shall administer the park in accordance with the provisions of this title, the Act of August 25, 1916 (39 Stat. 535), the Act of August 21, 1935 (49 Stat. 666), and any other statutory authorities available to him for the conservation and management of natural, historical, and cultural resources.

(e) The Directors of the Heritage Conservation and Recreation Service and the National Park Service shall serve as ex officio members of the Commission and provide such staff support and technical services as may be necessary to carry out the functions of the Commission.

SEC. 908. (a) There is authorized to be appropriated, to carry out the provisions of this title, not to exceed \$50,000,000 from the Land and Water Conservation Fund for acquisition of lands, waters, and interests therein and such sums as necessary for the development of essential facilities.

(b) Within three years from the date of enactment of this title, the Secretary, after consultation with the Commission, shall submit to the Committee on Interior and Insular Affairs of the House of Representatives, and the Committee on Energy and Natural Resources of the Senate a general management plan for the park indicating—

(1) transportation alternatives for public access to the park;

(2) the number of visitors and types of public use within the park which can be accommodated in accordance with the protection of its resources;

(3) the location and estimated cost of facilities deemed necessary to accommodate such visitors and uses; and

(4) a statement setting forth the actions which have been and should be taken to assure appropriate protection, interpretation, and management of the areas known as Big Oak Island and Couba Island.

SEC. 909. The area described in the Act of October 9, 1962 (76 Stat. 755), as the "Chalmette National Historical Park" is hereby redesignated as the Chalmette Unit of the Jean Lafitte National Historical Park. Any references to the Chalmette National Historical Park shall be deemed to be references to said Chalmette Unit.

SEC. 910. By no later than the end of the first full fiscal year following the date of enactment of this section, the Secretary shall submit to the Committee on Interior and Insular Affairs of the House of Representatives and the Committee on Energy and Natural Resources of the Senate, a comprehensive report with recommendations as

to sites within the Mississippi River Delta Region which constitute nationally significant examples of natural resources within that region.

TITLE X—URBAN PARK AND RECREATION RECOVERY PROGRAM

SHORT TITLE

SEC. 1001. This title may be cited as the "Urban Park and Recreation Recovery Act of 1978".

FINDINGS

SEC. 1002. The Congress finds that—

(a) the quality of life in urban areas is closely related to the availability of fully functional park and recreation systems including land, facilities, and service programs;

(b) residents of cities need close-to-home recreational opportunities that are adequate to specialized urban demands, with parks and facilities properly located, developed, and well maintained;

(c) the greatest recreational deficiencies with respect to land, facilities, and programs are found in many large cities, especially at the neighborhood level;

(d) inadequate financing of urban recreation programs due to fiscal difficulties in many large cities has led to the deterioration of facilities, nonavailability of recreation services, and an inability to adapt recreational programs to changing circumstances; and

(e) there is no existing Federal assistance program which fully addresses the needs for physical rehabilitation and revitalization of these park and recreation systems.

SEC. 1003. The purpose of this title is to authorize the Secretary to establish an urban park and recreation recovery program which would provide Federal grants to economically hard-pressed communities specifically for the rehabilitation of critically needed recreation areas, facilities, and development of improved recreation programs for a period of five years. This short-term program is intended to complement existing Federal programs such as the Land and Water Conservation Fund and Community Development Grant Programs by encouraging and stimulating local governments to revitalize their park and recreation systems and to make long-term commitments to continuing maintenance of these systems. Such assistance shall be subject to such terms and conditions as the Secretary considers appropriate and in the public interest to carry out the purposes of this title.

DEFINITIONS

SEC. 1004. When used in this title the term—

(a) "recreational areas and facilities" means indoor or outdoor parks, buildings, sites, or other facilities which are dedicated to recreation purposes and administered by public or private nonprofit agencies to serve the recreation needs of community residents. Emphasis shall be on public facilities readily accessible to residential neighborhoods, including multiple-use community centers which have recreation as one of their primary purposes, but excluding major sports arenas, exhibition areas, and conference halls used primarily for commercial sports, spectator, or display activities;

(b) "rehabilitation grants" means matching capital grants to local governments for the purpose of rebuilding, remodeling, expanding, or developing existing outdoor or indoor recreation areas and facilities, including improvements in park landscapes, buildings, and support facilities, but excluding routine maintenance and upkeep activities;

(c) "innovation grants" means matching grants to local governments to cover costs of personnel, facilities, equipment, supplies, or services designed to demonstrate innovative and cost-effective ways to augment park and recreation opportunities at the neighborhood level and to address common problems related to facility operations and improved delivery of recreation service, and which shall exclude routine operation and maintenance activities;

(d) "recovery action program grants" means matching grants to local governments for development of local park and recreation recovery action programs to meet the requirements of this title. Such grants will be for resource and needs assessment, coordination, citizen involvement and planning, and program development activities to encourage public definition of goals, and develop priorities and strategies for overall recreation system recovery;

(e) "maintenance" means all commonly accepted practices necessary to keep recreation areas and facilities operating in a state of good repair and to protect them from deterioration resulting from normal wear and tear;

(f) "general purpose local government" means any city, county, town, township, parish, village, or other general purpose political subdivision of a State, including the District of Columbia, and insular areas;

(g) "special purpose local government" means any local or regional special district, public-purpose corporation or other limited political subdivision of a State, including but not limited to park authorities;

park, conservation, water or sanitary districts; and school districts;

(h) "private, nonprofit agency" means a community-based, non-profit organization, corporation, or association organized for purposes of providing recreational, conservation, and educational services directly to urban residents on either a neighborhood or communitywide basis through voluntary donations, voluntary labor, or public or private grants;

(i) "State" means any State of the United States or any instrumentality of a State approved by the Governor; the Commonwealth of Puerto Rico, and insular areas; and

(j) "insular areas" means Guam, the Virgin Islands, American Samoa, and the Northern Mariana Islands.

