Visual Schedule Builder is a tool to assist students in planning their academic schedule. Visual Schedule Builder allows you to graphically view schedule options based on the courses and offering times that work best for you.

Jagschedule.untdallas.edu will take you to the online location for the resource. Below are additional instructions on how to use this tool:

**1. Select the term. (The terms that are available will vary depending on the time of the semester.)**

**2. Type the course number, title, or instructor's name in the search box.**
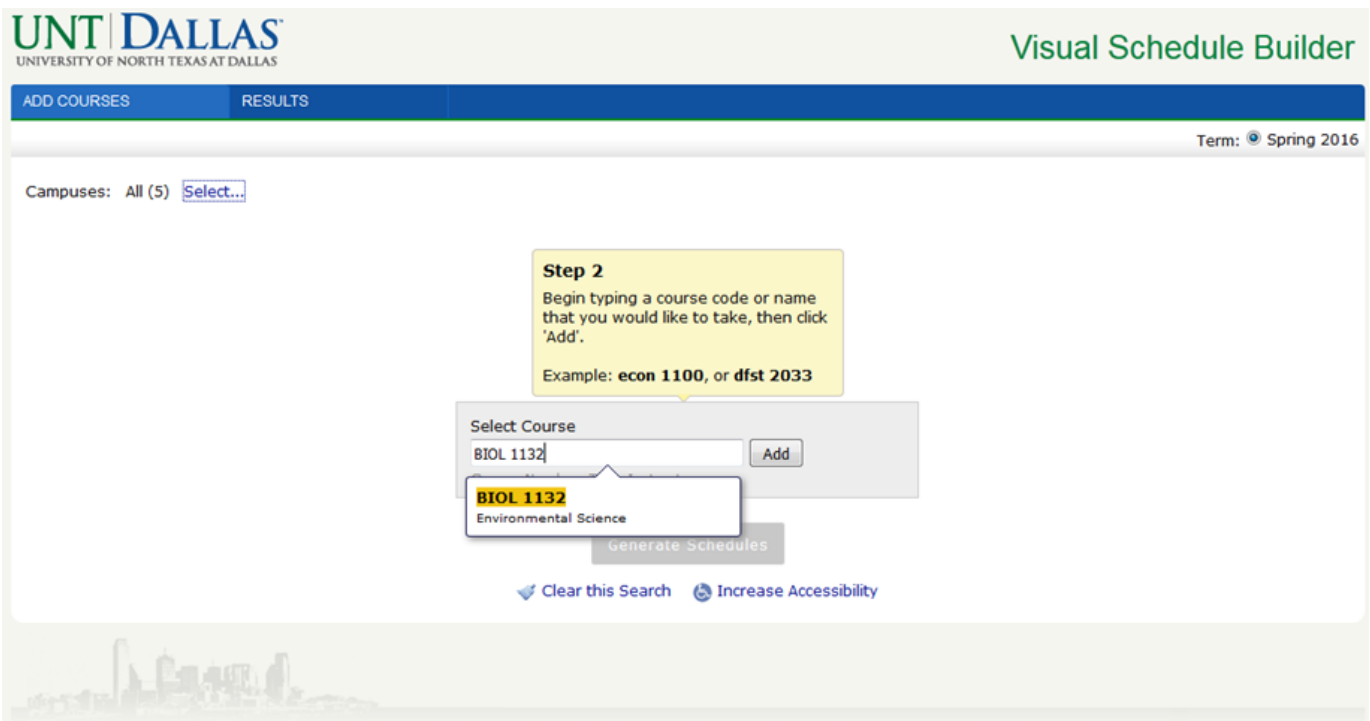

**3. Click 'Add' to add this course to your schedule options.**

**4. Repeat steps 2-3 for all desired courses for the term. (To remove a course, click the 'x' in the corner of the box for that section.)**

**5. Once all the desired courses have been selected click 'Generate Schedules'.**

**6. All the permutations of the schedule options will be displayed to review. The arrows allow you to view the different options.**

Print schedule (Printer friendly)

**When you are satisfied with the schedule, you can copy the URL at the top and email it to others or save it for later use – pasting the URL into a web browser will show you that schedule.**

**Additional Features:**

- **Click and drag the mouse over sections of the calendar to block off certain times so that schedule options are prioritized to not consider sections in the blocked off time. Click again to remove.**

- **You may check 'Hide Full Sections', 'Waitlistable classes', 'Online classes', and 'On-campus classes' to further prioritize the classes you'd like to view.**

- **Drop down allows the selection of 'most days off', morning/day/evening classes or time spent on/off campus.**
- **Click arrows or use arrow keys to move through the generated schedules.**
- **Click on a class to pin it to the schedule. This keeps that class at that time for all schedules. Click again to remove.**

- **If you want to make changes to the classes you can click 'Back to search' or click the 'Add Courses' tab at the top.**
- **To start over, in the 'Add Courses' tab click 'Clear this Search' at the bottom of the page.**

Step 3

Once the desired courses are listed, click the 'Generate Schedules' button.

Clear this Search
