Cartographer: Boya Dai, Texas A&M Transportation Institute
 Data Source: Google Earth; Texas Department of Transportation
 Date: March 25, 2014

This map shows the outside shoulder width on the on-system roadway segments according to the 2012 TxDOT Roadway Inventory. Shoulder width on freeways is represented by frontage road outside shoulder widths. Outside shoulder width has been updated by Texas A&M Transportation Institute based on most recent Google Earth image. Together with speed limit, average annual daily traffic and crash data, it can provide insight for the prioritization of bicycle accommodations.
