

US Army Corps of Engineers - Civil Works
Fiscal Year 2015
Formerly Utilized Sites Remedial Action Program Appropriation
Allocations of Funding

State	Division	Project or Program	President's Budget Amount	Final FY 15 Allocation	Summary of Work To Be Accomplished with Total Amount
CT	NAD	Combustion Engineering	5,000	150,000	Prepare Site Closeout Report
IA	MVD	Iowa Army Ammunition Plant	4,000,000	6,000,000	Finish delineation at 'Firing Sites' & remove 1500 cubic yards of contaminated material
MA	NAD	Shpack Landfill	5,000	150,000	Prepare Site Closeout Report
MD	NAD	W.R. Grace	800,000	1,200,000	Continue to implement Settlement Agreement, procure contract for oversight and assistance of site owner remedial actions at Building 23, and review pre-design efforts for the Radioactive Waste Disposal Area
MO	MVD	Latty Avenue Properties / Hazelwood Interim Storage Site	1,500,000	1,500,000	Release two properties and implement institutional controls
MO	MVD	St. Louis Airport Site	50,000	50,000	Continue site monitoring and maintenance
MO	MVD	St. Louis Airport Site, Vicinity Property	7,000,000	12,000,000	Remove 4000 cubic yards of contaminated soil, sample 55 properties, collect 5,000+ samples, release 8 properties and start remediation in Coldwater Creek
MO	MVD	St. Louis Downtown Site	15,000,000	13,000,000	Remove 14,000 cubic yards of contaminated soil, and release four (4) properties.
NJ	NAD	Dupont Chambers Works	6,290,000	7,390,000	Continue Remedial Action effort.
NJ	NAD	Maywood Site	33,000,000	35,565,000	Excavate 35,000 cubic yards of soil
NJ	NAD	Middlesex Municipal Landfill	200,000	500,000	Continue to complete the Remedial Investigation
NJ	NAD	Middlesex Sampling Plant	5,000	1,400,000	Continue to conduct Feasibility Study to include additional groundwater fieldwork to delineate GW plume. Install additional wells to delineate GW plume boundary.
NY	NAD	Colonie Site	200,000	200,000	Complete the review and approval process for Proposed Plan
NY	LRD	Guterl Specialty Steel	400,000	400,000	Finalize Feasibility Study and start Proposed Plan and perform annual groundwater sampling to assess potential contaminant migration
NY	LRD	Linde Air Products	500,000	250,000	Continue project closeout
NY	LRD	Niagara Falls Storage Site	3,600,000	2,500,000	Complete Feasibility Study and data collection, continue physical and security operation and maintenance, perform surveillance for health and environmental protection, and continue public outreach
NY	LRD	Seaway Industrial Park	200,000	4,800,000	Complete soil remedial action, and provide stakeholder coordination and public outreach
NY	NAD	Sylvania Corning Plant	1,000,000	1,000,000	Perform additional fieldwork in support of Remedial Investigation Addendum and legal support for cost recovery activities
NY	LRD	Tonawanda Landfill	400,000	500,000	Complete Feasibility Study/Proposed Plan and conduct annual environmental monitoring.
OH	LRD	Harshaw Chemical Company	3,000,000	1,100,000	Complete G-1 Building demolition and conduct annual groundwater sampling and testing
OH	LRD	Luckey Site	2,000,000	6,450,000	Finalize contract procurement documents, award prime contract and conduct annual groundwater sampling, testing, and reporting
OH	LRD	Painesville Site	0	0	Continue project closeout activities and transfer process to Department of Energy
PA	LRD	Superior Steel	600,000	650,000	Continue Remedial Investigation
PA	LRD	Shallow Land Disposal Area	20,000,000	4,500,000	Award new prime contract, conduct public outreach, and finish Record of Decision Amendment
	HQ	Potential Sites	245,000	245,000	Conduct Preliminary Assessments
		Grand Total	100,000,000	101,500,000
