

Executive Summary

The following pages detail the results of the Career Services First Destination Survey for the spring class of 2016. The survey is an important component of Career Services efforts to understand what type of industries and graduate programs our students are interested in. The information will be shared with the following offices: Academic Affairs, Marketing & Communications, Strategic Analysis & Reporting, University Admissions & Enrollment, University Advancement and UNT Dallas community.

81 of the 254 graduates reported their career status for a 31.8% return rate. Data was collected between May 13th to June 14th. All respondents completed the survey on-line through Qualtrics.

Members of the spring class of 2016 fared well with a total career outcome rate of 85%. 66.67% were primarily pursuing a career and had obtained a full-time or part-time job while 4.94% were participating in a volunteer or service program. Finally, 7% were attending graduate school and most noted that they were enrolled/accepted into UNT Dallas.

76.82% noted that they job after UNT Dallas directly related or somewhat related to their major. 95.72% noted that they were very satisfied or satisfied with their experiences at UNT Dallas. Finally, when ask would they choose the same program of study, 81.16% stated they would.