SEC. 1005. (a) Eligibility of general purpose local governments for assistance under this title shall be based upon need as determined by the Secretary. Within one hundred and twenty days after the effective date of this title, the Secretary shall publish in the Federal Register, a list of the local governments eligible to participate in this program, to be accompanied by a discussion of criteria used in determining eligibility. "Such criteria shall be based upon factors which the Secretary determines are related to deteriorated recreational facilities or systems, and physical and economic distress."

(b) Notwithstanding the list of eligible local governments established in accordance with subsection (a), the Secretary is also authorized to establish eligibility, at his discretion and in accord with the findings and purpose of this title, to other general purpose local governments in standard metropolitan statistical areas as defined by the census: *Provided*, That grants to these discretionary applicants do not exceed in the aggregate 15 per centum of funds appropriated under this title for rehabilitation, innovation, and recovery action program grants.

(c) The Secretary shall also establish priority criteria for project selection and approval which consider such factors as—

- (1) population;
- (2) condition of existing recreation areas and facilities;
- (3) demonstrated deficiencies in access to neighborhood recreation opportunities, particularly for minority, and low- and moderate-income residents;
- (4) public participation in determining rehabilitation or development needs;
- (5) the extent to which a project supports or complements target activities undertaken as part of a local government's overall community development and urban revitalization program;
- (6) the extent to which a proposed project would provide employment opportunities for minorities,

youth, and low- and moderate-income residents in the project neighborhood and/or would provide for participation of neighborhood, nonprofit or tenant organizations in the proposed rehabilitation activity or in subsequent maintenance, staffing, or supervision of recreation areas and facilities; and

(7) the amount of State and private support for a project as evidenced by commitments of non-Federal resources to project construction or operation.

GRANTS TO IMPLEMENT PROGRAM

SEC. 1006. (a) The Secretary is authorized to provide 70 per centum matching rehabilitation and innovative grants directly to eligible general purpose local governments upon his approval of applications therefor by the chief executives of such governments.

(1) At the discretion of such applicants, and if consistent with an approved application, rehabilitation and innovation grants may be transferred in whole or in part to independent special purpose local governments, private nonprofit agencies or county or regional park authorities: *Provided*, That assisted recreation areas and facilities owned or managed by them offer recreation opportunities to the general population within the jurisdictional boundaries of an eligible applicant.

(2) Payments may be made only for those rehabilitation or innovative projects which have been approved by the Secretary. Such payments may be made from time to time in keeping with the rate of progress toward the satisfactory completion of a project, except that the Secretary may, when appropriate, make advance payments on approved rehabilitation and innovative projects in an amount not to exceed 20 per centum of the total project cost.

(3) The Secretary may authorize modification of an approved project only when a grantee has adequately demonstrated that such modification is necessary because of circumstances not foreseeable at the time a project was proposed.

(b) Innovation grants should be closely tied to goals, priorities, and implementation strategies expressed in local park and recreation recovery action programs, with particular regard to the special considerations listed in section 1007(b) (2).

LOCAL COMMITMENTS TO SYSTEM RECOVERY AND MAINTENANCE

SEC. 1007. (a) As a requirement for project approval, local governments applying for assistance under this title shall submit to the Secretary evidence of their commitments to ongoing planning, rehabilitation, service, operation, and maintenance programs for their park and recreation systems. These commitments will be expressed in local park and recreation recovery action pro-

grams which maximize coordination of all community resources, including other federally supported urban development and recreation programs. During an initial interim period to be established by regulations under this title, this requirement may be satisfied by local government submissions of preliminary action programs which briefly define objectives, priorities, and implementation strategies for overall system recovery and maintenance and commit the applicant to a scheduled program development process. Following this interim period, all local applicants shall submit to the Secretary, as a condition of eligibility, a five-year action program for park and recreation recovery that satisfactorily demonstrate:

(1) systematic identification of recovery objectives, priorities, and implementation strategies;

(2) adequate planning for rehabilitation of specific recreation areas and facilities, including projections of the cost of proposed projects;

(3) capacity and commitment to assure that facilities provided or improved under this title shall thereafter continue to be adequately maintained, protected, staffed, and supervised;

(4) intention to maintain total local public outlays for park and recreation purposes at levels at least equal to those in the year preceding that in which grant assistance is sought beginning in fiscal year 1980 except in any case where a reduction in park and recreation outlays is proportionate to a reduction in overall spending by the applicant; and

(5) the relationship of the park and recreation recovery program to overall community development and urban revitalization efforts.

Where appropriate, the Secretary may encourage local governments to meet action program requirements through a continuing planning process which includes periodic improvements and updates in action program submissions to eliminate identified gaps in program information and policy development.

(b) Action programs shall address, but are not limited to the following considerations:

(1) Rehabilitation of existing recreational sites and facilities, including general systemwide renovation; special rehabilitation requirements for recreational sites and facilities in areas of high population concentration and economic distress; and restoration of outstanding or unique structures, landscaping, or similar features in parks of historical or architectural significance.

