

PROPRIETARY/SOLE SOURCE PURCHASE JUSTIFICATION

State of Texas law and UNTS policy require competitive bidding for purchases unless they qualify as Proprietary or Sole Source purchases. A Proprietary or Sole Source purchase is a product or service that has a distinctive characteristic that is not shared by competing products or services. When the specification limits consideration to one manufacturer, one product or one service provider, a written Proprietary Purchase/Sole Source Justification form must be retained in the procurement file. This questionnaire will assist faculty and staff in relaying information necessary in the procurement of proprietary or sole source goods and services. All purchases are subject to the Texas Open Records Act and possible review by Internal, State and Federal auditors. Final approval from Procurement Services is required before a purchase will be made.
