Dear Ms. Atkinson:

In accordance with the Assistance for Unemployed Workers and Struggling Families Act, Title II of Division B of Public Law No. 111-5 enacted February 17, 2009 and as outlined in UIPL No. 14-09, I submit this application on behalf of the State of Kansas for the distribution of Parts I and II of the Unemployment Modernization Incentive Payment. On May 19, 2009, Kansas Governor Mark Parkinson signed into law legislation which I believe qualifies the State of Kansas for the full distribution of these funds.

With the enactment of 2009 House Bill 2374, the Kansas Employment Security Law is amended to implement an alternative base period for claimants who are not monetarily entitled to benefits on the basis of our traditional base period of the first four of the last five completed calendar quarters. Effective January 1, 2010, claimants who are not monetarily entitled by using the traditional base period will have their eligibility redetermined using earnings from the four most recently completed calendar quarters. This change set out in Section 1 of the new law (K.S.A. 44-703(b)(1)(B)) meets the federal requirements to receive the first one-third of the incentive payments.

To qualify for Part II of the incentive payment, our law has been amended to provide that "an unemployed claimant otherwise eligible for benefits shall not become ineligible for benefits solely because such individual is seeking only part-time employment if the individual is available for a number of hours per week that are comparable to the individual's part-time work experience in the base period." This means that a claimant who is only seeking part-time work will not be determined ineligible for unemployment benefits if the claimants' base period earnings represent part-time employment. Likewise, a claimant who refuses full-time employment will not be disqualified if their base period employment reflects part-time employment. For this provision to be applicable, the claimant must have established a pattern of employment which demonstrates their restriction to part-time work. Although this law does not define "comparable" or "part-

time”, an individual who worked less than full-time will not be ineligible to receive benefits if they are available for and seeking work for the same number of hours as they worked during their base period. This change is found in Section 3 of the new law. K.S.A. 44-705(c)(2).

The second change that Kansas has enacted provides additional benefits for up to twenty-six weeks to individuals who are enrolled in and making satisfactory progress in an approved training program. Claimants will be allowed to apply for these additional benefits up to the end of their benefit year, without regard to when their eligibility for regular unemployment benefits was exhausted. Further, claimants will be informed of this as part of their Benefit Rights Explanation, which is provided to every claimant when they file an initial claim. This change is found in Section 2 of new law. K.S.A. 44-704 c(a).

Section 1 of House Bill 2374 amends the definition of “approved training” to including “a job training program authorized under the federal workforce investment act of 1998.” K.S.A. 44-703(s). Historically, the Kansas Department of Labor has automatically granted approved training status to any individual placed in training by the Employment and Training Division of the Kansas Department of Commerce. We will work in conjunction with the workforce centers to determine the applicant’s eligibility for approved training status, if placed in the training under the workforce investment act of 1998, and to assure that the training is for demand occupations. Benefit payments will be equal to the individual’s unemployment weekly benefit amount, unless the individual is receiving benefits under the Short Time Compensation Program (Shared Work), in which case, these additional benefits will be calculated in the same manner as their Shared Work benefits. To monitor the individual’s satisfactory progress in training, the claimant will be required to have the educational institution provide us a monthly report on attendance and progress towards completion of the approved training.

Claimants who are receiving unemployment insurance benefits through a Shared Work program will not be eligible to receive these additional benefits in a second, consecutive benefit year if the second benefit year is also a Shared Work claim. These additional benefits will be available to an individual, however, if the subsequent benefit year is a claim for regular unemployment insurance benefits.

These amendments will be effective January 1, 2010. I hereby certify that the amendments described herein are intended to be permanent and are not subject to discontinuation under any circumstances other than repeal by the Kansas Legislature. Kansas intends to deposit this incentive payment into our Unemployment Insurance Trust Fund for future benefit payments.

Attached, you will find an enrolled copy of 2009 House Bill 2374. The new language is highlighted.

Please contact me if you need any further information to process this application for the full distribution of Kansas' share of the Modernization Incentive Payment.

Very truly yours,

Addendum to Kansas' Application for Unemployment Modernization Incentive Payment dated May 22, 2009

Dear Ms. Atkinson,

Our application for the Unemployment Modernization Incentive Payment did not include a required certification concerning our commitment to providing benefits in accordance with the eligibility provisions set forth in our recently enacted legislation.