(2) Local commitments to innovative and cost-effective programs and projects at the neighborhood level to augment recovery of park and recreation systems, including but not limited to recycling of abandoned schools and other public buildings for

recreational purposes; multiple use of operating educational and other public buildings; purchase of recreation services on a contractual basis; use of mobile facilities and recreational, cultural, and educational programs or other innovative approaches to improving access for neighborhood residents; integration of recovery program with federally assisted projects to maximize recreational opportunities through conversion of abandoned railroad and highway rights-of-way, waterfront, and other redevelopment efforts and such other federally assisted projects as may be appropriate; conversion of recreation use of street space, derelict land, and other public lands not now designated for neighborhood recreational use; and use of various forms of compensated and uncompensated land regulation, tax inducements, or other means to encourage the private sector to provide neighborhood park and recreation facilities and programs.

The Secretary shall establish and publish in the Federal Register requirements for preparation, submission, and updating of local park and recreation recovery action programs.

(c) RECOVERY ACTION PROGRAM GRANTS.—The Secretary is authorized to provide up to 50 per centum matching grants to eligible local applicants for program development and planning specifically to meet the objectives of this title.

STATE ACTION INCENTIVE

SEC. 1008. The Secretary is authorized to increase Federal implementation grants authorized in section 1006 by providing an additional match equal to the total match provided by a State of up to 15 per centum of total project costs. In no event may the Federal matching amount exceed 85 per centum of total project cost. The Secretary shall further encourage the States to assist him in assuring that local recovery plans and programs are adequately implemented by cooperating with the Department of the Interior in monitoring local park and recreation recovery plans and programs and in assuring consistency of such plans and programs, where appropriate, with State recreation policies as set forth in statewide comprehensive outdoor recreation plans.

MATCHING REQUIREMENTS

SEC. 1009. The non-Federal share of project costs assisted under this Title may be derived from general or special purpose State or local revenues. State categorical grants, special appropriations by State legislatures, donations of land, buildings, or building materials and/or in-kind construction, technical, and planning services. No moneys from the Land and Water Conservation Fund

(77 Stat. 49), as amended, or from any other Federal grant program other than general revenue sharing and the community development block grant programs shall be used to match Federal grants under this program. Reasonable local costs of action program development to meet the requirements of section 1007(a) of this title may be used as part of the local match only when local applicants have not received program development grants under the authority of section 1007(c) of this title. The Secretary shall encourage States and private interests to contribute, to the maximum extent possible, to the non-Federal share of project costs.

CONVERSION OF RECREATION PROPERTY

SEC. 1010. No property improved or developed with assistance under this title shall, without the approval of the Secretary, be converted other than public recreation uses. The Secretary shall approve such conversion only if he finds it to be in accord with the current local park and recreation recovery action program and only upon such conditions as he deems necessary to assure the provision of adequate recreation properties and opportunities of reasonably equivalent location and usefulness.

COORDINATION OF PROGRAM

SEC. 1011. The Secretary shall (a) coordinate the urban park and recreation recovery program with the total urban recovery effort and cooperate to the fullest extent possible with other Federal departments and agencies and with State agencies which administer programs and policies affecting urban areas, including but not limited to, programs in housing, urban development, natural resources management, employment, transportation, community services, and voluntary action; (b) encourage maximum coordination of the program between appropriate State agencies and local applicants; and (c) require that local applicants include provisions for participation of community and neighborhood residents and for public-private coordination in recovery planning and project selection.

AUDIT REQUIREMENTS

SEC. 1012. Each recipient of assistance under this title shall keep such records as the Secretary shall prescribe, including records which fully disclose the amount and disposition of project undertakings in connection with which assistance under this title is given or used, and the amount and nature of that portion of the cost of the project or undertaking supplied by other sources, and such other records as will facilitate an effective audit.

The Secretary, and the Comptroller General of the United States, or their duly authorized representatives, shall have access for the purpose of audit and examination to any books, documents, papers, and records of the recipient that are pertinent to assistance received under this title.

AUTHORIZATION OF APPROPRIATIONS

SEC. 1013. There are hereby authorized to be appropriated for the purposes of this title, not to exceed \$150,000,000 for each of the fiscal years 1979 through 1982, and \$125,000,000 in fiscal year 1983, such sums to remain available until expended. Not more than 3 per centum of the funds authorized in any fiscal year may be used for grants for the development of local park and recreation recovery action programs pursuant to sections 1007(a) and 1007(c), and not more than 10 per centum may be used for innovation grants pursuant to section 6 of this title. Grants made under this title for projects in any one State shall not exceed in the aggregate 15 per centum of the aggregate amount of funds authorized to be appropriated in any fiscal year. For the authorizations made in this subsection, any amounts authorized but not appropriated in any fiscal year shall remain available for appropriation in succeeding fiscal years.

Notwithstanding any other provision of this Act, or any other law, or regulation, there is further authorized to be appropriated \$250,000 for each of the fiscal years 1979 through 1983, such sums to remain available until expended, to each of the insular areas. Such sums will not be subject to the matching provisions of this section, and may only be subject to such conditions, reports, plans, and agreements, if any, as determined by the Secretary.

LIMITATION OF USE OF FUNDS

SEC. 1014. No funds available under this title shall be used for the acquisition of land or interests in land.

SUNSET AND REPORTING PROVISIONS

SEC. 1015. (a) Within ninety days of the expiration of this authority, the Secretary shall report to the Congress on the overall impact of the urban park and recreation recovery program.

