Florida's November Employment Figures Released
www.employflorida.com

TALLAHASSEE – Florida's seasonally adjusted unemployment rate was 8.1 percent in November 2012, the lowest since November 2008 when it was 7.8 percent. There were 760,000 jobless Floridians out of a labor force of 9,343,000. The November rate was down 0.4 percentage point from the October rate of 8.5 percent and was 2.0 percentage points lower than the year-ago rate of 10.1 percent. This was the second time in 2012 that the rate fell 0.4 percentage point over the month. Prior to this year, the last time the rate dropped this much in one month was October 1992. The U.S. unemployment rate was 7.7 percent in November.

Florida's seasonally adjusted total nonagricultural employment was 7,402,200 in November 2012, an increase of 24,500 jobs (+0.3 percent) over the month. The number of jobs in the state was up 83,300 from November 2011, an increase of 1.1 percent. Nationally, the number of jobs was up 1.4 percent over the year.

Source: U.S. Department of Labor, Bureau of Labor Statistics, Local Area Unemployment Statistics Program in cooperation with the Florida Department of Economic Opportunity, Labor Market Statistics Center.

Florida's Nonagricultural Employment by Industry (Seasonally Adjusted)

- The number of jobs in Florida was 7,402,200 in November 2012, up 83,300 jobs compared to a year ago. November was the 28th consecutive month with positive annual job growth after the state lost jobs for three years. The industry gaining the most jobs was leisure and hospitality (+31,200 jobs, +3.3 percent).
- Other industries gaining jobs included trade, transportation, and utilities (+24,700 jobs, +1.6 percent); professional and business services (+20,700, +1.9 percent); private education and health services (+18,600 jobs, +1.7 percent); manufacturing (+1,900 jobs, +0.6 percent); and financial activities (+900 jobs, +0.2 percent).
- These industry job gains were partially due to increases in food services and drinking places; food and beverage stores; employment services; ambulatory health care services; transportation equipment manufacturing; and credit intermediation.
- Industries losing jobs over the year included total government (-9,300 jobs, -0.9 percent), construction (-3,900 jobs, -1.2 percent), information (-1,100 jobs, -0.8 percent), and other services (-500 jobs, -0.2 percent).
- These industry job losses were partially due to declines in local government; construction of buildings and heavy and civil engineering construction; telecommunications; and auto repair and maintenance services.

Local Area Unemployment Statistics (Not Seasonally Adjusted)

- In November 2012, Monroe County (4.7 percent) had the state's lowest unemployment rate, followed by Walton County (5.5 percent), Okaloosa County (5.9 percent), and Wakulla County (6.1 percent). Many of the counties with the lowest unemployment rates were those with relatively high proportions of government employment.
- Hendry County had the highest unemployment rate (11.6 percent) in Florida in November 2012, followed by Flagler County (11.4 percent), St. Lucie County (10.5 percent), Putnam County (10.3 percent), and Madison County (10.2 percent). There were 6 Florida counties with double-digit unemployment rates in November, unchanged from October.

Area Nonagricultural Employment (Not Seasonally Adjusted)

- Sixteen metro areas of the 22 in the state had over-the-year job gains in November 2012. The areas with the largest gains were Tampa-St. Petersburg-Clearwater (+22,900 jobs, +2.0 percent), Orlando-Kissimmee-Sanford (+21,400 jobs, +2.1 percent), and West Palm Beach-Boca Raton-Boynton Beach (+5,700 jobs, +1.1 percent).
- Of the metro areas with job declines, the largest losses were in Crestview-Ft. Walton Beach-Destin (-2,000 jobs, -2.5 percent), Port St. Lucie (-1,500 jobs, -1.2 percent), and Gainesville (-1,100 jobs, -0.9 percent).

Note: These unemployment and job growth rates are estimates, which are primarily based on surveys created and mandated by the U.S. Bureau of Labor Statistics in cooperation with the Florida Department of Economic Opportunity.

The unemployment rate is derived from Florida household surveys conducted by the U.S. Census Bureau under contract with the U.S. Bureau of Labor Statistics. The job growth rate is derived from Florida employer surveys conducted by the U.S. Bureau of Labor Statistics.

Both estimates are revised on a monthly basis. In addition, these estimates are benchmarked (revised) annually based on actual counts from Florida's Reemployment Assistance tax records and other data.

Procedures mandated by the U.S. Bureau of Labor Statistics may result in more variable month-to-month changes. For further information, go to: <http://www.bls.gov/sae/cesprocs.htm>

###

The mission of the Florida Department of Economic Opportunity is to promote economic prosperity for all Floridians and businesses through successful workforce, community, and economic development strategies. Please visit www.floridajobs.org for more information.

The next Florida Employment and Unemployment release will be January 18, 2013, at 10:00 A.M.