As noted in our original application, the amendments are intended to be permanent and are not subject to discontinuation under any circumstances other than repeal by the Kansas Legislature.

I also certify that the application for incentive payments is submitted in good faith with the intention of providing benefits to unemployed workers who meet the eligibility provisions on which the application is based.

Please contact me if you need any further information to process this application for the full distribution of Kansas' Modernization Incentive Payment.

Respectfully,

Jim D. Garner

OPERATIONS  
MANUAL  
BULLETIN

NUMBER  
01-09

**Topic:** 2009 Law Changes

**Date:** June 5, 2009

### A. Comment:

The 2009 Legislature passed House Bill 2374 which amends the language in K.S.A. 44-703(b)(1)(B) to provide for an alternate base period consisting of the four most recent completed calendar quarters for individuals who are not monetarily entitled by using the traditional base period of the first four of the last five completed calendar quarters.

House Bill 2374 amends the definition of "approved training" in K.S.A.44-703(s) to include "a job training program authorized under the federal workforce investment act of 1998" and the language in K.S.A. 44-704c(a) to provide up to twenty-six (26) weeks of additional benefits to a claimant who is enrolled in and making successful progress in an approved training program, as defined in K.S.A. 44-703(s).

House Bill 2374 also amends the language in K.S.A. 44-705(c)(2) to provide that a claimant who has worked part-time during the base period of their unemployment insurance claim shall not be ineligible for benefits solely because they are seeking only part-time employment so long as the claimant is available for a number of hours per week that is comparable to their work experience in the base period of their claim.

### B. Alternate Base Period, K.S.A. 44-703(b)(1)(B)

All unemployment insurance applicants have their monetary entitlement determined from a base period which consists of the first four of the last five completed calendar quarters. If the claimant has insufficient wages upon which to establish entitlement using this traditional base period, we will calculate their entitlement using an alternate base period which consists of the last four completed calendar quarters prior to the claim filing date. When it is determined that a claimant will use the alternate base period but the most recent completed calendar quarter's wages are not reported, the claimant will be instructed to submit proof of their gross pay for all employment in the quarter to the Unemployment Contact Center. A K-Ben 471, Employment Verification form will be sent to the employer(s) to obtain the pertinent payroll information.

### C. Approved Training – Additional Benefit Eligibility, K.S.A. 44-704c(a)

A claimant who is in approved training, whether state approved training or WIA approved training, will be eligible for up to twenty-six (26) weeks of additional unemployment insurance benefits so long as they are enrolled in and making satisfactory progress in the training. A claimant may enroll in approved training through the end of their current benefit year and may be paid these additional benefits beyond the benefit year ending date. Claimants will be informed of this benefit during their Benefits Rights Explanation when they file their initial claim and through the "Unemployment Insurance Questions and Answers" booklet that is mailed to all claimants when they file a new initial claim. These additional benefits will be paid at the same weekly amount as their most recent unemployment insurance benefits. If the claimant was receiving their unemployment insurance benefit through an approved Short Time Compensation or Shared Work program, their weekly payment will be calculated in the same manner as their Shared Work benefit. A claimant who is paid these additional benefits under a Shared Work program will be ineligible to receive the additional benefits in a second consecutive year. To monitor the claimant's progress while in training, a K-Ben 3171,

Report on Claimant in Approved Training, will be sent to the claimant every four weeks. The claimant will have their school complete the report and return it to the Unemployment Contact Center within ten days from the mailing date. If the school reports that the claimant is not making satisfactory progress, the Unemployment Contact Center will investigate the issue and the claimant will be determined to be ineligible if the facts result in a finding that the claimant isn't making satisfactory progress.

**D. Part-time Worker Eligibility, K.S.A. 44-705(c)(2)**

A claimant who has worked part-time during the base period of their claim and intends to seek only part-time work will not be ineligible for benefits if they are available for a number of hours per week that is comparable to the claimant's part-time work experience in the base period of their claim. When a claimant states that they are only willing to seek part-time employment, a fact-finding statement will be completed in which the claimant will certify the number of weeks they worked in their base period and the number of weeks they worked part-time in their base period, including the alternate base period, when applicable. To be eligible, the majority of the weeks worked in the base period must have been in part-time employment; i.e. if they worked forty weeks in the base period, twenty-one of those weeks must have been in part-time employment. Once it is determined that the claimant worked a majority of the weeks in their base period in part-time employment and is seeking comparable part-time employment, their claim record will be coded with an eligibility review group code of 210 to indicate that the claimant meets the eligibility requirement.