(b) On December 31, 1979, and on the same date in each year that the recovery program is funded, the Secretary shall report to the Congress on the annual achievements of the innovation grant program, with emphasis on the nationwide implications of successful innovation projects.

TITLE XI—NEW RIVER GORGE NATIONAL RIVER

SEC. 1101. For the purpose of conserving and interpreting outstanding natural, scenic, and historic values and objects in and around the New River Gorge and preserving as a free-flowing stream an important segment of the New River in West Virginia for the benefit and enjoyment of present and future generations, the Secretary of the Interior (hereinafter referred to as the "Secretary") shall establish and administer the New River Gorge National River. The Secretary shall administer, protect, and develop the national river in accordance with the provisions of the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 1 et seq.), as amended and supplemented; except that any other statutory authority available to the Secretary for the preservation and management of natural resources may be utilized to the extent he finds such authority will further the purposes of this title. The boundaries of the national river shall be as generally depicted on the drawing entitled "Proposed New River Gorge National River" numbered NERI-20,002, dated July 1978, which shall be on file and available for public inspection in the offices of the National Park Service, Department of the Interior.

Sec. 1102. (a) Within the boundaries of the New River Gorge National River, the Secretary may acquire lands and waters or interests therein by donation, purchase with donated or appropriated funds, transfer, or exchange. Lands owned by the State of West Virginia or a political subdivision thereof may be acquired by donation only. The authority of the Secretary to condemn in fee, improved properties as defined in subsection (c) of this section shall not be invoked as long as the owner of such improved property holds and uses it in a manner compatible with the purposes of this title. The Secretary may acquire any such improved property without the consent of the owner whenever he finds that such property has undergone, since January 1, 1978, or is imminently about to undergo, changes in land use which are incompatible with the purposes of the national river. The Secretary may acquire less than fee interest in any improved or unimproved property within the boundaries of the national river.

(b) On non-federally owned lands within the national river boundaries, the Secretary is authorized to enter into cooperative agreements with organizations or individuals to mark or interpret properties of significance to the history of the Gorge area.

(c) For the purposes of this Act, the term "improved property" means (i) a detached single family dwelling, the construction of which was begun before January 1, 1977 (hereafter referred to as "dwelling"), together with so much of the land on which the dwelling is situated,

the said land being in the same ownership as the dwelling, as the Secretary shall designate to be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, together with any structures necessary to the dwelling which are situated on the land so designated, or (ii) property developed for agricultural uses, together with any structures accessory thereto which were so used on or before January 1, 1977, or (iii) commercial and small business properties which were so used on or before January 1, 1977, the purpose of which is determined by the Secretary to contribute to visitor use and enjoyment of the national river. In determining when and to what extent a property is to be considered an "improved property", the Secretary shall take into consideration the manner of use of such buildings and lands prior to January 1, 1977, and shall designate such lands as are reasonably necessary for the continued enjoyment of the property in the same manner and to the same extent as existed prior to such date.

(d) The owner of an improved property, as defined in this title, on the date of its acquisition, as a condition of such acquisition, may retain for himself, his heirs and assigns, a right of use and occupancy of the improved property for noncommercial residential, or agricultural purposes, or the continuation of existing commercial operations, as the case may be, for a definite term of not more than twenty-five years, or, in lieu thereof, for a term ending at the death of the owner or the death of his spouse, whichever is later. The owner shall elect the term to be reserved. Unless the property is wholly or partially donated, the Secretary shall pay to the owner the fair market value of the property on the date of its acquisition, less the fair market value of the property on that date of the right retained by the owner. A right retained by the owner pursuant to this section shall be subject to termination by the Secretary upon his determination that it is being exercised in a manner inconsistent with the purposes of this title, and it shall terminate by operation of law upon notification by the Secretary to the holder of the right of such determination and tendering to him the amount equal to the fair market value of that portion which remains unexpired.

SEC. 1103. (a) Within two years from the date of enactment of this title, the Secretary shall submit, in writing, to the House Committee on Interior and Insular Affairs, the Senate Committee on Energy and Natural Resources and the Committees on Appropriations of the United States Congress, a detailed plan which shall indicate—

(i) the lands and areas which he deems essential to the protection and public enjoyment of the natural, scenic, and historic values and objects of this national river;

(ii) the lands which he has previously acquired by purchase, donation, exchange, or transfer for the purpose of this national river;

(iii) the annual acquisition program (including the level of funding) which he recommends for the ensuing four fiscal years; and

(iv) the feasibility and suitability of including within the boundaries of the national river, the section of the New River from Fayetteville to Gauley Bridge, and reasons therefor.

SEC. 1104. The Secretary shall on his own initiative, or at the request of any local government having jurisdiction over land located in or adjacent to the Gorge area, assist and consult with the appropriate officials and employees of such local government in establishing zoning laws or ordinances which will assist in achieving the purposes of this title. In providing assistance pursuant to this section, the Secretary shall endeavor to obtain provisions in such zoning laws or ordinances which—

(1) have the effect of restricting incompatible commercial and industrial use of all real property in or adjacent to the Gorge area;

(2) aid in preserving the character of the Gorge area by appropriate restrictions on the use of real property in the vicinity, including, but not limited to, restrictions upon building and construction of all types; signs and billboards; the burning of cover; cutting of timber; removal of topsoil, sand, or gravel; dumping, storage, or piling of refuse; or any other use which would detract from the esthetic character of the Gorge area; and

(3) have the effect of providing that the Secretary shall receive advance notice of any hearing for the purpose of granting a variance and any variance granted under, and of any exception made to, the application of such law or ordinance.

