Re: IH 35E Managed Lanes Project
Issuance of Request for Proposals – Addendum 2

To All Shortlisted Proposers:

The Texas Department of Transportation (“TxDOT”) is pleased to provide Request for Proposals Addendum 2 (“RFP Addendum 2”) for the IH 35E Managed Lanes Project (the “Project”) to the shortlisted Proposers. The purpose of Addendum 2 is to incorporate into the RFP documents the concept of a “right-of-way credit,” which would serve to increase the amount of public funds available to proposers in cases where a proposer’s alternative technical concept (or, “ATC”) reduces the amount of right of way otherwise required for the Project.

The RFP Addendum 2 documents include those listed below only and are now available on the SharePoint Site:

Volume I: Instructions to Proposers (ITP)

1. ITP
2. Exhibits to ITP
3. Forms to ITP (Exhibit D), in Word format

Volume II: the Development Agreement Documents (Book 1)

4. Development Agreement (Book 1)
5. Exhibit 1 to Development Agreement (Definitions)
6. Exhibits 2-22 to Development Agreement

Redline versions of Volumes I and II showing changes from RFP Addendum 1, issued August 9, 2012, are provided on SharePoint to the Proposers as a courtesy only. TxDOT is not responsible for any discrepancies in the redlines between RFP Addendum 2 and any previous version of the RFP and Proposers are cautioned against relying on the redline versions. In the case of any discrepancy, the actual contents of RFP Addendum 2 shall control.

The deadline for submission of questions and comments regarding Addendum 2 is **September 12, 2012**. Proposers’ attention is drawn to Section 2.3 of the Instructions to Proposers, which provides the instructions for any comments and requests for

clarifications regarding the RFP, including limits on the number of Proposer comments/questions.

TxDOT looks forward to working closely with the shortlisted Proposers as we collectively move forward to the next phase of the Project procurement.