A claimant that is found to have worked part-time in the majority of the weeks they worked in the base period of their unemployment insurance claim and is seeking part-time work that is comparable in hours to their part-time base period employment will not be disqualified for refusing an offer of full-time employment.

**E. Nonmonetary Message Codes**

Nonmonetary determination messages will be created or amended, as necessary, to reflect the new language in the law.

**New Messages:**

21129 – The claimant is ineligible for unemployment insurance benefits. The claimant is seeking part-time work that is not comparable to the part-time employment during the base period of their claim.

13313 – The claimant is cleared for payment. The claimant had good cause for refusing an offer of full-time employment because they had part-time employment in the base period of their claim and are seeking only part-time employment that is comparable to their base period employment.

23313 – The claimant is denied unemployment insurance benefits. The claimant refused an offer of suitable work. The claimant refused full-time employment because they are seeking part-time work only. The claimant did not have part-time employment in the base period of their claim or they are not seeking part-time work that is comparable to the part-time employment in their base period.

**F. Effective Date**

These law changes are effective on January 1, 2010.

HOUSE BILL No. 2374

AN ACT concerning employment security law; relating to alternative base periods, approved job training and part-time employees' eligibility for benefits; amending K.S.A. 2008 Supp. 44-703, 44-704c and 44-705 and repealing the existing sections.

*Be it enacted by the Legislature of the State of Kansas:*

Section 1. K.S.A. 2008 Supp. 44-703 is hereby amended to read as follows: 44-703. As used in this act, unless the context clearly requires otherwise:

(a) (1) "Annual payroll" means the total amount of wages paid or payable by an employer during the calendar year.

(2) "Average annual payroll" means the average of the annual payrolls of any employer for the last three calendar years immediately preceding the computation date as hereinafter defined if the employer has been continuously subject to contributions during those three calendar years and has paid some wages for employment during each of such years. In determining contribution rates for the calendar year, if an employer has not been continuously subject to contribution for the three calendar years immediately preceding the computation date but has paid wages subject to contributions during only the two calendar years immediately preceding the computation date, such employer's "average annual payroll" shall be the average of the payrolls for those two calendar years.

(3) "Total wages" means the total amount of wages paid or payable by an employer during the calendar year, including that part of remuneration in excess of the limitation prescribed as provided in subsection (o)(1) of this section.

(b) "Base period" means the first four of the last five completed calendar quarters immediately preceding the first day of an individual's benefit year, except that the base period in respect to combined wage claims means the base period as defined in the law of the paying state.

(1) (A) If an individual lacks sufficient base period wages in order to establish a benefit year in the matter set forth above and satisfies the requirements of subsection (g) of K.S.A. 44-705 and subsection (hh) of K.S.A. 44-703, and amendments thereto, the claimant shall have an alternative base period substituted for the current base period so as not to prevent establishment of a valid claim. For the purposes of this subsection, "alternative base period" means the last four completed quarters immediately preceding the date the qualifying injury occurred. In the event the wages in the alternative base period have been used on a prior claim, then they shall be excluded from the new alternative base period.

(B) *If an individual lacks sufficient base period wages in order to establish a benefit year in the manner set forth above the claimant shall have an alternative base period substituted for the current base period. For the purposes of this subsection, "alternative base period" means eligibility shall be determined using a base period that consists of the four most recently completed calendar quarters preceding the start of the benefit year.*

(2) For the purposes of this chapter, the term "base period" includes the alternative base period.

(c) (1) "Benefits" means the money payments payable to an individual, as provided in this act, with respect to such individual's unemployment.

(2) "Regular benefits" means benefits payable to an individual under this act or under any other state law, including benefits payable to federal civilian employees and to ex-servicemen pursuant to 5 U.S.C. chapter 85, other than extended benefits.

(d) "Benefit year" with respect to any individual, means the period beginning with the first day of the first week for which such individual files a valid claim for benefits, and such benefit year shall continue for one full year. In the case of a combined wage claim, the benefit year shall be the benefit year of the paying state. Following the termination of a benefit year, a subsequent benefit year shall commence on the first day of the first week with respect to which an individual next files a claim for benefits. When such filing occurs with respect to a week which overlaps the preceding benefit year, the subsequent benefit year shall commence on the first day immediately following the expiration date of the preceding benefit year. Any claim for benefits made in accordance with subsection (a) of K.S.A. 44-709, and amendments thereto, shall be deemed to be a "valid claim" for the purposes of this subsection if the individual has been paid wages for insured work as required under subsection (e) of K.S.A.