SEC. 1105. (a) Notwithstanding any other provision of law, no surface mining of any kind shall be permitted on federally owned lands within the boundary of the national river where the subsurface estate is not federally owned. Underground mining on such lands may be permitted by the Secretary only if—

(1) the mining operation will have no significant adverse impact on the public use and enjoyment of the national river;

(2) the mining operation will disturb the minimum amount of surface necessary to extract the mineral; and

(3) the surface is not significantly disturbed, unless there is no technologically feasible alternative.

(b) The harvesting of timber on federally owned lands within the national river boundary is prohibited, except insofar as it is necessary for the Secretary to remove

trees for river access, historic sites, primitive campgrounds, scenic vistas, or as may be necessary from time to time for reasons of public health and safety.

(c) The owner of a mineral estate subject to this section who believes he has suffered a loss by operation of this section, may bring an action only in a United States district court to recover just compensation, which shall be awarded if the court finds that such loss constitutes a taking of property compensable under the Constitution.

SEC. 1106. The Secretary may permit hunting and fishing on lands and waters under his jurisdiction within the boundaries of the New River Gorge National River in accordance with applicable Federal and State laws, and he may designate zones where, and establish periods when, no hunting or fishing shall be permitted for reasons of public safety, administration, fish or wildlife management, or public use and enjoyment. Except in emergencies, any rules and regulations of the Secretary pursuant to this section shall be put into effect only after consultation with the appropriate State agency responsible for hunting and fishing activities.

SEC. 1107. The Federal Energy Regulatory Commission shall not license the construction of any dam, water conduit, reservoir, powerhouse, transmission line, or other project works under the Federal Power Act (41 Stat. 1063) as amended (16 U.S.C. 791a et seq.), on or directly affecting the New River Gorge National River, and no department or agency of the United States shall assist by loan, grant, license, or otherwise in the construction of any water resources project that would have a direct and adverse effect on the values for which such river was established, as determined by the Secretary. Nothing contained in the foregoing sentence, however, shall preclude licensing of, or assistance to, developments below or above the New River Gorge National River or on any stream tributary thereto which will not invade the area or diminish the scenic, recreation, and fish and wildlife values present in the area on the date of this section. No department or agency of the United States shall recommend authorization of any water resources project that would have a direct and adverse effect on the values for which such river was established, as determined by the Secretary, or request appropriations to begin construction on any such project whether heretofore or hereafter authorized, without advising the Secretary in writing of its intention to do so at least sixty days in advance, and without specifically reporting to the Congress in writing at the time it makes its recommendation or request in what respect construction of such project would be in conflict with the purposes of this section and would effect the national river and the values to be protected by it under this section.

SEC. 1108. Section 5(a) of the Act of October 2, 1968 (82 Stat. 910) is hereby amended to provide for study of

three principal tributaries of the New River in West Virginia, by adding the following new paragraphs:

"(73) **BLUESTONE, WEST VIRGINIA.**—From its headwaters to its confluence with the New.

"(74) **GAULEY, WEST VIRGINIA.**—Including the tributaries of the Meadow and the Cranberry, from the headwaters to its confluence with the New.

"(75) **GREENBRIER, WEST VIRGINIA.**—From its headwaters to its confluence with the New."

SEC. 1109. Within three years from the date of enactment of this title, the Secretary shall develop and transmit to the Senate Committee on Energy and Natural Resources and the House Committee on Interior and Insular Affairs, a general management plan for the protection and development of the national river consistent with the purposes of this title, indicating—

(1) measures for the preservation of the area's resources;

(2) indications of types and general intensities of development (including visitor circulation and transportation patterns, systems and modes) associated with public enjoyment and use of the area, including general locations, timing of implementation, and anticipated costs;

(3) identification of and implementation commitments for visitor carrying capacities for all areas of the unit; and

(4) indications of potential modifications to the external boundaries of the unit, and the reasons therefor.

SEC. 1110. The Secretary of the Army shall cooperate with the Secretary of the Interior concerning the water requirements of the national river. The Secretary of the Army shall provide for release of water from the Bluestone Lake project consistent with that project's purposes and activities in sufficient quantity and in such manner to facilitate protection of biological resources and recreational use of the national river.

SEC. 1111. For the purposes of part C of the Clean Air Act, the State may redesignate the national river only as class I or class II.

SEC. 1112. There are hereby authorized to be appropriated such sums as may be necessary for the purposes of this title, but not to exceed \$20,000,000 for the acquisition of lands and interests in lands, and not to exceed \$500,000 for development.

TITLE XII—FORT SCOTT NATIONAL HISTORIC SITE

SEC. 1201. In order to commemorate the significant role played by Fort Scott in the opening of the West, as well as the Civil War and the strife in the State of Kansas that preceded it, the Secretary of the Interior may ac-

quire by donation the land and interests in land, together with buildings and improvements thereon, known as Fort Scott, located in the city of Fort Scott, Bourbon County, Kansas: *Provided*, That the buildings so acquired shall not include the structure known as "Lunette Blair".

SEC. 1202. When the site of Fort Scott has been acquired by the United States as provided in section 1 of this Act, the Secretary of the Interior shall establish such area as the Fort Scott National Historic Site, by publication of notice and boundary map thereof in the Federal Register.

