

---

# Introduction to the Student Services Center

---

The EIS Student Services Center is a “one-stop-shop” for many student view and update functions. Among other things, the student service center allows users to view grades, gpa’s, schedules, programs and plans, student finances, transfer information and basic demographic data.

1. To go to the Student Service Center select [Campus Community](#) > [Student Services Ctr \(Student\)](#).
2. Enter or search for the student using the Student EMPLID or appropriate value and select

A screenshot of the EIS Student Services Center search interface. On the left is a "Menu" sidebar with a search box and a list of navigation options. The "Campus Community" menu is expanded, and "Student Services Ctr (Student)" is selected. The main content area has a blue header with "LSUP89 - Upgrade 8.9" and navigation links for "Home", "Add to Favorites", and "Sign out". Below the header is the "Student Services Center" title and a search instruction. A "Find an Existing Value" section contains search fields for "ID", "Campus ID", "National ID", "Last Name", and "First Name", each with a "begins with" dropdown. The "ID" field contains the value "00001234" and is circled in red. There is also a "Case Sensitive" checkbox. At the bottom are "Search" and "Clear" buttons, along with links for "Basic Search" and "Save Search Criteria".

The Student Services Center displays most of the basic demographic, academic and financial information about a student.

**STUDENT CENTER PAGE:** The student center page displays a students schedule, links to grades, allows users to search for classes, inquire about account summaries and review demographic information

The page also has invaluable links to a student's excess hours, TSI and repeated courses.