44-705 and amendments thereto. Whenever a week of unemployment overlaps two benefit years, such week shall, for the purpose of granting waiting-period credit or benefit payment with respect thereto, be deemed to be a week of unemployment within that benefit year in which the greater part of such week occurs.

(e) "Commissioner" or "secretary" means the secretary of labor.

(f) (1) "Contributions" means the money payments to the state employment security fund which are required to be made by employers on account of employment under K.S.A. 44-710, and amendments thereto, and voluntary payments made by employers pursuant to such statute.

(2) "Payments in lieu of contributions" means the money payments to the state employment security fund from employers which are required to make or which elect to make such payments under subsection (e) of K.S.A. 44-710 and amendments thereto.

(g) "Employing unit" means any individual or type of organization, including any partnership, association, limited liability company, agency or department of the state of Kansas and political subdivisions thereof, trust, estate, joint-stock company, insurance company or corporation, whether domestic or foreign including nonprofit corporations, or the receiver, trustee in bankruptcy, trustee or successor thereof, or the legal representatives of a deceased person, which has in its employ one or more individuals performing services for it within this state. All individuals performing services within this state for any employing unit which maintains two or more separate establishments within this state shall be deemed to be employed by a single employing unit for all the purposes of this act. Each individual employed to perform or to assist in performing the work of any agent or employee of an employing unit shall be deemed to be employed by such employing unit for all the purposes of this act, whether such individual was hired or paid directly by such employing unit or by such agent or employee, provided the employing unit had actual or constructive knowledge of the employment.

(h) "Employer" means:

(1) (A) Any employing unit for which agricultural labor as defined in subsection (w) of this section is performed and which during any calendar quarter in either the current or preceding calendar year paid remuneration in cash of \$20,000 or more to individuals employed in agricultural labor or for some portion of a day in each of 20 different calendar weeks, whether or not such weeks were consecutive, in either the current or the preceding calendar year, employed in agricultural labor 10 or more individuals, regardless of whether they were employed at the same moment of time.

(B) For the purpose of this subsection (h)(1), any individual who is a member of a crew furnished by a crew leader to perform service in agricultural labor for any other person shall be treated as an employee of such crew leader if:

(i) Such crew leader holds a valid certificate of registration under the federal migrant and seasonal agricultural workers protection act or substantially all the members of such crew operate or maintain tractors, mechanized harvesting or cropdusting equipment or any other mechanized equipment, which is provided by such crew leader; and

(ii) such individual is not in the employment of such other person within the meaning of subsection (i) of this section.

(C) For the purpose of this subsection (h)(1), in the case of any individual who is furnished by a crew leader to perform service in agricultural labor for any other person and who is not treated as an employee of such crew leader:

(i) Such other person and not the crew leader shall be treated as the employer of such individual; and

(ii) such other person shall be treated as having paid cash remuneration to such individual in an amount equal to the amount of cash remuneration paid to such individual by the crew leader, either on the crew leader's own behalf or on behalf of such other person, for the service in agricultural labor performed for such other person.

(D) For the purposes of this subsection (h)(1) "crew leader" means an individual who:

(i) Furnishes individuals to perform service in agricultural labor for any other person;

(ii) pays, either on such individual's own behalf or on behalf of such

other person, the individuals so furnished by such individual for the service in agricultural labor performed by them; and

(iii) has not entered into a written agreement with such other person under which such individual is designated as an employee of such other person.

(2) (A) Any employing unit which for calendar year 2007 and each calendar year thereafter: (i) In any calendar quarter in either the current or preceding calendar year paid for service in employment wages of \$1,500 or more, (ii) for some portion of a day in each of 20 different calendar weeks, whether or not such weeks were consecutive, in either the current or preceding calendar year, had in employment at least one individual, whether or not the same individual was in employment in each such day, or (iii) elects to have an unemployment tax account established at the time of initial registration in accordance with subsection (c) of K.S.A. 44-711, and amendments thereto.