SEC. 1203. The Secretary of the Interior shall administer, protect, develop, and maintain the Fort Scott National Historic Site subject to the provisions of the Act entitled "An Act to establish a National Park Service, and for other purposes", approved August 25, 1916 (39 Stat. 535), as amended and supplemented, and the provisions of the Act entitled "An Act to provide for the preservation of historic America sites, buildings, objects, and antiquities of national significance, and for other purposes", approved August 21, 1935 (49 Stat. 666).

SEC. 1204. Sections 3 and 4 of the Act entitled "An Act to provide for the commemoration of certain historical events in the State of Kansas, and for other purposes", approved August 31, 1965 (79 Stat. 588), as amended, are hereby repealed: *Provided*, That all obligations pursuant to contracts for the development and construction of Fort Scott heretofore entered into by the city of Fort Scott to be paid with funds under the authority of section 3 of the aforesaid Act, shall be assumed by the Secretary: *Provided further*, That any remaining balance of funds appropriated pursuant to section 4 of the Act of August 31, 1965, as amended, shall be available for the purposes of carrying out this Act.

SEC. 1205. In addition to such sums as might be made available to the historic site by the preceding section, effective October 1, 1979, there are hereby authorized to be appropriated such sums as may be necessary for the development of the Fort Scott National Historic Site, as provided in this Act.

TITLE XIII—REPORT AND BOUNDARY REVISION

BEAVERHEAD OR GALLATIN NATIONAL FORESTS

SEC. 1301. Within ninety days from enactment of this Act, the Secretary of Agriculture shall report to the Committee on Interior and Insular Affairs in the House of Representatives, and the Committee on Energy and Natural Resources of the Senate, the nature and extent of the progress of any proposal to exchange lands owned by the Burlington Northern Railroad on either the Beaverhead or Gallatin National Forests in the State of

Montana for lands owned by the United States elsewhere in the State of Montana. Such report shall also discuss any study or appraisal work done by any agency of the Federal Government concerning the feasibility, impact, or cost of any such an exchange between the Burlington Northern Railroad and the Federal Government, including the sharing of cost of such study. The Department of Agriculture shall not proceed with the processing of any exchange of more than 6,400 acres until and unless authorized to do so by a concurrent resolution of the Congress.

HAMPTON NATIONAL HISTORIC SITE

SEC. 1302. (a) In order to preserve, as part of the Hampton National Historic Site, lands and buildings historically associated with Hampton Mansion, the exterior boundaries of such historic site are hereby revised to include the following described lands:

All that certain tract or parcel of land lying and being situated in Baltimore County, Maryland, and being more particularly described as follows:

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Wild and Scenic Rivers Act (82 Stat. 906; 16 U.S.C. 1274 et seq.), as amended, is further amended as follows:

(a) In section 3(a) after paragraph (9) insert the following new paragraph:

"(10) CHATTOOGA, NORTH CAROLINA, SOUTH CAROLINA, GEORGIA.—The Segment from 0.8 mile below Cashiers Lake in North Carolina to Tugaloo Reservoir, and the West Fork Chattooga River from its junction with Chattooga upstream 7.3 miles, as generally depicted on the boundary map entitled 'Proposed Wild and Scenic Chattooga River and Corridor Boundary', dated August 1973; to be administered by the Secretary of Agriculture: *Provided*, That the Secretary of Agriculture shall take such action as is provided for under subsection (b) of this section within one year from the date of enactment of this paragraph (10): *Provided further*, That for the purposes of this river, there are authorized to be appropriated not more than \$2,000,000 for the acquisition of lands and interests in lands and not more than \$809,000 for development."

(b) (1) In section 4 delete subsection (a) and insert in lieu thereof the following:

"SEC. 4. (a) The Secretary of the Interior or, where national forest lands are involved, the Secretary of Agriculture or, in appropriate cases, the two Secretaries jointly shall study and submit to the President reports on the suitability or nonsuitability for addition to the national wild and scenic rivers system of rivers which are designated herein or hereafter by the Congress as potential additions to such system. The President shall report to the Congress his recommendations and proposals with respect to the designation of each such river or section thereof under this Act. Such studies shall be completed and such reports shall be made to the Congress with respect to all rivers named in subparagraphs 5 (a) (1) through (27) of this Act no later than October 2, 1978. In conducting these studies the Secretary of the Interior and the Secretary of Agriculture shall give priority to those rivers with respect to which there is the greatest likelihood of developments which, if undertaken, would render the rivers unsuitable for inclusion in the national wild and scenic rivers system. "Each report, including maps and illustrations, shall show among other things the area included within the report; the characteristics which do or do not make the area a worthy addition to the system; the current status of land ownership and use in the area; the reasonably foreseeable potential uses of the land and water which would be enhanced, foreclosed, or curtailed if the area were included in the national wild and scenic rivers system; the Federal agency (which in the case of a river which is wholly or substantially within a national forest, shall be the Department of Agriculture) by which it is proposed the area, should it be added to the system, be administered; the extent to which it is proposed that such administration, including the costs thereof, be shared by State and local agencies; and the estimated cost to the United States of acquiring necessary lands and interests in land and of administering the area, should it be added to the system. Each such report shall be printed as a Senate or House document."

(2) In section 5 delete subsection (b) and reletter subsections (c) and (d) as (b) and (c), respectively.

