SUBJECT: Questions
RFP752-17-186209-GB -Airplane Charter

There have been questions asked in regards to the above mentioned RFP-see below for question with answer:

- 1) RFP769-17-186209-GB Reference section # or page # question refers to, if applicable: Page #4- States All aircraft must be at least Boeing 737 or larger with seating for at least 137 passengers. Our proposed aircraft is an MD83. It is similar in all aspects and has a seating capacity for 147 passengers. While it is comparable - it is not a Boeing. Will this be acceptable/ meet the desired criteria?
Need to have at least 137 seats.
- 2) Per the aircraft charter, can I assume the athletic equipment/gear will be shipped via ground transportation? If not, can you provide the equipment's estimate weight for the aircraft selection?
All athletic equipment will be shipped by ground.