(B) Employment of individuals to perform domestic service or agricultural labor and wages paid for such service or labor shall not be considered in determining whether an employing unit meets the criteria of this subsection (h)(2).

(3) Any employing unit for which service is employment as defined in subsection (i)(3)(E) of this section.

(4) (A) Any employing unit, whether or not it is an employing unit under subsection (g) of this section, which acquires or in any manner succeeds to (i) substantially all of the employing enterprises, organization, trade or business, or (ii) substantially all the assets, of another employing unit which at the time of such acquisition was an employer subject to this act;

(B) any employing unit which is controlled substantially, either directly or indirectly by legally enforceable means or otherwise, by the same interest or interests, whether or not such interest or interests are an employing unit under subsection (g) of this section, which acquires or in any manner succeeds to a portion of an employer's annual payroll, which is less than 100% of such employer's annual payroll, and which intends to continue the acquired portion as a going business.

(5) Any employing unit which paid cash remuneration of \$1,000 or more in any calendar quarter in the current or preceding calendar year to individuals employed in domestic service as defined in subsection (aa) of this section.

(6) Any employing unit which having become an employer under this subsection (h) has not, under subsection (b) of K.S.A. 44-711, and amendments thereto, ceased to be an employer subject to this act.

(7) Any employing unit which has elected to become fully subject to this act in accordance with subsection (c) of K.S.A. 44-711 and amendments thereto.

(8) Any employing unit not an employer by reason of any other paragraph of this subsection (h), for which within either the current or preceding calendar year services in employment are or were performed with respect to which such employing unit is liable for any federal tax against which credit may be taken for contributions required to be paid into a state unemployment compensation fund; or which, as a condition for approval of this act for full tax credit against the tax imposed by the federal unemployment tax act, is required, pursuant to such act, to be an "employer" under this act.

(9) Any employing unit described in section 501(c)(3) of the federal internal revenue code of 1986 which is exempt from income tax under section 501(a) of the code that had four or more individuals in employment for some portion of a day in each of 20 different weeks, whether or not such weeks were consecutive, within either the current or preceding calendar year, regardless of whether they were employed at the same moment of time.

(i) "Employment" means:

(1) Subject to the other provisions of this subsection, service, including service in interstate commerce, performed by

(A) Any active officer of a corporation; or

(B) any individual who, under the usual common law rules applicable in determining the employer-employee relationship, has the status of an employee; or

(C) any individual other than an individual who is an employee under

subsection (i)(1)(A) or subsection (i)(1)(B) above who performs services for remuneration for any person:

(ii) as a traveling or city salesman, other than as an agent-driver or commission-driver, engaged upon a full-time basis in the solicitation on behalf of, and the transmission to, a principal (except for side-line sales activities on behalf of some other person) of orders from wholesalers, retailers, contractors, or operators of hotels, restaurants, or other similar establishments for merchandise for resale or supplies for use in their business operations.

For purposes of subsection (i)(1)(C), the term "employment" shall include services described in paragraphs (i) and (ii) above only if:

(a) The contract of service contemplates that substantially all of the services are to be performed personally by such individual;

(b) the individual does not have a substantial investment in facilities used in connection with the performance of the services (other than in facilities for transportation); and

(c) the services are not in the nature of a single transaction that is not part of a continuing relationship with the person for whom the services are performed.

(2) The term "employment" shall include an individual's entire service within the United States, even though performed entirely outside this state if,

(B) the individual is one of a class of employees who are required to travel outside this state in performance of their duties, and

(C) the individual's base of operations is in this state, or if there is no base of operations, then the place from which service is directed or controlled is in this state.

(3) The term "employment" shall also include:

(A) Services performed within this state but not covered by the provisions of subsection (i)(1) or subsection (i)(2) shall be deemed to be employment subject to this act if contributions are not required and paid with respect to such services under an unemployment compensation law of any other state or of the federal government.

(B) Services performed entirely without this state, with respect to no part of which contributions are required and paid under an unemployment compensation law of any other state or of the federal government, shall be deemed to be employment subject to this act only if the individual performing such services is a resident of this state and the secretary approved the election of the employing unit for whom such services are performed that the entire service of such individual shall be deemed to be employment subject to this act.