SEC. 704. (a) Section 3(a) of the Wild and Scenic Rivers Act is amended by adding the following new paragraph at the end thereof:

“(19) UPPER DELAWARE RIVER, NEW YORK AND PENNSYLVANIA.—The segment of the Upper Delaware River from the confluence of the East and West branches below Hancock, New York, to the existing railroad bridge immediately downstream of Cherry Island in the vicinity of Sparrow Bush, New York, as depicted on the boundary map entitled “The Upper Delaware Scenic and Recreational River’, dated April 1978; to be administered by the Secretary of the Interior. Subsection (b) of this section shall not apply, and the boundaries and classifications of the river shall be as specified on the map referred to in the preceding sentence, except to the extent that such boundaries or classifications are modified pursuant to section 705(c) of the National Parks and Recreation Act of 1978. Such boundaries and classifications shall be published in the Federal Register and shall not become effective until ninety days after they have been forwarded to the Committee on Interior and Insular Affairs of the United States House of Representatives and the Committee on Energy and Natural Resources of the United States Senate. For purposes of carrying out the provi-

sions of this Act with respect to the river designated by this paragraph there are authorized to be appropriated such sums as may be necessary."

(b) (1) Notwithstanding any requirement to the contrary contained in section 6(c) of the Wild and Scenic Rivers Act, within one hundred and eighty days after the date of enactment of this Act, the Secretary shall publish in the Federal Register general guidelines for land and water use control measures to be developed and implemented by the appropriate officials of the States of New York and Pennsylvania (hereinafter referred to as the "directly affected States"), by the local political subdivisions, and by the Delaware River Basin Commission (hereinafter referred to as the "Commission"). The Secretary shall provide for participation in the development of the said general guidelines by all levels of State, county, and local government, and concerned private individuals and organizations, and also shall seek the advice of the Upper Delaware Citizens Advisory Council established in subsection (f) (hereinafter referred to as the "Advisory Council"). In each of the directly affected States, prior to publication of such general guidelines, public hearings shall be conducted by the Secretary or his designee, in the region of the Upper Delaware River designated by subsection (a) (hereinafter in this section referred to as the "Upper Delaware River").

(2) The Secretary may from time to time adopt amended or revised guidelines and shall do so in accordance with the provisions of paragraph (1) hereof.

(c) (1) Within three years from the date of the enactment of this Act, the Secretary, in cooperation with the Commission, the Advisory Council, the directly affected States and their concerned political subdivisions and other concerned Federal agencies, shall develop, approve, and submit to the Governors of the directly affected States a management plan (hereinafter in this section referred to as the "management plan" or "the plan") for the Upper Delaware River which shall provide for as broad a range of land and water uses and scenic and recreational activities as shall be compatible with the provisions of this section, the Wild and Scenic Rivers Act, and the general guidelines for land and water use controls promulgated by the Secretary under the provisions of subsection (b).

(2) The plan shall apply to the Upper Delaware River and shall set forth—

(A) a map showing detailed final landward boundaries, and upper and lower termini of the area and the specific segments of the river classified as scenic and recreational, to be administered in accordance with such classifications;

(B) a program for management of existing and

future land and water use, including the application of available management techniques;

(C) an analysis of the economic and environmental costs and benefits of implementing the management plan including any impact of the plan upon revenues and costs of local government;

(D) a program providing for coordinated implementation and administration of the plan with proposed assignment of responsibilities to the appropriate governmental unit at the Federal, regional, State, and local levels; and

(E) such other recommendations or provisions as shall be deemed appropriate to carry out the purposes of this section.

(3) Immediately following enactment of this Act, the Secretary, through the National Park Service or such other designee, shall develop and implement such interim programs as he shall deem necessary and appropriate to protect the Upper Delaware River and its environs and to protect the public health and safety. Such interim programs shall include provisions for information to river users, education and interpretation activities, and regulation of recreational use of the river.

(4) To enable the directly affected States and their political subdivisions to develop and implement programs compatible with the management plan, the Secretary shall provide such technical assistance to the said States and their political subdivisions as he deems appropriate.

(5) The Secretary shall promote public awareness of and participation in the development of the management plan, and shall develop and conduct a concerted program to this end. Prior to final approval of the management plan, the Secretary shall hold two or more public hearings in the Upper Delaware River region of each directly affected State.

(6) Upon approval of the management plan by the Secretary, it shall be published in the Federal Register and shall not become effective until ninety days after it shall have been forwarded to the Committee on Interior and Insular Affairs of the United States House of Representatives and the Committee on Energy and Natural Resources of the United States Senate. The plan shall be administered by the Secretary in accordance with the provisions of this section and the Wild and Scenic Rivers Act. The Secretary is hereby granted such authority as may be required to implement and administer said plan.

(d) Notwithstanding any provision of the Wild and Scenic Rivers Act, the Secretary may not acquire more than a total of four hundred and fifty acres of land and interests in land for access, development sites, the preservation of scenic qualities, or for any other purposes: *Provided*, That the Secretary may acquire additional

land and interests in land for such purposes not in excess of one thousand acres if such additional acquisition is recommended and provided for in the management plan as finally approved by the Secretary. The limitations contained in this section shall not apply under the circumstances set forth in subsection (e) (4) of this section. Prior to acquisition of any land or interests in land which has been used for business purposes during the annual period immediately preceding the date of the enactment of this Act, the Secretary shall first make such efforts as he deems reasonable to acquire easements or restrictive covenants, or to enter into any other appropriate agreements or arrangements with the owners of said land, consistent with the purposes of this section.

(e) (1) For the purpose of protecting the integrity of the Upper Delaware River, the Secretary shall review all relevant local plans, laws, and ordinances to determine whether they substantially conform to the approved management plan provided for in subsection (c) and to the general guidelines promulgated by the Secretary pursuant to subsection (b). Additionally, the Secretary shall determine the adequacy of enforcement of such plans, laws, and ordinances, including but not limited to review of building permits and zoning variances granted by local governments, and amendments to local laws and ordinances.

(2) The purpose of such reviews shall be to determine the degree to which actions by local governments are compatible with the purposes of this section. Following the approval of the management plan and after a reasonable period of time has elapsed, but not less than two years, upon a finding by the Secretary that such plans, laws, and ordinances are nonexistent, are otherwise not in conformance with the management plan or guidelines, or are not being enforced in such manner as will carry out the purposes of this section (as determined by the Secretary), the Secretary may exercise the authority available to him under the provisions of paragraph (4) hereof.

(3) To facilitate administration of this section, the Secretary may contract with the directly affected States or their political subdivisions to provide, on behalf of the Secretary, professional services necessary for the review of relevant local plans, laws, and ordinances, and of amendments thereto and variances therefrom, and for the monitoring of the enforcement thereof by local governments having jurisdiction over any area in the region to which the management plan applies. The Secretary shall notify the appropriate State or local officials as to the results of his review under this section within forty-five days from the date he receives notice of the local government action.

(4) In those sections of the Upper Delaware River where such local plans, laws, and ordinances, or amend-

ments thereto or variances therefrom, are found by the Secretary not to be in conformance with the guidelines or the management plan promulgated pursuant to subsections (b) and (c) of this section, respectively, or are not being enforced in such manner as will carry out the purposes of this section (as determined by the Secretary), the Secretary is hereby authorized to acquire land or interests in land in excess of the acreage provided for in subsection (d) of this section. Land and interests in land acquired pursuant to this subsection shall be restricted to the geographical area of the local governmental unit failing to conform with the said guidelines or management plan, and shall be limited to those lands clearly and directly required, in the judgment of the Secretary, for protection of the objectives of this Act. The total acreage of land and interests in land acquired pursuant to this subsection shall not in any event exceed the limitations contained in section 6(a) of the Wild and Scenic Rivers Act. This subsection shall apply notwithstanding the first sentence of section 6(c) of the Wild and Scenic Rivers Act. Notwithstanding any limitation on amounts authorized to be appropriated for acquisition of land and interests in land which is contained in section 3(a) (21) of the Wild and Scenic Rivers Act or in any other provision of law, there are authorized to be appropriated such sums as may be necessary to carry out this subsection.

(f) (1) At the earliest practicable date following enactment of this Act, but no later than one hundred and twenty days thereafter, there shall be established an Upper Delaware Citizens Advisory Council. The Advisory Council shall encourage maximum public involvement in the development and implementation of the plans and programs authorized by this section. It shall report to the Commission and the Secretary from time to time during preparation of the management plan. Following completion of the management plan, it shall report to the Secretary and the Governors of the directly affected States no less frequently than once each year its recommendations, if any, for improvement in the programs authorized by this Act, or in the programs of other agencies which may relate to land or water use in the Upper Delaware River region.

(2) Membership on the Advisory Council shall consist of seventeen members appointed as follows: there shall be—

(A) six members from each of the directly affected States appointed by the Secretary from nominations submitted by the legislatures of the respective counties and appointed such that two members shall be from each of Orange, Delaware, and Sullivan Counties, New York, and three members shall be from each of Wayne and Pike Counties, Pennsylvania (at least one appointee from each county shall be a per-

manent resident of a municipality abutting the Upper Delaware River);

(B) two members appointed at large by each Governor of a directly affected State; and

(C) one member appointed by the Secretary.

The Secretary shall designate one of the aforesaid members to serve as Chairperson of the Advisory Council who shall be a permanent resident of one of the aforementioned counties. Vacancies on the Advisory Council shall be filled in the same manner in which the original appointment was made. Members of the Advisory Council shall serve without compensation as such, but the Secretary is authorized to pay expenses reasonably incurred by the Advisory Council in carrying out its responsibilities under this Act on vouchers signed by the Chairman.

(g) With respect to the land and water in areas which are not owned by the United States but which are within the boundaries of the segment of the Delaware River designated as a wild and scenic river under subsection (a), the Secretary is authorized to enter into contracts with the appropriate State or political subdivisions thereof pursuant to which the Secretary may provide financial assistance to such State or political subdivision for purposes of—

(1) enforcing State and local laws in such areas, and

(2) removing solid waste from such areas and disposing of such waste.

(h) Nothing in this section shall be construed as limiting the right to fish and hunt on any of the lands or waters within the boundaries of the Upper Delaware River in the manner provided in section 13 of the Wild and Scenic Rivers Act.

(i) There are hereby authorized to be appropriated to carry out the purposes of this section such sums as may be necessary.

(j) Where any provision of the Wild and Scenic Rivers Act is inconsistent with any provisions of this section, the provision of this section shall govern. In applying the provisions of section 6(g) (3) of the Wild and Scenic Rivers Act, with regard to "improved property", the date specified therein, shall, for purposes of the river designated in the Act, be the date of enactment of this Act (rather than January 1, 1967).

Dredge or placer mining shall be prohibited within the banks or beds of the main stem of the Saint Joe and its tributary streams in their entirety above the confluence of the main stem with the North Fork of the river.