(C) Services covered by an arrangement pursuant to subsection (l) of K.S.A. 44-714, and amendments thereto, between the secretary and the agency charged with the administration of any other state or federal unemployment compensation law, pursuant to which all services performed by an individual for an employing unit are deemed to be performed entirely within this state, shall be deemed to be employment if the secretary has approved an election of the employing unit for whom such services are performed, pursuant to which the entire service of such individual during the period covered by such election is deemed to be insured work.

(D) Services performed by an individual for wages or under any contract of hire shall be deemed to be employment subject to this act unless and until it is shown to the satisfaction of the secretary that: (i) Such individual has been and will continue to be free from control or direction over the performance of such services, both under the individual's contract of hire and in fact; and (ii) such service is either outside the usual course of the business for which such service is performed or that such service is performed outside of all the places of business of the enterprise for which such service is performed.

For purposes of this section, the exclusions from employment in subsections (i)(4)(A) and (i)(4)(L) shall also be applicable to services performed in the employ of an Indian tribe.

(F) Service performed by an individual in the employ of a religious, charitable, educational or other organization which is excluded from the term "employment" as defined in the federal unemployment tax act solely by reason of section 3306(c)(8) of that act, and is not excluded from employment under paragraphs (I) through (M) of subsection (i)(4).

(G) The term "employment" shall include the service of an individual who is a citizen of the United States, performed outside the United States except in Canada, in the employ of an American employer (other than service which is deemed "employment" under the provisions of subsection (i)(2) or subsection (i)(3) or the parallel provisions of another state's law), if:

(J) Notwithstanding any other provisions of this subsection (i), service with respect to which a tax is required to be paid under any federal law imposing a tax against which credit may be taken for contributions required to be paid into a state unemployment compensation fund or which as a condition for full tax credit against the tax imposed by the federal unemployment tax act is required to be covered under this act.

(K) Domestic service in a private home, local college club or local chapter of a college fraternity or sorority performed for a person who paid cash remuneration of \$1,000 or more in any calendar quarter in the current calendar year or the preceding calendar year to individuals employed in such domestic service.

(A) If benefits have been paid for such week;

(B) if the individual fails to meet with the other eligibility requirements of this section; or

(C) if an individual is seeking unemployment benefits under the unemployment compensation law of any other state or of the United States, except that if the appropriate agency of such state or of the United States finally determines that the claimant is not entitled to unemployment benefits under such other law, this subsection (d)(1)(C) shall not apply.

(2) The waiting week requirement of paragraph (1) shall not apply to new claims, filed on or after July 1, 2007, by claimants who become unemployed as a result of an employer terminating business operations within this state, declaring bankruptcy or initiating a work force reduction pursuant to public law 100-379, the federal worker adjustment and retraining notification act (29 U.S.C. 2101 through 2109), as amended. The secretary shall adopt rules and regulations to administer the provisions of this paragraph.

(3) A claimant shall become eligible to receive compensation for the waiting period of one week, pursuant to paragraph (1), upon completion of three weeks of unemployment consecutive to such waiting period.

(e) For benefit years established on and after the effective date of this act, the claimant has been paid total wages for insured work in the claimant's base period of not less than 30 times the claimant's weekly

benefit amount and has been paid wages in more than one quarter of the claimant's base period, except that the wage credits of an individual earned during the period commencing with the end of a prior base period and ending on the date on which such individual filed a valid initial claim shall not be available for benefit purposes in a subsequent benefit year unless, in addition thereto, such individual has returned to work and subsequently earned wages for insured work in an amount equal to at least eight times the claimant's current weekly benefit amount.

(f) The claimant participates in reemployment services, such as job search assistance services, if the individual has been determined to be likely to exhaust regular benefits and needs reemployment services pursuant to a profiling system established by the secretary, unless the secretary determines that: (1) The individual has completed such services; or (2) there is justifiable cause for the claimant's failure to participate in such services.

(g) The claimant is returning to work after a qualifying injury and has been paid total wages for insured work in the claimant's alternative base period of not less than 30 times the claimant's weekly benefit amount and has been paid wages in more than one quarter of the claimant's alternative base period if:

(1) The claimant has filed for benefits within four weeks of being released to return to work by a licensed and practicing health care provider.

(2) The claimant files for benefits within 24 months of the date the qualifying injury occurred.

(3) The claimant attempted to return to work with the employer where the qualifying injury occurred, but the individual's regular work or comparable and suitable work was not available.

Sec. 4. K.S.A. 2008 Supp. 44-703, 44-704c and 44-705 are hereby repealed.
